Plan Description

The following description of Western Beef, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, covering all employees except for union employees and nonresident aliens of the Company. Employees age 21 and older who have completed one year of service with a minimum of 1,000 hours with the Company are eligible for employer matching and non-elective contributions. The Plan has a 3-month service requirement to begin salary deferrals for all employees with a minimum age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may authorize payroll deductions up to 90% of compensation as before-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

To be eligible for discretionary profit sharing contributions, a participant age 21 or older, must have worked for 1,000 hours in the given Plan year, completed one year of service and be employed on the last day of the Plan year. Participants may allocate their contributions among various investment funds offered by the Plan. For 2020, the Plan elected to make a discretionary matching contribution of 1% of participants' eligible wages that totaled $209,063. The Company paid $91,806 and used $117,257 of forfeitures in 2021.

The Company may make discretionary profit-sharing contributions to the Plan. The discretionary contribution amount is based on the participant's annual eligible compensation. The profit-sharing contribution is calculated at 50% of annual eligible compensation for each eligible participant with maximum compensation capped at $285,000 for December 31, 2020. To be eligible for discretionary profit sharing contributions, a participant age 21 or older, must have worked for 1,000 hours in the given Plan year, completed one year of service and be employed on the last day of the Plan year. Participants may allocate their contributions among various investment funds offered by the Plan. The company did not make a profit-sharing contribution for 2020 and 2019.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, (b) Plan earnings and losses, and (c) administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Description (continued)

Investment Options

A participant may direct contributions in any of the investment funds offered by the Plan. Participants may change their investment options at any time.

Payment of Benefits

Upon separation from service, participants may choose to have vested benefits paid in a lump-sum or in periodic payments, as defined by the Plan.

Vesting

Participants are immediately vested in their contributions and employer profit-sharing and match contributions vest as follows:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants

Notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants may borrow up to 50% of their vested account balance. The minimum amount a participant may borrow is $1,000 and the maximum amount is $50,000 less the greater outstanding participant loan balance of the participant's account during the preceding 12 months. Loan terms may not exceed five years unless the purpose of the loan is for the purchase of primary residence, in which case it may not exceed beyond 10 years from the date of the loan. Participants are charged interest as determined by the plan administrator based on prevailing rates as of the date of the loan plus any loan processing fees. Principal and interest are paid through weekly payroll deductions.

Summary of Significant Accounting Principles

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Summary of Significant Accounting Principles (continued)

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and Trustee. See Fair Value Measurements footnote for discussion of fair value measurements.

Net appreciation in fair value of investments is reflected in the statements of changes in net assets available for benefits and includes realized gains and losses on investments bought and sold and the change in appreciation from one period to the next.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the participant, as provided by the Plan agreement. Other expenses including management fees are borne by the Company.

Forfeited Accounts

Forfeited non-vested accounts are utilized to pay reasonable plan expenses and remaining forfeitures will be used to reduce future Employer contributions payable under the Plan. During 2020 and 2019, participants forfeited $51,495 and $69,256, respectively. At December 31, 2020 and 2019, forfeited non-vested accounts totaled $107,815 and $75,343, respectively. The Company used $18,608 to reduce administrative expenses in 2020.

Fair Value Measurements

ASC 820 establishes a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measure at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019:

Mutual Funds and Money Market Accounts: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets as fair value as of December 31, 2020 and 2019:

	Investments at estimated fair value as of December 31, 2020			
	Fair Value	Level 1	Level 2	Level 3
Mutual funds and money market accounts	$ 22,057,142	$ -	$ -	$ -

	Investments at estimated fair value as of December 31, 2019			
	Fair Value	Level 1	Level 2	Level 3
Mutual funds and money market accounts	$ 21,672,756	$ -	$ -	$ -

There were no significant transfers between levels 1, 2, and 3 investments during the years ended December 31, 2020 and 2019.

Fixed Interest Account

The Plan maintains fixed interest account with Nationwide. Nationwide maintains the contributions in a general account. The average yield for the year ended December 31, 2020 and 2019 was 2.58% and 2.78% respectively and is reviewed on a quarterly basis for resetting. The fixed interest account issuer, Nationwide, is contractually obligated to repay the principal and the specified guaranteed interest rate to the Plan. Contract value represents contributions made under the contract, plus earnings less participant withdrawals. As of December 31, 2020 and 2019, the contract value in the fixed interest account totaled $2,153,681 and $1,811,727, respectively and is presented on the face of the statements of net assets available for benefits at contract value.

The Plan’s ability to receive amounts due is dependent on Nationwide’s ability to meet its financial obligations. Nationwide’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Fixed Interest Account (continued)

Certain events limit the ability of the Plan to transact at contract value with the Nationwide. Such events include the following: (1) amendments to the Plan Documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transactions under ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Information Prepared and Certified by the Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Trustee of the Plan:

	2020	2019
Mutual funds & money market accounts	**$ 22,057,142**	$ 21,672,756
Fixed interest account	**2,153,681**	1,811,727
Notes receivable from participants	**1,426,109**	1,610,103
Total	**$ 25,636,932**	$ 25,094,586

The Trustee also certified the completeness and accuracy of the following related to the aforementioned assets for the years ended December 31:

	2020	2019
Net appreciation in fair value of investments	**$ 2,984,630**	$ 4,129,997
Dividends and interest income	**$ 138,101**	$ 96,578

Related Party Transactions

Certain plan investments are shares of accounts and common/collective trusts managed by Nationwide. Nationwide is the Trustee as defined by the Plan, and therefore, these transactions qualify as permitted party-in-interest transactions, as defined by ERISA.

The notes receivable from participants as of December 31, 2020 and 2019 in the amounts of $1,426,109 and $1,610,103, respectively, are party-in-interest transactions. Certain employees of the Company provide administrative services to the Plan. These employees are not paid by the Plan for their services.

Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated March 31, 2014, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (Code). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan Administrator has analyzed the tax position taken by the Plan, and has concluded that as of December, 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2017.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statement of net assets available for benefits.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions and terminate the Plan. In the event of termination or partial termination of the Plan, all amounts credited to a participants' account, including Company contributions, become fully vested.

Prohibited Transactions

During 2020, the Company failed to remit to the Plan's Trustee certain participant contributions totaling $236,743, in a timely manner. Delays in remitting contributions to the Trustees were due to the administrative process for processing wire transfers. The Company has corrected the issue under the self-correction guidelines.

Excess Contributions Refundable

As of December 31, 2020 and 2019, liabilities of $38,566 and $55,037 respectively, are recorded for amounts refundable by the plan to participants for contributions greater than amounts allowed by the IRS.

COVID-19

Effective April 5, 2020 the Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take up to $100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. In addition, effective April 1, 2020, the Plan adopted the temporary loan repayment deferral provision for the CARES Act. The deferral provision adopted by the Plan allows qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020.

Subsequent Events

The Plan evaluated subsequent events through October 7, 2021, the date the financial statements were issued. On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. As a result, the Plan's various investment securities have incurred significant fluctuations in fair value since December 31, 2020. The impact of COVID-19 continues to evolve rapidly, and the Company is not able currently to estimate its full impact on the Plan's financial statements.

During 2021, the Trustee made the decision to switch Trustees. The assets of the plan were transferred from Nationwide to Great West Life Insurance and Annuity Company.
