INDEPENDENT AUDITOR'S REPORT

To the Trustees and Participants
Felling Trailers, Inc.
Sauk Centre, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Felling Trailers, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Felling Trailers, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2020, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Felling Trailers, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Felling Trailers, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such

procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Felling Trailers, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Felling Trailers, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule of Assets Held at End of Plan Year December 31, 2020, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1: Description of the Plan

The following description of the Felling Trailers, Inc. ("the Company") 401(k) Plan ("the Plan") provides only general information. Participants and other interested readers should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan established by the Company to provide retirement benefits to substantially all employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company has appointed Empower/ Great-West Life & Annuity Insurance Company ("the Custodian") as custodian of the Plan. The Custodian is responsible for holding the investment assets of the Plan and making distributions according to the Plan's provisions. In addition, the Custodian provides recordkeeping and reporting services for the Plan.

To be eligible to participate in the Plan, an employee of the Company must be 18 years old and have completed one month of service. Eligibility for employer matching and nonelective contributions require six months of service at age 18 and entry to the Plan on the first day of the Plan quarter upon reaching eligibility. The Plan has an automatic escalation clause, effective for employees hired after October 1, 2019, that increases the deferral rate by 1% annually to maximum rate of 10%. Escalations occur on October 1 unless participants opt out. Employees covered by a collective bargaining unit, leased employees and non-resident aliens are excluded from eligibility.

Contributions

Each year, participants may contribute up to 100% of pretax and/ or after tax (Roth) annual compensation, as defined in the Plan and subject to internal revenue service ("IRS") regulations. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). The Plan allows participants age 50 and older to make catch-up contributions. The Plan includes an automatic contribution arrangement (ACA) for all new employees with an automatic deferral percentage of 4%, unless a participant makes a contrary election.

The Company may make discretionary matching contributions. Discretionary matching contributions, if made, will be computed based upon eligible compensation deferred into the Plan each Plan Year. The Company approved matching contributions equal to 33% of each participant's elective deferral up to 10% of the participant's compensation, subject to the Internal Revenue Service limitations, for the 2020 and 2019 plan years. Employer matching contributions are allocated in a nondiscriminatory manner based upon participant's elective deferrals. Additional employer discretionary profit-sharing contributions and nonelective contributions may be contributed at the discretion of the Company's

NOTE 1: Description of the Plan (continued)

Board of Directors. No nonelective or profit-sharing contributions were made for the years ended December 31, 2020 and 2019. Excess contributions of $10,241 and $11,901 were due to participants as of December 31, 2020 and 2019, respectively.

Participant's Accounts

Each participant's account is credited with the participant's salary reduction contributions, employer matching contributions, rollover contributions and an allocation of the Plan earnings (net of administrative expenses). Allocations are based on the participant's eligible compensation or account balances, as defined in the Plan. A participant's investment allocation for current and future contributions can be changed on any business day at the discretion of the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary reduction contributions, prior year safe harbor matching contributions and any rollover contributions plus actual earnings thereon. Participants, who leave the Plan because of death, early or normal retirement, or disability retirement, as defined in the Plan, are considered 100% vested. The Company's employer discretionary matching and nonelective contributions and earnings thereon vest in accordance with provisions on the Plan as follows:

Vesting Years of Service	Percentage Vested
Less than 2 years	0%
2 year	20%
3 years	40%
4 years	60%
5 years	80%
6 years and above	100%

For purposes of determining the extent to which a participant is vested, a year of service is a consecutive twelve-month period in which the participant is credited with 1,000 hours of service.

Notes Receivable from Participants

The Plan does not permit participants to take a loan from the Plan.

NOTE 1: Description of the Plan (continued)

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the Plan agreement. The Plan provides for normal retirement at age 65. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment or installments. Participants may withdraw a portion of this account balance for hardship and "in-service" situations, as defined in the Plan. Account balances of terminated participants with balances less than $5,000 but greater than $1,000 will be subject to mandatory rollover to an IRA, as defined in the Plan. Account balances of terminated participants with balances of $1,000 or less will be subject to mandatory cash out as defined in the Plan. There were no amounts allocated to a participant that elected to withdraw from the Plan but had not been paid as of December 31, 2020.

Forfeited Accounts

At December 31, 2020 and 2019 the Plan had $7,127 and $18,978 in forfeited non-vested accounts. Forfeitures (non-vested benefits) from terminated participants' accounts are first used to pay the Company's plan expenses and/or may be used to reduce the Company's matching contributions, subject to the terms of the Plan. During the year ended December 31, 2020, there were $18,455 of employer matching contributions funded from forfeited nonvested accounts.

NOTE 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

NOTE 2: Summary of Significant Accounting Policies (continued)

Common Collective Trust funds are valued using the net asset value as a practical expedient which represents the price at which the Fund is able to initiate a transaction. These investments are excluded from the fair value hierarchy. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/ (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 and 2019 excess contributions to the applicable participants prior to March 15, 2021 and 2020, respectively.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in appreciation of fair value of investments.

