Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2020 Financial Statements

We have performed an audit of the financial statements of Master Lock Company Savings Plan for Hourly Paid Union Employees Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2020 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2020 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2020, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2020 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report:

- The amounts and disclosures in the accompanying 2020 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying 2020 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2020 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2020 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2020 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2020 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2020 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2020 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2020 Supplemental Schedule Required by ERISA

The 2020 supplemental schedule of assets held at year end is presented for purposes of additional analysis and is not a required part of the 2020 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2020 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2020 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2020 financial statements or to the 2020 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet(s) the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Report on the 2019 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2019. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated October 12, 2020 indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2019 financial statements, and (b) the form and content of the information included in the 2019 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Master Lock Company Savings Plan for Hourly Paid Union Employees Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Master Lock Company Savings Plan for Hourly Paid Union Employees Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Master Lock Company (the Company), a subsidiary of Fortune Brands Home & Security, Inc., who are represented in a collective bargaining agreement with the International Union, United Automobile, Aerospace and Agricultural Implement Workers of America, UAW-AFL-CIO, Local 469. Each employee covered under the collective bargaining agreement, expiring March 31, 2021, is eligible to become a participant upon completion of at least 90 days of consecutive service determined in accordance with the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The trustee of the Plan is Fidelity Management Trust Company (Fidelity or Trustee).

The Plan qualifies under Section 401(a) of the Internal Revenue Code (IRC), which provides participants with the option to defer taxes on contributions into the before-tax portion of the Plan and on investment earnings until their funds are withdrawn. The IRC contains certain rules and limitations on before-tax contributions and withdrawals from this portion of the Plan.

Contributions

Participants may contribute to the Plan in whole percentage increments up to 60% of their annual compensation. For 2020, participants' annual tax-deferred contributions are limited by the IRC to \$19,500 for participants under 50 years of age or \$26,000 for participants 50 years of age and over. A participant may contribute a rollover contribution subject to approval, provided it represents a balance from a qualified plan under the IRC, and it is contributed to the Plan within 60 days of the original distribution. A participant has, at all times, a fully vested and non-forfeitable interest in his or her tax-deferred and rollover contributions portion of their account. Contributions are subject to certain limitations.

Eligible employees are automatically enrolled into the Plan; 3% of the participant's compensation will be automatically withheld and contributed to the Plan in connection with the automatic enrollment, unless a participant makes an election not to participate in the Plan.

Eligible employees hired, rehired, or who became eligible through an employment transfer on or after January 28, 2008 and have elected not to accrue additional years of pension credit under the Master Lock Pension Plan during the special election periods offered by the Company, receive a 50% matching Company contribution not in excess of 6% of the participant's compensation. These participants are also eligible for additional Company contributions, as described in the Plan. For all other participants, the Company contributes 50% of the first 4% of base compensation that a participant contributes to the Plan. A participant becomes fully vested in the Company contribution portion of their account after one year of service.

At December 31, 2020 and 2019, forfeited non-vested accounts totaled \$937 and \$393, respectively. These accounts will be used to pay Plan expenses. During 2020, forfeited non-vested accounts amounting to \$7,177 were used to pay Plan expenses.

Notes to Financial Statements

Participant Accounts

Participant account balances are increased by participant contributions, including rollovers from other plans. Income and losses on Plan assets are allocated to participants' accounts based on the ratio of each participant's amount invested in an investment fund to the total of all participants' account balances invested in that fund. A participant's account is also charged for the participant's respective transaction fees. All assets of the Plan are invested in the funds available to the participants. A participant may direct his or her contributions and Company matching contributions in whole percentages to be invested in one or more of these funds. In the absence of participant direction, the participant's accounts shall be invested in the age-appropriate target date fund.

Payment of Benefits

The amount distributed from a participant's account upon a participant's retirement, termination of employment, death or disability may be in the form of a lump-sum payment or annual installments as elected by the participant. Balances less than \$1,000 are distributed as a lump sum and do not require the participant's consent. Normal retirement age under the Plan is 65. Participants may also withdraw their contributions in the event of a financial hardship, as described in the Plan, or upon their attainment of age 59½.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000 reduced by the highest outstanding loan balance in the participant's account during the prior 12-month period. Participants may only have one loan outstanding at any given time. The loans are collateralized by the balance in the participant's account and bear interest at a reasonable rate as determined by the Plan Administrator based on prevailing interest rates. Principal and interest are paid ratably through payroll deductions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Valuation of Investments and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Employee Benefits Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and Trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Master Lock Company Savings Plan for Hourly Paid Union Employees Plan

Notes to Financial Statements

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Administrative Expenses

All administrative expenses of the Plan are paid by the Plan unless paid by the Company.

