Avalon Risk Management 401(k) Plan

Notes to the Financial Statements
Years Ended December 31, 2020 and 2019

1. Description of Plan Provisions

The following description of the Avalon Risk Management 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. Copies of these documents are available from the Avalon Risk Management Insurance Agency LLC ("Avalon" or "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA")

General and Eligibility
The Plan is a defined contribution and profit-sharing plan established January 15, 2010, sponsored and administrated by Avalon. Employees of Avalon who met certain age and service requirements, including three months of service and the minimum age of 18, are eligible to participate in the Plan. All of the Plan's investments are held by Fidelity Management Trust Company ("FMTC" or "Plan Trustee" or "Custodian") and are participant directed. The Plan was amended, effective June 1, 2018, to include Index Funds and a Roth 401(k) option with an in-plan conversion option. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

On March 27, 2020, the "Coronavirus Aid, Relief, and Economic Security (CARES) Act" was signed in to law. The CARES Act included several relief provisions available to the Plan and its participants. Plan management evaluated the provisions and adopted certain provisions related to notes receivable from participants and distributions. These amendments have not formally been adopted as of the date of the financial statements. Management will formally retroactively amend the plan prior to the statutory deadline of the end of the plan year beginning on January 1, 2022.

Contributions
Each year, eligible participants may contribute a percentage of pre-tax annual eligible compensation to the Plan at rates specified in the Plan. The total pre-tax contribution, however, is subject to dollar limitations set forth by the Internal Revenue Code ("IRC") and limited to 90% of eligible compensation. Participants who have attained age 50 or older before the end of the plan year are eligible to make catch-up contributions. Participants may also make rollover contributions from other qualified plans.

Eligible participants who have not affirmatively elected otherwise are automatically enrolled in the Plan at a 3% deferral rate. The automatic deferral rate will increase 1% annually not to exceed 8%.

In 2020 and 2019, employer non-discretionary match contributions were equal to 50% of the first 5% of employee deferrals. The plan sponsor may also elect to make discretionary non-elective contributions, as approved by the Board of Directors. A participant must be employed on the last day of the plan year to be eligible for non-elective contributions. Discretionary non-elective contributions, if any, made to the Plan are allocated to the participant's account based on the participant's proportionate eligible compensation to total eligible compensation paid to all eligible participants for the plan year. There were no discretionary non-elective contributions made in 2020 and 2019.

Participant Accounts
Each participant's account is credited with participant's contributions, employer's contributions, Plan earnings/losses based on the participant's investment elections and charged with withdrawals and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately 100 percent vested in employee contributions, rollover contributions, and any income or loss thereon. Vesting in the employer's contribution portion of their account is based on years of continuous service. Service with certain previous employers is included to determine the number of years of service for vesting purposes. A participant is 100% vested after five years of credited service, based on a 20% graduated vesting each year starting after the first year of service. All participants will become immediately vested in their accounts when they reach age 55, the Plan is terminated, contributions to the Plan are discontinued or a participant becomes disabled or dies.

Forfeitures
Non-vested portions of participants' accounts are forfeited and applied to first reduce administrative expenses, if so directed by the Plan Sponsor, and then future employer contributions. At December 31, 2020 and 2019, the forfeited balance totaled $9,539 and $1,162, respectively. The Plan was not directed to, and paid no administrative fees from forfeitures and therefore, used $9,500 and $11,040 of the forfeitures to reduce employer contributions in 2020 and 2019, respectively.

Notes Receivable from Participants
Participants may borrow from their accounts up to 50% of their vested balance, with total borrowings not exceeding $50,000. Loan terms range from one to five years but can be extended to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at 4.25% to 6.50%, which is commensurate with local prevailing rates at the initiation of the loan as determined by the plan sponsor. Loan repayments must be made at least quarterly through a payroll deduction. In accordance with the revised terms there was an increase to the maximum permitted loan up to $100,000 and participants were able to suspend loan repayments until at least January 1, 2021 with continued interest accrual.

Withdrawals
A participant may request a distribution under the following circumstances. (1) the participant becomes disabled, (2) the participant reaches normal retirement age, (3) termination of employment or (4) event of participant's death. Terminated participants with individual account balances not greater than $5,000 will receive an automatic disbursement from the Plan. Participants 70 ½ are generally subject to yearly required minimum distributions based on their account value and life expectancy.

The Plan provides for hardship distributions in certain situations, including the purchase of a participant's primary residence, for payment of post-secondary education tuition, for the payment of certain medical expenses, to prevent eviction or foreclosure from the participant's primary residence, payment of burial or funeral expenses for the participant's deceased parent, spouse, child or dependent, payment of expenses to repair damage to the Participant's principal residence that would qualify for the casualty deduction under IRC Section 165, payment of expense and losses (including loss of income) incurred due to a federally declared disaster, and any other event or expense deemed an immediate and heavy financial need by the Internal Revenue Service ("IRS"). Any loans or in-service distribution reduces participant investments in their respective selected invested funds.

