**Part III Form M-1 Compliance Information (to be completed by welfare benefit plans)**

**11a** If the plan provides welfare benefits, was the plan subject to the Form M-1 filing requirements during the plan year? (See instructions and 29 CFR 2520.101-2.) ..... ☐ Yes ☐ No

If "Yes" is checked, complete lines 11b and 11c.

**11b** Is the plan currently in compliance with the Form M-1 filing requirements? (See instructions and 29 CFR 2520.101-2.) ..... ☐ Yes ☐ No

**11c** Enter the Receipt Confirmation Code for the 2020 Form M-1 annual report. If the plan was not required to file the 2020 Form M-1 annual report, enter the Receipt Confirmation Code for the most recent Form M-1 that was required to be filed under the Form M-1 filing requirements. (Failure to enter a valid Receipt Confirmation Code will subject the Form 5500 filing to rejection as incomplete.)

## **Independent Auditor's Report**

To the Participants and Administrator of  
Recovery Place Employee Retirement Savings Plan

### **Report on the Financial Statements**

We were engaged to audit the accompanying financial statements of Recovery Place Employee Retirement Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

### **Basis for Disclaimer of Opinion**

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Minnesota Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2020 and 2019, that the information provided to the plan administrator by the custodian is complete and accurate.

### **Disclaimer of Opinion**

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

### **Other Matter**

The supplemental schedule of assets (held at end of year) as of December 31, 2020, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

### **Report on Form and Content in Compliance with DOL Rules and Regulations**

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

# RECOVERY PLACE EMPLOYEE RETIREMENT SAVINGS PLAN

## NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020 AND 2019

### NOTE 1 - DESCRIPTION OF THE PLAN

The following description of Recovery Place Employee Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

#### General

The Plan is a defined contribution retirement plan which was established October 1, 2000, and covers employees of Recovery Place, Inc. (the Company) who have completed one month of service following the employee's date of hire and who are at least eighteen years of age. Effective March 2, 2020, the eligibility requirement was amended to include employees who have completed one year of service following date of hire and who are at least eighteen years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

#### Contributions

Participants under the Plan may elect to reduce their compensation by a specific percentage or dollar amount and have that amount remitted to the Plan by the Company on behalf of the participants on a pre-tax basis as an elective deferral. Effective March 1, 2020, each eligible employee is automatically enrolled in the Plan as a participant with an automatic pre-tax elective deferral of 2%. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants elected contributions not to exceed \$19,500 and \$19,000, respectively, during the plan years ended December 31, 2020 and 2019. Participants who attain age 50 before the end of the Plan year are eligible to make catch-up contributions subject to certain Internal Revenue Service (IRS) limitations.

Contributions made by the employer are determined annually by management on a discretionary basis. Effective March 1, 2020, the Company made a matching contribution equal to 1% of the individual participant's compensation, if the participant contributed 2% of their compensation. Prior to March 1, 2020, the Company made a matching contribution equal to 1% of the individual participant's compensation if the participant contributed 4% of their compensation.

#### Contributions receivable

Contributions receivable are based upon the timing difference between the determined contributions of the employer and employees and the receipts by the investment custodian.

#### Participant loans

Participants may borrow from their fund accounts in accordance with the parameters in the plan agreement. The loans are secured by the balance in the participant's account and bear interest at a rate established by the plan administrator in a nondiscriminatory manner. Principal and interest are paid through a payroll deduction or a check for prepayment. A participant may have only one outstanding loan at any given time. All outstanding loan balances will become due and payable in their entirety upon the occurrence of a distributable event (other than satisfaction of the conditions for an in-service distribution, including hardship distribution, if applicable).

