To Lissa Jaynes
Sunsong Holdings Inc. 401(k) Plan

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of Sunsong Holdings Inc. 401(k) Plan as of and for the year ended December 31, 2020, in accordance with auditing standards generally accepted in the United States of America, we considered Sunsong Holdings Inc. 401(k) Plan's internal control over financial reporting (internal control) as a basis for designing auditing procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a Department of Labor (DOL) limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Our audit did not include all of the procedures required by auditing standards generally accepted in the United States of America and did not include a consideration of internal control relating to the information summarized in Note C to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency or combination of deficiencies in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis.

We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency or a combination of deficiencies in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiency in Sunsong Holdings Inc. 401(k) Plan's internal control to be a significant deficiency:

Lack of knowledge of generally accepted accounting principles in certain disclosure and presentation areas. Historically, the Plan has relied on its outside accounting firm for guidance in these areas.

This communication is intended solely for the information and use of management, Lissa Jaynes, and others within the Plan, and is not intended to be and should not be used by anyone other than these specified parties.
