NOTE 1 – DESCRIPTION OF PLAN

The following description of The Hyperion Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution retirement plan covering all full-time employees of Hyperion Materials & Technologies, Inc. and its participating subsidiaries, affiliates and locations (collectively, the "Company" or the "Employer"). The Plan became effective July 2, 2018. The Company is the sponsor of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. Generally, each employee covered under the Plan is eligible upon completion of 90 days of service. T. Rowe Price Trust Company (the "Trustee") is the Trustee of the Plan.

Contributions: Participants may make before-tax contributions, Roth contributions, and after-tax contributions to the Plan by means of a salary deferral agreement. Participants can contribute from 2% to 75% of their eligible compensation, subject to certain limits that are set forth by the Internal Revenue Code ("IRC"). Employees are automatically enrolled at a 6% deferral rate upon becoming eligible to participate in the Plan and they may elect to change or discontinue deferrals at any time. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions in accordance with Code Section 414(v). Participants may also contribute amounts representing distributions from other qualified plans.

Each pay period prior to April 20, 2020, the Company made current matching contributions to the account of each eligible employee equal to 100% of the first 6% of eligible compensation that a participant contributes to the Plan. Effective April 20, 2020, the Company's current matching and discretionary matching contributions were suspended. Effective November 1, 2020, the Company established discretionary matching contributions to the account of each eligible employee. Company matching contributions amounted to $701,138 for the Plan year ended December 31, 2020. Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions and (b) Plan earnings and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Vesting: Participants are immediately vested in their contributions, employer contributions, and rollovers plus actual earnings thereon.

Payment of Benefits: Upon termination of service, a participant is eligible to receive an amount equal to the value of the participant's vested interest in his or her account. Benefit amounts under $5,000 are automatically distributed to participants. Participants (or their beneficiaries upon the death of the participant) may elect to receive their vested account balances as a single lump sum or in installment payments. In certain circumstances, participants may make "hardship withdrawals" as defined in the Plan. Active participants may also take distributions from the Plan upon attainment of age 59½.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with market rates for similar loans. All loans are covered by demand notes and are repayable through payroll deductions.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the plan agreement to discontinue contributions at any time and to terminate the Plan subject to provisions of ERISA.

Administrative and Investment Management Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Plan recordkeeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits: Benefits are recorded when paid.

Excess Contributions: Refunds of excess participant deferral contributions may be required to satisfy the relevant nondiscrimination provisions of the Plan. Such refunds are accrued as a liability and reduction in contributions in the Plan year in which the excess deferrals were made to the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

In December 2019, a novel strain of coronavirus surfaced in Wuhan, China, and has spread around the world, with resulting business and social disruption. The coronavirus was declared a Public Health Emergency of International Concern by the World Health Organization on January 30, 2020. The investment results of the Plan could be materially adversely affected. The extent to which the coronavirus impacts investment results or estimates used to prepare the financial statements will depend on future developments, which are highly uncertain and cannot be predicted including new information which may emerge concerning the severity of the coronavirus and actions required to contain the coronavirus or treat its impact, among others.

In response to the COVID-19 pandemic, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted on March 27, 2020. The CARES Act includes several provisions that affect benefit plans. The Plan has adopted some of the optional changes permitted by the CARES Act including allowing eligible plan participants to request penalty-free distributions of up to $100,000 before December 31, 2020 for qualifying reasons associated with the COVID-19 pandemic, allowing participants to borrow up to the lesser of $100,000 or 100% of their vested account balance, and permitting individuals to stop receiving 2020 required minimum distributions.

NOTE 3 – UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income (loss) and interest earned on notes receivable from participants, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee of the Plan. This information has not been audited by independent accountants.

NOTE 4 – FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

(Continued)

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Collective trusts: The fair values of participation units held in collective trusts are based on the net asset values per unit as reported by the fund managers. The collective trusts provide for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

	Fair Value Measurements at December 31, 2020, Using	
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Total
Mutual funds	$ 84,992,773	$ 84,992,773
Collective trusts*	-	8,841,860
Total	$ 84,992,773	$ 93,834,633

(Continued)

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

	Fair Value Measurements at December 31, 2019, Using Quoted Prices in Active Markets for Identical Assets (Level 1)	Total
Mutual funds	$ 83,946,911	$ 83,946,911
Collective trusts*	-	8,245,816
Total	$ 83,946,911	$ 92,192,727

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table for such investments are intended to permit reconciliation of the fair value hierarchy to the total investments at fair value of the Plan as of December 31, 2020 and 2019.

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor ("DOL") regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Transactions during the year with parties-in-interest include administrative services and professional fees for the audit of the Plan. Some administrative expenses of the Plan are paid directly by the Company. The Plan holds shares of mutual funds issued by T. Rowe Price Group, Inc., an affiliate of Trustee, and a collective trust fund issued by the Trustee. T. Rowe Price Trust Company is the Trustee of the Plan and, therefore, these transactions and the Plan's payment of fees to T. Rowe Price qualify as party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 6 - TAX STATUS

The Internal Revenue Service issued an opinion letter dated August 2, 2017 indicating that the Volume Submitter Plan adopted by the Plan as its Plan document, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended from the original prototype document, Plan management believes that the Plan, in form, complies with the IRC. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - SUBSEQUENT EVENTS

Management has performed an analysis of activities and transactions subsequent to December 31, 2020 to determine the need for any adjustments to or disclosures within the Plan financial statements for the year ended December 31, 2020. Management has performed their analysis through October 7, 2021, the date the financial statements were available for issuance and notes no subsequent events to recognize or disclose.

Effective January 11, 2021, the Plan added a self-directed brokerage option.

Effective April 14, 2021, the Company acquired Crafts Technology, Inc. Immediately prior to the acquisition, the Crafts Technology, Inc. 401(k) Profit Sharing Plan was terminated, and therefore, no plan assets were merged into the Plan as a result of this acquisition.
