NOTE 1 - DESCRIPTION OF PLAN

The following description of the First Mutual Holding Co. 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of First Mutual Holding Co. ("Company") who have attained age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: The Company contributes a non-elective safe harbor matching contribution equal to 100% of the first 4% of eligible participants' compensation deferred. The safe harbor matching contributions are 100% vested immediately.

Participants may contribute employee deferrals up to the maximum amount allowed by law. Eligible employees who do not affirmatively elect to forego participation in the Plan will be automatically enrolled at a deferral rate of 4% of eligible compensation. Participants who have attained age 50 by the end of the year may make catch-up contributions in accordance with Code Section 414(v). Participants may also contribute amounts representing distributions from other qualified plans. The Company provides a non-elective employer profit sharing contribution where the Company will contribute 2% of eligible compensation to participants eligible to share in allocations. The Company contributed a profit-sharing contribution of $619,532 for the year ended December 31, 2020.

Participant Accounts: Each participant's account is credited with the participant's own contributions and allocations of (a) the Company's contribution and (b) the Plan's earnings. Allocations are based on participant compensation, contributions or account balances, as defined. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's vested account.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Mergers and Acquisitions: During 2020, the Company acquired Warsaw Federal Savings and Loan Association (Warsaw) and Blue Grass Federal Savings and Loan Association (BG).

Warsaw maintained the Warsaw Federal Savings and Loan 401(k) Profit Sharing Plan (Warsaw Plan), which terminated effective April 27, 2020. Upon termination, the participants were provided the option of rolling their balances into the Plan as a rollover. All participants in the Warsaw Plan became fully vested in their balance in the Warsaw Plan upon its termination. The employees of Warsaw became eligible to contribute to the Plan as of April 27, 2020, as long as they met the Plan's age requirement. The employees' original date of hire is used as basis for determining vesting and contribution eligibility. Rollovers to the Plan regarding this transaction were $253,068 during 2020.

Blue Grass Federal Savings and Loan maintained the Blue Grass Federal Savings and Loan 401(k) Plan (BG Plan), which was frozen on December 31, 2020. All participants in the BG Plan became fully vested in their balance in the BG Plan upon its freeze and were permitted to participate in the Plan on January 1, 2021, as long as they met the Plan's age requirement. The employees' original date of hire is used as basis for determining vesting and contribution eligibility. The assets of the BG Plan were merged with the assets of the Plan on February 2, 2021. The impact of this event was not material to the Plan's financial statements.

(Continued)

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Vesting: Employer profit sharing contributions will vest 0% from 0-2 years of credited service and 100% upon 3 years of credited service, as defined in the Plan.

Payment of Benefits: On termination of service, disability, retirement, or death, a participant may elect to receive a lump sum payment equal to the value of his or her vested interest in the account. The Plan permits participants who have attained the age of 59½ to take in-service distributions of their fully vested account balance. The plan also permits for hardship distributions.

Notes Receivable from Participants: Loans to participants were not permitted in the Plan prior to May 1, 2020. Effective May 1, 2020 the plan was amended to allow for participant loans as a result of the CARES Act. Participants may borrow up to 50% of their vested account balance, from a minimum of $1,000 up to a maximum of $50,000. Notes receivable terms for general purpose loans range from twelve to sixty months. Notes receivable are secured by the balance in the participant's account and bear interest at the prime rate plus 1% at the time of issuance. Principal and interest are paid ratably through payroll deductions. There was no interest income on notes receivable from participants for the year ended December 31, 2020.

Forfeiture Accounts: Previously forfeited non-vested accounts will be used to reduce future employer contributions. As of December 31, 2020, and 2019, forfeited non-vested accounts held in suspense to reduce future employer contributions totaled $1,954 and $13,507, respectively. During the year ended December 31, 2020, $13,588 in forfeitures were used to reduce employer contributions.

Investments: Participants may direct the investment of their accounts, in whole percentages among various investment options offered by the Plan, including sub-accounts of the Plan's pooled separate account.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Risks and Uncertainties: The Plan provides for various investment options including any combination of certain pooled separate accounts and a group annuity contract. The underlying investment securities are exposed to various risks, such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investment securities and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participants' individual account balances.

(Continued)

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Continued)

In December 2019, a novel strain of coronavirus surfaced, and has spread around the world, with resulting business and social disruption. The coronavirus was declared a Public Health Emergency of International Concern by the World Health Organization on January 30, 2020. The ultimate impact of the coronavirus on the Plan and the Company will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of the coronavirus and the actions required to contain the coronavirus or treat its impact, among others.