## NOTE 1 - DESCRIPTION OF THE PLAN (continued)

### Participant accounts and vesting

Each participant's account is credited with the participant's contributions and with an allocation of the Company's contributions and Plan earnings. Investment earnings and losses are allocated based upon the investment performance of each investment in the participant's account. Allocations of the Company's contributions are based on participant compensation. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants are vested immediately in their contributions plus actual earnings thereon and are entitled to 100% of their individual contributions upon retirement or termination. Effective March 1, 2020, vesting in the Company's contribution to participant accounts occurs over a period of four years as follows:

| <u>Years of Service</u> | <u>Vesting Percentage</u> |
|-------------------------|---------------------------|
| Less than one           | 0%                        |
| One                     | 25%                       |
| Two                     | 50%                       |
| Three                   | 75%                       |
| Four or more            | 100%                      |

Prior to March 1, 2020, vesting in the Company's contribution to participant accounts occurred over a five year period.

### Payment of benefits

Benefits are payable upon (a) termination of service, (b) early retirement after attainment of age 59½, (c) normal retirement after attainment of age 65, (d) late retirement upon termination of service if the participant continues to work for the Company after his or her normal retirement date, or (e) death or permanent disability. A participant may elect to receive a lump sum equal to the value of his or her account or one of several annuity options which is in compliance with the Internal Revenue Code (IRC) and Regulations. In-service distributions may be made to a participant who has not separated from service and has attained age 59½.

### Financial hardship withdrawals

Financial hardship withdrawals of all or part of elective deferral contributions before earnings may be permitted for immediate and severe financial need. Distributions may only be made from fully vested accounts of participants who are active employees. The Plan allows participants to receive hardship withdrawals without obtaining loans and to continue elective deferrals after receipt of a hardship withdrawal in accordance with the Bipartisan Budget Act of 2018.

### Forfeitures

Forfeitures serve to reduce a participant's balance when termination occurs before the employee is fully vested in the employer contributions. Forfeited balances are used in the following Plan year to pay Plan expenses or for Company matching contributions. Unallocated forfeiture balances as of December 31, 2020 and 2019 total \$2,691 and \$153, respectively.

### Investment options

Investments are participant-directed among fifteen funds.

## NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Basis of accounting

The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with the accounting principles generally accepted in the United States of America (U.S. GAAP). Accordingly, contributions are recognized when determined rather than when received, and expenses are recognized when incurred rather than when paid.

### Use of estimates

The preparation of financial statements in accordance U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### Valuation of investments and income recognition

Investments are reported at fair value which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis.

### Reclassifications

Certain prior year amounts have been reclassified to conform with current year presentation.

### Subsequent events

The Plan has evaluated subsequent events through September 17, 2021, the date the financial statements were available to be issued, noting none.

## NOTE 3 - PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

## NOTE 4 - PARTY-IN-INTEREST TRANSACTIONS

The custodian is authorized under contract provisions, and by ERISA regulations providing an administrative or statutory exemption, to invest in funds under its control. Certain Plan investments, including shares of mutual funds and units of collective investment trusts, are managed by Minnesota Life Insurance Company, the custodian. These transactions qualify as exempt party in interest transactions. Fees paid for investment management services were included as a reduction of the return earned on each fund.

## NOTE 5 - RELATED PARTY TRANSACTIONS

The Company absorbs certain administrative expenses of the Plan which totaled \$1,189 and \$1,164 for the Plan years ended December 31, 2020 and 2019, respectively.

## NOTE 6 - DESCRIPTION OF INFORMATION CERTIFIED BY THE INVESTMENT CUSTODIAN

As permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected to have the investment custodian of the Plan, Minnesota Life Insurance Company, certify as to the accuracy and completeness of certain information included in the accompanying financial statements and schedule in lieu of the Plan's independent accountants examining such information. Accordingly, the following information was certified by the investment custodian and was not subjected to any auditing procedures except for comparing such information with the related information contained in the accompanying financial statements and supplemental schedule:

- A. Investments in the statement of net assets available for benefits as of December 31, 2020 and 2019.
- B. Activity in the statement of changes in net assets available for benefits for the year ended December 31, 2020 and 2019.
- C. Information included in the supplemental schedule, as listed in the accompanying table of contents.

