Werner Enterprises, Inc. and Subsidiaries
Employees' 401(k) Retirement Savings Plan
Notes to Financial Statements

(1) Plan Description

The following description of the Werner Enterprises, Inc. and Subsidiaries (the Company) Employees' 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan established on January 1, 1990 covering substantially all employees of certain subsidiaries of the Company who have six months of continuous service and are age 21 or older. Effective January 1, 2019, 32 employees of the American Institute of Trucking, Inc., d/b/a Roadmaster Drivers School began participating in the Plan (See Note 12). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is administered by The Werner Enterprises 401(k) Plan Committee (the Committee). The Committee is currently made up of the following Company employees: the Company attorney, Chief Financial Officer, Vice President of Recruiting, and two employees who are 401(k) plan participants. The Committee has overall responsibility for the operation and the administration of the Plan, with the assistance of the Plan's retirement plan consultant. The Committee, with the assistance of the Plan's retirement plan consultant, determines the appropriateness of the Plan's investment offerings and monitors investment fund performance.

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency because of the coronavirus (the COVID-19 outbreak) creating risks to the international community as the virus spread globally. On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to instability in the financial markets. As a result, there has been heightened market risk, and the Plan's investment portfolio has experienced significant volatility in fair value since December 31, 2019. The values of the Plan's individual investments have, and may continue to, fluctuate in response to changing market conditions during this period of global uncertainty.

In December 2019, the Setting Every Community Up for Retirement Enhancement (SECURE) Act was signed into law, related to required minimum distributions and the limitation of lifetime or stretch distributions to remain compliant under the applicable laws and regulations. These provisions are effective beginning January 1, 2020.

On March 27, 2020, the President signed into law the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions: (1) permitted special coronavirus distributions up to \$100,000, (2) increased the available loan amount as described in Note 1(f) to the lesser of \$100,000 or 100% of the participant's vested account balance and (3) extended the period for loan repayments, if applicable, for up to one year. The Plan is operationally administered in accordance with certain provisions under the SECURE and CARES Acts. The Plan will be amended for the provisions implemented under the SECURE and CARES Acts by the time prescribed.

Werner Enterprises, Inc. and Subsidiaries
Employees' 401(k) Retirement Savings Plan
Notes to Financial Statements

The Plan uses Massachusetts Mutual Life Insurance Company (MassMutual) for recordkeeping and custodian services of its group annuity contract. MassMutual has entered into a trust arrangement with Reliance Trust Company (RTC) to act as trustee. On December 31, 2020, Empower Retirement, LLC (Empower Retirement) acquired the retirement business of MassMutual. Following an initial transition period, Empower Retirement will become the sole administrator of this business. An affiliate of Empower Retirement, Great-West Life & Annuity Insurance Company, has been granted power of attorney over the group annuity contract issued by MassMutual. Empower Retirement prepared statements and documents on behalf of RTC as of December 31, 2020. Empower Retirement currently serves as the custodian and investment manager of the Plan.

(b) Contributions

Participants may contribute from 1% to 75% of their gross pay. Participants may also contribute rollover amounts representing distributions from other qualified defined benefit or defined contribution plans, 403(b) tax-sheltered annuities, 457 governmental plans, and eligible Individual Retirement Accounts (IRAs). Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Contribution percentages can be changed by the participant at any time. Participants direct the investment of their contributions (and the Company matching and discretionary contributions) into various investment options offered by the Plan. The Company makes matching contributions equal to a uniform percentage of each participant's salary deferral. Effective January 1, 2019, the Company match increased to one-half of the first 6% of gross pay contributed by the participant, and the total Company match for any participant will not exceed \$5,000 for any annual period. The participant must be employed on December 31 of each year to earn and receive the Company match for that year, which the Company remits to the Plan after the end of the year. The Company may make an additional discretionary matching contribution to active participants in the Plan. The Company did not make an additional discretionary contribution for the years ended December 31, 2020 and 2019. Contributions are subject to certain Internal Revenue Code (IRC) limitations.

(c) Participant Investment Account Options

Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers several mutual funds, separate investment accounts and a group annuity contract as investment options for participants. The Committee continually reviews and updates investment funds to provide participants with a wide range of options to meet retirement investment needs. During October 2019, the Company added one target date retirement fund option to the Plan. During 2020, no fund option changes were made to the Plan.

(d) Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (i) the Company's contributions and (ii) the plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

(e) *Vesting*

Participants vest immediately in their contributions plus actual earnings thereon. Company matching and discretionary contributions vest 20% after two years of credited service, 40% after three years of credited service, 67% after four years of credited service, and 100% after five years of credited service. Company discretionary matching contributions vest on the same schedule as the regular matching contribution. Credited service is defined as at least 1,000 hours of service in the plan year. Benefits also fully vest when participants reach normal retirement age, die, or become disabled.

(f) *Notes Receivable from Participants*

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 6.50%, which are commensurate with the prevailing interest rate at the date of the loan (1% over the prime rate). Principal and interest are paid ratably through payroll deductions. Empower Retirement deducts a fixed fee for each loan processed.

