The Plan covers all eligible employees of the Company who have attained 21 years of age. All employees of the Company are eligible to participate in the Plan except for residents of Puerto Rico, employees covered by a collective bargaining agreement for which retirement benefits have been the subject of good faith negotiations, leased employees, and nonresident aliens with no income from a U.S. source. Eligible employees may participate in the Plan upon completion of one year with 1,000 hours of service. Once eligibility requirements are attained, participants may begin to contribute on the first day of the year or six months after (i.e. January 1st or July 1st). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was most recently amended and restated in April 2019 to remove flat dollar employee deferrals.

Enrollment and contributions to the Plan were frozen effective January 1, 2020. As discussed in Note 7, in August 2020, the process to merge the Plan assets with the Radiology Partners, Inc. 401(k) Plan began.

Participant Contributions

Prior to January 1, 2020, participants were able to contribute up to 75% of their annual W-2 compensation, as defined by the Plan, not to exceed the maximum allowable contributions under the Internal Revenue Code (the Code). Participants were also able to elect a portion of their deferrals as a Roth contribution. If they elected to make Roth deferrals, the amount of their contribution was included in income for tax purposes, and the income tax withholding amounts were deducted from the remainder of their pay, not from the Roth deferral amount. Employees who had attained age 50 before the end of the Plan year were able to make additional catch-up contributions, subject to limitations imposed by the Code. Participants were permitted to make rollover contributions into the Plan.

Company Contributions

Prior to January 1, 2020, the Company, at its discretion, was able to elect to match a portion of the eligible participant's contributions on a Plan year basis.

Prior to January 1, 2020, the Company also made safe harbor non-elective contributions to eligible participants.

Notes to the Financial Statements As of December 31, 2020 and 2019 and For the Year Ended December 31, 2020

1. DESCRIPTION OF THE PLAN – cont’d.

Company Contributions – cont’d.

Prior to January 1, 2020, employees were also eligible to receive non-elective profit sharing contributions made at the discretion of the Board of Directors each year upon satisfaction of the eligibility requirements, as defined by the Plan. Profit sharing contributions were allocated pro rata based on each employee’s compensation in relation to the compensation of all participants eligible to receive the contribution.

Participants were required to be employed by the Company on the last day of the year to receive the non-elective profit sharing contribution.

Participant Accounts

Each participant’s account is participant-directed and is credited with the participant’s contributions, withdrawals, and allocations of Company contributions, plan earnings and administrative expenses in accordance with the investment options selected by the participant. Any earnings, losses, and administrative expenses are allocated to participant accounts based upon the balance in each account. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant’s account.

Vesting

Participants are immediately vested in their contributions, safe harbor contributions, and discretionary matching contributions made by the Company, plus earnings thereon. For Company discretionary matching contributions made prior to December 21, 2012 and non-elective profit sharing contributions, vesting was based on years of continuous service, as defined by the Plan, according to the following graduated vesting schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	25%
3	50%
4	75%
5	100%

Participants become fully vested in their Company contributions upon attainment of normal retirement age, total disability or death.

1. DESCRIPTION OF THE PLAN – cont'd.

Forfeitures

Forfeitures of Company contributions may be used to pay administrative expenses or reduce future Company contributions. Forfeitures become available to the Plan as of the earlier of the last day of the Plan year in which a former employee incurs five consecutive one-year breaks in service or a distribution of the participant's entire vested account balance occurs. Forfeitures available as of December 31, 2020 and 2019 totaled \$0 and \$15,790, respectively. Forfeitures totaling \$15,340 were used to reduce Company contributions for the year ended December 31, 2020.

Notes Receivable from Participants

Participants may borrow up to 50% of their vested account balance, not to exceed \$50,000, without regard to the intended use of the funds. The minimum note amount is \$1,000 and each participant may not exceed two loans outstanding at a given time. The notes are collateralized by the participant's vested account balance and are accounted for as a specific investment of the borrowing participant's account. Note repayments are to be made at least quarterly with interest based on rates comparable to those offered by financial institutions at the time of note origination. Notes for reasons other than the purchase of a primary residence are to be repaid within five years. Notes used to purchase a primary residence are to be repaid over a ten year period. Outstanding loan balances were transferred out of the Plan on August 14, 2020 due to the merger described in Note 7.

Payment of Benefits

Upon termination of service due to death, disability, retirement (age 65), early retirement (55 years of age and 6 years of service) or attainment of age 59 ½, a participant or their beneficiary, in the event of death, is entitled to a distribution of their vested account balance. Distributions from the Plan are payable in the form of a lump sum payment or installment payments; however, distributions of accounts with balances less than \$1,000 must be in the form of a lump-sum distribution. Prior to retirement, distributions from the Plan are payable in the form of a lump sum payment. Upon proof, to the satisfaction of the Plan administrator, of an immediate and heavy financial need, amounts contributed by the participant may be withdrawn for a hardship purpose. Distributions are subject to the applicable provisions of the Plan agreement. Certain income taxes and penalties may apply to withdrawals or distributions prior to age 59 ½. As of December 31, 2020 and 2019, there were no net assets of the Plan allocated to the accounts of participants who had elected to withdraw from the Plan that had not received such distributions as of year-end.

