NOTE A - SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation: The accounting records of the Jordan Ford Employee Savings Plan (the "Plan") are maintained on the accrual basis.

Recognition of Income: The basis of investments held by the Plan is adjusted annually to closing market value and unrealized gains and losses are recorded as part of this adjustment. Realized and unrealized gains and losses on investments are computed using adjusted basis (beginning of year market value) on the first-in, first-out method. Security transaction expenses are considered in computing realized gains and losses on investments.

Investments: Investments in mutual funds are carried at the current market value (net asset value), as determined by quoted prices of comparable assets in an active market. Dividends are considered in the fair market value determination. Gains and losses (realized and unrealized) are reported in net appreciation (depreciation) in fair value in the statement of changes in net assets available for benefits.

The fixed income account is stated at contract value, which represents net contributions plus interest at the contract rate. The contract is fully benefit-responsive.

Participants' Notes Receivable: Participants' notes receivables are stated at their unpaid principal balance plus any accrued interest. An allowance was not required at either year end. If a participant ceases to make a loan payment and the Plan administrator deems the participant loan to be in default, the loan balance is reduced and a benefit payment to the participant is recorded. Interest is recognized as accrued.

Payment of Benefits: Benefits are recorded when paid.

Concentration of Credit Risks: Concentration of credit risk with respect to investments is reduced as a result of the diversity of the underlying investments.

Subsequent Events: Subsequent events have been evaluated by management through the date of the independent auditor's report. Material subsequent events, if any, are disclosed in a separate footnote to these financial statements.

New Accounting Pronouncements: The Financial Accounting Standards Board issued Accounting Standards Update 2018-13 which modifies the required fair value measurement disclosures. Management has determined this standard will not have an effect on the financial statements.

Use of Estimates: The preparation of financial statements in conformity with U. S. generally accepted accounting principles requires estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Plan Amendments: Effective January 1, 2020, the Plan adopted certain provisions allowed by the Bipartisan Budget Act of 2018. As a result, participants receiving hardship withdrawals are no longer required to cease their elective deferrals.

NOTE A - SIGNIFICANT ACCOUNTING POLICIES (continued)

Effective April 4, 2020, the Trustees approved the distribution provision of the Coronavirus Aid, Relief, and Economic Security (CARES) Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to $100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020.

NOTE B - DESCRIPTION OF PLAN

The following description of the Jordan Ford Employee Savings Plan provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and covers substantially all employees of the Plan Sponsor who have one year of service and are age eighteen or older. Although it has not expressed intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Contributions: Each year participants may elect to contribute up to 50% of pretax annual compensation as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan Sponsor may elect to contribute a matching contribution or profit sharing contribution, the amount of which is determined by the Board of Directors and allocated based on each participant's contributions. Participants also direct the investment of any matching contribution received.

Participant Accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the Plan Sponsor's contributions and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's contribution portion of their accounts, plus actual earnings thereon is based on years of service following the Department of Labor guidelines.

Participants' Notes Receivable: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate as determined by the Plan Administrator. Principal and interest is repaid no less frequently than quarterly by payroll deductions.

Payment of Benefits: On termination of service a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Written consent is required before vested interest over $1,000 can be distributed. In the event the plan terminates, and the participant fails to make an election for distribution, the Plan Administrator will automatically rollover the entire vested amount to an IRA.

NOTE B - DESCRIPTION OF PLAN (continued)

Forfeited Accounts: Forfeited non-vested accounts totaled $1,204 at December 31, 2020 and $2,128 at December 31, 2019. Forfeitures may be used to pay administrative expenses and reduce employer contributions.

NOTE C – INVESTMENTS CERTIFIED BY THIRD PARTY (unaudited)

As permitted by Department of Labor CFR 2520.103-8, plan investments and participants' notes receivable at December 31, 2020 and 2019, and the related investment earnings and interest on participants' notes for the years then ended, were certified and held by the Plan Custodian and Trustee, and were not audited by the independent auditor.

NOTE D - INCOME TAX STATUS

The Internal Revenue Service has ruled that the Plan qualifies under Section 401(k) of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under present income tax law. The Plan has been amended since receiving its determination letter. However, the Plan Administrator believes that the Plan is appropriately designed and is currently being operated in compliance with applicable requirements of the IRC.

Management is not aware of any tax positions that would have a significant impact on its financial position. Its federal tax returns for the last four years remain subject to examination.

NOTE E - FAIR VALUE MEASUREMENTS

In accordance with U.S. generally accepted accounting principles, the Plan utilizes a fair value hierarchy that prioritizes the inputs for the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from or corroborated by observable market data by correlation or other means
- if the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE E - FAIR VALUE MEASUREMENTS – continued

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value as of:

	Fair Value Measurements Using			
December 31, 2020:	Level 1	Level 2	Level 3	Total
Mutual funds	$ 6,430,279	$ -	$ -	$ 6,430,279
Money market funds	3,932	-	-	3,932
Investments measured at fair value	$ 6,434,211	$ -	$ -	$ 6,434,211
December 31, 2019:				
Mutual funds	$ 6,159,169	$ -	$ -	$ 6,159,169
Money market funds	4,859	-	-	4,859
Investments measured at fair value	$ 6,164,028	$ -	$ -	$ 6,164,028

There have been no changes in methodologies used to estimate fair value, nor transfers between levels. Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Valued at the net asset value (NAV).

Money Markets Funds: Valued at original cost, plus accrued interest.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE F - FIXED INCOME ACCOUNT WITH INSURANCE COMPANY

The Plan has a fully benefit-responsive investment option, the Voya Fixed Account, with a balance of $856,703 at December 31, 2020 and $85,708 at December 31, 2019. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group funding agreement provides a fixed account which is contractually obligated to repay the principal and a specified minimum interest rate that is guaranteed to the Plan.

Because the fixed account is fully benefit-responsive, it is stated at contract value, the amount the participant would receive if they were to initiate permitted transactions under the Plan. Contract value, as reported by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan) (ii) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions; or (iii) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event which would limit the Plan's ability to transact at contract value with participants is probable.

There is no maturity date for the contract. Voya has the right after five years to terminate this agreement provided the Plan is given 90 days written notice.

NOTE G - TRANSACTIONS WITH PARTIES - IN - INTEREST

The Plan includes certain investments managed by Voya Retirement Insurance and Annuity Company, the Plan Custodian. Therefore, these transactions qualify as party-in-interest transactions. Fees paid for legal, accounting and other services rendered by parties-in-interest were based on customary and reasonable rates for such services. The Plan's administrative expenses are paid either by the Plan or the Plan Sponsor as allowed for in the Plan document.

NOTE H - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The audited financial statements are prepared on the accrual basis of accounting, whereas, the Form 5500 is prepared on the cash basis. The following is a reconciliation of the financial statements to the form 5500:

	2020	2019
Net Change in Net Assets for the Year		
Net change per financial statements	$ 1,028,184	$ 725,238
Less contributions receivable current year	-	-
Add contributions receivable prior year	-	31,417
Less corrective distributions payable prior year	-	-
Contributions per Form 5500	$ 1,028,184	$ 756,655

NOTE I - SUBSEQUENT EVENTS

Due to the spread of the COVID-19 coronavirus, economic uncertainties have arisen which have triggered volatility in the financial markets and the global economy. The values of the Plan's individual investments have and will fluctuate in response to changing market conditions. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

The Plan is in the process of being amended to implement certain changes permitted by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which changes the Plan to allow certain eligible individuals to receive coronavirus-related distributions, suspend required minimum distributions, and delay the commencement date for require minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance
