1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - The plan follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the Unites States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2020 through September 2, 2021, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Key parties of the plan - ExteNet Systems, Inc. is the plan sponsor/employer and plan administrator. During 2018, ExteNet Systems acquired Hudson Fiber Network Inc., the plan sponsor of the Hudson Fiber Network, Inc. 401(k) Plan. Effective November 4, 2019, the Hudson Fiber Network, Inc. 401(k) Plan was merged into the ExteNet Systems, Inc. 401(k) Plan and plan assets totaling $849,040 were transferred to the Extenet Systems, Inc. 401(k) Plan. Fidelity Management Trust Company (Fidelity), is the trustee that has custody of plan assets, recordkeeper that maintains investment and participant records, third party administrator and tax counsel that performs various compliance tests. LPL Financial Corporation is the plan's investment advisor.

Investments - The plan sponsor/employer determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. The net appreciation in fair value of investments bought, sold and held during the years is reflected in the accompanying statements of changes in net assets available for benefits. Participants should refer to the prospectuses and annual reports of the investments for more information.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows.

Level 1 - Valuation is based upon quoted prices in active markets for identical investments.

Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).

Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

Following is a description of the valuation methodologies used for investments measured at fair value.

Money market fund and mutual funds - Valued at the daily published quoted market prices as reported by the fund. The money market fund and mutual funds held by the plan are registered with the U.S. Securities and Exchange Commission, are required to publish their daily net asset value ("NAV") and are deemed to be actively traded.

Common/collective trust - Valued at NAV based on units of the common/collective trust fund. The common/collective trust fund is a direct filing entity valued at NAV. The NAV, as certified by Fidelity, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the common/collective trust fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as set forth below.

Investments at fair value as of December 31, 2020

	Level 1	Level 2	Level 3	Total
Money market fund	$ 520,012	$ -	$ -	$ 520,012
Mutual funds	27,019,487			27,019,487
Total investments in the fair value hierarchy	$27,539,499	$ -	$ -	27,539,499
Investments measured at NAV (a)				119,313
Total investments at fair value				$27,658,812

Investments at fair value as of December 31, 2019

	Level 1	Level 2	Level 3	Total
Money market fund	$ 80,880	$ -	$ -	$ 80,880
Mutual funds	21,751,382	-	-	21,751,382
Total investments in the fair value hierarchy	$21,832,262	$ -	$ -	21,832,262
Investments measured at NAV (a)				27,480
Total investments at fair value				$21,859,742

(a) In accordance with GAAP, certain investments that are measured at NAV have not been classified in the fair value hierarchy. The fair value amounts presented in the above table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV as a practical expedient. There are no participant redemption restrictions for these investments (participant transactions (purchases and sales) may occur daily); the redemption notice period, if any, is applicable only to the plan.

December 31, 2020	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Common/collective trust	$119,313	n/a	daily	n/a

December 31, 2019	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Common/collective trust	$27,480	n/a	daily	n/a

2. DESCRIPTION OF PLAN

The following description of the plan provides only general information. Participants should refer to the plan documents for a more complete description of the plan's provisions.

General - The plan was adopted effective January 1, 2008 as a defined contribution plan with a 401(k) salary deferral arrangement. It is subject to provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Eligibility - Employees are eligible to make elective deferral contributions and receive employer discretionary matching and profit sharing contributions immediately upon hire. Employees may begin receiving employer safe harbor contributions after attaining age 21 and upon completing one year of service with at least 1,000 hours of service during the one-year period. Employees begin receiving employer safe harbor contributions on the first day of the plan quarter once these requirements are met. In addition, for employer discretionary matching and profit sharing contributions, if any, employees must be employed on the last day of the plan year to which the employer discretionary contribution relates.

Contributions - Contributions to the plan can be made in the following ways:

a. Participants may contribute a percentage of their compensation subject to certain limitations (elective deferral contributions). The plan also permits Roth elective deferrals.

b. Rollover contributions are accepted by the plan from other qualified plans.

c. Employer safe harbor contributions are paid equal to 3% of eligible earnings.

d. Employer matching contributions may be made at the employer’s discretion. Since the plan's inception, there have been no such contributions.

e. Employer profit sharing contributions may be made at the employer’s discretion. Since the plan's inception, there have been no such contributions.

Participant accounts - Earnings, including the fair value appreciation (depreciation), are allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Each participant’s account is credited with the participant’s elective deferral and rollover contributions and an allocation of the employer’s contributions. Participants are allowed to change their investment options on a daily basis.

Vesting - Participants are always 100% vested in their elective deferral contributions, safe harbor contributions, rollover contributions, and related earnings. Participants begin vesting in employer matching and profit sharing contributions, if any, and related earnings upon two years of service at which time they are 20% vested. The participant then vests at the rate of 20% for each year thereafter. Upon death, disability or qualified retirement participants become 100% vested.

Payment of benefits - Benefit payments may commence upon termination of employment, death, disability or attainment of normal retirement age (defined as age 65). Distributions are generally required to be in the form of a lump sum. In addition, hardship withdrawals are permitted under the plan. In-service withdrawals can commence upon attaining the age of 59 1/2.

Administrative expenses - Certain administrative expenses of the plan are paid by the employer.

Notes receivable from participants - Participants can take out loans against their accounts with the approval of the plan administrator. The minimum loan amount is $1,000 and the maximum amount is the lesser of one-half of the participant's vested account balance, or $50,000. Participants may not have more than one loan outstanding at any given time. The repayment term generally cannot exceed 5 years except when the loan is for the purchase of a principal residence. As of December 31, 2020, the notes receivable from participants had various repayment schedules through September 2033 with interest rates between 4.25% and 6.50%. The notes receivable from participants are valued at their unpaid principal balances plus any accrued but unpaid interest, which approximates fair value.

3. PARTY-IN-INTEREST TRANSACTIONS

Fidelity manages plan investments and is also the plan trustee as defined by the plan. Therefore, these transactions qualify as party-in-interest transactions. Direct record keeping fees paid by the plan to Fidelity, recorded as a component of administrative expenses were $28,000 and $24,000 in 2020 and 2019. In addition, Fidelity receives indirect compensation from mutual fund service providers for services Fidelity provides to the funds. The compensation received by Fidelity is used to offset amounts owed by the plan to Fidelity for administrative services provided.

Notes receivable from participants also qualify as party-in-interest transactions.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

4. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the employer has the right to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer matching and profit sharing contributions, if any, and related earnings.

5. INCOME TAX STATUS

The plan adopted a Fidelity volume submitter profit sharing plan. This volume submitter plan received its most recent favorable opinion letter on March 31, 2014 in which the Internal Revenue Service stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. As a result, the plan administrator has not obtained a separate Internal Revenue Service determination or opinion letter for the plan. The plan administrator and tax counsel believe that the plan is and has been designed and operated in compliance with the applicable requirements of the Internal Revenue Code.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) if the plan has taken any uncertain positions that more likely than not would be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for uncertain positions taken and determined that the plan was not required to recognize any tax liabilities (or assets) related to uncertain positions taken as of December 31, 2020 and 2019. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

6. INFORMATION CERTIFIED BY THE TRUSTEE

The plan's trustee holds all of the plan's investment assets and executes transactions in those assts. The trustee has certified certain information as set forth below to be complete and accurate.

a. Investments held for the plan and the fair values of such as of December 31, 2020 and 2019;

b. Dividends, interest income and net appreciation (depreciation) in fair values of investments during 2020 and 2019;

c. Purchases and sales of investments during 2020 and 2019; and

d. Contributions to, withdrawals from, investment income (loss) credited to and inter-fund transfers between accounts during 2020 and 2019.

Since the trustee certified the above investment information, Department of Labor regulations allow these investments and related activity to be excluded from the scope of the independent auditors' auditing procedures. All noninvestment activity for the plan, including contributions, benefit payments and participant account activity, has been subject to the independent auditors' auditing procedures. See the independent auditors' report.

