NOTE 1 – DESCRIPTION OF THE PLAN

The following description of Square-H Brands, Inc. 401(k) Plan (the "Plan") is provided for general information only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan was adopted in April 1997 as a voluntary employee contribution plan for the benefit of employees of Square-H Brands, Inc. (the "Sponsor").

The Plan is a defined-contribution plan established by the Sponsor under the provision of Section 401(k) of the Internal Revenue Code (IRC). The Plan is administered by management of the Sponsor and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Fidelity Management Trust Company, trustee, is responsible for the custody and management of the Plan's assets. Raymond James & Associates Inc. ("Raymond James") is used by the Plan as an investment advisor.

Administration
The Plan is administered by a Plan Committee. At the direction of the Plan Committee, the trustee has the responsibility to invest, hold, and distribute all monies, securities, and assets held by the trustee for the benefit of the participants and their beneficiaries. The trustee provides a monthly statement to each participant. The statement shows the contributions and earnings offset by fees credited to each individual account.

Eligibility
The Plan covers substantially all salaried and other non-bargaining employees of the Sponsor over the age of 21. Employees who complete three months of service are eligible to join the Plan. Enrollment can occur on the first day of the next calendar month after meeting the service requirement.

Investment Elections
The investments of the Plan are self-directed by the participants into various investment options offered by the Plan. Investment elections may be changed online or through telephone access at any time.

Participant Contributions
Unless an eligible employee elects otherwise, the employee's compensation will be reduced by 6% (automatic enrollment rate) for employee contributions to the Plan after three months of employment. Each year, participants may contribute, on a pretax or Roth basis, up to a maximum of 90% of pretax annual compensation, not to exceed elective dollar limits imposed by the Internal Revenue Service (IRS), as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Contributions can be stopped as of any payroll period. Contributions can be resumed on the next entry period, and the contribution percentages can also be changed. Rollover contributions representing qualified Plan distributions and individual retirement accounts are permitted.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Employer Contributions
The Sponsor matches 25% of each participant's deferral contribution of the first 6% of the active participant's eligible contribution. All employer contributions are invested in the same manner that the participant directs his or her participant withheld amounts.

Participant Accounts
Individual accounts are maintained for each of the Plan's participants to reflect the participants' contributions, rollovers from qualified plans of the participants' previous employers, rollovers from individual retirement accounts, allocation of the Sponsor's contributions, and allocations of the Plan's earnings, losses, and administrative expenses. Each participant's account is credited with the participant's contribution and the Sponsor's matching contribution. Allocations of earnings and expenses are based on participant earnings or account balances, as defined.

Notes from Participants
Participants may borrow from their account a minimum of $1,000 up to a maximum of the lesser of 50% of their account balance, or $50,000 reduced by the highest outstanding note balance in the prior twelve-month period. The notes are collateralized by the balance in the participant's account and bear interest at the federal prime rate in effect on the date the note is made, plus 1%. Current note interest rates range from 4.25% to 6.50% at December 31, 2020 and 2019 and mature through October 2025. Note terms are specified for each note. Notes must be repaid within a five-year period, unless the note is used to purchase a principal residence. A participant can only have two outstanding notes at any time. Defaulted participant notes are reclassified as distributions based upon the terms of the Plan document.

For notes qualifying under the Disaster Tax Relief and Airport and Airway Extension Act of 2017, the Tax Cuts and Jobs Act of 2017, and the Bipartisan Budget Act of 2018, the dollar limit may be increased to $100,000, the portion of the account may be 100% rather than 50%, and the loan repayment may be increased to six years and require no payments up to 12 months.

Vesting
Employer and employee contributions vest 100% upon entering the Plan.

Forfeitures
At December 31, 2020 and 2019, forfeited accounts totaled $517 and $506, respectively. These accounts will be used to first pay administrative expenses, and any remaining amounts will be used to reduce future Employer contributions as directed by the Sponsor. During the year ended December 31, 2020, no funds were used to reduce Plan administrative fees, expenses, or Sponsor contributions.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Benefit Payments

Upon normal retirement, retirement due to permanent disability, death, termination, or hardship, the participant or the participants' beneficiaries are eligible to receive their vested interest in funds either in the form of payments beginning at age 70 ½ or in a lump-sum payment. The Plan can distribute all participant balances under $5,000 without the request of the participant.

