MARINE LAYER, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2020

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the MARINE LAYER, INC. 401(k) PLAN (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan, established effective January 1, 2019, by Marine Layer, Inc. (the "Company') to provide retirement benefits for eligible employees. Employees are eligible to participate in the Plan upon reaching 21 years of age and completing three months of continuous service as defined by the Plan. Eligibility requirements were waived for employees employed on January 1, 2019, the date the Plan was established. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the Internal Revenue Code ("IRC").

The Company is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Effective April, 2020, the Plan implemented the distribution and loan provisions of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. The distribution provisions allowed the Plan's qualified participants to take a coronavirus-related distribution up to $100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. The loan provisions increased the maximum loan available to a qualified participant to the lesser of his or her account balance or $100,000 for a loan issued between March 27, 2020, and September 22, 2020. The loan provisions also allowed qualified Plan participants who had outstanding Plan loans on or after March 27, 2020 to defer any repayments until December 31, 2020. In addition, the CARES Act allowed any participant subject to a 2020 required minimum distribution to waive such distribution.

In addition, effective January 1, 2020, the Plan implemented the delay of the commencement date for required minimum distributions pursuant to the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act"). Written amendments to the plan document to reflect these operational changes for the CARES and SECURE Act provisions will be adopted prior to December 31, 2022 in accordance with applicable law and Internal Revenue Service guidance.

The Plan provides for a Plan administrator who is responsible for keeping accurate and complete records with regard to the Plan's operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and to government regulations, and providing participants with any reports and documents required by law.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Contributions – Participants may voluntarily contribute any combination of pre-tax elective deferrals and post-tax ("Roth") elective deferrals up to 90% of their annual compensation, subject to certain limits imposed by the IRC. The limit on participant contributions was $19,500 for the year ended December 31, 2020. Participants 50 years of age or more are allowed to make additional "catch up" contributions up to a maximum of $6,500 for the year ended December 31, 2020. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover).

Employer Contributions – The Company provides a safe-harbor matching contribution equal to 100% of the first 3% of each participant's eligible compensation, and then 50% of the participant's eligible compensation between 3% to 5%. The Company may also make discretionary profit sharing contributions to the Plan. Such contributions will be allocated to all eligible employees in proportion to the participant's eligible earnings. The Company made no such discretionary contributions in 2020. The Company made safe-harbor matching contributions amounting to $197,593 in 2020.

Participant Accounts – The Plan maintains an account for each participant which is credited with the participant's contributions and the Company's safe-harbor matching contribution, and allocations of Plan investment earnings or losses, the Company's discretionary contributions and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that may be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions and rollover contributions, as well as the Company safe harbor matching contributions and discretionary contributions, plus actual earnings thereon.

Investment Options – Participants may direct the investment of his or her account balance into any of the investment options offered by the Plan.

Notes Receivable from Participants – Participants may borrow from their vested account balances provided they meet the Plan's eligibility requirements. The minimum loan amount is $500 and the maximum amount is the lesser of one-half of the participant's vested account balance or $50,000. Loan terms range from one to five years, except in instances where the loan is for the purchase of a primary residence, in which case the repayment period may be extended up to 30 years. Loans are secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions and loans must be repaid upon termination of employment. As discussed above, pursuant to the CARES Act, the maximum loan amounts for qualified participants was increased for loans issued between March 27, 2020 and September 22, 2020.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits – Upon termination of service due to death, disability, or retirement, a participant may receive a lump-sum distribution, installment distributions, a direct rollover distribution, or a combination of cash and a direct rollover distribution equal to the value of the participant's vested interest in his or her account. If the value of the participant's account is less than $5,000, the payment will be made in a lump-sum distribution as soon as administratively feasible. Participants may withdraw up to 100% of their contributions and up to 100% of their vested employer contributions for certain financial hardships. In service distributions may be made to a participant who has not separated from service, provided that the participant has attained age 59 ½.

The payment of benefits to retired participants is required to begin no later than April 1st following the end of the year in which the participant reaches 70 ½ years of age. The age at which required minimum distributions must begin was increased from 70½ to 72 pursuant to the Setting Every Community Up for Retirement Enhancement ("SECURE") Act enacted in December 2019. In addition, pursuant to the CARES Act, participants who were currently receiving required minimum distributions could waive the 2020 required minimum distributions and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived. Also, in accordance with the CARES Act, the Plan permitted qualified participants to take a coronavirus-related distribution up to $100,000 with an option to repay it over a three year period.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan prepares its financial statements on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 3 for discussion of fair value measurements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued) – Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payments of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain expenses paid by the Plan are proportionately allocated to the accounts of all participants in the Plan. Such expenses include fees for investment advisory services. Fees related to the administration of notes receivable from participants are charged directly to the related participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

Subsequent Events – The Plan's management evaluated subsequent events through October 6, 2021, which is the date the Plan's financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level l) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020.

Mutual Funds: Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Fund: Valued at the NAV of the units of the collective trust. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Investments valued using this practical expedient are reported outside of the fair value hierarchy. Participant transactions (issuances and redemptions) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value determination that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2020			
	Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy:				
Mutual Funds	$ 1,296,512	$ -	$ -	$ 1,296,512
Investments Measured at Net Asset Value:				
Collective Trust Fund				907
Investments at Fair Value				$ 1,297,419

	2019			
	Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy:				
Mutual Funds	$ 581,825	$ -	$ -	$ 581,825
Investments Measured at Net Asset Value:				
Collective Trust Fund				546
Investments at Fair Value				$ 582,371

Investments in four of the Plan's options made up 80% and 71% of total investments as of December 31, 2020 and 2019, respectively. Additionally, the target date family of funds utilized by the Plan, in the aggregate, accounted for approximately 84% and 78% of total investments as of December 31, 2020 and 2019, respectively.

NOTE 4 – INFORMATION CERTIFIED BY THE TRUSTEE OF THE PLAN

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019, the supplemental Schedule H, Line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2020, and the related investment income and interest income on notes receivable from participants information reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020.

NOTE 5 – TAX STATUS

The Plan is a defined contribution plan designed to qualify as a tax-exempt plan under the IRC. The Plan adopted a prototype plan offered by ADP, LLC which obtained its latest opinion letter from the Internal Revenue Service on July 16, 2014, which stated that the prototype plan is designed in accordance with the applicable sections of the IRC. The Plan has not filed for a separate determination letter; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for income taxes has been recorded in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 – PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

The Plan's recordkeeper ADP, LLC ("ADP") provides certain administrative services to the Plan pursuant to a service agreement between the Company and ADP. ADP holds the Plan's assets, and therefore, these transactions qualify as party-in-interest transactions. Fees paid directly by the Plan to ADP for recordkeeping services amounted to $925 for the year ended December 31, 2020, and are included in administrative expenses on the Statement of Changes in Net Assets Available for Benefits.

The Plan also pays directly any other fees related to the Plan's operations, if not paid by the Company.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination among the funds sponsored by the Plan. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in investment value in the near term would materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

On March 11, 2020, the World Health Organization declared a pandemic related to the rapidly spreading novel coronavirus ("COVID-19") outbreak, which has led to a global health emergency. The pandemic has caused volatility in financial markets and has affected, and may continue to affect, the market price of the Plan's investments. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain. Accordingly, the ultimate financial effects cannot be reasonably estimated at this time.
