DONSON MACHINE CO., INC. EMPLOYEES'
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the Donson Machine Co., Inc. Employees' 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Donson Machine Co., Inc. and Bett's Precision Inc., (companies related through common ownership, collectively, the "Company") immediately upon their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees the governance of the Plan.

Contributions

Participants may elect to defer all or a portion of their compensation and have that amount contributed to the Plan on a pre-tax basis or on an after-tax basis as a Roth deferral. Elective salary deferrals are subject to Internal Revenue Service Code limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions (rollover contributions) from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a money market fund as investment options for participants. The Plan includes an auto enrollment-provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 3% of eligible compensation. Contributions are automatically invested in a designated default fund until changed by the participant.

The Company may make discretionary matching and/or profit sharing contributions as determined and authorized by the Board of Directors of the Company. In order to receive a discretionary profit sharing contribution, an employee must have 500 hours of service during the Plan year.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollover contributions and an allocation of (a) Plan earnings, (b) the employer's contribution (if any), and (c) are charged with an allocation of administrative expenses. Allocations are based on participant earnings, contributions, and account balances as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account, as defined.

Vesting

Participants are immediately 100% vested in their elective contributions, rollover contributions, qualified nonelective employer contributions and qualified matching contributions. The discretionary profit sharing contribution vests at 100% after six years of service. Vesting also occurs at age 65, or upon death or disability.

Forfeited Accounts

Forfeitures are retained in the Plan and may be used to pay administrative expenses or to reduce future Employer contributions payable under the Plan. During 2020 forfeited non-vested accounts totaling $6,482 were used to reduce employer contributions. As of December 31, 2019, forfeited non-vested accounts totalled $4,341.

DONSON MACHINE CO., INC. EMPLOYEES'
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan (Continued)

Investment Options

Upon enrollment in the Plan, a participant may invest in a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time.

Notes Receivable from Participants

The Plan does not allow for participants loans.

Payment of Benefits

On termination of service due to death, disability, retirement or termination of service due to other reasons, a participant (or beneficiary) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installment payments over a specified period of time.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statement in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Investment Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses are paid by the Plan unless paid by the Company at its discretion.

Date of Management's Review

Subsequent events were evaluated through September 30, 2021, which is the date the financial statements were available to be issued.

DONSON MACHINE CO., INC. EMPLOYEES'
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Note 3 – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Financial Accounting Standards Board Accounting Standards Codification 820, Fair Value Measurements and Disclosures provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Units of Pooled Separate Accounts: Valued at the net asset value (NAV) per unit of the pooled separate account. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments held by the fund. This practical expedient is not used when it is determined to be probable that the fund will sell for an amount different than the reported NAV.

NOTES TO FINANCIAL STATEMENTS

Note 3 – Fair Value Measurements (Continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

		Plan Investments At Fair Value:		
	Total	Level 1	Level 2	Level 3
December 31, 2020				
Investments measured at NAV *	$5,175,682	$ -	$ -	$ -
Investments at fair value	$5,175,682	$ -	$ -	$ -
December 31, 2019				
Investments measured at NAV *	$4,183,693	$ -	$ -	$ -
Investments at fair value	$4,183,693	$ -	$ -	$ -

* Investments that were measured at NAV (or its equivalent) are not required to be classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV per share (or its equivalent) as of December 31, 2020 and 2019:

Investment	2020	2019	Unfunded Commitment	Plan's Redemption Policy	Plan's Redemption Notice Period
Units of pooled separate accounts	$5,175,682	$4,183,693	$ -	Daily	None

Note 4 – Related Party Transactions

The Plan's investments are units of pooled separate accounts issued by John Hancock. These transactions qualify as party-in-interest transactions. John Hancock also performs administrative and recordkeeping services for the Plan. Fees paid by the Plan were included as a reduction of the return earned on each investment.

Certain employees of the Company are performing services for the Plan and are not compensated by the Plan. Certain other expenses of the Plan are paid by the Company.

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested.

NOTES TO FINANCIAL STATEMENTS

Note 6 – Information Certified by Custodian

The following is a summary of the Plan's asset and income information as of December 31, 2020 and 2019, and for the years ended December 31, 2020 and 2019, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by the custodian and furnished to the plan administrator. The plan administrator has obtained certifications from the custodian that the information provided to the plan administrator by the custodian related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets and income:

	2020	2019
Units of pooled separate accounts	$5,175,682	$4,183,693

The custodian also certified the completeness and accuracy of $670,558 and $726,938 of net appreciation in fair value of investments for the years ended December 31, 2020 and 2019, respectively.

Note 7 – Income Tax Status

Effective July 27, 2016, the Plan was amended as a Volume Submitter ("Volume Submitter") Profit Sharing Plan with CODA sponsored by the trustee and adopted by the Company. The Volume Submitter Plan obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the Volume Submitter plan, as then designated, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has not requested its own determination letter. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and individual participant account balances.

On January 30, 2020, the World Health Organization (WHO) declared the novel coronavirus outbreak (COVID-19) a public health emergency. In March 2020, the WHO classified the outbreak as a pandemic based on the rapid increase in exposure globally. As of the date of this report, the full impact of the outbreak on the Plan continues to evolve, as is the duration and severity that the Plan Sponsor may experience. The financial impact and duration cannot be reasonably estimated by Plan management at this time.
