Effective on January 1, 2019, the Company can make safe harbor matching contributions in an amount equal to 100% of the matched employee contributions subject to 4% of participant's compensation. The amount of safe harbor matching contribution is fully vested.

In addition, the Company may also make non-safe harbor matching contribution, profit sharing contributions, and qualified non-elective contributions to the benefit of participants determined at the discretion of the Company.

Note 1 – Description of Plan (continued)

c. Company's Contributions (continued)

At December 31, 2020, the Company accrued safe harbor matching contributions amounted to $244,131.

d. Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's matching contributions, (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e. Vesting

Participants are immediately vested in their contributions, their allocated Company's safe harbor matching contributions and qualified non-elective contributions, and their rollover contributions plus earnings thereon. In addition, participants are vested in their allocated share of the Company's non-safe harbor matching contribution and profit sharing contributions in accordance with the following schedule:

| Years of Employment | Vested Percentages |
|---|---|
| Less than two years | 0% |
| Two years but less than three years | 20% |
| Three years but less than four years | 40% |
| Four years but less than five years | 60% |
| Five years but less than six years | 80% |
| Six or more years | 100% |

Moreover, special vesting rules apply when participants will become fully vested upon their attainment of normal retirement age, at their death, or become disable when they are active employees.

f. Notes Receivable from Participants

Participants are eligible to borrow the lesser of (1) $50,000 minus the difference between the highest outstanding balance of loans in the past 12 months and the outstanding balance of loans from the Plan on the date the loan is made, or (2) one-half the present value of their vested account balance. The minimum loan amount is $1,000. The notes are secured by the vested balance in the participant's account.

Note 1 – Description of Plan (continued)

f. Notes Receivable from Participants (continued)

The Repayments must be in accordance with the schedule. The maximum repayment period is generally not more than 5 years for a general purpose loan. If the loan is obtained for the purpose of purchasing a primary residence, the loan will be repaid within a period not to exceed 30 years. The loan bears interest at the prime rate plus 1%. Principal and interest is paid ratably through each pay period. Prepayments are not permitted.

g. Payment of Benefits

At the time of when a participant terminates his or her employment with the Company, if the vested amount of the participant account balance is less than $1,000, the Plan will distribute the amount of the vested account balance to the participant.

If the participant's vested account balance is more than $1,000 but less than $5,000, the Plan has a right to distribute the amount of the vested account balance to the participant unless the participant may elect to:

- roll over the vested account balance to an individual retirement account (IRA) or the another qualified retirement plan of the participant's new employer; or
- receive a lump sum payment for the vested account balance.

If the value of the vested account exceeds $5,000, a participant must consent to any distribution of his or her account.

In addition, the Plan also allows for hardship or in-service withdrawals but is subject to the approval of the Plan administrator.

The participant will only receive a distribution of his or her entire vested portion of the account balance and the non-vested portion will be forfeited.

h. Forfeiture

Forfeitures represent the non-vested portion of terminated participants' account balances. The Company use these amounts to pay for the Plan administrative expenses or reduce future employer matching or discretionary contributions. As of December 31, 2020, and 2019, the total forfeited non-vested account balances were $5,552 and $17,687, respectively. For the year ended December 31, 2020, the Plan elected to use the forfeited amount of $5,552 to reduce the matching contributions.

Note 1 – Description of Plan (continued)

i. Investment Options

Participants can direct the investments of their accounts make changes thereof that is subject to the Plan's uniform guidelines and procedures. The Plan administrator updates the available investments for participants' selection on an annual basis.

Note 2 – Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements of the Plan are prepared and presented in accordance with U.S. generally accepted accounting principles.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

b. Use of Estimates

The preparation of the financial statements in accordance with U.S. generally accepted accounting principles requires the plan administrator and management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 – Summary of Significant Accounting Policies (continued)

d. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2020, and 2019, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

e. Risks and Uncertainties

The Plan invests in various funds that hold investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

f. Payment of Benefits

Benefits paid to participants are recorded when paid.

g. Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

h. Date of Management's Review of Subsequent Events

The management has evaluated subsequent events through October 5, 2021, the date at which the financial statements were available to be issued.

Note 3 – Income Tax Status

The Plan was adopted as a prototype plan, which received a determination letter from the Internal Revenue Service stating that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan was amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believe that the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate uncertain tax positions taken by the plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; However, there are currently no audits for any tax periods in progress.

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4 – Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020, and 2019:

**Money market and mutual fund.** Valued at daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table set forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2020, and 2019:

| | **Assets at Fair Value as of December 31, 2020** | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Money market fund | $ 271,595 | $ 0 | $ 0 | $ 271,595 |
| Mutual funds | 3,348,619 | | | 3,348,619 |
| Total Investments at fair value | $ 3,620,214 | $ 0 | $ 0 | $ 3,620,214 |

| | **Assets at Fair Value as of December 31, 2019** | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Money market fund | $ 162,707 | $ 0 | $ 0 | $ 162,707 |
| Mutual funds | 2,489,814 | | | 2,489,814 |
| Total Investments at fair value | $ 2,652,521 | $ 0 | $ 0 | $ 2,652,521 |

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2020 and 2019, are reported in net appreciation in fair value of investments.

Note 5 – Guaranteed Investment Contract with Insurance Company

The Plan invests in an unallocated contract with Voya Retirement Insurance and Annuity Company, the trustee of the Plan assets. The contributions to this contract are maintained in a general account which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. This contract meets the fully benefit-responsive investment contracts criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

The contract guarantees minimum rates of interest and may credit interest that exceeds the minimum guaranteed rate. The current rate is subject to change at any time, but will never fall below the guaranteed minimum. A guaranteed interest rate is an effective annual rate of interest credited at its equivalent daily rate to amounts in the guaranteed investment contract as of the close of business day. The establishment of the guaranteed interest rate requires estimation of the future earnings rates, the rate at which existing investments mature, and future cash flow. Daily credited interest becomes part of principal and the investment increases through compound interest.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. These events may be different under each contract. Examples of such event include the following: (1) the Plan's failure to qualify under Section 401(a) of the Internal Revenue Code; (2) premature termination of the contracts; (3) plan termination or merger; (4) changes to the Plan's prohibition on competing investment options; and (5) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following: (1) an uncured violation of the Plan's investment guidelines; (2) a breach of material obligation under the contract; (3) a material misrepresentation; and (4) a material amendment to the agreements without the consent of the issuer.

Note 6 – Party-in-interest Transactions

Certain Accounts and funds held in Plan general account are managed by Voya, and therefore, these transactions qualify as party-in-interest transactions as that term is defined in Section 3 (14) of ERISA.

Note 7 – Plan Termination

At the date of the report, the Company has no intention to terminate the Plan but it reserves the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants will become fully vested in their accounts.
