Plan Description

The following description of DASCO Home Medical Equipment, Inc. (the Company) and the DASCO Home Medical Equipment, Inc. Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description and/or Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was adopted January 1, 2019 whereby DASCO Home Medical Equipment, Inc. (the "Company") assumed the role of Plan sponsor. The Plan is defined as a multiple employer contribution retirement plan of the profit-sharing type containing a cash or deferred arrangement described in Internal Revenue Code ("IRC") Section 401(k). The Plan is offered to the employees of participating employers (collectively, the "Employers"). The following are not eligible to participate in the Plan: collective bargaining employees, non-resident aliens, leased employees and certain part time seasonal temporary employees. Eligible participants must complete at least 3 months of service and be at least 18 years of age. Employers may elect to change requirements to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the IRC.

As of December 31, 2019, participating Employers include DASCO Home Medical Equipment, Inc., Union Hospital Home Medical Equipment LLC, Reid Home Medical Equipment, LLC, Wayne Home Medical Equipment, LLC, Pleasant Valley Home Medical Equipment, LLC, Alliance, Ltd., Central Ohio Home Medical Equipment, LLC, Major Home Medical Equipment, LLC, Norton Home Medical Equipment, LLC, Ohio Valley Home Medical Equipment LLC and Mountain Health Home Medical Equipment, LLC. adopted into the Plan.

Contributions

Each year, participants may authorize payroll deductions up to the maximum amount allowed by law as before-tax contributions, or after-tax Roth contributions not to exceed IRS limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

For 2019, the Company made safe harbor matching contributions equal to 100% of a participant's elective deferrals of the first 3% of eligible compensation, and 50%, of the next 2%, of a participant's elective deferrals. For the year ended December 31, 2019, the Company made total safe harbor matching contributions of \$233,579. The Plan allows for discretionary matching and profit sharing contributions. The Company did not elect to make any discretionary matching or profit sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution, the company's contribution and allocations of (a) Plan earnings and (b) administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

December 31, 2019

Plan Description (continued)

Vesting

Participants are vested immediately in their contributions and safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service and is subject to the following vesting percentage provisions:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Contributions made under the prevailing wage law will be 100% vested when such contributions are made.

Investment Options

A participant may direct contributions in any of the investment funds offered by the Plan. Participants may change their investment options at any time.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their non-forfeitable account balance. The loans are secured by the participant's account and bear interest between 4.5% and 7.5%. Principal and interest is paid through payroll deductions.

Payment of Benefits

Participants become eligible for the vested portion of their account balance upon retirement, death, permanent or total disability and termination from the Company. A participant may elect to receive a lump sum payment in the amount of the vested interest in the participant's account.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Notes to Financial Statements

December 31, 2019

Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Fair Value footnote for discussion of fair value measurements.

Net appreciation/depreciation in fair value of investments is reflected in the statements of changes in net assets available for benefits and includes realized gains and losses on investments bought and sold and the change in appreciation from one period to the next. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the participant, as provided by the Plan agreement.

Fair Value Measurements

ASC 820 establishes a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Notes to Financial StatementsDecember 31, 2019

Fair Value Measurements (continued)

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques should maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

Investments at fair value as of December 31, 2019				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 3,054,345	\$ -	\$ -	\$ 3,054,345

Notes to Financial StatementsDecember 31, 2019

Information Prepared and Certified by the Custodian

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Custodian of the Plan.

	2019
Mutual funds	\$ 3,054,345
Cash & money market	6,828
Participant's notes receivable	131,122
Total	<u>\$ 3,192,295</u>

The Custodian also certified to the completeness and accuracy of the following related to the aforementioned assets for the years ended December 31:

	2019
Net appreciation in fair value of investments	\$ 350,241
Dividends and interest	\$ 74,640

Party-in-Interest Transactions

Party-in-Interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons. Participant notes receivable and the interest payments received qualifies as a party-in-interest transaction.

The Plan paid \$29,601 of administrative fees to the record-keeper and Custodian for year ended December 31, 2019. The Company provides certain administrative services at no cost to the Plan.

Tax Status

The Company adopted a prototype standardized profit sharing plan that received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

Notes to Financial Statements

December 31, 2019

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying 2019 statement of net assets available for benefits.

Recent market conditions have resulted in an unusually high degree of volatility and increased the risks and short-term liquidity associated with certain investments held by the Plan, which could impact the value of investments after the date of these financial statements.

Subsequent Events

The Plan evaluated subsequent events through January 27, 2021, the date the financial statements were issued. On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. As a result, the Plan's various investment securities have incurred significant declines in fair value since December 31, 2019. The impact of COVID-19 continues to evolve rapidly, and the Company is not able at this time to estimate its full impact on the Plan's financial statements.

Effective April 5, 2020 the Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. In addition, effective April 1, 2020, the Plan adopted the temporary loan repayment deferral provision for the CARES Act. The deferral provision adopted by the Plan allows qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020.

The Plan did not file the 5500 before the due date. The Plan will be filing the 5500 under The Department of Labor's Delinquent Filer Voluntary Correction Program.

In 2020 two additional employers were added to the Plan. Effective November 20, 2020 the Plans name was changed to DASCO HME, LLC Retirement Savings Plan.
