NSM INSURANCE GROUP 401(k) PLAN

Notes to Financial Statements December 31, 2020 and 2019

(1) Description of Plan

The following description of the NSM Insurance Group 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan covering all eligible employees of NSM Insurance Group, LLC (the Company), who have completed 30 days of service and are at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The trustee and plan administrator are responsible for oversight of the Plan, determine the appropriateness of the Plan's investment offerings and monitor investment performance.

In July 2019, the participant account balances and net assets of Embrace Pet Insurance 401(k) Retirement Savings Plan were merged into the Plan. Plan assets aggregating \$1,806,721 from the merger are included in transfers from merging plan in the accompanying 2019 statement of changes in net assets available for benefits.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, subject to the maximum allowable under Internal Revenue Code (IRC) guidelines. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit and defined contribution plans. The Plan includes a Qualified Contribution Arrangement (QACA), whereby 5% of the participants' compensation will be deferred unless the participant makes a contrary election. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make discretionary employer matching contributions each plan year. During 2020, the Company made a safe-harbor matching contribution based on 100% of the first 3% of participant deferrals and a profit-sharing contribution based on 1.5% of eligible employees compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements December 31, 2020 and 2019

(1) Description of Plan, Continued

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's safe harbor and profit-sharing contribution portions of their accounts is based on years of service according to the following schedule:

Years of Service	Vested Percentage
Less than 1	0%
1	25%
2	50%
3	75%
4	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50% of their vested account balance. The maximum loan term is five years, unless the loan is acquired for the purchase of the participant's primary residence. The loans are secured by the balance in the participant's account and bear interest at rates that range from 3.25% to 6.50%, which are commensurate with local prevailing rates determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant or survivor may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or an annuity.

Forfeited Accounts

At December 31, 2020 and 2019, forfeited nonvested accounts totaled \$44,580 and \$104,881 respectively. Forfeited accounts may first be used to pay administrative expenses and then used to reduce future Company contributions. During 2020 and 2019, forfeitures of \$94,814 and \$110,270, respectively, were used to reduce Company contributions.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustee and plan administrator determine the Plan's valuation policies utilizing the information provided by the investment advisers and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the year end excess contributions to the applicable participants prior to the subsequent March 15.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent participant loans are treated as distributions based upon the terms of the plan document.

NSM INSURANCE GROUP 401(k) PLAN

Notes to Financial Statements December 31, 2020 and 2019

(2) Summary of Significant Accounting Policies, Continued

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Recently Adopted Accounting Standard- Fair Value Measurement

In August 2018, the Financial Accounting Standards Board (FASB) issued *Accounting Standards Update (ASU) 2018-13, Fair Value Measurement (Topic 820): Changes to the Disclosure Requirements for Fair Value Measurement*. This ASU removes the requirement to disclose the amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy, the policy for timing of transfers between levels, the valuation processes for Level 3 fair value measurements and the changes in unrealized gains and losses for periods included in earnings for Level 3 fair value measurements held at the end of the reporting period. Further, under this ASU, nonpublic entities are not required to complete a reconciliation of the opening balances to the closing balances of recurring Level 3 fair value measurements. Rather, an entity is required to disclose transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities. The adoption of this ASU did not have a material impact on the Plan's financial statements.

Subsequent Events

The Plan has evaluated subsequent events through October 7, 2021, the date the financial statements were available to be issued.

NSM INSURANCE GROUP 401(k) PLAN

Notes to Financial Statements December 31, 2020 and 2019

(3) Financial Information Certified by the Custodian

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Principal Life Insurance Company (Principal), the custodian of the Plan, as complete and accurate, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule. The custodian has certified the following as complete and accurate:

- The investments at fair value at December 31, 2020 and 2019.
- Net appreciation in fair value of investments for the years ended December 31, 2020 and 2019.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year), except for participants loans.

(4) Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NSM INSURANCE GROUP 401(k) PLAN

Notes to Financial Statements December 31, 2020 and 2019

(4) Fair Value Measurements, Continued

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Pooled separate accounts: Valued at the net asset value (NAV) of units held by the Plan at year end based on the fair value of its underlying investments. Although the pooled separate accounts are not available in an active market, the NAV of the units are approximated based on the quoted prices of the underlying investments that are traded in an active market.

Guaranteed investment contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. In determining the reasonableness of the methodology, the Plan's trustee and plan administrator evaluated a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain observable inputs are assessed through review of contract terms (for example, duration or payroll date) while others are substantiated utilizing available market data.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ 31,994,921	\$ -	\$ -	\$ 31,994,921
Guaranteed investment accounts	-	-	292,920	292,920
Investments at fair value	\$ 31,994,921	\$ -	\$ 292,920	\$ 32,287,841

NSM INSURANCE GROUP 401(k) PLAN

Notes to Financial Statements December 31, 2020 and 2019

(4) Fair Value Measurements, Continued

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ 26,762,142	\$ -	\$ -	\$ 26,762,142
Guaranteed investment accounts	-	-	328,892	328,892
Investments at fair value	\$ 26,762,142	\$ -	\$ 328,892	\$ 27,091,034

During 2020 and 2019, there were no transfers in or out of Level 3 of the fair value hierarchy. Purchases of Level 3 investments amounted to \$724,316 and \$90,950 during 2020 and 2019, respectively. Sales of Level 3 investment amounted to \$768,653 and \$38,040 during 2020 and 2019, respectively.

Gains (realized and unrealized) included in the changes in net assets for the periods above are reported in net appreciation in the fair value of the investments in the statements of changes in net assets available for benefits.

(5) Investment Contract with Insurance Company

The Plan maintains group annuity contracts with Principal through the guaranteed interest accounts. The annual crediting interest rate and average yield for the guaranteed interest accounts for the years ended December 31, 2020 and 2019 ranged from .41% to 1.25% and .41% to 1.45%, respectively. Maturities of the guaranteed interest accounts at December 31, 2020 range from December 31, 2020 to December 31, 2024.

(6) Related Party Transactions and Party-In-Interest Transactions

Certain plan investments are shares of pooled separate accounts and guaranteed interest accounts managed by Principal. Principal is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in the fair value of the investments. The plan sponsor pays directly certain other fees related to the Plan's operations.

(7) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their account balances.

NSM INSURANCE GROUP 401(k) PLAN

Notes to Financial Statements December 31, 2020 and 2019

(8) Tax Status

The Plan adopted a non-standard form of a prototype plan document sponsored by Principal. The prototype plan has received a letter from the IRS dated March 31, 2014, as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting policies generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(9) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(10) Nonexempt Transactions

As required by ERISA Section 2510.3-102, the plan sponsor is required to segregate employee contributions to the Plan from its general assets as soon as practicable. During 2019, certain employee withholdings in the amount of \$32,372 were not remitted to the Plan timely. These transactions are considered prohibited transactions, as defined by ERISA. Management calculated interest on the late remittances to be approximately \$29 and intends to correct the transactions during 2021.
