Eligibility - The Plan covers substantially all employees of the Company who have six months of service and are age twenty-one or older. A year of service is a twelve consecutive month period during which an employee has at least 1,000 hours of service, as defined in the Plan document and adoption agreement.

Contributions - Participants may voluntarily contribute a minimum of 1% to a maximum of 100%, limited to the IRC 402(g) limit, of their compensation on a pre-tax or post-tax (“Roth”) basis. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. The Company, however, may be required to limit contributions of certain employees to comply with the IRC.

The Company may, at its option, match a portion of participants’ voluntary contributions. The Plan Sponsor did not elect to match contributions during the year ended December 31, 2020.

The Company may make additional nonelective contributions to the Plan. All eligible employees, as defined, may receive these nonelective contributions but must be actively employed as of December 31. The Company did not make any nonelective contributions during the year ended December 31, 2020.

The Plan also permits rollover contributions from other qualified retirement plans.

Participant Accounts - Each participant’s account is credited with the participant’s contributions, employer matching and nonelective contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which the participant is entitled is the benefit that can be provided from the participant’s vested account.

Participants may direct their contributions to any or all of the various investment funds provided. Participants may change their allocation of contributions or transfer money between investment options any time during the year.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to the maximum equal to the lesser of \$50,000 or 50% of their account balance. The note is secured by the balance in the participant’s account and bears interest at a rate determined at the time the loan is taken based on prime plus 1% (4.25% and 5.75% at December 31, 2020 and 2019, respectively). Principal and interest are paid ratably through payroll deductions.

Notes to the Financial Statements
December 31, 2020 and 2019

Payment of Benefits - A participant or his or her beneficiary, upon termination, death, or retirement, receives his or her vested interest in his or her participant account in the form of a single lump sum payment or in periodic installments. Additionally, the Plan has provisions for an active participant to make withdrawals from his or her account, subject to limitations and restrictions.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and trustee. See Note D for discussion of fair value instruments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Administrative expenses, including third party administrative expenses and investment management fees, are paid by the Company. Fees attributable to loans, distributions, and deferred payouts are paid by the participants. Investment related expenses are included in net appreciation of fair value of investments. See Note E.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default upon a distributable event, the participant loan balance is reduced, and a benefit payment is recorded.

C. INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by the trustee.

Capital Bank has certified as to the completeness and accuracy of the investments it holds and changes in net assets arising from said investment activity as of December 31, 2020 and 2019, and for the years then ended.

Capital Bank has certified as to the accuracy of the schedule of assets (held at end of year) as of December 31, 2020.

D. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The levels of the fair value hierarchy under Financial Accounting Standards Board guidance in these financial statements are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust ("CCT"): The fair value of the CCT is estimated based on the NAV derived from the fair value of the underlying investments. NAV is used as a practical expedient.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value amounts presented in these tables are intended to permit reconciliations of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

E. RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by the trustee of the Plan. The transactions involving these investments are allowable party in interest transactions under ERISA.

Capital Bank provides certain administrative services to the Plan pursuant to a Service Agreement ("SA") between the Company and Capital Bank. Capital Bank receives revenue from certain mutual fund service providers for services Capital Bank provides to the funds. The revenue is reported at the gross amount received on the Statement of Changes in Net Assets.

Ohio Associated Enterprises, LLC 401(k) Savings Plan
Notes to the Financial Statements
December 31, 2020 and 2019

If the revenue received by Capital Bank from such mutual fund service providers exceeds the amount owed under the SA, Capital Bank remits the excess to the Plan's trust on a quarterly basis. During 2020, there was \$18,626 in excess amounts. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. In 2020, the excess amounts were applied as other income. The Plan or Plan Sponsor may make a payment to Capital Bank for administrative expenses not covered by revenue sharing.

F. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, each participant would have a non-forfeitable right to his or her total account balance as of the date of termination.

G. FEDERAL INCOME TAX STATUS

Effective January 1, 1997, the Company adopted a prototype plan. Subsequently, the Plan was restated for the Pension Protection Act effective as of August 1, 2015 through the adoption of a prototype plan sponsored by Capital Bank and Trust which received an Internal Revenue Service ("IRS") Opinion Letter dated March 31, 2014. The Plan Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Company has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

H. PLAN AMENDMENTS

The Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020.

I. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Ohio Associated Enterprises, LLC 401(k) Savings Plan
Notes to the Financial Statements
December 31, 2020 and 2019

The COVID-19 pandemic during 2020 has significantly disrupted financial markets, economies, the workforce, healthcare, and other events. As noted above, investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

J. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	<u>2020</u>	<u>2019</u>
Net assets available for benefits per the financial statements	\$ 4,417,552	\$ 3,847,385
Less: Deemed loans	<u>-</u>	<u>(373)</u>
Net assets available for benefits per Form 5500	<u>\$ 4,417,552</u>	<u>\$ 3,847,012</u>

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2020:

Total expenses per financial statements	\$ 165,226
Less: Deemed loans not offset in prior year	<u>373</u>
Net increase per Form 5500	<u>\$ 164,853</u>

K. SUBSEQUENT EVENTS

Effective May 6, 2021, the Plan was restated for the Budget Bipartisan Act of 2018 through the adoption of a prototype plan sponsored by Capital Bank and Trust, which received an IRS Opinion Letter dated June 30, 2020.

Effective August 1, 2021, the Plan was restated to amend eligibility requirements from 21 years of age to 18 years of age and from 6 months of service to 3 months of service with quarterly enrollment. As part of this restatement, the Plan implemented a discretionary matching contribution of 100% of the first 4% of each participant's contribution.

The Plan has evaluated subsequent events through October 4, 2021, the date that the Plan's annual financial statements were available to be issued.