(g) *Payment of Benefits*

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments over a period of not more than the participant's assumed life expectancy. Upon termination of service for any other reason, a participant must complete a termination form and will then receive a lump-sum distribution (direct to individual) or rollover of his or her vested account balance, net of a processing fee assessed by the investment manager, MassMutual. If a terminated participant's account balance is over \$5,000, the participant may elect to keep his or her funds in the Plan. Terminated participants with a vested account balance of more than \$1,000 but less than \$5,000 shall have his or her vested account balance rolled over to an IRA if he or she fails to make a distribution election. The Company selected Oppenheimer Funds Distributor, Inc. to be the trustee/issuer of these IRAs. Vested account balances of \$1,000 or less are immediately distributed to the terminated participant. In-service withdrawals are allowed for participants who have either reached 59-1/2 years of age or have a qualifying financial hardship. As a result of the Bipartisan Budget Act of 2018 and effective January 1, 2019, the requirement to exhaust loan distributions prior to receiving a hardship distribution was removed from the Plan. Additionally, participants are no longer suspended from making contributions to the Plan or from receiving Company matching contributions as a result of a hardship withdrawal.

(h) *Forfeited Nonvested Accounts*

At December 31, 2020 and 2019, forfeited nonvested accounts totaled approximately \$799,752 and \$575,488, respectively. These accounts will be used to reduce future employer contributions. Employer contributions were reduced by \$350,292 for the year ended December 31, 2020 (remitted in January 2021) and \$363,987 for the year ended December 31, 2019 (remitted in January 2020), from forfeited nonvested accounts.

(2) *Summary of Significant Accounting Policies*

(a) *Basis of Presentation*

The Plan's financial statements are prepared on the accrual basis of accounting.

Werner Enterprises, Inc. and Subsidiaries
Employees' 401(k) Retirement Savings Plan
Notes to Financial Statements

(b) *Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) *Investment Valuation and Income Recognition*

Investments are reported at fair value, except for the Plan's Group Annuity Contract Fixed Fund (SAGIC), which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

(d) *Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance, plus accrued and unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

(e) *Payment of Benefits*

Benefits are recorded when paid.

(f) *Administrative Expenses*

The Plan incurs fund management fees for each investment fund option. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

(3) *Information Prepared and Certified by the Custodian and Trustee*

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The information included in the accompanying financial statements as to investments, notes receivables from participants, interest income and net appreciation in fair value of investments, interest income on notes receivable from participants, and all information in the supplemental schedule is presented in reliance solely upon certifications by Massachusetts Mutual Life Insurance Company (by Great-West Life & Annuity Insurance Company as attorney-in-fact) (MassMutual) and Reliance Trust Company (Reliance), the custodian and trustee of the Plan. The custodian and trustee hold the Plan's investment assets and executes investment transactions.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Werner Enterprises, Inc. and Subsidiaries
Employees' 401(k) Retirement Savings Plan
Notes to Financial Statements

The custodian and trustee have certified the following as of and for the years ended December 31, 2020 and 2019:

	2020	2019
Investments	\$ 224,290,120	\$ 197,963,350
Notes receivable from participants	4,670,497	4,952,340
Interest income	2,045,320	2,117,070
Net appreciation in fair value of investments	25,314,905	31,247,425
Interest income on notes receivable from participants	268,142	267,090

(4) Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. The December 31, 2019 total investments, at fair value disclosure in the table below has been reclassified to conform with the December 31, 2020 presentation. Such reclassification had no effect on the total net assets available for benefits.

Separate Investment Accounts: Valued at the Net Asset Value (NAV) of units of the separate account. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

(a) In accordance with Subtopic 820-10, certain investments that were measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

(5) Group Annuity Contract with Insurance Company

The Plan has entered into a fully benefit-responsive group annuity contract with MassMutual, that was assumed by Empower Retirement when it acquired MassMutual's retirement business December 31, 2020. The contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 3%. Such interest rates are reviewed on a semi-annual basis for resetting.

Because the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. The group annuity contract is presented on the face of the Statements of Net Assets Available for Benefits at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value. Such events include but may not be limited to the following: (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs; (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction under

Werner Enterprises, Inc. and Subsidiaries
Employees' 401(k) Retirement Savings Plan
Notes to Financial Statements

ERISA. The plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with Plan participants is not probable.

The group annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

(6) Related Party and Party-in-Interest Transactions

Certain plan investments are shares of mutual funds, separate investment accounts and a group annuity contract managed by Empower Retirement. Empower Retirement is the custodian of the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than direct payment. As described in Note (2)(f), the Plan made direct payments to the third-party administrator and other service providers of \$690,759 and \$680,689 for the years ended December 31, 2020 and 2019, respectively, which were not covered by revenue sharing from the investment funds. The Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

(7) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

(8) Excess Contributions Payable

During 2020, employee deferrals and applicable earnings thereon exceeded the Plan's allowable amounts. Accordingly, the Plan is required to refund amounts to certain highly compensated participants, as defined, to bring the Plan's average deferral and matching contribution percentage in compliance with Plan provisions. As a result, the Plan made corrective distributions to plan participants in March 2021 of \$118,701, which were payable as of December 31, 2020. Corrective distributions for the year ended December 31, 2019 of \$314,782 were paid subsequently in March 2020.

(9) Reconciliation of Financial Statements to the Form 5500

(10) Tax Status

The Internal Revenue Service (IRS) has determined that the volume submitter profit sharing plan adopted by the Plan is designed in accordance with the applicable sections of the IRC and informed MassMutual of such in a letter dated March 31, 2014. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(11) Risks, Uncertainties and Concentrations

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits. At December 31, 2020 and 2019, approximately 27% of the Plan's investments were invested in the SAGIC fund.

(12) Transfer In

Effective January 1, 2019, The American Institute of Trucking, Inc., 401(k) Plan was merged into this 401k retirement savings plan. This added 32 participants to the Plan and transferred \$294,738 to the Plan.

(13) Subsequent Events

The Plan has evaluated subsequent events through October 6, 2021, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
