NOTE A--DESCRIPTION OF PLAN

The following brief description of the TMF Group Holdings, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by TMF Group Holdings, Inc. (the "Company") covering all employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income and Security Act of 1974 ("ERISA"). The Plan Administrator and Plan Trustees are responsible for oversight of the Plan, determining the appropriateness of investment offerings, and monitoring investment performance.

The Plan was originally established on July 1, 2019. The Plan provides for contributions to be made under salary deferral agreements pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). An eligible full-time employee will become eligible to participate with respect to elective deferrals immediately if hired before July 1, 2019 and after completing one year of service and attaining the age of 19 if hired after July 1, 2019.

Contributions

Eligible participants may elect to contribute pre-tax deferred compensation and/or Roth deferred compensation to the Plan by means of a salary deferral agreement up to the maximum limit permitted by federal law. Contributions are subject to limitations as provided in the Code and as described in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover) in accordance with the Plan provisions.

Salary deferral contributions are funded proximate to the withholding date. All contributions invested are directed by the participant into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution as well as allocations of (a) Plan earnings or losses, (b) forfeitures of terminated participants' non-vested accounts, and (c) charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant account balances or compensation, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, participants direct their contributions into a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time in accordance with Plan provisions. During any period in which there is no participant direction on file as to the investment of a participant's account, 100% of that participant's account will be invested in the investment option designated from time to time by the Trustee as the default investment. The Plan currently offers various registered investment companies (e.g., mutual funds, collective investment funds, and separate accounts) as investment options for participants.

NOTE A--DESCRIPTION OF PLAN-continued

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon.

Notes Receivable from Participants

The Plan does not allow for loans to participants.

Payment of Benefits

Upon termination of employment due to death, disability, retirement or Plan termination, a participant is entitled to 100% of their account balance in a lump-sum cash distribution or have the payment paid as a direct rollover to an individual retirement account ("IRA"). For termination of employment for other reasons, a participant is entitled to a lump-sum cash distribution of 100% of the participant's contributions. If a participant's account balance is in excess of $5,000, a participant may choose to receive installments, request a partial withdrawal or defer receiving payments until age 70 ½.

All will be made as soon as administratively feasible. However, those account balances in excess of $5,000, will be made as soon as administratively feasible following the date the Plan Administrator receives a written request for distribution. In-service withdrawals including hardship and after attaining age 59 ½ withdrawals, subject to certain restrictions, are also permitted.

Mandatory distributions greater than $1,000, may be paid in a direct rollover to an IRA designated by the Plan Administrator. These distributions will be made if the participant does not elect to have such distributions paid directly to an eligible retirement plan specified by the participant in a direct rollover or does not elect to receive the distribution directly.

In service withdrawals for hardship or withdrawals for those participants aged 59 ½ or greater are permitted in accordance with Plan provisions.

Forfeited Accounts

The Plan does not allow for employer contributions. As a result, there will be no forfeited balances. Employees are 100% vested in their salary deferrals.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-continued

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's Administrator to make estimates and assumptions that affect reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in shares of registered investment companies are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrator and Trustees determine the Plan's valuation policies utilizing information provided by investment advisers and Custodian. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends, as applicable, are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

The Plan does not allow for loans to participants.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses of maintaining the Plan are paid through the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of benefit payments are paid by the individual participant accounts. Investment related expenses are included in net appreciation in the fair value of investments.

Subsequent Events

The Plan Administrator has evaluated subsequent events through October 5, 2021, which is the date the financial statements were available to be issued.

NOTE C--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Should an investment be re-characterized from one level to another level, Plan management would state the basis for the change. Under such circumstances the Plan would report the transfers in and transfers out at the beginning of the Plan quarter when change occurs.

Following is a description of the valuation methodologies used for Plan assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019:

Registered investment companies are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE C--FAIR VALUE MEASUREMENTS-continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Total Fair Value
Decembr 31, 2020				
Registered investment companies	$ 201,884	$ -	$ -	$ 201,884
December 31, 2019				
Registered investment companies	$ 67,273	$ -	$ -	$ 67,273

NOTE D--INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments at December 31, 2020 and 2019, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2020, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Alerus Financial N.A., the Trustee of the Plan. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to such information certified by the Trustee as of December 31, 2020 and 2019 and for the year ended December 31, 2020.

Except for comparing such information as certified by the Trustee to information included in the Plan's financial statements and supplemental schedule, the Plan's independent auditors did not perform any auditing procedures on the certified information. The following represents a summary of information certified by the Trustee as of December 31, 2020 and 2019:

	2020	2019
Shares of registered investment companies, at fair value:	$ 201,884	$ 67,273
Net appreciation in fair value of investments	24,466	
Dividend income	5,017	

NOTE E--RELATED PARTY TRANSACTIONS

The Trustee provides certain administrative services to the Plan pursuant to a service agreement between the Plan and the Trustee. The Trustee receives revenue from the Plan for performance of these services. This revenue is also used to offset certain amounts owed to the financial advisors, authorized representatives and other third-party administrators for the services they provide the Plan.

Certain employees of the Company provide administrative services for the Plan and the Company is not reimbursed for their services.

NOTE F--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

NOTE G--TAX STATUS

On March 31, 2014, updated June 30, 2020, the Internal Revenue Service ("IRS") stated that the prototype adopted by the Plan, as then designed, qualifies under the Code section 401(k). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan was designed and was being operated in compliance with the applicable requirements of the IRS, and therefore believe that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H--RISKS AND UNCERTAINTIES

The Plan's assets are invested directly and indirectly in various investment securities which are purchased or managed by the Trustee. These investments are exposed to various risks such as interest rate, market, and credit risks. The Plan's assets are subject to the changes in the value of its underlying investments, including the potential for bankruptcy of one or more of the companies in which they are invested.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I--RECONCILIATION TO FORM 5500

The following reconciliation of net assets available for benefits per the financial statements to Schedule H of the Form 5500 at December 31, 2020 and 2019:

	2020	2019
Net assets available for benefits per the financial statements	$ 151,598	$ 64,789
Corrective distributions per the financial statements in excess of Schedule H Form 5500	50,286	2,484
Net assets available for benefits per Schedule H of the Form 5500	$ 201,884	$ 67,273

NOTE J--AMENDMENT AND RESTATEMENT

The Plan was amended and restated effective January 1, 2021 for changes to participant eligibility and entry into the Plan. The amendment further clarifies that upon meeting the eligibility criteria of the Plan, new participants will be eligible to enter the Plan on the first day of the Plan year quarter coinciding with or next following the date new participants satisfy the eligibility requirements. Additionally, the amendment formally clarifies that all employees employed on or before July 1, 2019, do not need to satisfy any minimum age or service conditions prior to making deferrals or receiving contributions under the Plan.
