1. DESCRIPTION OF PLAN AND SUMMARY OF ACCOUNTING POLICIES

The following description of The Trumark Companies LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution 401(k) salary deferral and profit-sharing plan covering substantially all employees of Trumark Companies LLC (the "Company"), and other related entities. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and Section 401(a) of the Internal Revenue Code ("IRC").

The Plan was adopted effective January 1, 2015 to provide benefits to eligible employees as defined in the Plan document. Employees of the Company who have completed at least 360 hours of service within a three-month period are eligible to participate in the Plan. Eligible employees may enter the Plan on the first day of each calendar quarter subsequent to satisfying the Plan's eligibility requirements. The Plan was last restated and amended effective January 1, 2020 to conform to current tax laws.

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates **-** The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Administration **-** The Company is the Plan Sponsor and Plan Administrator. The Company has contracted with Capital Bank and Trust Company ("Capital Trust") to act as the Plan custodian and with an independent third-party administrator to perform certain administrative duties. Investment options offered under the Plan consist of mutual funds managed by American Funds. Certain officers of the Company serve as Plan trustees.

Plan Termination and Modification - The Company intends to continue the Plan indefinitely for the benefit of its employees. However, it reserves the right to terminate or modify the Plan at any time by resolution of its Board of Directors and subject to the provisions of ERISA. In the event the Plan is terminated in the future, participants would become fully vested in their accounts.

1. DESCRIPTION OF PLAN AND SUMMARY OF ACCOUNTING POLICIES (continued)

Participant Contributions **-** Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Effective August 1, 2020, participants may also make ROTH after-tax contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. All participant contributions are subject to regulatory limitations.

Employer Contributions – The Company makes safe-harbor matching contributions to the Plan equal to 100% of the first 3% of eligible salary deferral contributions, plus 50% of the participant's eligible compensation deferred to the Plan that is greater than 3%, up to a maximum of 5% of eligible compensation. In addition, the Company may elect to make discretionary profit-sharing contributions to the Plan. In order to receive an allocation of Company profit-sharing contributions, Participants must generally complete a minimum of 1,000 hours of service during the Plan Year. Company profit-sharing contributions, if any, are allocated to participants using a new comparability formula that takes into consideration participant eligible compensation, employment classifications, ages, and years of service pursuant to relevant IRS regulations.

For the year ended December 31, 2020, the Company made safe harbor matching contributions totaling $469,619 to the Plan, but did not make any profit-sharing contributions to the Plan.

Participant Accounts **–** A separate account is maintained for each participant. Each participant's account is credited with the participant's voluntary contributions, employer contributions and an allocation of Plan earnings, less withdrawals, distributions, and administrative expenses, if any. Participants direct the investment of their account balances into the various investment options offered by the Plan. Investment income allocations are made daily based on participant account balances. The benefit to which a participant is entitled is limited to the benefit that may be provided from the participant's vested account balance.

Investment Income – Realized gains or losses on investment transactions are recorded as the difference between the proceeds received and the fair value of the investment at the beginning of the Plan year, or cost if acquired during the Plan year. In accordance with the Plan's policy of stating investments at fair value, net unrealized appreciation or depreciation consists of both realized and unrealized gains and losses and is included in the statement of changes in net assets in the period in which the market change occurs. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

1. DESCRIPTION OF PLAN AND SUMMARY OF ACCOUNTING POLICIES (continued)

Vesting **–** Participants are immediately vested in their voluntary contributions and the Company's safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's additional discretionary matching and profit-sharing contributions, if any, plus actual earnings thereon, is based on years of service. Participants do not become vested in the Company's additional discretionary matching or profit-sharing contributions until they have completed at least one year of service during which they have contributed at least 1,000 hours each year. Participants vest in the Company's matching and profit-sharing contributions 25% after one year of service, 50% after two years of service and they become fully vested after three years of service. Participants also become fully vested in all accounts upon retirement, death, disability, or Plan termination.

Forfeited Accounts – Forfeited non-vested accounts may be used to pay administrative expenses of the Plan or reduce future employer contributions. As of December 31, 2020 and 2019, there were no unallocated forfeitures. During 2020, forfeitures totaling $10,861 and $2,682 were used to reduce employer contributions and pay administrative expenses of the Plan, respectively.