The Coronavirus Aid Relief, and Economic Security Act (CARES Act) was passed by the U.S. Senate on March 26, 2020. The CARES Act permits eligible Plan participants to request penalty-free distributions of up to $100,000 for qualifying coronavirus-related reasons through December 31, 2020. These reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to a lack of childcare due to COVID-19. Plan Management has amended the Plan effective April 1, 2020, to be in line with the CARES Act.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared on the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Contributions by the participants are recognized in the period the participants' wages are paid. Withdrawals from the Plan for participant distributions are recognized when the amounts are paid to the participant, except for cases where refunds are due to the participants in order for the Plan to conform to IRC provisions. In addition, investment income is recorded when received by the trustee. Plan expenses are recorded when incurred.

Use of Estimates

The preparation of the Plan's financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and, when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

The Plan's investments in registered investment companies and the common collective trust are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes from Participants

Notes from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document. For the year ended December 31, 2020, deemed distributions totaled $8,755 and are included in benefits paid to participants on the statement of changes in net assets available for plan benefits. As of December 31, 2020 and 2019, there were no delinquent participant notes. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Payment of Benefits

Benefits are recorded when paid. As of December 31, 2020 and 2019, there were no benefits payable to participants who elected to withdraw from the Plan.

Administrative Expenses

Management fees and operating expenses charged to the Plan are charged and reflected separately to individual participant accounts. Certain expenses of monitoring the plan are paid directly by the Sponsor and are excluded from these financial statements. Note application fees are charged to the individual participant's account. For the year ended December 31, 2020, administrative expenses paid by the Plan's participants totaled $35,426.

COVID-19

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. COVID-19 pandemic has also led to extreme volatility in financial markets and has affected, and may continue to affect, the market price of Plan assets. While the potential economic impact brought by, and the duration of, COVID-19 may be difficult to assess or predict, a widespread pandemic could result in significant disruption of global financial markets. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted.

NOTE 3 – INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan's management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified the completeness and accuracy of all investments and notes from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, and the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020; the related investment activity and interest income on notes from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2020.

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification No. 820, "Fair Value Measurements" (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted, quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted, quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used as of December 31, 2020 and 2019.

Registered investment companies:
Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transfer at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust:
Units held in common collective trust (CCT) are valued using the net asset value practical expedient (NAV practical expedient) of the CCT as reported by the CCT managers. The NAV practical expedient is based on fair value of the underlying assets owned by the CCT, minus its liabilities, and then divided by the number of units outstanding. The NAV of a CCT is calculated based on a compilation of primarily observable market information. The following table provides additional information for investments in the CCT that calculates net assets value per share (or its equivalent):

	2020	2019	Redemption Frequency	Redemption Notice Period	Redemption Restrictions
Putnam Stable Value Fund	$110,645	$64,693	Daily	Daily	a)

a) Participants in a plan or trust invested in this Fund are prohibited from directing investments into a competing fund without first investing in a non-competing fund for at least ninety (90) days. Putnam Stable Value Fund pays qualified participant withdrawals at book value, as well as plan terminations (subject to potential imposition of a 12-month "put" in Putnam's discretion).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 4,794,148	$ -	$ -	$ 4,794,148
Total investments in the fair value hierarchy	$ 4,794,148	$ -	$ -	4,794,148
Total investments Measured at NAV (a)				110,645
Total				$ 4,904,793

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 4,467,847	$ -	$ -	$ 4,467,847
Total investments in the fair value hierarchy	$ 4,467,847	$ -	$ -	4,467,847
Total investments Measured at NAV (a)				64,963
Total				$ 4,532,810

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit the reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 5 – RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity Investments, a related party to Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions permitted by the United States Department of Labor's Rules and Regulations. Fees paid by the Plan to Fidelity Investments amounted to $25,109 for the year ended December 31, 2020. Fees paid by the Plan to Raymond James amounted to $10,317 for the year ended December 31, 2020. Notes receivable from participants and the related interest income of $13,179 are also considered related-party transactions.

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan's self-directed investments consist of investment securities which are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 – FEDERAL INCOME TAX STATUS

Effective July 1, 2015, the Plan adopted a volume submitter form of a prototype plan sponsored by Fidelity Management & Research Company. The prototype volume submitter plan has received an opinion letter from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by the Plan. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the trustee believe that the Plan is designed, and is currently being operated in, compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

U.S. GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan's management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – PLAN TERMINATION

Although it has not expressed such intent, the Sponsor, by action of its Board of Directors, reserves the right, at any time, to amend or terminate the Plan. Upon termination of the Plan, further contributions to the Plan shall cease, and net assets available for benefits would be distributed to the participants based on each participant's interest in the Plan.