## NOTE 7 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy follow:

- |         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
|---------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
| Level 2 | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none"><li>• Quoted prices for similar assets or liabilities in active markets;</li><li>• Quoted prices for identical or similar assets or liabilities in inactive markets;</li><li>• Inputs other than quoted prices that are observable for the asset or liability;</li><li>• Inputs that are derived principally from or corroborated by observable market data by correlation or other means.</li></ul> <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |

## NOTE 7 - FAIR VALUE MEASUREMENTS (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Pooled separate accounts:* Value is based on the NAV on the last business day of the Plan year by the entity holding the trust funds. The NAV of the collective investment trusts is used as a practical expedient to estimate fair value and is determined by the custodian based on the fair value of underlying assets in the trusts, less the liabilities.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

| Assets at Fair Value as of December 31, 2020 |             |                     |             |                     |
|----------------------------------------------|-------------|---------------------|-------------|---------------------|

## NOTE 8 - RISKS AND UNCERTAINTIES

The Plan provides for investments in various securities that are exposed to risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near future and that such changes could materially affect the amounts reported in future statements of net assets available for benefits.

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has led to extreme volatility in global financial markets and has affected, and may continue to affect, Plan assets. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted.

## NOTE 9 - INCOME TAX STATUS

The IRS has determined and informed the Company by a letter dated January 31, 2006, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that “more likely than not” would not be sustained upon examination by tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2017.

## NOTE 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

## NOTE 11 - CARES ACT PROVISIONS

The Coronavirus Aid Relief, and Economic Security Act (CARES Act) was passed by the U.S. Senate on March 26, 2020. Section 2202 of the CARES Act permitted eligible Plan participants affected by COVID-19 to request penalty-free distributions in 2020 of up to \$100,000, delayed certain loan repayments due from March 27, 2020 to December 31, 2020 for up to one year and increased the limit on loans made to a qualified individuals from March 27, 2020 to September 22, 2020 to the lesser of: (1) \$100,000 (minus outstanding Plan loans of the participant), or (2) the individual's vested benefit under the Plan.

#### NOTE 11 - CARES ACT PROVISIONS (continued)

These provisions apply to Plan participants who have experienced adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to a lack of childcare due to COVID-19.

In April 2020, the Plan Sponsor opted to allow COVID-related distributions (CRDs) and loan relief in accordance with the provisions of the CARES Act. An amendment to the Plan was not required for implementation of the CARES Act provisions.

#### NOTE 12 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Minnesota Life Guaranteed Return Account is a fully benefit-responsive investment and is reported at contract value in the statements of net assets available for benefits. The statement of changes in net assets available for benefits is also prepared on a contract value basis. Benefit responsiveness is defined as the extent to which a contract's terms and the Plan permit or require participant-initiated withdrawals at contract value. Contract value is the relevant measure for fully benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The benefit-responsive investment contract with Minnesota Life Insurance Company is a general account group annuity contract. Minnesota Life Insurance Company maintains the contribution in a general account. Specific securities within the general account are not attributed to the investment contract with the Plan. The Plan owns a series of guarantees that are embedded in the insurance contract. The contractual guarantees are backed up by the full faith and credit of Minnesota Life Insurance Company, the contract issuer. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Minnesota Life Insurance Company is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer and includes such factors as the investment-year method experience of the underlying contract or pool, projected levels of cash flows within the current interest rate environment, and the projected maturity of the underlying investments. Assets are invested in the general assets of Minnesota Life, and are made up of predominately fixed income investments. The average yield was 1.50% during the years ended December 31, 2020 and 2019.

Certain events may limit the ability of the Plan to transact at contract value. Such events include, but may not be limited to, a participant termination of employment due to: (i) removal of a group of participants from plan coverage as a result of temporary absence; (ii) change in position or other occurrence qualifying as a temporary break in service under the plan; (iii) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; or (iv) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the plan sponsor's business. Such events also include: (i) removal from the Plan of one or more groups or classifications of participants; (ii) partial or complete Plan termination; or (iii) Plan disqualification. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.
