AMERICA WORKS OF NEW YORK, INC. RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
Years Ended December 31, 2020 and 2019

NOTE 1 - DESCRIPTION OF PLAN

The following description of the America Works of New York, Inc. Retirement Plan (the “Plan") provides only general information. A more complete description is provided in the Plan agreement.

General

The Plan is a combined defined contribution profit sharing plan and deferred compensation plan under Section 401(k) of the Internal Revenue Code, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan covers eligible employees of America Works of New York, Inc., America Works of Maryland, Inc., America Works of Washington D.C., Inc., America Works of New Jersey, Inc., America Works of Wisconsin, Inc., America Works of Massachusetts, Inc., America Works of Pennsylvania, Inc., America Works of Louisiana, Inc., America Works of Tennessee, Inc., America Works of Illinois, Inc., America Works of California, Inc., America Works Employment Network, America Works of Missouri, Inc., and America Works of Nebraska, Inc. (collectively referred to as the “Company”).

Eligibility

Employees are eligible to participate by making elective deferrals to the Plan and receive employer matching contributions once they have completed one year of service with at least 1,000 hours of service. Plan entry dates are January 1, April 1, July 1, and October 1.

Contributions

Eligible participants may make contributions to the retirement plan subject to certain federally imposed limits ($19,500 in 2020 and $19,000 in 2019) on either a pre-tax or post-tax (Roth) basis. Participants that are eligible to enter the Plan and do not opt out will be automatically enrolled in the Plan at a 3% deferral rate. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions subject to certain federally imposed limits ($6,500 in 2020 and $6,000 in 2019). Rollover contributions from other qualified plans meeting certain conditions may be made.

The Company makes matching contributions to eligible participants of 4% of eligible participant compensation, up to a maximum of $3,500. However, if a participant contributes less than 4%, the Company will match the employee contribution. The Company may elect to make a discretionary profit sharing contribution, which would be allocated to all participants based upon Plan compensation.

All contributions are participant-directed and held and invested by the custodian in accordance with the participant’s investment allocation amongst a list of investment options offered. During the year ended December 31, 2020, the Company’s total matching contributions to the Plan were $244,424.

NOTE 1 - DESCRIPTION OF PLAN *(Continued)*

Participant Accounts

Each participant's account is credited with the participant's contribution and Company contributions, as well as an allocation of the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan.

Allocations are based on participant earnings (or losses), account balances, or specific transactions, as defined by the Plan. The benefit to which a participant is entitled to is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, including rollovers, plus actual earnings thereon. Vesting in the Company's matching contributions is based on years of continuous service. A participant is fully vested after 6 years of service in accordance with the following schedule:

Years of Service	Percentage of Interest Vested
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits

Upon normal retirement, death, or disability, a participant will become 100% vested in their account. Upon termination, a participant is entitled to benefits equal to the vested value of his or her account. The Plan does not provide an early retirement provision.

Plan Administration

The Plan is administered by the Company's Chief Financial Officer. The Plan has two trustees who are members of the Company's executive management. Fidelity Management Trust Company ("FMTC") became a trustee of the Plan commencing March 1, 2020. Massachusetts Mutual Life Insurance Company ("MMLIC") was a trustee of the Plan for the period January 1, 2019 to February 29, 2020.

NOTE 1 - DESCRIPTION OF PLAN *(Continued)*

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000, and up to a maximum equal to 50% of their vested account balances or $50,000. The notes receivable from participants are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. The interest rate on all outstanding notes receivable was between 3.50% and 6.50% at December 31, 2020 and between 3.50% and 9.00% at December 31, 2019.

Repayments are made through payroll deductions over the term of the note or by the participant directly through their plan account. All notes are payable within a period of five years unless used for the purchase of a principal residence. A participant can only have one loan currently outstanding from the Plan.

Forfeited Accounts

Forfeitures of terminated participants' non-vested accounts shall be used to reduce employer contributions for the succeeding Plan year or to pay administrative expenses. At December 31, 2020 and 2019, forfeited non-vested accounts were $48,598 and $3,237, respectively. For the year ended December 31, 2020, $24,691 of forfeited funds were used to reduce the employer contribution, and $17,100 of forfeited funds were used to pay administrative expenses.

Hardship Distributions

Participants may withdraw in a lump sum up to 100% of the vested interest in the participant's elective deferral account (excluding any investment earnings), matching contribution account, and non-elective contribution account to pay for a financial hardship caused by (1) eligible medical expenses incurred by the participant or his or her family; (2) the purchase (excluding mortgage payments) of a principal residence; (3) tuition for the next 12 months of college for the participant or his or her family; (4) payments needed to prevent eviction from a principal residence or payments needed to prevent foreclosure on the mortgage of a principal residence; (5) payments for burial or funeral expenses for the participant's family; or (6) certain expenses for the repair of damage to the participant's principal residence.

A hardship distribution cannot exceed the amount required to relieve the financial need.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recognized when earned. Dividend income is recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account, included in administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability, with a corresponding reduction to contributions.