Notes Receivable from Participants **-** The Plan provides a provision that allows a participant to borrow a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance. Such loans shall bear interest at fixed rates equal to the published prime rate, plus one percent. The term of the loans cannot exceed five years, except if the loan proceeds are used to finance the purchase of a primary residence, in which case the loan term may not exceed fifteen years. The loans are secured by the participant's vested account balance. Principal and interest are paid ratably through payroll deductions. Notes receivable from participants are stated at their unpaid principal balances plus any accrued but unpaid interest. Any participant defaults are deemed taxable distributions to the participant.

Effective January 1, 2020, under the Coronavirus Aid, Relief, and Economic Security ("CARES") Act, any individual with an outstanding loan balance from the date of the CARES Act enactment through December 31, 2020 can delay their loan payment due to dates by one year. All subsequent payments will be adjusted to take into account the delay and the interest accrued during such delay.

Payment of Benefits – Benefits are recorded when paid. Participant account balances may be distributed prior to termination or retirement for hardship claims, death, or disability, or to participants reaching age 59 ½ as defined in the Plan agreement. Upon termination of service, a participant may elect to receive an amount equal to the value of the vested interest in their account as a lump-sum distribution. The Plan allows for automatic distribution of vested participant account balances that do not exceed $5,000.

1. DESCRIPTION OF PLAN AND SUMMARY OF ACCOUNTING POLICIES (continued)

Payment of Benefits (continued) – Effective January 1, 2020, under the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act"), all 2020 required minimum distributions ("RMDs") may be waived. This waiver would also apply to 2019 RMDs that are due by April 1, 2020, for individuals who turned age 70 ½ last year and have not already taken their RMD.

Effective January 1, 2020, under the CARES Act, the 10% early distribution penalty tax (for distributions made before age 59 ½) did not apply to a distribution that otherwise qualifies as a Coronavirus related distribution.

There were no participants that had chosen to withdraw from the Plan awaiting payment of benefits at December 31, 2020 or 2019

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from the Plan's financial statements. Fees related to the administration of notes receivable from participants, investment management and distributions may be charged directly to the participant's account and included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events - Events or transactions occurring subsequent to year end through the date the financial statements were available to be issued, October 7, 2021, have been evaluated in the preparation of the accompanying financial statements.

2. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement).

The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

2. FAIR VALUE MEASUREMENTS (continued)

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019:

Mutual Funds: Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

The Plan's method of valuing investments may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following table sets forth, within the fair value hierarchy of GAAP, the Plan's investments at fair value as of December 31:

	2020	2019
Level one:		
Mutual funds	$ 8,903,653	$ 6,602,024
Interest bearing cash	218,769	85,184
Total investments	$ 9,122,422	$ 6,687,208

3. INCOME TAX STATUS

A favorable determination letter from the Internal Revenue Service dated March 31, 2014, stated that the volume submitter prototype adopted by the Plan, as then designed, qualifies under the Internal Revenue Code 401(a), and, therefore, is not subject to tax under current income tax law. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and believes that the Plan was qualified as of December 31, 2020 and 2019. Therefore, no provision for income taxes has been included in the Plan's financial statements.

4. CERTIFIED INFORMATION

Capital Trust certified the following information regarding the fair value of assets held and notes receivable from participants as of December 31, 2020 and 2019, as well as certain 2020 investment activities that were used in the preparation of the accompanying financial statements and supplemental schedules, but were not subjected to auditing procedures performed by independent certified public accountants:

	2020	2019
Investments	$ 9,122,424	$ 6,687,208
Notes receivable from participants	$ 54,891	$ 61,107
Interest and dividend income	$ 298,141	
Net appreciation in fair value of investments	$ 973,177	

5. RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Financial instruments, which potentially subject the Plan to concentrations of credit risk, consist of mutual funds offered by the Plan. As the portfolio is well diversified and issuers of the underlying securities are dispersed throughout many industries and geographies, the concentrations of credit risk are limited.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Plan's custodian or their affiliates. Any purchases and sales of these investments are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

7. DELINQUENT PARTICIPANT CONTRIBUTIONS

During 2019, the Company certain participant salary deferral contributions and loan repayments totaling $14,279 were not remitted to the Plan within the timeframe required by the U.S. Department of Labor. The Company self-corrected this situation pursuant to the IRS Voluntary Correction Program during 2020 by contributing additional earnings to the accounts of the affected participants.
