E3 Electric, L.P. 401(k) Plan

Notes to Financial Statements

December 31, 2020

Note 1 - Description of the Plan

The following description of the E3 Electric, L.P. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the *Plan Document* for a more complete description of the Plan's provisions.

General

The Plan, established in September 2004, last amended and restated on January 1, 2014, is a defined contribution retirement plan covering certain employees of E3 Electric, L.P. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Plan custodian

John Hancock Life Insurance Company (U.S.A.) (the "Custodian") is the custodian of the Plan and holds all Plan assets in a trust account.

Eligibility

Employees who have attained age 21 and who have completed one month of service are eligible to participate in the Plan. The entry date of the Plan for eligible participants is on the first day of the pay period that coincides with, or next follows, the date that a participant first satisfies the age and service requirements.

Contributions

Participants may elect to contribute up to 100% of their eligible compensation on a pre-tax basis to the Plan, up to the maximum limit allowed by the Internal Revenue Code (the "IRC"). Participants may also rollover amounts representing distributions from other qualified plans.

The Company may make a discretionary matching contribution in an amount to be determined as a specific dollar amount and/or any specific percentage of elective deferrals. No discretionary employer contributions have been made to the Plan since its inception.

Vesting

Participants are immediately vested in their voluntary contributions, rollover contributions, and actual earnings thereon. Vesting in the Company contributions, if any, is based on years of continuous service according to the following schedule, as defined in the Plan.

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Note 1 - Description of the Plan (Continued)

Forfeitures

Forfeitures result from non-vested Company contributions remaining in the Plan from terminated participants. Forfeitures, if any, may be used at the discretion of the Plan administrator to reduce future employer contributions. There were no forfeitures utilized or available for use for the years ended December 31, 2020 and 2019.

Notes receivable from participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The note terms may not exceed five years unless the note qualifies as a residential mortgage note in which case the Plan administrator may permit a longer repayment term. All notes bear interest at 1% higher than the lending rate of a commercial U.S. bank available within a reasonable geographic vicinity for a note of similar duration and security level. Notes are secured by the participants' accounts.

During 2020, the Company made the election to allow participants to take Coronavirus-related loans under the Coronavirus Aid, Relief, and Economic Security ("CARES") Act. Coronavirus-related loans were permitted to qualified individuals up to the lesser of $100,000 or 100% of a participant's vested balance. As part of the CARES Act, if elected by participants, loan repayments due between March 27, 2020 and December 31, 2020 could be delayed for up to one year while still accruing interest.

Benefits paid to participants

Upon termination of employment due to death, disability or retirement, benefits are payable from participant account balances in the form of a lump sum payment.

The Plan provides for mandatory distribution in a single lump sum payment if the value of the participant's account balance is less than $1,000. If the participant's account balance is between $1,000 and $5,000 and the participant does not affirmatively consent to receive a distribution, the balance will be rolled into an individual retirement account established on behalf of the participant by the Plan administrator. Any taxable distribution paid directly to the participant will be subject to mandatory federal income tax withholding of 20% of the requested distribution.

During 2020, the Company made the election to allow participants to take Coronavirus-related distributions ("CRDs") under the CARES Act. CRDs were permitted to qualified individuals during 2020 not to exceed $100,000 and were not subject to tax withholding or withdrawal penalties. If elected by participants, CRDs can be reinvested in the Plan, another qualified plan, or IRA over a three year period. Required minimum distributions during 2020 were also waived at the option of participants. Plans were permitted to adopt any CARES Act provisions immediately provided the *Plan Document* is retroactively amended on or before December 31, 2022.

Note 1 - Description of the Plan (Continued)

Administrative expenses

All administrative expenses, unless paid by the Company, are paid by the Plan.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contribution, if any, at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2 - Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles ("GAAP").

Benefits payments

Benefits paid to participants are recorded when paid.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions, based upon terms of the *Plan Document*, upon liquidation of their account balance.

Investment valuation and income recognition

The Plan's investments in pooled separate accounts are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 regarding fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date.

Unrealized appreciation or depreciation in the fair value of investments held at year-end is determined using the fair value at the beginning of the year or the purchase price if the investment is acquired during the year. The realized gain or loss on the sale of investments is determined using historical cost. Upon the sale of an investment, the current year unrealized appreciation or depreciation is adjusted for unrealized gains or losses recognized in prior years. Unrealized appreciation or depreciation and realized gains and losses are reported as net appreciation or depreciation in fair value of investments in the statements of changes in net assets available for benefits.

Note 2 - Summary of Significant Accounting Policies (Continued)

Financial instruments and credit risk

Financial instruments which potentially subject the Plan to credit risk include investments in pooled separate accounts. Investments are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits. Plan participants bear the risk of any investment losses.

Use of estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make use of estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Note 3 - Fair Value of Investments That Use Net Asset Value

The following table summarizes the pooled separate accounts measured at fair value based on net asset value per share as a practical expedient.

Year Ended	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
December 31, 2020	$ 1,324,254	N/A	Daily	Daily
December 31, 2019	$ 1,189,794	N/A	Daily	Daily

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the valuation method is considered appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine that the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Information Certified by the Plan Custodian (Unaudited)

For Plan years 2020 and 2019, the financial information included in the Plan's financial statements and Schedule H, line 4i, except for contributions, benefits paid to participants and administrative expenses, has been derived from information certified as complete and accurate by the Custodian in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 5 - Party-In-Interest Transactions

Plan investments are funds managed by the Custodian and therefore, these transactions qualify as party-in-interest transactions.

Note 6 - Income Tax Status

The Company adopted a prototype plan which received an opinion letter dated March 31, 2014, in which the Internal Revenue Service states that the Plan, as then designed, was acceptable under the requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated within the applicable requirements of the IRC. Therefore, no provision for income taxes have been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, that there are no uncertain positions taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Subsequent Events

Management has evaluated subsequent events through October 4, 2021, which was the date that the financial statements were available to be issued and has determined that there are no subsequent events to be disclosed.
