Independent Auditor's Report

October 4, 2021

To the Participants, Plan Administrator and Trustees of the
Moore's Tire Sales, Inc. 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Moore's Tire Sales, Inc. 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or Federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from qualified institution as of December 31, 2020, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the ***Auditor's Responsibilities for the Audit of the Financial Statements*** section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the ***Auditor's Responsibilities for the Audit of the Financial Statements*** section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the ***Scope and Nature of the ERISA section 103(a)(3)(C) Audit*** section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2020, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Report on the 2019 Financial Statements

We were engaged to audit the financial statements of the Plan as of December 31, 2019, and for the year then ended. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated October 9, 2020, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2019 financial statements, and (b) the form and content of the information included in the 2019 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Description of the Plan

The following description of the Moore's Tire Sales, Inc. 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan under Section 401(a) of the Internal Revenue Code and has a Section 401(k) salary deferral arrangement, which has been adopted by Moore's Tire Sales, Inc. (the "Company"). All assets acquired under the Plan are the result of employer or participant contributions thereto, and all income and other additions thereto are administered, distributed, forfeited, or otherwise governed by the provisions of the Plan and the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility - The Plan covers all full-time employees of the Company. Eligible employees that are at least eighteen years old can begin participating in the Plan after six months of service.

Plan provisions - During 2020, the Plan implemented certain provisions of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act), a law which allows immediate changes to the Plan to, among others, suspends required minimum distributions. The Plan has also implemented certain required provisions of the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), a law which, among others, extends the age for required minimum distributions to seventy-two. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and Internal Revenue Service guidance.

Contributions - Participants are allowed to make elective 401(k) salary deferrals up to the maximum amount allowed by the Internal Revenue Code. In addition, Participants who have attained age fifty before the end of the plan year are eligible to make catch-up contributions. Participants are allowed to make rollover contributions to the Plan.

The Company may make discretionary matching contributions equal to a percentage of the participant's deferrals determined annually by the Board of Directors. Discretionary matching contributions were $44,959 and $40,985 for the years ended December 31, 2020 and 2019. respectively.

Investment options - Upon enrollment in the Plan, a participant may direct contributions in any of the Plan's investment options offered by the Plan. Participants may change their investment options daily through their online accounts.

Participant accounts - Each participant's account is credited with the participant's elective salary deferral contribution, the Company's discretionary matching contributions, plan earnings and administrative expenses. Allocation of participant elective deferrals, the Company's discretionary matching contributions and forfeitures are based on compensation. Allocation of plan earnings and administrative expenses, and are based on participant account balances, as defined by the plan agreement. The benefit to which a participant is entitled is the benefit that can

be provided from the participant's vested account balance. Participants can access their account information via the third-party administrator's website where they have the ability to change their investment options.

Vesting - Participants are fully vested in their 401(k) salary deferral contributions plus actual earnings thereon. Vesting in the remainder of their account is based on years of continuous service. A participant is 100% vested in any employer discretionary matching contributions after six years of service.

Forfeitures - Forfeitures may be used to reduce future employer contributions and/or pay certain administrative expenses. There were $3,764 and $2,110 of available forfeited, non-vested accounts as of December 31, 2020 and 2019, respectively.

Payment of benefits - Benefits are paid according to the vested interest to which participants are entitled upon retirement, termination, death or disability. Upon termination, retirement, death, or disability, benefits are distributed to the participant or beneficiary in a lump sum payment at the request of the participant or beneficiary.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Only one note per participant can be outstanding at one time. The note will bear a reasonable rate of interest, similar to that which a bank or other professional lender would charge for making a similar note. Interest rates vary from 3.25% to 5.50% as of December 31, 2020. The note will be repaid through payroll deductions; however, in no instance may the terms of the repayment be greater than five years, unless the note is used to acquire a personal residence for which the period cannot exceed thirty years. The note is secured by the vested balance in the participant's account. According to requirements of the program, the plan administrator will consider a note in default if any scheduled payment remains unpaid beyond the last day of the calendar quarter following the calendar quarter in which the participant missed the scheduled payment. Any notes that are in default as defined by the plan document are reported as either deemed distributions or benefit payments.

Deemed distributions - Deemed distributions represent the amount of unpaid principal on notes receivable from participants who are actively participating in the Plan and have not continued to make payments on the outstanding notes as required by the plan document. There were $2,473 and $9,078 of deemed distributions for the years ended December 31, 2020 and 2019, respectively.

Plan termination - Although the Company has not expressed any intent to do so, it has the right under the plan agreement to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all participants will become 100% vested in their account balances.

Note 2 - Summary of significant accounting policies

Method of accounting - The Plan maintains its accounting records and financial statements on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of plan income and expenses during the reporting period. Actual results could differ from those estimates.

