(1) Description of plan

The following description of the Lancaster Colony Corporation 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General - The Plan is a defined contribution plan sponsored by Lancaster Colony Corporation ("Company") for the benefit of all non-union employees who have one month of service and have attained age twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Legislative changes adopted by the Plan - On March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security (CARES) Act." The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to $100,000
- Increased the available loan amount as described in Note 1 to the lesser of $100,000 or 100% of the participant's vested account balance
- Extended the period for loan repayments, if applicable, up to one year
- Temporary relief on required minimum distributions

As a result of the Bipartisan Budget Act of 2018 and effective January 1, 2019, the requirement to exhaust loan distributions prior to receiving a hardship distribution was removed from the Plan. Additionally, participants are no longer suspended from making contributions to the Plan or from receiving Company matching contributions as a result of a hardship withdrawal.

Contributions - Participants may elect to contribute up to 25% of their eligible compensation as pre-tax or Roth contributions, as defined in the Plan. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. Participants may also contribute amounts representing rollovers from other qualified plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation.

Effective January 1, 2019, the Company adopted a safe harbor matching contribution provision whereby the Company makes matching contributions equal to 100% of each participant's elective deferrals that do not exceed 4% of each participant's compensation. Prior to January 1, 2019, the Company matched a percentage of the participant contributions equal to 40% of the first 4% of eligible compensation that a participant contributed to the Plan.

(1) Description of plan (continued)

Prior to January 1, 2015, matching contributions were made in the form of Company common stock. Subsequent to January 1, 2015, matching contributions were converted to cash contributions and participants were given the option to diversify all or a portion of their prior Company matching stock contributions. If a participant elects to diversify all or a portion of their Company matching stock contribution, they will not be able to transfer funds from other investment options back into Company stock. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) plan earnings, and charged with an allocation of administrative expenses, if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant investment account options - Participants may direct contributions to their accounts among a variety of mutual funds and a common/collective trust. The investment options currently include various stock, fixed income, stable value, and target date funds, and offer a range of risk and return characteristics.

Vesting – Participants' are immediately vested in their contributions and Company safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's non-safe harbor contributions plus actual earnings thereon is based upon years of service and is subject to the following vesting schedule:

Years of Service	Vested %
Less than 1	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more	100%

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Under the CARES Act, the available loan limit was increased to $100,000 or 100% of the participant's vested account balance. The CARES Act also delayed loan payments for a COVID-19 qualified individual for any loan outstanding on or after March 27, 2020 through December 31, 2020 and, if applicable, extends the loan for up to one year. This increased loan limit was allowed to be taken from March 27, 2020 through September 23, 2020.

(1) Description of plan (continued)

Payment of benefits - On termination of service as defined in the Plan document, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account, or a single sum payment equal to a portion of the participant's vested interest in his or her account. Participants may also withdraw amounts under certain defined conditions.

The CARES Act permits eligible participants to request special penalty-free distributions of up to $100,000 for qualifying coronavirus-related reasons. The special coronavirus-related distributions waive the 10% early withdrawal penalty and were allowed to be made between January 1, 2020 and December 31, 2020.

Forfeited accounts - At December 31, 2020 and 2019, forfeited nonvested accounts totaled $26,333 and $43,550, respectively. These accounts will be used to reduce future employer contributions. Also, for the years ended December 31, 2020 and 2019, employer contributions were reduced by $56,013 and $66,148, respectively, from forfeited nonvested accounts.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 5 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(2) Summary of significant accounting policies (continued)

Excess contributions payable - Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 excess contributions to the applicable participants prior to March 15, 2021. The Plan distributed the 2019 excess contributions to the applicable participants prior to March 15, 2020.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Certain expenses of the Plan are paid by the Company and are not included in the statements of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Transfers – In connection with certain changes in employee classification, participant accounts totaling $35,223 were transferred to the Plan from the T. Marzetti Company Hourly Employee 401(k) Plan for the Indianola Plant during the year ended December 31, 2020.

Recently issued accounting pronouncements - In 2020, the Plan adopted Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") 2018-13, "*Fair Value Measurement - Disclosure Framework (Topic 820)*". The updated guidance improves the disclosure requirements on fair value measurements and is effective for fiscal years beginning after December 15, 2019 with early adoption permitted. The adoption of ASU 2018-13 did not have a material impact on the Plan's financial statements.

