Report on the Financial Statements

We were engaged to audit the accompanying financial statements of DEANGELIS DIAMOND CONSTRUCTION, LLC 401(K) PROFIT SHARING PLAN AND TRUST (the "Plan") which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Great-West Life and Annuity Insurance Company and Great-West Trust Company, LLC, the trustee and custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee and custodian holds the Plan's investments assets and executes investments transactions. The plan administrator has obtained a certification from the trustee and custodian as of and for the years ended December 31, 2020 and 2019, that the information provided to the plan administrator by the trustee and custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2020 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and the supplemental schedule, other than that derived from the information certified by the trustee and custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

DEANGELIS DIAMOND CONSTRUCTION, LLC
401(K) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following description of DEANGELIS DIAMOND CONSTRUCTION, LLC 401(K) PROFIT SHARING PLAN AND TRUST (the "Plan") provides only general information. Participants should refer to the Plan agreement and amendments for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of DeAngelis Diamond Construction, LLC (the "Company") who meet the eligibility requirements as defined by the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees of the Company are eligible to participate in the deferral component of the Plan beginning on the first day of the month coinciding with or next following the date the participant satisfied the eligibility requirements. To be eligible, a participant has to be 21 years old and completed 90 days of service.

Contributions

Each year, participants may contribute pretax annual compensation as defined in the Plan, not to exceed the IRS limit of $19,500 or the catch up amount of $6,500 for an individual over 50 years old (for 2020). The Plan also allows participants to designate salary deferrals as roth deferrals in which the participant will have to pay income tax on such deferrals. Participants may also, with the approval of the plan administrator, contribute amounts representing distributions from other qualified defined benefit or contribution plans. The total of all contributions must be within the annual limits allowed under Section 402(g) of the Internal Revenue Code.

The employer may make discretionary matching and/or nonmatching contributions as defined by the Plan document. An eligible employee will share in the discretionary matching and/or nonmatching contributions if he or she is employed with the employer on the last day of the plan year and has completed at least 1,000 hours of service during the plan year. There were no discretionary employer nonmatching contributions in 2020 and 2019, respectively. The Plan provides for the employer to make a discretionary matching contribution for eligible participants. Employer contributions, calculated on an annual basis, for the years ending December 31, 2020 and 2019, were matching contributions of 50% of the participant's deferral on the first 6% of Plan compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution, the employer's matching contribution, and allocations of the Plan's (a) earnings or (losses) and (b) charges for administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of those contributions received into various investment options offered by the Plan.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution and any discretionary contribution portion of their accounts plus actual earnings is based on years of continuous service. A participant is 100% vested after six years of continuous service. A participant becomes vested in the Company contributions over time as shown below:

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Vesting (Continued)

Completed Years of Service	Percentage Vested
0-1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts at a minimum of $1,000 up to a maximum equal to 50% of the participant's vested account balance. In addition, the total amount a participant may have outstanding during any twelve-month period may not exceed $50,000. The Plan only allows two loans outstanding at any time for a participant. Loans will be granted for any purpose, as more fully described in the Plan. Loan transactions are treated as a note receivable from the participant. Loan terms range from 1-5 years, however, if the loan is for the purchase of your principal residence, the plan administrator may permit a longer repayment term. The vested balance in the participant's account secures the loans, and consequently no allowance for doubtful accounts is recorded. The interest rate for loans is the prime interest rate plus one percentage point on the loan execution date. Principal and interest is paid weekly and is repaid through payroll deductions. A loan is considered to be in default if the participant fails to make the required payment by the end of the calendar quarter following the calendar quarter in which the loan payment is due. Upon default, the entire outstanding principal and accrued interest is immediately due and payable, and the participant will be taxed through the date of default.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive the value of the vested interest in their account in form of either a lump-sum distribution, partial distributions, or installments. Accordingly, there are no accruals for benefits payables. A participant may also elect to transfer his or her account to another 401(k) plan or retirement account. The Plan allows for in-service distributions if a participant reaches age 59½ and hardship distributions subject to Plan provisions. If a participant terminates employment and the participant's vested account balance does not exceed $5,000, the Plan administrator will authorize the benefit payment without the participant's consent as soon as administratively feasible following the participant's termination of employment.