Plan Expenses

Expenses incurred in the administration of the Plan are required to be paid by the Trustee with assets of the Plan unless the Company, at its discretion, elects to pay them. During the year ended December 31, 2020, the Company paid the majority of direct expenses related to the Plan's operations. Administrative expenses totaling \$300 were paid directly from the Plan for the year ended December 31, 2020. Loan and distribution fees are paid by the Plan and its participants. Investment related expenses are included in net appreciation in fair value of investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in financial instruments that are exposed to risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities may occur in the near term and materially affect the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as received. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurement

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

RADIOLOGY AFFILIATES OF CENTRAL NEW JERSEY, P.C. EMPLOYEE PROFIT SHARING PLAN

Notes to the Financial Statements As of December 31, 2020 and 2019 and For the Year Ended December 31, 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont’d.

Fair Value Measurement – cont’d.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Interest bearing cash: Shares of a money market portfolio are valued using amortized cost which approximates fair value.

Interests in registered investment companies: Valued at the closing price of the shares held by the Plan at year-end. Funds are traded on an active market.

Self-directed funds: Valued at the closing price of shares held by the Plan at year-end. Individual securities within the accounts are traded on an active market.

Cash surrender value of life insurance policies: Cash surrender values of life insurance policies are valued at their redemption values.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2020 and December 31, 2019.

Recently Adopted Accounting Pronouncement and Accounting Changes

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Changes to the Disclosure Requirements for Fair Value Measurement*. ASU 2018-13 eliminates, amends and adds disclosure requirements relating to fair value reporting. ASU 2018-13 is effective for fiscal years beginning after December 15, 2019 for all entities, with early adoption permitted only for eliminated and modified disclosure requirements. All changes should be prospectively applied to all periods presented. Management has adopted ASU 2018-13 during the year ended December 31, 2020, but there was no material impact as a result of the adoption.

Subsequent Events

The Plan evaluated for disclosure any subsequent events through October 7, 2021, the date the financial statements were available to be issued, and determined there were no material events that warrant disclosure.

3. INVESTMENTS

All investment information (excluding cash surrender value of life insurance policies on the statements of net assets available for benefits and the related change in value on the statement of changes in net assets available for benefits) disclosed in the accompanying financial statements and supplemental schedule, including assets held as of December 31, 2020 and 2019, and interest and dividend income and net appreciation in fair value of investments for the year ended December 31, 2020, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee of the Plan, Fidelity Management Trust Company.

The following investment information was obtained or derived from information provided to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company (Fidelity), the Trustee of the Plan. The fair value of the life insurance policies are not certified.

4. SELF-DIRECTED FUNDS

The Plan offers a self-directed program to participants allowing them to invest their account balances in any investment, as permitted by the Plan and in accordance with ERISA. Under this type of arrangement, participants can direct investments into the self-directed program in addition to, or in lieu of, the various investment alternatives offered by the Plan. The Plan's investment in self-directed accounts, consisting principally of interests in registered investment companies, cash and common stock, totaled \$0 and \$21,277,778 as of December 31, 2020 and 2019, respectively. Interest and dividends on self-directed funds totaled \$323,400 during the year ended December 31, 2020. Net unrealized and realized income on self-directed funds totaled \$964,959 during the year ended December 31, 2020.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity Investments Institutional Operations Company, Inc., who acts as Custodian for the Plan. The Custodian is a related entity to the Trustee. The Plan loans funds to its participants according to the applicable provisions of the Plan agreement. The Company provides the Plan with certain accounting and administrative services for which no fees are charged. All such transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

6. INCOME TAX STATUS

The Plan has adopted a standardized prototype plan which received a favorable opinion letter from the Internal Revenue Service dated July 23, 2014, stating that the Plan is qualified in accordance with applicable sections of the Code. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan was amended and restated subsequent to receiving the opinion letter; however, the Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

ASC 740, *Income Taxes*, prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return as well as guidance on de-recognition, classification, interest and penalties and financial statement reporting disclosures. For these benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. As the Plan is tax exempt and has no unrelated business taxable income, the provisions of ASC 740 do not have an impact on the Plan's financial statements. The Plan recognizes interest and penalties accrued on any unrecognized tax exposures as a component of income tax expense. The Plan does not have any amounts accrued relating to interest and penalties as of December 31, 2020 and 2019.

The Plan is subject to routine audits by the IRS and Department of Labor; however, there are currently no audits for any periods in progress.

7. PLAN MERGER

Effective August 14, 2020, the process to merge the Plan assets with the Radiology Partners, Inc. 401(k) Plan began. Assets of the Plan totaling \$34,397,341 were transferred and merged with the assets of the Radiology Partners, Inc. 401(k) Plan on August 14, 2020. Subsequent to year end, the remaining assets were transferred and merged with the assets of the Radiology Partners, Inc. 401(k) Plan and the Plan was terminated.