Risks and uncertainties - The Plan provides for various investment options in any combination of pooled separate accounts and other investment securities. Investment securities are exposed to various risks, such as interest rate, credit and overall market volatility (including risks and volatility from the COVID-19 pandemic). Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Investment valuation and income recognition - Investments held by the Plan primarily consist of pooled separate accounts, which are stated at net asset value ("NAV") (see below), with the exception of the Nationwide Life Insurance Company ("Nationwide") Fixed Account that was not fully benefit responsive and was valued at fair value as of December 31, 2019 (see Note 5). In 2020, the Plan changed insurance contracts from Nationwide Life Insurance Company Fixed Account to Nationwide Life Insurance Company Fixed Selection Option Account, which is considered fully benefit responsive and therefore valued at contract value (see Note 3). All investment values have been determined and certified by Nationwide Trust Company, FSB and Nationwide Life Insurance Company, the Custodians of the Plan (see Note 4). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Pooled separate accounts invest primarily in equities, bonds and mutual funds, which are mainly publicly traded securities. Pooled separate accounts are valued at NAV per share, which serves as a practical expedient to estimate its fair value. The NAV of each pooled separate account is not publicly quoted in the active markets. Each pooled separate account can be redeemed at NAV as of the measurement date and can be redeemed on a daily basis. There were no unfunded commitments or redemption restrictions on these investments as of December 31, 2020 and 2019. Investments measured at net asset value per share used as a practical expedient are not required to be classified in the fair value hierarchy.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Management individually reviews all notes receivable balances that exceed forty-five days from the date of the most recent payment and based on the assessment of credit worthiness, estimates the portion, if any, of the balance that will not be collected. Currently, there is no valuation allowance recorded; however, management will record an allowance, if and when potentially uncollectible notes receivable from participants become material. If a participant defaults on a note receivable and full distribution from the participant account has been made during the plan year because the participant has left the Plan, the defaulted note receivable will be reported as benefits paid to participants on the statements of changes in net assets available for benefits and deducted from the receivable balance.

Economic dependency and concentration of credit risk - All of the Plan's investments are held and administered by Nationwide Trust Company, FSB and Nationwide Life Insurance Company. Accordingly, the Plan is dependent upon the financial condition of these companies.

Payment of benefits - Benefits are recorded when paid.

Excess contributions payable - Excess contributions payable represent excess employee salary deferral contributions owed to certain participants in order to satisfy the relevant nondiscrimination provisions of the Plan. The excess employee contributions ("corrective distributions") are generally returned to the affected participants subsequent to year end, net of any investment earnings thereon, see Note 7.

Administrative expenses - Administrative costs, including maintaining participant accounts, legal and auditing costs, are the obligation of the Plan; however, the plan sponsor may pay for such expenses or reimburse the Plan for any payment of these expenses. Costs of managing the investments are paid directly out of the Plan assets (see Note 6).

Subsequent events - Management has evaluated subsequent events through October 4, 2021, the date that the financial statements were available for issue.

Note 3 - Fully benefit-responsive investment contract

The Plan holds an investment in Nationwide Life Insurance Company Fixed Selection Option Account, a fully benefit responsive investment contract, is stated in accordance with the Financial Accounting Standards Board's authoritative guidance regarding accounting for fully benefit responsive investment contracts held by certain investment companies, which states that contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. Investments measured at contract value are not required to be classified in the fair value hierarchy.

The crediting interest rates of the contract are based on agreed upon formulas with the issuer, as defined in the contract agreements, but subject to a minimum rate described in the contract. Such interest rates are reviewed on a semi-annual basis for resetting. The key factors that influence future interest crediting rates could include the following: the level of market interest rates, the amount and timing of participant contributions, transfers and withdrawals into/out of the contract and the duration of the underlying investments backing the contract.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another plan); (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the sponsor or other sponsor event (e.g., divestures or spin offs of a subsidiary) that causes a significant withdrawal from the Plan; (iv) the failure of the trust to qualify for exemption from

Federal income taxes or any required prohibited transaction exemption under ERISA; or (v) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (i) an uncured violation of the Plan's investment guidelines; (ii) a breach of material obligation under the contract; (iii) a material misrepresentation; and (iv) a material amendment to the agreement without the consent of the issuer.

Note 4 - Information certified by the Plan's Custodians

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Nationwide Trust Company, FSB and Nationwide Life Insurance Company, the Custodian of the Plan, have certified that the information included in the accompanying financial statements as of and for the years ended December 31, 2020 and 2019, and supplemental schedule as of December 31, 2020, are complete and accurate. Furthermore, the Plan's independent accountants did not perform auditing procedures with respect to this information, except to compare such information to the related information included in the financial statements and supplemental schedule.

