Independent Auditors' Report

To the 401(k) Plan Management Committee and Participants of
Signature Science, LLC 401(k) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Signature Science, LLC 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Reliance Trust Company, the trustee of the Plan, and Standard Insurance Company, a custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee and custodian hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained certifications from the trustee and custodian as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that the information provided to the Plan administrator by the trustee and custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule of Assets Held at End of Year, as of December 31, 2020, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee and custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of Plan

The following brief description of Signature Science, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering substantially all employees of Signature Science, LLC (the "Company"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Reliance Trust Company is the trustee (the "Trustee"), Standard Insurance Company is a custodian (the "Custodian") for certain assets, and Standard Retirement Services, Inc. acts as the Plan's recordkeeper (the "Recordkeeper"). The Plan is administered internally by employees of the Company.

Eligibility - Employees are immediately eligible to participate in the Plan, except for any residents of Puerto Rico who are excluded from participation. Employees of Southwest Research Institute, the Company's owner, are also excluded as they are eligible to make salary reduction contributions under a Section 403(b) plan. Participants are eligible to receive an employer safe harbor nonelective contribution and any discretionary employer contributions following the completion of one year of service, as defined. To be eligible for a discretionary profit sharing contribution, a participant must also be employed on December 31, unless the participant terminates due to death, disability or retirement.

Contributions - Participants may make pre-tax and Roth 401(k) contributions up to the maximum amount allowed by the Internal Revenue Code ("IRC"). A participant's pre-tax and Roth 401(k) contributions are separately accounted for, as are the gains and losses attributable to each. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans and certain individual retirement accounts.

The Company contributes employer safe harbor nonelective contributions each pay period equal to 3% of each participant's eligible compensation. The Company may also make a discretionary employer profit sharing or matching contribution, neither of which were elected during the year ended December 31, 2020.

Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts - Each participant's account is credited with the participant's contributions, the Company's contributions and an allocation of Plan earnings, and may be charged with Plan expenses, if applicable. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Notes Receivable from Participants - Participants may borrow from their accounts a minimum of $1,000 and up to a maximum of $50,000 reduced by the highest outstanding note receivable balance over the prior twelve month period or 50% of their vested account balance, whichever is less. Two notes receivable can be initiated in a calendar year. Participant notes receivable are secured by the balance in the participant's account and bear interest at a reasonable rate as determined by the 401(k) Plan Management Committee. Notes receivable repayments are deducted through after-tax payroll deductions over a period not to exceed five years, unless the note receivable is for the purchase of a participant's primary residence, in which case the repayment period may not exceed fifteen years.

Vesting - Participants are immediately vested in their salary reduction and employer safe harbor nonelective contributions plus earnings thereon. A participant eligible for a discretionary employer profit sharing or matching contribution, if any is made, is 100% vested in that contribution.

Payment of Benefits - Benefits are generally payable upon age 59.5, disability, death, retirement or termination of employment. Benefits equal to the participant's vested account balance may be paid to a participant or beneficiary by lump sum, partial withdrawals or rollover into a qualified plan, subject to regulatory requirements. Required minimum distributions are made to certain participants in the absence of other distribution elections. Effective January 1, 2020, pursuant to the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act"), participants who reach age 70.5 during 2020 or later must take a required minimum distribution by April of the year the participant turns 72 years of age. The Plan administrator may distribute separated participants' account balances that are less than $1,000 in a lump sum without the participants' consent. The Plan administrator may transfer separated participants' account balances that are at least $1,000 but less than $5,000 into an individual retirement account without the participants' consent. In-service distributions of rollover contributions may be taken at any time. In-service hardship distributions are permitted if certain criteria are met.

Current Legislation - In March 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") in response to the COVID-19 pandemic (Note 2). The CARES Act allowed eligible Plan participants to request penalty-free distributions of up to $100,000 through December 31, 2020 for qualifying reasons associated with the COVID-19 pandemic and to spread the related income tax over three years. As further defined within the CARES Act, it also permitted: i) repayment of such distributions over a three-year period; ii) increased limits for certain new notes receivable from participants; iii) suspension for up to one year of certain notes receivable payments due; and iv) deferral of 2020 required minimum distributions. Plan management implemented these changes.

In December 2020, Congress passed the Consolidated Appropriations Act, 2021 (the "CA Act"). The CA Act provided relief for participants affected by disasters other than the COVID-19 pandemic (Note 2) that occurred between December 28, 2019 and December 27, 2020, as declared by the President of the United States between January 1, 2020 and February 25, 2021. The CA Act provided non-COVID-19 disaster relief options similar to the CARES Act and most of its provisions expired on June 25, 2021.

2. Significant Accounting Policies

Basis of Accounting - The Plan's financial statements are reported on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Accounting Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The 401(k) Plan Management Committee reviews the Plan's valuation policies utilizing information provided by the investment advisors, Trustee and Custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the Plan year.