Use of Estimates

The preparation of the Plan's financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for Plan benefits at the date of the financial statements and the changes in net assets available for Plan benefits during the reporting period and, when applicable, the disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options with various investment objectives. Investment securities are exposed to various risks, such as interest risk, market risk and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the COVID-19 outbreak) and the risks to the international community as the virus spread globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. The COVID-19 pandemic is expected to negatively impact the value of the Plan's investments. As the full magnitude or duration of the economic impact of COVID-19 is uncertain, the Plan is unable to estimate with certainty the ultimate impact it will have on the Plan's financial statements at this time.

In response to the ongoing financial impact to many employees, the Coronavirus Aid, Relief and Economic Security Act (the CARES Act) provided several relief provisions for tax-qualified retirement plans. The Plan adopted several of these provisions during 2020, including (1) increasing the loan

Master Lock Company Savings Plan for Hourly Paid Union Employees Plan

Notes to Financial Statements

borrowing limit to \$100 or 100% of a participants vested balance for loans between March 27, 2020 through September 23, 2020, (2) for all new or existing plan loans, delaying for up to one year repayments between March 27, 2020 and December 31, 2020, (3) permitting participants to take up to \$100 in coronavirus related distributions by December 31, 2020, which are exempt from the 10% early withdrawal penalty and taxable over three years, and (4) waiving the required minimum distribution payments for 2020.

3. Fair Value Measurements

The Plan uses a three-tiered hierarchy of inputs to establish a classification of fair value measurements for disclosure purposes. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are as follows:

Level 1 - Inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date. An active market for the asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 - Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, including:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the assets or liabilities.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs are unobservable for the asset or liability (including the entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability) and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Plan management uses the following methods and significant assumptions to estimate fair value of investments. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds - These funds are valued at the quoted net asset value (NAV) of the shares held by the Plan at year-end, which is obtained from an active market.

Collective Investment Trust Funds - These funds are valued at the NAV of units of each bank collective

Master Lock Company Savings Plan for Hourly Paid Union Employees Plan

Notes to Financial Statements

trust. The NAV is used as a practical expedient to estimate fair value. The NAV, as provided by the Trustee, is based on the fair value of the underlying investments held by the funds less their liabilities. As of December 31, 2020, there is no intention to sell or otherwise dispose of the investments in collective investment trust funds at prices different than their respective NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of a collective trust, the investment advisor generally reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations would be carried out in an orderly business manner. All of the collective investment trust funds file a Form 5500 as a direct filing entity with the Department of Labor (DOL). Redemption from these funds is permitted with 30 days' notice, except for one fund with 12 months' notice.

Self-Directed Brokerage Accounts - These assets are valued based on the underlying holdings, which consist of cash and investments traded in active markets.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different a fair value measurement at the reporting date.

The following tables present the Plan's investments by level within the fair value hierarchy:

December 31, 2020

	Level 1	Level 2	Level 3	Total

Notes to Financial Statements

4. Information Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA as of and for the years ended December 31, 2020 and 2019. Accordingly, Fidelity Management Trust Company has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019.
- Investment income and interest income on notes receivable from participants, as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2020.
- Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2020.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information provided by the Trustee to the related information included in the financial statements and supplemental schedule.

5. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated August 15, 2017 that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since the date of the opinion letter, the Plan Administrator believes that the Plan is designed, and currently being operated in compliance, with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, the Plan is not currently under audit with respect to any tax years in progress.

6. Related-Party Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity or an affiliate thereof. In addition, Fidelity manages the self-directed brokerage accounts. Fidelity is the Trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees have been paid to Fidelity by the Plan or the Plan Administrator for recordkeeping and investment management services for the year ended December 31, 2020.

Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions.

7. Plan Termination

The Company is obligated to continue the Plan during the term of the existing collective bargaining agreement, which expires on March 31, 2021. While the Company has not expressed any intent to

terminate the Plan subsequent to that date, it is free to do so subject to the provisions set forth by ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

8. Subsequent Events

Management has evaluated subsequent events through October 8, 2021, the date these financial statements were available to be issued, and there were no material subsequent events that required recognition or additional disclosures in these statements.

As of October 8, 2021, the Company is in the final stage of drafting the collective bargaining agreement which will cover our workforce relations over the three years ending March 31, 2024.
