NOTE 1 DESCRIPTION OF PLAN

The following description of the National Van Lines, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established to provide deferred compensation benefits to eligible employees. Under the Plan, all employees of National Van Lines, Inc. and related affiliates (the Employer) who have met eligibility requirements may choose to participate in the Plan. The Plan and the Trust, of which it is a part, are intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

Employees must complete three months of service and must have attained age 21 to be eligible. Employees classified as union employees, leased employees, or employees of any member of a controlled group or affiliated service group to which the Employer belongs (if the member has not adopted the Plan in writing), are not eligible to participate. Each eligible employee may become a Plan member on the first day of the month after attainment of eligibility. Participants are eligible to receive the Employer matching contributions if they completed at least one hour of service during the Plan year and are employed on the last day of the Plan year. Participants not employed on the last day of the Plan year who meet certain age requirements are also eligible for Employer matching contributions.

Contributions

Participants may elect to contribute to the Plan, through regular payroll deductions, up to 100% of compensation, as defined by the Plan, subject to limitations imposed by the IRC. Participants may also elect to contribute Roth elective deferrals. The Plan provides for automatic enrollment at 3% of eligible compensation, as defined, for participants becoming eligible on or after January 1, 2013. Participants may also roll over amounts representing distributions from other qualified employee benefit or defined contribution plans (rollover).

Employer matching contributions are to be made by the Employer for eligible participants, as defined, based on a percentage of the participant-directed contributions. Each year, the Employer may make a matching contribution equal to a discretionary percentage, as determined by the Employer. For the years ended December 31, 2020 and 2019, the Employer made matching contributions of 6% of each participant's contributions, up to 3% of qualified compensation, with a maximum of $1,500 per participant. Matching contributions totaled $44,652 and $39,374 for the years ended December 31, 2020 and 2019, respectively. There were no qualified nonelective contributions (QNEC) made for the years ended December 31, 2020 and 2019.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer's contributions, and allocations of Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants' Investment Options

The assets of the Plan are held by American United Life Insurance Company (AUL), the Insurance Company. The Plan permits a participant to direct the investment of his/her accounts into his/her choice of a guaranteed investment contract or several variable investment options available through an AUL pooled separate account. A participant may change his/her investment options daily.

Vesting

Participants are immediately vested in all employee and Employer contributions plus actual earnings thereon.

Notes Receivable from Participants

A participant may borrow from his/her fund accounts, a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate which is commensurate with local prevailing rates. At December 31, 2020, interest rates range from 3.25% to 5.50%. Loan terms range from one to five years, or longer for the purchase of a primary residence. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, retirement on or after normal retirement age, or other reasons, a participant may elect to receive the value of the vested interest in his/her account as an annuity or lump-sum payment. Participants' accounts of $5,000 or less are paid as a lump-sum and do not require the participant's consent. The Plan's provisions also provide for in-service withdrawals or withdrawals in the event of financial hardship, as defined by the Plan.

Forfeitures

Forfeitures may first be used to pay administrative expenses and remaining forfeitures will be used to reduce future Employer contributions. During the years ended December 31, 2020 and 2019, forfeitures of $731 and $433, respectively, were used to pay administrative expenses of the Plan. At December 31, 2020 and 2019, there were no forfeited nonvested accounts remaining.

CARES Act

Effective in April 2020, certain provisions under the CARES Act relating to participant distributions and participant loans were enacted. The CARES Act allows for utilization of these provisions immediately, but requires formal adoption of the amendment no later than the last day of the Plan year beginning on or after January 1, 2022.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at his/her unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are recorded as distributions on the basis of the terms of the Plan document.

Benefit Payments

Benefit payments to participants are recorded upon distribution.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding deduction to contributions. The Plan distributed the 2020 and 2019 excess contributions to the applicable participants prior to March 15, 2021 and 2020, respectively.

Administrative Expenses

The Employer absorbs certain administrative costs of the Plan. Although the Employer has elected to pay some administrative costs, it is not obligated to do so. If the Employer ceases to pay all or part of these costs in the future, they will be paid by the Insurance Company out of the assets of the Plan.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events

Management evaluated subsequent events through October 4, 2021, the date the financial statements were available to be issued.

NOTE 3 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2020 and 2019.

Pooled Separate Accounts: Valued at the net asset value (NAV) of units, as determined by the Insurance Company. NAV is a readily determinable fair value and is the basis for current transactions.

NOTE 3 FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2020			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	$ -	$ 10,613,898	$ -	$ 10,613,898

	2019			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	$ -	$ 10,476,419	$ -	$ 10,476,419

NOTE 4 CERTIFICATION OF INVESTMENT INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation in fair value of the investments, interest and dividends, and interest income from notes receivable from participants for the years ended December 31, 2020 and 2019 was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by AUL, the Insurance Company.

NOTE 5 GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

Effective October 14, 2004, the Plan entered into a traditional fully benefit-responsive contract with AUL (the old contract). Effective May 1, 2015, the Plan terminated the contract with AUL and entered into a new guaranteed investment contract with AUL. Under the new contract, the transferred participant balances remain subject to certain terms of the old contract. All future contributions to the guaranteed investment contract option will be credited to a separate guaranteed investment contract investment. Under both contracts, AUL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by AUL, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE 5 GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY (CONTINUED)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events allow the issuer to terminate the contract with the Plan at any time. Such events include (1) Plan rejection of a contract modification; (2) issuer intends to terminate substantially all contracts similar in nature to the contract with the Plan; (3) insufficient Account Value, as defined in the contract; (4) suspected noncompliance with the applicable sections of the IRC on the part of the Plan, or (5) doubt about the financial condition of the Plan Sponsor.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE 6 PLAN TAX STATUS

The Plan, through its adoption of a prototype plan from the Insurance Company, has obtained opinion letters issued to the Insurance Company, the latest of which is dated March 31, 2014, from the IRS stating that the prototype plan is qualified under Section 401(a) of the IRC and that any employer adopting this plan will be considered to have a qualified plan under Section 401(a) of the IRC. The prototype plan opinion letter has been relied upon by this Plan. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 8 PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments are held by and invested in funds managed by AUL. AUL is the Insurance Company as defined by the Plan and, therefore, the investment transactions qualify as party-in-interest transactions. Administrative expenses paid to AUL are reported on the statements of changes in net assets available for benefits.

NOTE 9 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 RECONCILIATION TO FORM 5500 (CONTINUED)

The Separate Account II is a pooled separate account, as classified in the financial statements included herein. The pooled separate account did not file Form 5500 for the direct filing entity; therefore, the underlying assets have been reported on the Form 5500, Schedule H.

NOTE 11 NONEXEMPT TRANSACTION

The Employer failed to remit employee 401(k) deferral contributions for one payroll period in 2019 within the timeframe prescribed by the Department of Labor. This is deemed a prohibited transaction in accordance with ERISA and the IRC. The Employer is in the process of correcting the prohibited transaction during the year ending December 31, 2021.

NOTE 12 CORONAVIRUS

The coronavirus pandemic effects on the economy and financial markets in the future is uncertain. Subsequent changes in interest rates and volatility in financial markets could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits. Because of the uncertainty, Plan management is unable to estimate the total impact the pandemic will have.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
