CHARTIS GROUP, LLC 401(k) PLAN

Notes to Financial Statements

Note 1 - Description of the Plan

The following description of the Chartis Group, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of the Chartis Group, LLC, the Greeley Company, LLC, and Jarrard, Phillips, Cate & Hancock, Inc. (collectively the "Employer"), as defined in the Plan. All employees are eligible to participate in the Plan upon attaining the age of 21, except those covered by a collective bargaining agreement, non-resident aliens and temporary employees, as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Substantially all investments are participant directed.

Participant Contributions

Each year, participants may contribute up to 75% of their annual compensation, as defined in the Plan, subject to dollar limits set by Federal law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("Participant rollovers"). Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer Contributions

Employer Matching Contributions

The Plan provides for discretionary Employer matching contributions to participants of the Plan. For employees of the Chartis Group, LLC and the Greeley Company, LLC, the Employer matched 50% of the first 5% of eligible compensation that a participant contributed to the Plan for the year ended December 31, 2020. For employees of Jarrard, Phillips, Cate & Hancock, Inc., the Employer matched 100% of the first 6% of eligible compensation that a participant contributed to the Plan for the year ended December 31, 2020. Participants must be employed on the last day of the Plan year in order to receive any discretionary Employer matching contributions. For the year ended December 31, 2020, Employer matching contributions totaled $1,653,602.

Employer Discretionary Contributions

Additional discretionary Employer profit-sharing contributions may be contributed at the option of the Employer's Board of Directors to eligible participants. Participants who are employed on the last day of the Plan year or have worked at least 501 hours during the Plan year will be eligible to receive an allocation of any discretionary Employer profit-sharing contribution. Allocations are based on the ratio of a participant's compensation to total compensation of all eligible Participants. The Employer did not elect to make any discretionary profit-sharing contributions to the Plan for the year ended December 31, 2020.

Note 1 - Description of the Plan (Continued)

Plan Administration

The Employer is the Plan administrator and has the authority to appoint person(s) or entities to carry out the operation of the Plan. Fidelity Management Trust Company ("Fidelity") is the Plan's trustee and custodian. The Plan is administered by the Chartis Group, LLC 401(k) Plan Committee (the "Committee"). The Committee is responsible for all matters, including, but not limited to, determining eligibility, rights to benefits, interpreting Plan documents, and directing the Plan's trustee.

Participants' Accounts

Each participant's account is credited with the participant's contributions and any discretionary Employer matching contributions, as well as an allocation of (a) any discretionary Employer profit sharing contributions and (b) Plan earnings or losses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Upon termination of service, death, disability, retirement, or separation from employment, a participant may elect to receive the value of their vested interest in his or her account in the form of a lump-sum amount or to roll their balance over to another qualified plan. In-service withdrawals are allowed from a participant's vested account upon attainment of age 59½. If the participant's vested interest in the Plan is less than $5,000, a mandatory lump-sum distribution may be made to the participant.

The Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was passed by the U.S. Senate on March 26, 2020. Section 2202 of the CARES Act permits eligible Plan participants to request special penalty-free distributions of up to $100,000 for qualifying coronavirus-related reasons. These reasons include the participant, spouse or dependent diagnosed with COVID-19, adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to a lack of childcare due to COVID-19. The special coronavirus-related distributions waive the 10% early withdrawal penalty and were allowed to be made between January 1, 2020 and December 31, 2020.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to the lesser of $50,000 or 50% of the participant's vested account balance reduced by the highest outstanding loan balance in the prior twelve-month period. A participant may have two loans outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions over a term not exceeding five years, or up to ten years if used for the purchase of a primary residence.

Note 1 - Description of the Plan (Continued)

Notes Receivable from Participants (Continued)

Under the CARES Act, the available loan limit was increased to $100,000 or 100% of the participant's vested account balance. The CARES Act also delayed loan payments for a COVID-19 qualified individual for any loan outstanding on or after March 27, 2020 through December 31, 2020 and, if applicable, extends the loan for up to one year. This increased loan limit was allowed to be taken from March 27, 2020 through September 22, 2020.

Vesting

Participants are 100% vested in their contributions and all Employer matching contributions plus actual earnings thereon.

Participants employed at the Chartis Group, LLC and the Greeley Company, LLC are vested 100% in Employer discretionary contributions.

Participants employed at Jarrard, Phillips, Cate & Hancock, Inc. are vested in Employer discretionary contributions and earnings thereon according to the following schedule:

Years of Service	*Percentage of Account Vested*
Less than 1	0%
1	50%
2 or more	100%

Participants must complete a minimum of 1,000 hours of service in a Plan year to receive credit for a year of vesting service.

Forfeitures

Forfeited amounts from excess Employer contributions may be used to pay Plan administrative expenses or to reduce Employer matching contributions. At December 31, 2020 and 2019, unallocated forfeited accounts amounted to $0 and $6,735, respectively. During the year ended December 31, 2020, $16,821 of forfeitures were used to reduce the Employer matching contributions.

Note 2 - Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Note 2 - Summary of Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments, Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year. See Note 4 for discussions of fair value measurements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Employer and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 1, 2021, the date the financial statements were available to be issued. The Plan did not identify any material subsequent events requiring disclosure included in these financial statements.

Note 3 - Information Certified by Trustee and Custodian

Plan investments are held by Fidelity. Fidelity has certified to the fair value of investments as of December 31, 2020 and 2019 and investment transactions for the year ended December 31, 2020. Investment transactions include interest and dividend income and net appreciation in fair value of investments. Notes receivable from participants and information included in the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) has also been derived from information certified by Fidelity.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of observable inputs to minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2020 and 2019.

Mutual Funds and Money Market Fund

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Note 4 - Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

	Fair Value Measurements as of December 31, 2020			
Description	***Level 1***	***Level 2***	***Level 3***	***Total***

	Fair Value Measurements as of December 31, 2019

Total investments in the fair value hierarchy	**$ 49,559,767**	**$ -**	**$ -**	**$ 49,559,767**

Note 5 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect Participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

On March 11, 2020, the World Health Organization declared the outbreak of a coronavirus (COVID-19) a pandemic. The spread of this virus has caused disruption to the economy worldwide and could result in changes in the values of investment securities that could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits in the future.

Note 6 - Related-Party and Party-In-Interest Transactions

Certain Plan investments are managed by affiliates of Fidelity, the trustee and custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid to Fidelity were $2,925 for the year ended December 31, 2020. Notes receivable from Participants also qualify as party-in-interest transactions.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants would become fully vested in all of their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.

Note 8 - Tax Status

The Plan has adopted a Fidelity volume submitter profit sharing plan with CODA document that received a favorable opinion letter on March 31, 2014. The Plan has been amended since that date, however, the Employer believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, the Plan continues to qualify under Section 401(a) and the related trust continues to be tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