EXTENET SYSTEMS, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020 AND 2019

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - The plan follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the Unites States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2020 through September 2, 2021, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Key parties of the plan - ExteNet Systems, Inc. is the plan sponsor/employer and plan administrator. During 2018, ExteNet Systems acquired Hudson Fiber Network Inc., the plan sponsor of the Hudson Fiber Network, Inc. 401(k) Plan. Effective November 4, 2019, the Hudson Fiber Network, Inc. 401(k) Plan was merged into the ExteNet Systems, Inc. 401(k) Plan and plan assets totaling $849,040 were transferred to the Extenet Systems, Inc. 401(k) Plan. Fidelity Management Trust Company (Fidelity), is the trustee that has custody of plan assets, recordkeeper that maintains investment and participant records, third party administrator and tax counsel that performs various compliance tests. LPL Financial Corporation is the plan's investment advisor.

Investments - The plan sponsor/employer determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. The net appreciation in fair value of investments bought, sold and held during the years is reflected in the accompanying statements of changes in net assets available for benefits. Participants should refer to the prospectuses and annual reports of the investments for more information.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows.

Level 1 - Valuation is based upon quoted prices in active markets for identical investments.

Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).

Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

Following is a description of the valuation methodologies used for investments measured at fair value.

Money market fund and mutual funds - Valued at the daily published quoted market prices as reported by the fund. The money market fund and mutual funds held by the plan are registered with the U.S. Securities and Exchange Commission, are required to publish their daily net asset value ("NAV") and are deemed to be actively traded.

Common/collective trust - Valued at NAV based on units of the common/collective trust fund. The common/collective trust fund is a direct filing entity valued at NAV. The NAV, as certified by Fidelity, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the common/collective trust fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as set forth below.

Investments at fair value as of December 31, 2020

	Level 1	Level 2	Level 3	Total
Money market fund	$ 520,012	$ -	$ -	$ 520,012
Mutual funds	27,019,487			27,019,487
Total investments in the fair value hierarchy	$27,539,499	$ -	$ -	27,539,499
Investments measured at NAV (a)				119,313
Total investments at fair value				$27,658,812

Investments at fair value as of December 31, 2019

	Level 1	Level 2	Level 3	Total
Money market fund	$ 80,880	$ -	$ -	$ 80,880
Mutual funds	21,751,382	-	-	21,751,382
Total investments in the fair value hierarchy	$21,832,262	$ -	$ -	21,832,262
Investments measured at NAV (a)				27,480
Total investments at fair value				$21,859,742

(a) In accordance with GAAP, certain investments that are measured at NAV have not been classified in the fair value hierarchy. The fair value amounts presented in the above table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV as a practical expedient. There are no participant redemption restrictions for these investments (participant transactions (purchases and sales) may occur daily); the redemption notice period, if any, is applicable only to the plan.

December 31, 2020	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Common/collective trust	$119,313	n/a	daily	n/a

December 31, 2019	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Common/collective trust	$27,480	n/a	daily	n/a

2. DESCRIPTION OF PLAN

The following description of the plan provides only general information. Participants should refer to the plan documents for a more complete description of the plan's provisions.

General - The plan was adopted effective January 1, 2008 as a defined contribution plan with a 401(k) salary deferral arrangement. It is subject to provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Eligibility - Employees are eligible to make elective deferral contributions and receive employer discretionary matching and profit sharing contributions immediately upon hire. Employees may begin receiving employer safe harbor contributions after attaining age 21 and upon completing one year of service with at least 1,000 hours of service during the one-year period. Employees begin receiving employer safe harbor contributions on the first day of the plan quarter once these requirements are met. In addition, for employer discretionary matching and profit sharing contributions, if any, employees must be employed on the last day of the plan year to which the employer discretionary contribution relates.

Contributions - Contributions to the plan can be made in the following ways:

a. Participants may contribute a percentage of their compensation subject to certain limitations (elective deferral contributions). The plan also permits Roth elective deferrals.

b. Rollover contributions are accepted by the plan from other qualified plans.

c. Employer safe harbor contributions are paid equal to 3% of eligible earnings.

d. Employer matching contributions may be made at the employer’s discretion. Since the plan's inception, there have been no such contributions.

e. Employer profit sharing contributions may be made at the employer’s discretion. Since the plan's inception, there have been no such contributions.