Note 5 - Fair value measurements

The Financial Accounting Standards Board has published authoritative guidance on fair value measurements, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Fixed Account - Valued at the contract value adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates. The investment contract will provide information about redemption and notice periods if applicable (Level 3).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the valuation methodologies used as of December 31, 2019. The following table sets forth by Level within the fair value hierarchy, the Plan's assets at fair value:

	December 31, 2019			
	Level 1	Level 2	Level 3	Total
Fixed account	$ -	$ -	$ 618,832	$ 618,832

The following table sets forth a summary of transfers, purchases and issuances of the guaranteed interest accounts, the Plan's Level 3 assets:

	Year ended December 31,	
	2020	2019
Purchases	$ 20,684	$ 10,942
Issuances/Sales	79,000	9,199
Transfers in	195,224	28,410
Transfers out	747,533	2,327

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments and the significant unobservable inputs and the ranges for those inputs:

`

Type	Fair Value	Valuation Technique	Significant Unobservable Inputs	Rate or Range of Rates
Fixed Account	$ 618,832	Assumed Proceeds at Discontinuation	Current Rate on December 31, 2019	2.25%

Note 6 - Related party transactions

The Plan's investments are managed by Nationwide Trust Company, FSB and Nationwide Life Insurance Company, the Custodians of the Plan. Fees paid for these services qualify as party-in-interest transactions and are included in the net appreciation in investments in the accompanying statements of changes in net assets available for benefits.

The Plan contracts with Nationwide and NFP Corporate Services (NY), LLC to provide recordkeeping and third-party administrative services and Kestra Advisory Services, LLC to provide investment management services. These services qualify as party-in-interest transactions. Fees paid for these services amounted to $32,855 and $32,151 and are included in administrative expenses in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2020 and 2019, respectively.

Note 7 - Tax status of plan

The Plan has adopted NFP Corporate Services (NY), LLC's Adoption Agreement #005 Non-Standardized 401(k) Profit Sharing Plan. The Internal Revenue Service has determined and informed the plan sponsor that the Plan is designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. The management of the Company and the plan administrator are not aware of any matters that would disqualify the Plan. Accordingly, the Plan has been accounted for as a tax-exempt plan.

The Plan has reviewed its operations for uncertain tax positions and believes there are no significant exposures. The Plan will include penalties and interest on income tax liabilities in administrative expenses if such amounts arise. The Plan did not incur any penalties and interest for the year ended December 31, 2020. The Plan is no longer subject to regulatory examinations by tax authorities for the closed years before 2017.

Note 8 - Reconciliation of the financial statements to Form 5500

The Nationwide Life Insurance Company Fixed Account was not fully benefit responsive and was valued at fair value as of December 31, 2019, as explained in Notes 2 and 5; however, the 2019 Form 5500 reported this investment at contract value. Employer and participant contributions are reflected in the financial statements when receivable by the Plan using the accrual method of accounting, as explained in Note 2; however, the Form 5500 is prepared using the cash method of accounting to record contributions in the year received by the Plan. Corrective distributions, net of any investment earnings, are recorded in the financial statements in the plan year that the excess contributions are received, as explained in Note 2. Corrective distributions are

recorded on Form 5500 in the plan year that they are paid. There was an over accrual of excess contributions payable of $363 for the year ended December 31, 2019, which was adjusted through corrective distributions for the year ended December 31, 2020. Accordingly, there are reconciling items between amounts reported on the financial statements and Form 5500 for these items, as follows:

	December 31,	
	2020	2019
Net assets available for benefits per the financial statements	$ 8,550,767	$ 7,673,676
Less - Adjustment from fair value to contract value for Nationwide Life Insurance Company Fixed Account	-	(8,207)
Less - Employer contributions receivable	(1,746)	(2,379)
Less - Participant contributions receivable	(7,301)	(9,979)
Add - Amounts allocated to excess employee contributions payable	1,798	363
Net assets available for benefits per Form 5500, Schedule H, Part I, Line 1l	$ 8,543,518	$ 7,653,474

The following is a reconciliation of net increase in net assets available for benefits per the financial statements to net income per the Form 5500:

	Year ended December 31,	
	2020	2019
Net increase per the financial statements	$ 877,091	$ 869,411
Change in adjustment for fair value to contract value for Nationwide Life Insurance Company Fixed Account	8,207	(8,207)
Change in participant contributions receivable	2,678	(1,644)
Change in employer contributions receivable	633	(6,879)
Less - Unpaid corrective distributions	1,798	363
Adjustment for over accrual of excess contributions payable	(363)	-
Net income per Form 5500, Schedule H, Part II, Line 2k	$ 890,044	$ 853,044

Furthermore, the Form 5500 has certain investments balances, income and expense items that differ from amounts shown on the accompanying financial statements. These differences relate to classification and rounding only and have no effect on the net assets available for benefits as of December 31, 2020 and 2019, nor changes in net assets available for benefits for the years then ended.