Payment of Benefits: Benefits are recorded when paid.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of Plan Expenses: Expenses are paid by the Plan sponsor, however, certain fees such as recordkeeping fees are paid by the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in investment income reported by the Plan.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Adoption of New Accounting Standard: In 2018, the Financial Accounting Standards Board (FASB) issued the new accounting standard update Accounting Standards Update (ASU) 2018-13, "*Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*", which amends ASU 820, "*Fair Value Measurement (Topic 820)*", to add, remove, and modify fair value measurement disclosure requirements. The amendments are effective for periods beginning after December 15, 2019, with early adoption permitted for any removed or modified disclosures. The Plan adopted this guidance during the year ended December 31, 2020 and the adoption of this ASU did not have an impact on the Plan's net assets available for benefits as of December 31, 2020 and reduced disclosures required for the Plan's level 3 investments. Refer to Note 3 for the Plan's fair value disclosures, which have been presented in accordance with the amended guidance.

NOTE 3 - FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

(Continued)

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect a reporting entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The fair value of the underlying investments of the Plan is determined as follows:

Pooled Separate Accounts: The fair values of the participation units held in sub-accounts of Separate Account D are based on their net asset values reported by the managers of the pooled separate accounts and are supported by the unit prices of actual purchases and sale transactions occurring as of or close to the financial statement date. Each of the sub-accounts of Separate Account D invests in a single open-ended mutual fund as identified in the name of the sub-account. The investment strategies of these sub-accounts are consistent with each of the mutual funds identified in the name of the fund. The investment objective of the Pimco VIT Real Return Portfolio – Administrative Class Funds is to seek income and growth of income, with less emphasis on capital appreciation. The investment objective of the Money Market Portfolio is to hold the principal value while earning a guaranteed stated interest rate. The investment objective of the remaining pooled accounts is to seek long-term growth of capital through investment in transfer restriction of only one transfer per 30 day period to all participant directed transfers; however there are no withdrawal restrictions.

Voya Fixed Account: These investments are made by the Plan in a group annuity contract which is invested in the general assets of Voya Retirement Insurance and Annuity Company ("Voya"), who guarantees a fixed interest rate. The fair value of this non-fully benefit-responsive investment contract has been determined to approximate contract value, as determined by the contract's termination and transfer provisions, annual resetting of guaranteed minimum interest rates and no contract maturity date (Level 3 inputs). Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses.

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

Investments measured at fair value on a recurring basis at December 31, 2019, are summarized below:

* In accordance with Subtopic 820-10, certain investments that are measured at net asset value per share or its equivalent as a practical expedient have not been classified in the fair value hierarchy. The fair value of the amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

Purchases and sales of the Plan's level 3 investments were $456,439 and $94,120, respectively, for the year ended December 31, 2020.

NOTE 4 - INVESTMENTS – UNAUDITED INFORMATION

Substantially all information pertaining to the Plan's investments included in the financial statements, including investment income (loss), was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Voya Retirement Insurance and Annuity Company. This information has not been audited by independent accountants.

NOTE 5 - RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their account.

(Continued)

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. The Plan's investments are held with and managed by the Plan's custodian, Voya Retirement Insurance and Annuity Company, as such these qualify as party-in-interest investments.

NOTE 7 - TAX STATUS

The Plan sponsor adopted a restated version of a Non-Standardized Prototype Plan Document. The Internal Revenue Service has determined and informed the prototype plan sponsor, by a letter dated September 30, 2014 that the plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets available for benefits per the Form 5500 as of December 31, 2020 and 2019 and a reconciliation of the net change in net assets available for benefits per the financial statements to the net gain per the 2020 Form 5500:

NOTE 9 - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through October 7, 2021, which is the date the financial statements were available to be issued.

In addition to the event mentioned in Note 1, subsequent to year-end, the Company acquired Martinsville First Savings Bank (Martinsville). Management plans to amend the Plan to allow participation in the Plan by Martinsville employees and transfer all assets from the plan sponsored by Martinsville but has not yet done so. Therefore, the impact on net assets available for benefits is not yet known.

Subsequent to year-end, in conjunction with the Plan's change in third party record keeping services and custodian, the Plan sponsor adopted a restated version of a Non-Standardized Prototype Plan Document. The Internal Revenue Service has determined and informed the prototype plan sponsor, by a letter dated March 23, 2021, that the plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). There was no impact on the Plan's financial statements as a result of these events.