Participant accounts - Earnings, including the fair value appreciation (depreciation), are allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Each participant’s account is credited with the participant’s elective deferral and rollover contributions and an allocation of the employer’s contributions. Participants are allowed to change their investment options on a daily basis.

Vesting - Participants are always 100% vested in their elective deferral contributions, safe harbor contributions, rollover contributions, and related earnings. Participants begin vesting in employer matching and profit sharing contributions, if any, and related earnings upon two years of service at which time they are 20% vested. The participant then vests at the rate of 20% for each year thereafter. Upon death, disability or qualified retirement participants become 100% vested.

Payment of benefits - Benefit payments may commence upon termination of employment, death, disability or attainment of normal retirement age (defined as age 65). Distributions are generally required to be in the form of a lump sum. In addition, hardship withdrawals are permitted under the plan. In-service withdrawals can commence upon attaining the age of 59 1/2.

Administrative expenses - Certain administrative expenses of the plan are paid by the employer.

Notes receivable from participants - Participants can take out loans against their accounts with the approval of the plan administrator. The minimum loan amount is $1,000 and the maximum amount is the lesser of one-half of the participant's vested account balance, or $50,000. Participants may not have more than one loan outstanding at any given time. The repayment term generally cannot exceed 5 years except when the loan is for the purchase of a principal residence. As of December 31, 2020, the notes receivable from participants had various repayment schedules through September 2033 with interest rates between 4.25% and 6.50%. The notes receivable from participants are valued at their unpaid principal balances plus any accrued but unpaid interest, which approximates fair value.

3. PARTY-IN-INTEREST TRANSACTIONS

Fidelity manages plan investments and is also the plan trustee as defined by the plan. Therefore, these transactions qualify as party-in-interest transactions. Direct record keeping fees paid by the plan to Fidelity, recorded as a component of administrative expenses were $28,000 and $24,000 in 2020 and 2019. In addition, Fidelity receives indirect compensation from mutual fund service providers for services Fidelity provides to the funds. The compensation received by Fidelity is used to offset amounts owed by the plan to Fidelity for administrative services provided.

Notes receivable from participants also qualify as party-in-interest transactions.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

4. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the employer has the right to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer matching and profit sharing contributions, if any, and related earnings.

5. INCOME TAX STATUS

The plan adopted a Fidelity volume submitter profit sharing plan. This volume submitter plan received its most recent favorable opinion letter on March 31, 2014 in which the Internal Revenue Service stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. As a result, the plan administrator has not obtained a separate Internal Revenue Service determination or opinion letter for the plan. The plan administrator and tax counsel believe that the plan is and has been designed and operated in compliance with the applicable requirements of the Internal Revenue Code.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) if the plan has taken any uncertain positions that more likely than not would be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for uncertain positions taken and determined that the plan was not required to recognize any tax liabilities (or assets) related to uncertain positions taken as of December 31, 2020 and 2019. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

6. INFORMATION CERTIFIED BY THE TRUSTEE

The plan's trustee holds all of the plan's investment assets and executes transactions in those assts. The trustee has certified certain information as set forth below to be complete and accurate.

a. Investments held for the plan and the fair values of such as of December 31, 2020 and 2019;

b. Dividends, interest income and net appreciation (depreciation) in fair values of investments during 2020 and 2019;

c. Purchases and sales of investments during 2020 and 2019; and

d. Contributions to, withdrawals from, investment income (loss) credited to and inter-fund transfers between accounts during 2020 and 2019.

Since the trustee certified the above investment information, Department of Labor regulations allow these investments and related activity to be excluded from the scope of the independent auditors' auditing procedures. All noninvestment activity for the plan, including contributions, benefit payments and participant account activity, has been subject to the independent auditors' auditing procedures. See the independent auditors' report.