Prior to taking a hardship distribution, a participant must take all other distributions available under the Plan. Participants under age 59 ½, may be subject to a 10% penalty tax on hardship distribution amounts. Contributions eligible for hardship distribution are employee deferrals.

For the period from January 1, 2020 and ending December 31, 2020, participants were able to obtain coronavirus-related distributions of up to $100,000 not to exceed 100% of their vested account balance. Participants were eligible to receive distributions under this provision if they met one of the qualifications as defined in the plan document.

2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Plan Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date. Capital gains distributions are included in dividend income.

Payment of Benefits
Benefit payments to participants are recorded upon distribution.

Notes Receivable from Participants
Notes receivable from participants are recorded at the unpaid principal balance plus accrued but unpaid interest.

3. Information Certified by the Custodian

The following is a summary of the information regarding the Plan as of December 31, 2020 and 2019, and for the year ended December 31, 2020, included in the Plan's financial statements and supplemental schedules, that was prepared by or derived from the information provided by FMTC, the trustee of the Plan, and furnished to the plan sponsor. The plan sponsor has obtained a certification from the trustee that such information is complete and accurate.

	2020	2019
Statements of net assets available for benefits-investments:		
Investments at fair value	$ 14,931,795	$ 12,222,116
Notes receivable from participants	265,280	290,158
Statement of changes in net assets available for benefits:		
Net appreciation in fair value of investments	1,461,694	-
Interest and dividends	755,000	-
Interest income from notes receivable from participants	15,753	-

4. Fair Value Measurement

The Financial Accounting Standards Board's Accounting Standards Codification established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019:

- Mutual funds: Mutual funds are stated at fair value based on quoted prices in an active market for each share held by the Plan.

- Common collective trust fund: The common collective trust fund is stated at net asset value of the shares determined by the underlying securities held by the Plan at year end. The net asset value is used as a practical expedient to estimate fair value. The common collective trust funds invest primarily in guaranteed investment contracts. The common collective trust fund does not have any unfunded commitments relating to its investments, or any significant restrictions or redemptions. There are no participant redemption restrictions for this investment.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 13,893,590	$ -	$ -	$ 13,893,590
Common collective trusts - stable value fund measured at net asset value (a)	-	-	-	1,038,205
	$ 13,893,590	$ -	$ -	$ 14,931,795

The following table sets forth by level, within the fair value hierarchy, the Plan's asset at fair value as of December 31, 2019:

	2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 11,288,399	$ -	$ -	$ 11,288,399
Common collective trusts - stable value fund measured at net asset value (a)	-	-	-	933,717
	$ 11,288,399	$ -	$ -	$ 12,222,116

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

5. Parties-In-Interest Transactions

Strategic Advisers, Inc., a Fidelity Investment Company, provides investment advisory services to Plan participants. Investments of the Plan in the Fidelity registered investment companies are exempt from the prohibited transaction rules of ERISA pursuant to a class exemption issued by the U.S. Department of Labor ("DOL"). Investment fees paid to Strategic Advisers are calculated annually based on a percentage of the average daily balance of assets of enrolled participants, payable in quarterly installments and are charged directly to the respective participant's accounts. The Plan also invests in the Fidelity Managed Income Portfolio, a stable value collective fund managed by FMTC.

Additionally, certain administrative functions related to the Plan are performed by employees of the plan sponsor at no cost to the Plan. Loans to participants also represent party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, the plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan by actions of the Designated Principal(s) subject to the provisions of ERISA. In the event of plan termination, participants would receive the value of their accounts.

7. Income Tax Status

On March 31, 2014, the Internal Revenue Service ("IRS") stated that the volume submitter adopted by the Plan, as then designated, qualifies under Section 501(a) of the Internal Revenue Service Code (the "Code"). The Plan has not received a determination letter specific to the Plan itself, and the Plan has been amended since receiving the determination letter; however, the plan sponsor believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes have been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan sponsor believes it is no longer subject to income tax examinations for years prior to 2017.

8. Risks and Uncertainties

The Plan provides for various investment options. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 as of December 31, 2020 and 2019:

	2020	2019
Net assets available for benefits per the financial statements	$ 15,197,075	$ 12,512,274
Stable value collective fund	36,362	12,589
Net assets available for benefits per the Form 5500	$ 15,233,437	$ 12,524,863

The following is a reconciliation of changes in net assets available for benefits per the financial statements to Schedule H of Form 5500 for the year ended December 31, 2020:

Net increase per the financial statements	$ 2,684,801
Change in adjustment from fair value to contract value for common collective trust	23,773
Net increase in assets available for benefits per Form 5500	$ 2,708,574

10. Subsequent Events

Management evaluated subsequent events for the Plan through October 7, 2021, the date the financial statements were available to be issued.