Notes Receivable from Participants - Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Benefits Paid to Participants - Benefits are recorded when paid.

Expenses - The Company may pay certain administrative and operating costs of the Plan at no obligation to the Plan. Fees related to the administration of notes receivable from participants and certain other fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

The Company participates in a revenue sharing arrangement with the Recordkeeper and the related revenue sharing monies are credited towards the Plan's quarterly invoices to offset the fees paid to the Recordkeeper.

Risks and Uncertainties - Financial instruments which potentially subject the Plan to concentrations of credit risk consist primarily of investment securities in which the Plan invests. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a pandemic, which has adversely affected the world economy and resulted in volatility in the global capital markets. The impact of this pandemic on investment prices and the world economy continues to evolve and its future effects on the Plan's net assets available for benefits and changes in net assets available for benefits cannot be reasonably estimated at this time.

Plan Termination - Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Subsequent Events - The Company has evaluated subsequent events through September 8, 2021, the date the financial statements were available to be issued, and no events have occurred through that date that would impact the financial statements.

3. Fair Value Measurements

The Plan follows a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. The mutual funds are registered with the Securities and Exchange Commission and are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total Fair Value
Mutual funds	$ 25,981,841	$ -	$ -	$ 25,981,841
Investments at fair value	$ 25,981,841	$ -	$ -	$ 25,981,841

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total Fair Value
Mutual funds	$ 24,463,027	$ -	$ -	$ 24,463,027
Investments at fair value	$ 24,463,027	$ -	$ -	$ 24,463,027

4. Information Certified by the Trustee and Custodian

All information disclosed in the accompanying financial statements, notes and supplemental schedule related to the Plan's investments and notes receivable from participants as of December 31, 2020, and the related net investment gain and interest income on notes receivable from participants during the year ended December 31, 2020, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee and Custodian.

5. Tax Status

The Company has not applied for a determination letter from the Internal Revenue Service ("IRS") to determine if the Plan is designed in accordance with the applicable sections of the IRC. The Plan document is based upon a volume submitter plan instrument from the Recordkeeper, which received an IRS advisory letter dated March 31, 2014. The volume submitter plan instrument has been updated for legislative and regulatory changes. The Plan fiduciaries believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Fully Benefit-Responsive Investment Contract

The Plan invests in a fully benefit-responsive investment contract with the Custodian (or "Issuer"), the Standard Stable Asset Fund A (the "Fund"), where the Custodian maintains the contributions in a general account. The Fund is included in the financial statements at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. There are no reserves against contract value for credit risk of the Issuer or otherwise.

The investment contract, which totaled $1,475,679 and $836,538 as of December 31, 2020 and 2019, respectively, is considered a "traditional" contract, meaning that the Plan owns the contract itself and not the underlying assets of the investment contract.

The terms of the contract prohibit transfer or assignment of rights under the contract, as defined, and provide for most distributions at contract value, frequent resetting of contractual interest rates based upon market conditions and no defined maturities. Certain events may limit the ability of participants to withdraw their funds. Such events include the following: i) certain amendments to the Plan documents (including complete or partial plan termination or merger with another plan); ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; iii) bankruptcy of the Company or other Company events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. These events could limit the ability of the Plan to transact at contract value due to a market value adjustment, although the Company may elect an alternative payment option that allows for installment payments at contract value over a period not to exceed five years. The Plan administrator does not believe that the occurrence of any such event is probable.

The Plan or the Custodian can terminate the contract by providing written notice to the other party 30 days prior to the termination date. If the contract was terminated, interest would not be less than the minimum interest rate established in the investment contract. The contract's crediting interest rate is based on an agreed-upon formula with the Issuer, as defined, but cannot be less than 1.00%. Such interest rates are reviewed on a quarterly basis for resetting.

7. Reconciliation to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2019. There was not a difference between the net assets available for benefits per the financial statements and the Form 5500 as of December 31, 2020.

Net assets available for benefits per the financial statements	$	25,824,346
Less: 2019 employer contributions receivable		(428,199)
Net assets available for benefits per the Form 5500	$	25,396,147

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 during the year ended December 31, 2020:

Net increase in net assets available for benefits per the financial statements	$	1,769,033
Plus: 2019 employer contributions receivable		428,199
Net increase in net assets available for benefits per the Form 5500	$	2,197,232

8. Party-in-Interest and Related Party Transactions

The Plan holds an investment contract with the Custodian. Fees incurred by the Plan for investment management services provided by an affiliate of the Custodian are included in net appreciation in fair value of investments. Transactions such as these, including notes receivable from participants, qualify as party-in-interest transactions. The Plan pays direct and indirect fees to an affiliate of the Custodian and the Recordkeeper for investment management and contract administration services. The Company pays directly certain other fees related to the Plan's operations.