Payment of Benefits

The Plan records benefit payments to withdrawing participants when paid. Under the rules for preparation of Form 5500, the Plan's Form 5500 will reflect an accrual for the amount to be paid to participants who withdrew from the Plan prior to the year end, and who had requested a distribution which was approved but not yet paid at period end, if any. There were no unpaid distributions at December 31, 2020 and 2019.

Expenses

For the year ended December 31, 2020, administrative expenses of $43,682 were paid by the Plan. Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value investments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events

Subsequent events were evaluated through October 7, 2021, which is the date the financial statements were available to be issued.

NOTE 3 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investments in securities are generally exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 4 - FAIR VALUE MEASUREMENTS

Basis of Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurements*, are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE 4 - FAIR VALUE MEASUREMENTS *(Continued)*

Basis of Fair Value Measurement *(Continued)*

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts*:* Pooled separate accounts invest primarily in domestic and international long-term bonds, domestic and international stocks, or mutual funds. The net asset value is used as a practical expedient to determine fair value for these accounts. Each pooled separate account provides for redemptions by the Plan at reported net asset value ("NAV") per share, with no advance notice.

The following tables present by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2020 and 2019. The investment assets are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement.

December 31, 2020:	**Quoted Prices In Active Markets for Identical Assets (Level 1)**	**Significant Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**	**Total**
Description				
Mutual funds	$ 7,043,615	$ -	$ -	$ 7,043,615

NOTE 4 - FAIR VALUE MEASUREMENTS *(Continued)*

Basis of Fair Value Measurement *(Continued)*

December 31, 2019: Description	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Investments measured within the fair value hierarchy	$ -	$ -	$ -	$ -
Pooled separate accounts measured at NAV				4,748,084
Total Investments at fair value				$ 4,748,084

Unrealized gains (losses) from the investment contracts are not included in the statement of changes in net assets available for benefits as the contract is recorded at contract value for purposes of the net assets available for benefits.

The following table summarizes investments measured at fair value based on Net Asset Value per share as of December 31, 2019.

Pooled separate accounts	$ 4,748,084	N/A	Daily	None

NOTE 5 - INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. At December 31, 2020 and 2019, the assets of the Plan are held by the trustee and custodian, FMTC and MMLIC, respectively. Accordingly, FMTC and MMLIC have certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

a. Investments and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019 were certified by FMTC and MMLIC, respectively;

b. Dividends, net appreciation in fair value of investments, interest income on notes receivable from participants, and other investment income, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020 as detailed below:

	Certified by MMLIC - **January 1, 2020 to February 29, 2020**	Certified by FMTC - **March 1, 2020 to December 31, 2020**	**Total**
Net appreciation (depreciation) in fair value of investments	$ (265,999)	$ 1,858,373	$ 1,592,374
Dividends	-	157,289	157,289
Other	-	5,329	5,329
Interest income on notes receivable from participants	1,346	4,702	6,048

c. The Schedule of Assets (Held at End of Year) as of December 31, 2020 as shown in the supplemental schedule was certified by FMTC.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 6 - INVESTMENT CONTRACTS WITH INSURANCE COMPANIES

In 2012, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with MMLIC (formerly Hartford Life Insurance Company). In 2020, the investment contract with MMLIC was discontinued and the Plan entered into a participation agreement with Morley Stable Value Fund ("Morley"), a fully benefit-responsive investment contract. Morley is a fund offered by Principal Global Investors Trust Company, who is the trustee for the fund. The insurance companies maintain the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by MMLIC and Morley, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuers' ability to meet their financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the Plan's ability to transact at contract value, including: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (d) the failure of the trust, that was established under the Plan to hold the Plan's assets, to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974, or (e) premature termination of the contract. The Plan administrator does not believe events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would limit the ability of the Plan to transact at contract value with the participants. The Morley contract may be terminated by either party upon 30 days advance notice.

NOTE 7 - RELATED PARTIES AND PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who have or may perform services or have fiduciary responsibilities to the Plan. Certain employees and officers of the Company, who are also participants in the Plan, perform administrative services to the Plan at no cost to the Plan. The Plan issues loans to participants, which are secured by the balances in the participants' accounts. The Company pays certain administrative fees of the Plan. These transactions qualify as party-in-interest transactions.

Certain Plan investments are shares of pooled separate accounts managed by MMLIC or its affiliates and mutual funds managed by FMTC or its affiliates. MMLIC was the custodian and FMTC is the trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions and are denoted as such on the Supplemental Schedule of Assets (Held at End of Year). Fees incurred by the plan for the investment management services are included in net appreciation in fair value of the investment.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 9 - TAX STATUS

The Company previously adopted a prototype plan of Massachusetts Mutual Life Insurance Company, for which the Internal Revenue Service (IRS) issued an opinion dated March 31, 2014 stating that the form of the plan is appropriate for use by employers for the benefit of their employees. In 2020, Company adopted a prototype plan of Fidelity Management & Research Company, for which the Internal Revenue Service (IRS) issued an opinion dated June 30, 2020 stating that the form of the plan is appropriate for use by employers for the benefit of their employees. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
