TECTONIC ENGINEERING CONSULTANTS, GEOLOGISTS & LAND SURVEYORS, D.P.C. 401(k) PROFIT SHARING PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - PLAN DESCRIPTION

The following description of the Tectonic Engineering Consultants, Geologists & Land Surveyors, D.P.C. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement and summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, which was established January 1, 1989, under Internal Revenue Code Section 401(k) that covers all eligible employees of Tectonic Engineering Consultants, Geologists & Land Surveyors, D.P.C. and Tectonic CMI Corporation (collectively known as the "Company").

All employees that have completed three consecutive months of service prior to the Plan's entrance dates and are age twenty-one or older are eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act ("CARES Act") was signed into law. Plans were permitted to adopt these provisions immediately provided the plan document is retroactively amended on or before December 31, 2022. Plan management elected to implement the following provisions:

- On or after April 20, 2020 and before December 31, 2020, any qualified individual, as defined in the CARES Act, was permitted to request a distribution from his or her vested account in the Plan, up to a maximum of $100,000. Active employees who receive a coronavirus-related distribution from the Plan may repay all or any portion of the distribution to the Plan within the three-year period beginning on the day after the distribution.

- Qualified individuals with outstanding loans on or after April 20, 2020 were permitted to request that their loan payments through December 31, 2020 be deferred. Where payments were deferred, the loan was re-amortized in January 2021 to reflect interest accrued during the delay, and payments recommenced for the remainder of the loan period, plus one year.

- The normal loan limits were increased from $50,000 to $100,000, and from 50% to 100% of the vested account balance, for qualified individuals taking loans on or after April 20, 2020 and before September 23, 2020.

NOTE 1 - PLAN DESCRIPTION (CONTINUED)

Contributions

Upon enrollment in the Plan, participants may direct investments to their accounts among various fund investments. The investing objective of each fund has been made available to the participants. All new eligible employees are automatically enrolled in the Plan, unless elected not to, with a default contribution rate of 3%. Effective January 1, 2014, existing eligible employees and any new employee, upon first becoming eligible to participate in the plan, who fails to affirmatively make any deferral election within the time prescribed by the administrator shall be deemed to have elected to defer at least three percent (3%) of his compensation. Unless the employee otherwise elects, such deemed elective deferral shall be increased by one percent (1%) annually to a maximum of ten percent (10%) of compensation.

The Plan is funded by participant and employer contributions. Eligible employees may elect to make contributions up to ninety-two percent of eligible compensation (subject to statutory limits) to the Plan. Participants may also roll over amounts representing distributions from other qualified defined benefit or contribution plans. In addition to the salary deferrals, the Company may make discretionary matching contributions and profit sharing contributions. The matching contribution and profit sharing contribution is equal to a discretionary percentage determined annually by management.

In order to share in the matching contribution and profit sharing contribution the employee must be actively employed on the last day of the Plan year and have completed at least 1,000 hours of service during the Plan year. The Company contributed $300,000 for the Plan year ended December 31, 2020 as employer profit sharing contributions.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in each participant's Company matching contribution and profit sharing contribution account plus investment income earned thereon is based on years of service. A participant vests 20% upon completion of 2 years of service with annual increments of 20% thereafter totaling 100% after six years. If a participant reaches normal retirement age of 59 ½, becomes permanently disabled, or in the event of death, the participant becomes fully vested.

NOTE 1 - PLAN DESCRIPTION (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contribution and plan earnings, and charged with an allocation of administrative expenses that are paid by the Plan.

Information as to investment options and benefit payments has been published and made available to all participants.

Notes Receivable from Participants

Except for the provisions temporarily amended under the terms of the CARES act, Participants may borrow from their Plan accounts up to a maximum of 50% of their vested account balance or $50,000, whichever is less. Loan terms are up to five years unless made for the purpose of acquiring primary residence, in which case such loan may be repaid over a reasonable time commensurate with the repayment period permitted by commercial lenders of similar loans. The loans are secured by the balance in the participants' account and bear interest at a rate commensurate with local prevailing rates as determined at the time of the loan application. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payments of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either an annuity based upon the value of the participant's interest in his or her account, or a lump-sum distribution. For termination of services for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeitures

Forfeited non-vested accounts total $44,323 and $39,812 at December 31, 2020 and 2019, respectively. Under the restated October 1, 2013 plan document, forfeitures applicable for the year shall pay reasonable plan expenses first then will be allocated among the participant's non-elective account in the same proportion that such participant's compensation bears to the total compensation of all participants during the year in which the forfeitures are applicable. Of the balance as of December 31, 2020, $23,510 was reallocated to the participants on March 1, 2021.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value as described in Note 6. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Except for the provisions temporarily amended under the terms of the CARES Act, notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. There were no excess contributions in 2020.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are not included in administrative expenses. Investment management consulting service related expenses are included in administrative expenses.