Hardship Distribution

Under certain circumstances, a participant may qualify for certain hardship distributions if a participant has an immediate and significant financial need as defined by the Plan. The participant may receive a lump sum payment equal to the vested amount of the participant's account balance as described by the Plan. There were no hardship withdrawals during 2020.

Forfeited Accounts

Employees terminating before the employer portion of their account balance is fully vested will forfeit a portion of the employer contributions. Forfeitures can be used to pay Plan expenses or reduce the employer contributions under the Plan for the plan year in which the forfeiture occurs.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Forfeited Accounts (Continued)
At December 31, 2020 and 2019, forfeited non-vested accounts totaled to $11,285 and $27,902, respectively. These forfeiture balances were used to reduce a portion of the employer matching contribution that was paid subsequent to the Plan year-end.

Plan Amendment
The Company amended the Plan effective May 5, 2020 to allow in-plan roth rollover contributions and in-plan roth transfers.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared using the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates
The preparation of financial statements in conformity with United States generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation / (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2020 and 2019, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is reclassified as a benefit payment based on the terms of the Plan document.

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in administrative expenses. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

Date of Management's Review
Subsequent events were evaluated through September 16, 2021, which is the date the financial statements were available to be issued. The following subsequent event was identified:

> The Plan Sponsor made various amendments to the Plan effective January 1, 2021. The amendments primarily include changes to eligibility conditions, vesting provisions, automatic deferral provision, contribution conditions, and other various Plan items.

NOTE 3 - PARTY IN INTEREST TRANSACTIONS

Great-West Life and Annuity Insurance Company and Great-West Trust Company, LLC ("Great-West") is the trustee and custodian of the Plan. Therefore, transactions with Great-West, including the guaranteed investment contract with Great-West Life and Annuity Insurance Company (see Note 10), qualify as parties-in-interest transactions. In addition, the Plan has engaged companies for investment advisory and investment management services. These transactions also qualify as party-in-interest transactions.

Also, notes receivable from participants and self-directed brokerage accounts are also treated as party-in-interest transactions.

There were no fees paid in 2020 to Great-West through the Plan other than Plan administrative fees. The Company also paid certain administrative expenses outside of the Plan. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 4 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants retain a 100% vested interest in their accounts.

NOTES TO FINANCIAL STATEMENTS

NOTE 5 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE AND CUSTODIAN (Continued)

At December 31, 2020 and 2019, and for the year ended December 31, 2020, the Plan's investments were held by and transactions were executed by Great-West. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the trustee and custodian as complete and accurate in accordance with 29 CFR Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As of December 31, 2020 and 2019:

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2020:

Net increase in net assets available for benefits per financial statements	$ 2,711,426
Other employer contribution	7,692
Increase in net assets available for benefits per Form 5500	$ 2,719,118

NOTES TO FINANCIAL STATEMENTS

NOTE 7 - FAIR VALUE MEASUREMENTS

The Plan's investments (except for fully benefit-responsive investment contracts, which are reported at contract value) are reported at fair value in the accompanying Statements of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Their hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology include:

- Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access and have the highest priority.
- Quoted prices for similar assets or liabilities in active markets.

Level 2 - Inputs to the valuation methodology include:

- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology include:

- Unobservable and significant to the fair value measurement and have the lowest priority. There are no plan assets requiring the use of Level 3 inputs for the years presented.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019:

Mutual Funds: Valued based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered actively traded.

Common/Collective Trust Fund: Valued at the NAV of shares in each account held by the Plan at year-end. The net asset value is not a publicly quoted price in an active market. The NAV, as provided by Great-West, is used as a practical expedient to estimating fair value.