NOTE 9 – SUBSEQUENT EVENTS

The Plan Committee has evaluated all subsequent events through October 6, 2021, the date the financial statements were available to be issued, and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of Square-H Brands, Inc. 401(k) Plan (the "Plan") is provided for general information only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan was adopted in April 1997 as a voluntary employee contribution plan for the benefit of employees of Square-H Brands, Inc. (the "Sponsor").

The Plan is a defined-contribution plan established by the Sponsor under the provision of Section 401(k) of the Internal Revenue Code (IRC). The Plan is administered by management of the Sponsor and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Fidelity Management Trust Company, trustee, is responsible for the custody and management of the Plan's assets. Raymond James & Associates Inc. ("Raymond James") is used by the Plan as an investment advisor.

Administration
The Plan is administered by a Plan Committee. At the direction of the Plan Committee, the trustee has the responsibility to invest, hold, and distribute all monies, securities, and assets held by the trustee for the benefit of the participants and their beneficiaries. The trustee provides a monthly statement to each participant. The statement shows the contributions and earnings offset by fees credited to each individual account.

Eligibility
The Plan covers substantially all salaried and other non-bargaining employees of the Sponsor over the age of 21. Employees who complete three months of service are eligible to join the Plan. Enrollment can occur on the first day of the next calendar month after meeting the service requirement.

Investment Elections
The investments of the Plan are self-directed by the participants into various investment options offered by the Plan. Investment elections may be changed online or through telephone access at any time.

Participant Contributions
Unless an eligible employee elects otherwise, the employee's compensation will be reduced by 6% (automatic enrollment rate) for employee contributions to the Plan after three months of employment. Each year, participants may contribute, on a pretax or Roth basis, up to a maximum of 90% of pretax annual compensation, not to exceed elective dollar limits imposed by the Internal Revenue Service (IRS), as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Contributions can be stopped as of any payroll period. Contributions can be resumed on the next entry period, and the contribution percentages can also be changed. Rollover contributions representing qualified Plan distributions and individual retirement accounts are permitted.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Employer Contributions
The Sponsor matches 25% of each participant's deferral contribution of the first 6% of the active participant's eligible contribution. All employer contributions are invested in the same manner that the participant directs his or her participant withheld amounts.

Participant Accounts
Individual accounts are maintained for each of the Plan's participants to reflect the participants' contributions, rollovers from qualified plans of the participants' previous employers, rollovers from individual retirement accounts, allocation of the Sponsor's contributions, and allocations of the Plan's earnings, losses, and administrative expenses. Each participant's account is credited with the participant's contribution and the Sponsor's matching contribution. Allocations of earnings and expenses are based on participant earnings or account balances, as defined.

Notes from Participants
Participants may borrow from their account a minimum of $1,000 up to a maximum of the lesser of 50% of their account balance, or $50,000 reduced by the highest outstanding note balance in the prior twelve-month period. The notes are collateralized by the balance in the participant's account and bear interest at the federal prime rate in effect on the date the note is made, plus 1%. Current note interest rates range from 4.25% to 6.50% at December 31, 2020 and 2019 and mature through October 2025. Note terms are specified for each note. Notes must be repaid within a five-year period, unless the note is used to purchase a principal residence. A participant can only have two outstanding notes at any time. Defaulted participant notes are reclassified as distributions based upon the terms of the Plan document.

For notes qualifying under the Disaster Tax Relief and Airport and Airway Extension Act of 2017, the Tax Cuts and Jobs Act of 2017, and the Bipartisan Budget Act of 2018, the dollar limit may be increased to $100,000, the portion of the account may be 100% rather than 50%, and the loan repayment may be increased to six years and require no payments up to 12 months.

Vesting
Employer and employee contributions vest 100% upon entering the Plan.

Forfeitures
At December 31, 2020 and 2019, forfeited accounts totaled $517 and $506, respectively. These accounts will be used to first pay administrative expenses, and any remaining amounts will be used to reduce future Employer contributions as directed by the Sponsor. During the year ended December 31, 2020, no funds were used to reduce Plan administrative fees, expenses, or Sponsor contributions.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Benefit Payments

Upon normal retirement, retirement due to permanent disability, death, termination, or hardship, the participant or the participants' beneficiaries are eligible to receive their vested interest in funds either in the form of payments beginning at age 70 ½ or in a lump-sum payment. The Plan can distribute all participant balances under $5,000 without the request of the participant.

