NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of the Centerfield Media Holding Company 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. The Plan agreement should be referred to for a more complete description of the Plan's provisions.

General

The Plan, adopted as of January 1, 2007 is a defined contribution plan covering substantially all employees of Centerfield Media Holding Company, a Delaware corporation, (the "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Employer is responsible for oversight of the Plan. The Employer determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

Employees who have attained 21 years of age and completed 1 month of service are eligible to participate in the Plan and receive an allocation of Employer contributions. Employees can enter the Plan on the first day of the month immediately following satisfaction of eligibility requirements. Prior to March 1, 2020, there was no service requirement and participants could enter the Plan immediately upon hire.

Contributions

Each year participants may contribute a certain percentage of their pretax annual compensation as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Employer may match, at its discretion, a fixed amount or a set percentage of each eligible employee's contribution as determined by its board of directors. Additional amounts, including a profit-sharing contribution, may also be contributed at the option of the Employer. Contributions are subject to certain IRS limitations.

For the years ended December 31, 2020 and 2019, the Employer made safe harbor contributions equal to 100% of participant deferrals subject to 4% of each participant's eligible compensation. These safe harbor contributions were fully vested with participants. Employer matching contributions aggregated $556,143 and $386,101 for the years ended December 31, 2020 and 2019, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's contribution and (b) Plan earnings and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Vesting

Participants are immediately vested in their contributions and in Employer's safe harbor contributions plus actual earnings thereon. The Employer had acquired an unrelated entity in the prior years. Employer contributions made by the acquired entity prior to acquisition were subject to vesting in annual increments of 20 percent, vesting at 20 percent after the second year of credited service, and up to 100 percent after the sixth year of credited service.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of time. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Normal retirement age is 65 years. The Plan does not permit early retirement.

Forfeited Accounts

The portion of an employee's interest that is not vested upon the employee's break in service is forfeited. The non-vested forfeited balance can be reallocated as of the end of the Plan year to participants in the same manner as Employer contributions or can be used to pay for Plan related expenses. At December 31, 2020 and 2019, the balance in the forfeited non-vested account was $16,073 and $20,989, respectively.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to 50 percent of their total vested balance, subject to a minimum of $1,000 and a maximum of $50,000. The notes are secured by the vested balance in the participant's account. The Plan provisions require a reasonable interest rate to be charged on the notes, and principal and interest to be paid ratably through regular payroll deductions. Interest charged on the notes ranges from 4.25% to 7.50% and the notes mature between June 2022 and June 2026.

Tax Status

The Plan is based on a volume submitter profit sharing 401(k) plan agreement. The Internal Revenue Service has issued an opinion letter dated March 31, 2014 granting approval to the volume submitter plan document. Under this arrangement the Plan is not obligated to file for a separate determination letter. Although the Plan has been amended, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Administration

Effective February 28, 2020, the Plan engaged Capital Bank and Trust Company as the Plan custodian and Empower as the record keeper of the Plan. Prior to this change, John Hancock Life Insurance Company was the Plan custodian and the record keeper of the Plan. On February 27, 2020, John Hancock Life Insurance Company, the prior Plan custodian liquidated all holdings from its various funds and transferred the assets to Capital Bank and Trust Company. The assets of each fund within the Plan are invested under an arrangement with Capital Bank and Trust Company, the current Plan custodian. Upon enrollment in the Plan, a participant may direct their contributions in the various investment options offered by Capital Bank and Trust Company. Participants should carefully read the prospectus before investing in the various investment options offered under the Plan.

Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Capital Bank and Trust Company, the custodian and John Hancock Life Insurance Company, the prior custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation/depreciation in fair value of investments, as they are paid through revenue sharing, rather than as a direct payment.

Certified Investments

Certified information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation/depreciation in fair value of investments, interest and dividends for the year ended December 31, 2020, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Capital Bank and Trust Company and John Hancock Life Insurance Company.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Contributions

Contributions from participants are recorded based on payroll withholdings during the year.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Employer determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See note on fair value measurements below. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Other Income

Other income comprises lost income allocated to impacted participants for late remittance of salary deferrals and loans.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. These expenses include fees of the Plan custodians, third-party administrators and accountants. Loan origination fees are paid directly by the borrowing participants. Other fees related to the administration of the Plan are included in administrative expenses and are charged to participants' accounts. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Designated as level 1 and held with Capital Bank and Trust Company. Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fair Value Measurements (continued)

Pooled separate accounts: Valued at the net asset value (NAV) of units of pooled separate accounts managed by John Hancock Life Insurance Company. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the pooled separate accounts, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual funds	$ 8,459,217	$ -	$ -	$ 8,459,217
Total assets at fair value	$ 8,459,217	$ -	$ -	$ 8,459,217

	Assets at Fair Value as of December 31, 2019			
	(Level 1)	(Level 2)	(Level 3)	Total
Pooled separate accounts	$ -	$ 5,999,064	$ -	$ 5,999,064
Total assets at fair value	$ -	$ 5,999,064	$ -	$ 5,999,064

NOTE 3 - PLAN TERMINATION

Termination of a certain number of employees in first quarter of 2019 triggered deemed partial termination of the Plan, and all impacted participants became fully vested in the Employers portion of their account balances.

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Employer contributions.

NOTE 4 - INFORMATION CERTIFIED BY THE PLAN CUSTODIANS

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan custodians have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

	December 31, 2020	December 31, 2019
Investments, at fair value:		
Mutual funds	$ 8,459,217	$ -
Pooled separate accounts	-	5,999,064
Receivables:		
Notes receivable from participants	35,041	25,123
	$ 8,494,258	$ 6,024,187

	Year Ended December 31, 2020	
Investment income:		
Net appreciation in fair value of mutual funds	1,361,950	
Net depreciation in fair value of pooled separate accounts	(396,071)	
Dividends from mutual funds	261,232	$ 1,227,111
Interest income on notes receivable from participants		1,290
		$ 1,228,401

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule of Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year).

NOTE 5 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 - NON-EXEMPT TRANSACTIONS

During 2020 the Employer failed to remit participant salary deferrals aggregating $257,386 ($2,473 in 2019), Employer safe harbor contributions aggregating $132,022 ($1,369 in 2019), and loan repayments aggregating $6,759 ($0 in 2019), to the Plan custodian in a timely manner, as defined by ERISA. These contributions are considered non-exempt party-in-interest transactions which may result in the imposition of tax on the amount of the transactions. See attached supplemental Schedule of Delinquent Participant Contributions. The Employer used guidelines issued by the Department of Labor to compensate participants for lost income resulting from delay in remitting the contributions. The Employer intends to pay all fines imposed including the excise tax resulting from these late remittances. The Employer also believes that these non-exempt transactions do not affect the tax status determination of the Plan.

NOTE 7 - SUBSEQUENT EVENTS

As part of its normal business operations and consistent with its growth strategy, the Employer enters into acquisition and merger agreements to pursue business opportunities. Usually, the employees of the acquired entity are rehired by the Employer and permitted to participate in the Plan. The Plan takes into consideration all relevant controlled group issues when testing for qualification.

As a result of the spread of Covid-19 coronavirus, economic uncertainties have arisen which could likely impact the operations of the Employer and the market values of the Plan's investments. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

The Plan has evaluated subsequent events through September 28, 2021, the date the financial statements were available to be issued. The Plan is not aware of any other significant events that would have a material impact on its financial statements.
