1. Description of the Plan

The following brief description of the AGI-CFI Holdings, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

AGI-CFI Holdings, Inc. (the Company) established the Plan effective October 15, 2020. The Plan was a spin-off from a prior Professional Employer Organization (PEO) plan that was established effective January 1, 2018. The spin-off resulted in transfers from the FrankCrum Multiple Employer Plan totaling $7,900,633. The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan includes Alliance Ground International, LLC, Cargo Force, Inc., Cargo Force - SJU Corp, TCSC Acquisition LLC, and The Cargo Security Company as participating employers.

Eligibility

The Plan covers substantially all employees of the Company, excluding bargaining class employees. Employees are eligible to participate for the purpose of salary deferrals and employer matching contributions on the date of hire. Enrollment is allowed on the first day of the quarter subsequent to the eligibility requirements being met.

Contributions

Each year, participants may contribute up to the dollar limitation set forth in Section 402(g) of the Internal Revenue Code (IRC) in effect at the beginning of the Plan year. Participants may designate all or a portion of their elective deferrals as Roth deferrals. Participants who have attained age 50, before the close of the Plan year, are allowed to make catch-up contributions up to the maximum allowed by the IRC. Contributions are subject to certain limitations.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make discretionary matching contributions determined and contributed each payroll period. During the period from October 15, 2020 to December 31, 2020, the Company made matching contributions equal to 100% of the participant's salary deferrals that do not exceed 3% of the participant's compensation, plus 50% of the participant's salary deferrals between 4% and 5% of the participant's compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions as well as Plan earnings (losses). Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

New loans are not permitted under the Plan. However, any loan balances outstanding under the old PEO plan were grandfathered in and the balances were transferred into the Plan. The notes receivable from participants are secured by the balance in the participant's account and bear a reasonable rate of interest as defined by the Plan. Interest rates on all outstanding loans range from 4.25% to 6.00%. Principal and interest payments occur ratably through regular payroll deductions over a period not to exceed five years unless the notes receivable were used to purchase a primary residence in which case the note receivable terms may exceed five years.

1. Description of the Plan (cont.)

Vesting

Participants are immediately vested in their voluntary contributions, including rollover contributions, as well as employer matching contributions, plus actual earnings thereon.

Payment of Benefits

Upon termination of service, death, disability, or retirement, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or a rollover into another qualified plan. Additionally, participants reaching 59 ½ years of age may receive in-service distributions from the Plan. Under certain qualifying circumstances, hardship withdrawals are permitted under the Plan.

Forfeitures

There were no forfeited non-vested accounts as of December 31, 2020.

Plan Expenses

Certain administrative expenses of the Plan are paid by the Plan as provided in the Plan document. Certain other administrative expenses of the Plan are paid by the Company.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan were prepared using the accrual basis of accounting. The Plan follows accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income (Loss) Recognition

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). The Plan's retirement committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian.

Purchases and sales are recorded on a trade-date-basis. Dividends are recorded on the ex-dividend date. Investment income (loss) is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Significant Accounting Policies (cont.)

Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

3. Certified Information

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Principal), has provided certification that the financial information included in the financial statements and supplemental schedule as of December 31, 2020, and for the period from October 15, 2020 to December 31, 2020, provided to the Plan is complete and accurate. The information as to investment assets and transactions therein, and investment income (loss) included in the accompanying financial statements and supplemental schedule as of December 31, 2020, and for the period from October 15, 2020 to December 31, 2020, are covered by such certification.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

4. Fair Value Measurements (cont.)

Basis of Fair Value Measurement (cont.)

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust Fund - Valued at NAV per unit, as determined by the trustee at December 31, 2020. The NAV is used as the practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020.

December 31, 2020	Level 1	Level 2	Level 3	Total
Mutual funds	**$ 5,902,720**	**$ -**	**$ -**	**$ 5,902,720**
Common collective trust measured at NAV*				**2,264,599**
Total investments at fair value				**$ 8,167,319**

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value to the amounts presented in the statement of net assets available for benefits.

Fair value of investments in certain entities that calculate NAV per share (or its equivalent) follows:

Investment	Fair value at December 31, 2020	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust	**$ 2,264,599**	**N/A**	**Immediate**	**Daily**

5. Tax Status

The Plan is based on the Volume Submitter Profit Sharing Plan with CODA of Principal Life Insurance Company (Volume Submitter Plan) which received an opinion letter from the Internal Revenue Service (IRS) dated August 8, 2014, stating that the Volume Submitter Plan was designed in accordance with the provisions of the IRC. Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax exempt.

5. Tax Status (cont.)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require provision for income taxes in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would remain 100% vested in their Company contributions.

7. Risk and Uncertainties

The Plan's investments include funds which invest in various types of investment securities and in various companies within various markets. Investment securities are exposed to several risks such as interest rate, market and credit risks.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statement of net assets available for benefits.

8. Party-In-Interest Transactions

Certain Plan investments are managed by Principal. Usual and customary fees were paid for investment management services. Notes receivable from participants are also defined by ERISA as party-in-interest transactions. These transactions are exempt from the prohibited transactions rules.

9. Excess Contributions Refundable

As a result of the discrimination testing performed, excess contributions of $74,146 were recorded as a liability in the accompanying statement of net assets available for benefits as of December 31, 2020, and as a decrease to the applicable contributions for the period then ended. The Plan disbursed these excess contributions to participants in 2021.

10. COVID-19 Considerations

The COVID-19 outbreak was declared a worldwide pandemic on March 11, 2020, by the World Health Organization (WHO). The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was passed into law. The CARES Act expands the ability of certain 401(k) plan participants to withdraw, penalty free, funds from their vested retirement plan accounts, increases the participant loan limit, and delays loan repayments for up to one year, subject to the certain participant eligibility criteria. The Plan adopted certain provisions of the CARES Act.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the corresponding amounts shown in the Plan's Form 5500 as of December 31, 2020:

December 31,		**2020**

Net increase in net assets available for benefits	**$**	**719,684**

Adjustment for deemed participant loans		**6,211**
Net increase in net assets available for benefits per Form 5500	**$**	**815,225**

12. Subsequent Events

Management has evaluated, for consideration of recognition or disclosure, subsequent events that have occurred through the date of issuance, October 04, 2021, and has determined that, except for the matter noted below, no significant events occurred after December 31, 2020, but prior to the issuance of these financial statements, that would have a material impact on the financial statements.

The Plan was amended effective January 1, 2021 and changed the vesting schedule for Company matching contributions as follows:

Years of Service	Vested Percentage
Less than 2	0%
2 or more	100%