Additionally, the Plan provides for a participant revenue credit to be allocated to eligible participants pro rata across specific investments. The revenue credit program allocates a revenue credit to participants who invest in mutual funds for which Empower receives revenue. The revenue credit is allocated to the participant on a bi-weekly basis and is reinvested in the fund that generated the credit.

Adoption of New Accounting Standard

In August 2018, the FASB issued ASU No. 2018-03, Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement (ASU 2018-13). ASU 2018-3 eliminates, amends and adds disclosure requirements and is applicable to all entities that are required under accounting principles generally accepted in the United States of America to disclose recurring and nonrecurring fair value measurements. ASU 2018-13 is effective for all reporting periods beginning after December 31, 2019, though early adoption is permitted for any eliminated or modified disclosure requirements. The Plan has adopted ASU 2018-13 as of January 1, 2020. The adoption did not have a material impact on the financial statements.

NOTE 3 - TAX STATUS

The Internal Revenue Service has determined and informed the Plan administrator by a letter dated March 31, 2014, that the form of the prototype plan adopted by the Company is acceptable under the applicable sections of the Internal Revenue Code (IRC). The plan has been amended since receiving the letter. However, the plan administrator believes that the prototype plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believes that the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require adjustment to or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 4 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 5 - UNAUDITED INFORMATION

The trustee/custodian, Empower Retirement, Great-West Trust Company, LLC, held the Plan's investment assets and notes receivables from participants. Financial information relating to those assets is included in the accompanying financial statements and supplemental schedules based on information provided by the trustee which was certified as complete and accurate. That information, which is unaudited, consists of substantially all of the Plan's assets as of December 31, 2020 and 2019, and net investment income for the year ended December 31, 2020.

NOTE 6 - FAIR VALUE MEASUREMENTS (UNAUDITED)

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The Plan also utilizes the authoritative guidance under GAAP for estimating the fair value of investments in the investment funds that have calculated net asset value ("NAV") per share in accordance with the specialized accounting guidance for investment companies. Accordingly, the Plan estimates the fair value of an investment in an investment fund using the NAV of the investment (or its equivalent) without further adjustment unless the Plan determines that the NAV is deemed to be not reflective of fair value.

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 6 - FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

***Mutual funds**:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

***Collective investment trust**:* Valued based on the NAV of the collective trust's/investment fund's underlying investments. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The collective investment trust, which is a stable value fund, has an investment objective to provide diversification of investment consistent with stable fixed-income methodology and the careful and prudent assumption of investment risk providing for preservation of capital, stability and predictability of returns, liquidity to pay plan benefits and high credit quality. Generally, there are no restrictions on a participant's ability to redeem their investment in the common collective trust.

However, withdrawals prompted by certain events (e.g., termination of the managed income portfolio, changes in laws or regulations) may restrict a participant's ability to redeem the investment. The plan administrator does not believe that the occurrence of any such event is probable. There were no unfunded commitments.

NOTE 6 - FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

Description	**Total**	**Level 1**	**Level 2**	**Level 3**
Mutual Funds	**$ 32,875,154**	**$ 32,875,154**	**$ -**	**$ -**
Investments measured at net asset value (a)	**5,375,454**	-	-	-
Total Assets at Fair Value	**$ 38,250,608**	**$ 32,875,154**	**$ -**	**$ -**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

Description	Total	Level 1	Level 2	Level 3
Mutual Funds	$ 25,614,694	$ 25,614,694	$ -	$ -
Investments measured at net asset value (a)	5,021,787	-	-	-
Total Assets at Fair Value	$ 30,636,481	$ 25,614,694	$ -	$ -

(a) In accordance with Subtopic 820-10, the common collective trust was measured at net asset value per share (or its equivalent) and has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 7 - RELATED-PARTY TRANASACTIONS AND PARTY IN INTEREST TRANSACTIONS

The common collective trust is managed by Empower Retirement Services. Empower Retirement Services is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Direct fees paid by the Plan to the trustee for administrative services amounted to $77,924. Additionally, fees earned by the Plan through the revenue credit program with the trustee amounted to $75,647. In addition, direct fees paid by the Plan to Morgan Stanley & Co Incorporated for investment management consulting services amounted to $64,757. The net amount of all these items is $67,034.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

On March 11, 2020, the World Health Organization classified the COVID-19 outbreak as a pandemic, triggering volatility in the financial markets and having an impact on the global economy. As a result, there is heightened market risk in the Plan's investment portfolio. However, because the values of the Plan's investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined.

NOTE 9 - SUBSEQUENT EVENTS

Subsequent events have been evaluated through September 22, 2021, which is the date the financial statements were available to be issued.