Common Stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

NOTES TO FINANCIAL STATEMENTS

NOTE 7 - FAIR VALUE MEASUREMENTS (Continued)

The following fair value disclosure is for those assets measured at fair value on a recurring basis at December 31, 2020 and 2019:

	Fair Value	Level 1	Level 2	Level 3
December 31, 2020				
Mutual Funds	$ 3,899,949	$ 3,899,949	$ -	$ -
Common Stocks	3,218,867	3,218,867	-	-
Interest bearing cash	95,517	95,517	-	-
Total	7,214,333	$ 7,214,333	$ -	$ -
Investments measured at NAV (1)	2,895,648			
Total	$ 10,109,981			

	Fair Value	Level 1	Level 2	Level 3
December 31, 2019				
Mutual Funds	$ 3,386,547	3,386,547	$ -	$ -
Common Stocks	1,518,913	1,518,913	-	-
Interest bearing cash	705	705	-	-
	4,906,165	$ 4,906,165	$ -	$ -
Investments measured at NAV (1)	2,572,076			
Total	$ 7,478,241			

(1) In accordance with the Fair Value Measurements topic, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits. This amount represents the common/collective trust fund total for which fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of December 31, 2020 and 2019, respectively.

NOTE 8 - RISK AND UNCERTAINTIES

The Plan provides for various investment options in investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and Statement of Changes in Net Assets Available for Benefits.

NOTES TO FINANCIAL STATEMENTS

NOTE 9 - TAX STATUS

The Internal Revenue Services (IRS) issued an opinion letter to the Plan, dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified, and the related trust is tax-exempt. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTE 10 - GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2019, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Great-West Life and Annuity Insurance Company ("Great-West Insurance Company"). Great-West Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Great-West Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract as of December 31, 2020 and 2019 was $99,147 and $47,721, respectively. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly. The average yield earned by the Plan for the benefit responsive fund can be derived by averaging the quarterly gross interest rates for the fund over the year, and the average for 2020 and 2019 was 1.28% and 1.45%, respectively. The actual average yield earned by the Plan for the benefit responsive fund can be derived by averaging the Plan's quarterly interest rates, and the average for 2020 and 2019 was 1.26% and 1.45%, respectively.

NOTE 10 - GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

Certain events limit the Plan's ability to transact at contract value with Great-West Insurance Company. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with plan participants or the issuer are probable of occurring. The insurance company is able to terminate prior to the scheduled maturity date if proper notice is given as defined in the contract.

NOTE 11 - NONCOMPLIANCE

During the 2020 plan year, the Company had compensation that was improperly excluded from the participant deferral contribution calculation. The excluded compensation was the coronavirus paid leave under the Families First Coronavirus Response Act. This compensation was excluded from the calculation as the compensation category in the payroll system was not properly setup by the Company. This issue led to missed participant deferrals as the participant deferral was not calculated if the participant received compensation from that specific compensation category. Management has taken steps to make a corrective contribution as soon as possible. This error identified as denoted had an insignificant impact to the Plan.

In addition, during the 2020 plan year, the Company included the health savings account (“HSA”) employer contribution as part of the participant’s eligible compensation for the employer matching contribution. This HSA employer contribution is not considered compensation as defined by the adopted Plan agreement. This overstatement of eligible compensation resulted in various participants receiving a higher employer contribution than they should have. Management has determined that the impact to an individual participant is considered insignificant and does not impact any discrimination tests for the Plan. Therefore, management has determined that corrective action is not considered necessary.

In the prior year, the Company changed service organizations. During the transition between service organizations, the Company had an issue with calculations for participant deferrals who changed their deferral election. This issue in the prior year continued into 2020 for a portion of the year. However, the Company made corrective action to address this issue, consistent with the correction methods and procedures set forth in the IRS’s Employee Plans Compliance Resolution System. In October 2020, the Company made a corrective employer contribution of $7,692.

As of December 31, 2020 and 2019, one of the outstanding loan participants received an interest rate on a loan that was lower than the interest rate as defined by the Plan.