The Coronavirus Aid Relief, and Economic Security Act (CARES Act) was passed by the U.S. Senate on March 26, 2020. The CARES Act permits eligible Plan participants to request penalty-free distributions of up to $100,000 for qualifying coronavirus-related reasons through December 31, 2020. These reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to a lack of childcare due to COVID-19. Plan Management has amended the Plan effective April 1, 2020, to be in line with the CARES Act.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared on the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Contributions by the participants are recognized in the period the participants' wages are paid. Withdrawals from the Plan for participant distributions are recognized when the amounts are paid to the participant, except for cases where refunds are due to the participants in order for the Plan to conform to IRC provisions. In addition, investment income is recorded when received by the trustee. Plan expenses are recorded when incurred.

Use of Estimates

The preparation of the Plan's financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and, when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

The Plan's investments in registered investment companies and the common collective trust are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes from Participants

Notes from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document. For the year ended December 31, 2020, deemed distributions totaled $8,755 and are included in benefits paid to participants on the statement of changes in net assets available for plan benefits. As of December 31, 2020 and 2019, there were no delinquent participant notes. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Payment of Benefits

Benefits are recorded when paid. As of December 31, 2020 and 2019, there were no benefits payable to participants who elected to withdraw from the Plan.

Administrative Expenses

Management fees and operating expenses charged to the Plan are charged and reflected separately to individual participant accounts. Certain expenses of monitoring the plan are paid directly by the Sponsor and are excluded from these financial statements. Note application fees are charged to the individual participant's account. For the year ended December 31, 2020, administrative expenses paid by the Plan's participants totaled $35,426.

COVID-19

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. COVID-19 pandemic has also led to extreme volatility in financial markets and has affected, and may continue to affect, the market price of Plan assets. While the potential economic impact brought by, and the duration of, COVID-19 may be difficult to assess or predict, a widespread pandemic could result in significant disruption of global financial markets. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted.

NOTE 3 – INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan's management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified the completeness and accuracy of all investments and notes from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, and the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020; the related investment activity and interest income on notes from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2020.

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification No. 820, "Fair Value Measurements" (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted, quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted, quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used as of December 31, 2020 and 2019.

Registered investment companies:
Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transfer at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust:
Units held in common collective trust (CCT) are valued using the net asset value practical expedient (NAV practical expedient) of the CCT as reported by the CCT managers. The NAV practical expedient is based on fair value of the underlying assets owned by the CCT, minus its liabilities, and then divided by the number of units outstanding. The NAV of a CCT is calculated based on a compilation of primarily observable market information. The following table provides additional information for investments in the CCT that calculates net assets value per share (or its equivalent):

	2020	2019	Redemption Frequency	Redemption Notice Period	Redemption Restrictions
Putnam Stable Value Fund	$110,645	$64,693	Daily	Daily	a)

a) Participants in a plan or trust invested in this Fund are prohibited from directing investments into a competing fund without first investing in a non-competing fund for at least ninety (90) days. Putnam Stable Value Fund pays qualified participant withdrawals at book value, as well as plan terminations (subject to potential imposition of a 12-month "put" in Putnam's discretion).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 4,794,148	$ -	$ -	$ 4,794,148
Total investments in the fair value hierarchy	$ 4,794,148	$ -	$ -	4,794,148
Total investments Measured at NAV (a)				110,645
Total				$ 4,904,793

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 4,467,847	$ -	$ -	$ 4,467,847
Total investments in the fair value hierarchy	$ 4,467,847	$ -	$ -	4,467,847
Total investments Measured at NAV (a)				64,963
Total				$ 4,532,810

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit the reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 5 – RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity Investments, a related party to Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions permitted by the United States Department of Labor's Rules and Regulations. Fees paid by the Plan to Fidelity Investments amounted to $25,109 for the year ended December 31, 2020. Fees paid by the Plan to Raymond James amounted to $10,317 for the year ended December 31, 2020. Notes receivable from participants and the related interest income of $13,179 are also considered related-party transactions.

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan's self-directed investments consist of investment securities which are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 – FEDERAL INCOME TAX STATUS

Effective July 1, 2015, the Plan adopted a volume submitter form of a prototype plan sponsored by Fidelity Management & Research Company. The prototype volume submitter plan has received an opinion letter from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by the Plan. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the trustee believe that the Plan is designed, and is currently being operated in, compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

U.S. GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan's management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – PLAN TERMINATION

Although it has not expressed such intent, the Sponsor, by action of its Board of Directors, reserves the right, at any time, to amend or terminate the Plan. Upon termination of the Plan, further contributions to the Plan shall cease, and net assets available for benefits would be distributed to the participants based on each participant's interest in the Plan.

NOTE 9 – SUBSEQUENT EVENTS

The Plan Committee has evaluated all subsequent events through October 6, 2021, the date the financial statements were available to be issued, and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.