(3) Nonparticipant-directed investments

Information about the net assets and the significant components of the changes in net assets relating to the nonparticipant-directed investments is as follows:

	December 31,	
	2020	**2019**

Ending balance	$ 10,829,960	$ 10,375,391

(4) Information prepared and certified by the trustees

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Bank and Charles Schwab Trust Bank ("Schwab"), the trustees of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate with respect to investments and notes receivable from participants:

- Investments at fair value
- Notes receivable from participants
- Net appreciation (depreciation) in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

(5) Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

(5) Fair value measurements (continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common stock: Valued at the closing price reported on the active market on which the individual security is traded.

Stable value common/collective trust fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts is valued at the NAV of units of the bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

(5) Fair value measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	Investments at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 80,991,962	$ -	$ -	$ 80,991,962
Common stock	10,829,960	-	-	10,829,960
Total assets in fair value hierarchy	91,821,922	-	-	91,821,922
Investments measured at NAV [(a)(b)]				6,002,184
Investments at fair value	$ 91,821,922	$ -	$ -	$ 97,824,106

	Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 65,776,169	$ -	$ -	$ 65,776,169
Common stock	10,375,391	-	-	10,375,391
Total assets in fair value hierarchy	76,151,560	-	-	76,151,560
Investments measured at NAV [(a)(b)]				3,885,211
Investments at fair value	$ 76,151,560	$ -	$ -	$ 80,036,771

(a) In accordance with Subtopic 820-10, the stable value common/collective trust fund that was measured at net asset value per share has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

(b) The stable value common/collective trust fund listed above is redeemed on a daily basis and does not have any redemption restrictions. Additionally, there are no unfunded commitments.

(6) Related party and party-in-interest transactions

Schwab has been contracted to provide certain administrative services to the Plan. Schwab also receives revenue from various Plan investments. This revenue is used to offset certain amounts owed to Schwab for the administrative services it provides to the Plan. If the revenue received by Schwab exceeds the amount owed, Schwab remits the excess back to the Plan. Such amounts are included in investment income. If the revenue received by Schwab is less than the amount owed, the Plan or the Company will make a payment to Schwab for administrative expenses not covered by the revenue sharing. Excess administrative expenses paid by the Plan during the years ended December 31, 2020 and 2019 totaled $9,182 and $3,559, respectively.

Additionally, as described in Note 2, the Plan made direct payments to Schwab related to the administration of notes receivable from participants totaling $4,125 and $15,825 for the years ended December 31, 2020 and 2019, respectively. The Company pays directly any other fees related to the Plan's operations.

(7) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

(8) Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	December 31,	
	2020	2019
Net assets available for benefits per the financial statements	$ 99,999,362	$ 82,140,872
Excess participant contributions payable	282	108
Net assets available for benefits per Schedule H of the Form 5500	$ 99,999,644	$ 82,140,980

(8) Reconciliation of financial statements to Schedule H of Form 5500 (continued)

The following is a reconciliation of the net increase per the financial statements to Schedule H of Form 5500:

	Years Ended December 31,	
	2020	2019
Net increase before plan transfers per the financial statements	$ 17,823,267	$ 13,136,388
Excess participant contributions payable - current year	282	108
Excess participant contributions payable - prior year	(108)	(100,447)
Net increase per Schedule H of the Form 5500	$ 17,823,441	$ 13,036,049

(9) Tax status

The Internal Revenue Service ("IRS") has determined that the volume submitter profit sharing plan with CODA is designed in accordance with applicable sections of the IRC and informed Thompson Reuters (Tax & Accounting) Services, Inc. of such in a letter dated March 31, 2014. The plan administrator has adopted the volume submitter profit sharing plan with CODA and believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(10) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of the coronavirus outbreak (the "COVID-19 outbreak") creating risks to the international community as the virus spread globally. On March 11, 2020, the WHO classified the COVID 19 outbreak as a pandemic, based on the rapid increase in exposure globally.

(10) Risks and uncertainties (continued)

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. The pandemic has affected global economic activity and greatly contributed to significant instability in financial markets. As a result, there has been a heightened market risk and the Plan's investment portfolio has experienced volatility in fair value in response to changing market conditions, which has been reflected within the net appreciation in fair value of investments reported in the statements of changes of net assets available for benefits.

(11) Delinquent participant contributions

Defined contribution plans are required to remit participant contributions to the Plan as soon as they can be reasonably segregated from the Company's general assets. While the Company remitted all participant contributions to the Plan, contributions of $138 and $1,531 were not remitted within the required time period for the years ended December 31, 2020 and 2019, respectively. The Company remitted the 2019 delinquent employee contributions, including lost earnings, during 2020 and is in the process of remitting the 2020 delinquent contributions.

(12) Subsequent events

The Plan has evaluated subsequent events through October 4, 2021, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