Impact of New Accounting Standards and Interpretations

During 2019 and 2020, the Accounting Standards Board ("ASB") issued the following Statements on Auditing Standards ("SASs"), which are effective for audits of financial statements for period ending on or after December 15, 2021, with early adoption permitted:

- SAS No. 134, *Auditor Reporting and Amendments, Including Amendments Addressing Disclosures in the Audit of Financial Statements.*
- SAS No. 135, *Omnibus Statement on Auditing Standards.*
- SAS No. 136, *Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA.*
- SAS No. 137, *The Auditor's Responsibilities on Relating to Other Information Included in Annual Reports.*
- SAS No. 138, *Amendments to the Description of the Concept of Materiality.*

NOTE 2: Summary of Significant Accounting Policies (continued)

- SAS No. 139, *Amendments to AU-C Sections 800, 805 and 810 to Incorporate Auditor Reporting Changes From SAS No. 134.*
- SAS No. 140, *Amendments to AU-C Sections 725, 730, 930, 935 and 940 to Incorporate Auditor Reporting Changes From SAS Nos. 134 and 137.*
- SAS No. 141, *Amendment to the Effective Dates of SAS No. 134-140.*

SAS Nos. 134 and 136-140 are designed to enhance the communicative value of the auditor's report while aligning generally accepted auditing standards (GAAS) with the standards of the International Auditing and Assurance Standards Board and the PCAOB. The SASs are interrelated, because the ASB amended the auditor reporting model adopted in SAS No. 134 with the issuance of SAS Nos. 136-140. The Plan has early adopted and implemented these accounting principles and disclosures.

In August 2018, the Financial Accounting Standards Board issued *Accounting Standards Update ("ASU") 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*, which amends Accounting Standards Codification 820, Fair Value Measurement ("ASC 820"). This ASU removes, modifies, or adds certain disclosure requirements for fair value measurements. The Plan adopted this ASU effective January 1, 2020 and the adoption did not have a material impact on the presentation of the Plan's fair value measurement disclosures.

Subsequent Events

The plan has evaluated subsequent events through August 24, 2021, the date the financial statements were available to be issued. Except as discussed in Note 11, there were no subsequent events that required recognition or disclosure in the financial statements.

NOTE 3: Information Certified by the Plan's Custodian

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2020 and 2019, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2020 and 2019, was obtained or derived from information certified as complete and accurate by the Custodian.

NOTE 4: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted

NOTE 4: Fair Value Measurements (continued)

quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 — Inputs to the valuation methodology are adjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 — Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Registered Investment Company Funds: Share Prices/Net Asset Values (NAVs) reported on the Plan Summary Reports for NAV mutual funds are generally obtained from a file feed from the National Securities Clearing Corporation, and/or directly from the fund house, or a secondary pricing source, such as Interactive Data Corporation (IDC).

The following tables set forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2020 and 2019.

NOTE 4: Fair Value Measurements (continued)

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total Fair Value
Registered Investment Company Funds	$ 757,157	$ -	$ -	$ 757,157
Total assets at fair value hierarchy	$ 757,157	-	-	757,157

Total assets at fair value				$8,881,869

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total Fair Value
Registered Investment Company Funds	$ 459,547	$ -	$ -	$ 459,547
Total assets at fair value hierarchy	$ 459,547	-	-	459,547
Investments measured at net asset value				7,265,811
Total assets at fair value				$7,725,358

Note 5: Annuity Contract with Great-West Life & Annuity Insurance Company

The Plan has entered into a traditional fully benefit-responsive guaranteed investment contract with Great-West Life & Annuity Insurance Company (Great-West) totaling $510,565 for 2020 and $83,725 for 2019. Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Great-West is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the term of the Plan. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of a portion of their investment at this value. Certain withdrawal limitations are imposed on participant initiated transfers between funds occurring within a twelve month period. If the investment contract with the custodian is discontinued,

Note 5: Annuity Contract with Great-West Life & Annuity Insurance Company (continued)

the value of the accounts will be paid at adjusted market value and liquidation charges may apply (liquidation value).

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed periodically for resetting. The crediting rates as of December 31, 2020 and 2019 were 1.04% and 1.20%, respectively.

NOTE 6: Related-Party and Party-in-Interest Transactions

Certain Plan investments are collective trust funds, shares in mutual funds and annuity insurance contracts managed by the custodian of the Plan. Accordingly, any related transactions qualify as party-in-interest transactions. The custodian provides certain administrative services to the Plan and receives revenue from investment activity. The revenue is used to offset certain amounts owed to the custodian for its administrative services to the Plan.

If the revenue received by the custodian exceeds the amount owed under the custodial agreement, the custodian remits the excess to the Plan. The Plan or Plan Sponsor may make payment to the custodian for administrative expenses not covered by revenue sharing. The Plan may make direct payments to the third party administrator and investment advisors which are not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the plan's operations.

NOTE 7: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan should be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE 8: Income Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, The Plan Administrator and the Plan's tax counsel believe that the Plan, as amended, is designed, and is currently being operated, in

NOTE 8: Income Tax Status (continued)

compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9: Risks and Uncertainties

The Plan invests in various investments in collective trust fund, mutual funds and annuity contracts. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10: Reconciliation of Financial Statements to Form 5500

NOTE 11: Subsequent Events

A plan operational error occurred and was identified during the 2020 plan audit when the provisions of the Plan document were not properly applied and the Plan Administrator erroneously remitted forfeited employer match contributions to participants. Plan management voluntarily corrected the error and the QNEC was funded with forfeitures in 2021. Therefore, the accompanying financial restatements reflect a Qualified Non-elective Employer Contribution Receivable as of December 31, 2020 for $4,841.

On March 11, 2020, the World Health Organization declared the novel strain of coronavirus (COVID-19) a global pandemic and recommended containment and mitigation measures worldwide. This has resulted in global and domestic investment market volatility. The Plan and Plan Administrator cannot reasonably estimate the length or severity of this pandemic, or the extent to which the disruption may materially impact the Statements of Net Assets Available for Benefits and Statements of Changes in Net Assets Available for Benefits in 2020.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was passed into law. The CARES Act expands the ability of certain 401(k) plan participants to withdraw, penalty free, funds from their vested retirement plan accounts, increases the participant loan limit, and delays loan repayments for up to one year, subject to the certain participant eligibility criteria. Plan management has evaluated the relief provisions available to Plan participants under the CARES Act and has not elected implementation.
