Note 1 - Plan Description

The following description of Trivium Packaging Bargaining 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible and collectively bargained employees of Trivium Packaging USA Inc. (the "Plan Sponsor" or the "Company"), as defined by the plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company established the Plan on January 1, 2020. Previously, eligible and collectively bargained employees of the Company were eligible to participate in the Ardagh North America Bargaining 401(k) Plan (the "Prior Plan"). Effective January 1, 2020, the portion of the Prior Plan attributable to the eligible employees of the Company was spun off and transferred to the Plan. See Note 7 for more information.

The Plan, along with the Trivium Packaging 401(k) Plan, is a participant in the Trivium Packaging 401(k) Plan and Trivium Packaging Bargaining 401(k) Plan Master Trust (the "Master Trust").

Contributions

The Plan provides for employee salary deferral contributions up to a maximum of 50 percent of earnings for any payroll period subject to maximum tax-deferred limitations established by the Internal Revenue Code. The Plan allows participants to contribute up to 50 percent of their compensation on an after-tax basis. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan. The Plan provides for employer matching contributions equal to 50 percent of an employee's contribution that, in aggregate, is not in excess of 6 percent of the employee's eligible compensation.

The Plan also provides for employer nonmatching contributions for a portion of plan participants, as defined in the plan document. Employer nonmatching contributions are calculated as a percentage of compensation based on age, without regard to participant deferrals.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Master Trust. Allocations are based on participants' account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Eligible employees are not vested in employer matching contributions until three years of service, at which point they become 100 percent vested.

December 31, 2020**Note 1 - Plan Description (Continued)**

All eligible employees located at the Bloomsburg, Pennsylvania plant with three or more years of service as of January 1, 2008 become fully vested in employer nonmatching contributions based on the following schedule:

Years of Service	Vesting Percentage
Less than 2	- %
At least 2, but less than 3	20
At least 3, but less than 4	40
At least 4, but less than 5	60
At least 5	100

All remaining eligible employees become fully vested in employer nonmatching contributions based on the following schedule:

Years of Service	Vesting Percentage
Less than 2	- %
At least 2, but less than 3	20
At least 3, but less than 4	40
At least 4, but less than 5	60
At least 5, but less than 6	80
6 or more	100

Benefit Payments

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or various installment annuities. On termination of service for reasons other than death, disability, or retirement or upon reaching the age of 59½, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the plan document. The Plan Sponsor must approve any such hardship withdrawals.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. At the discretion of the Plan Sponsor, forfeitures can be used to pay administrative expenses of the Plan. At December 31, 2020, forfeited account balances totaled approximately \$2,000.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Fidelity Management Trust Company or its affiliates. Fidelity Management Trust Company is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan document and ERISA. Additionally, each Participating Company has the right to cease participation in the Plan. Upon termination of the Plan, participants become 100 percent vested in their account balances.

December 31, 2020

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The fair value of the Plan's interest in the Master Trust is based on the beginning of the year value of the Plan's interest in the trust, plus actual contributions and allocated investment income, less actual distributions and allocated administrative expenses. The Master Trust's investments are stated at fair value.

The common collective trust fund is valued at net asset value per share (NAV) (or its equivalent) of the fund, which is based on the fair value of the fund's underlying assets. Additionally, the Master Trust allows participants to invest in self-directed brokerage accounts. The self-directed brokerage accounts include various investments in money market funds and mutual funds, which are disclosed as such in Note 4. The self-directed brokerage accounts and all other investments are valued based on quoted market prices reported in active markets. See Note 4 for additional information.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 1, 2021, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Fidelity Management Trust Company (the "Trustee") holds the Plan's investments and executes all investment transactions. The investment balances and related investment results included in the accompanying financial statements, including master trust information not related to leveling and included in Note 4, are based solely on information certified by the Trustee.

Note 4 - Fair Value Measurements and Interest in Master Trust

The Plan's investments are in the Master Trust, which was established for the investment of assets of the Plan and Trivium Packaging 401(k) Plan. Each participating plan's interest in the Master Trust is based on account balances of the participants and their elected investment options. The assets of the Master Trust are held by Fidelity Management Trust Company. Investment income and administrative expenses relating to the Master Trust are allocated to the individual plans based upon average monthly balances invested by each plan.

December 31, 2020

Note 4 - Fair Value Measurements and Interest in Master Trust (Continued)

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Master Trust has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flows methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Master Trust's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following table presents information about the net assets of the Master Trust and the Plan's interest in Master Trust balances at December 31, 2020:

	Plan's Interest in Master Trust Balances	Master Trust Net Assets at December 31, 2020	
		Master Trust Balances	Level 1
Investments at fair value on a recurring basis:			
Mutual funds	\$ 9,596,875	\$ 60,722,544	\$ 60,722,544
Money market funds	166,955	947,702	947,702
Total	9,763,830	61,670,246	\$ 61,670,246
Investments measured at NAV - Common collective trust fund	4,824,995	13,232,952	
Total master trust net assets	\$ 14,588,825	\$ 74,903,198	

The Plan's interest in the Fidelity Managed Income Portfolio II common collective trust fund has certain limitations on withdrawals and exchanges. Participant-directed withdrawals, made in order to accommodate distributions to participants or transfers to noncompeting investments, may be made on any business day. Transferred amounts must be held in a noncompeting investment option for 90 days before subsequent transfers to a competing fund can occur.

Additionally, there were no unfunded commitments or redemption restrictions on the investments except as described above.
