For the year ended December 31, 2020, the Company made discretionary matching contributions equal to 25% of participant deferral. The Company also contributes 3% of each eligible participant's compensation, as defined by the Plan, as a safe harbor non-elective contribution. Participants direct the investment of contributions to their account into various investment options offered by the Plan. During the year ended December 31, 2020, the Company made matching contributions of $302,377 and safe harbor non-elective contributions of $443,547.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company matching contributions, and allocations of (a) the Company safe harbor non-elective contribution, and (b) plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their voluntary contributions and the Company safe harbor non-elective contribution portion of their account plus actual earnings thereon. Vesting in the Company matching contribution portion of their account plus actual earnings thereon is based on years of continuous service. Participants vest at a rate of 25% per year beginning with the second year of service. Participants become fully vested after five years of service.

Note 1: Description of Plan (Continued)

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 reduced by the excess of the highest outstanding balance of plan loans, or 50% of their vested account balance. The term of the loan is a maximum of five years unless the loan is for the purchase of a primary residence for which the maximum term is 15 years. The notes are secured by the balance in the participant's account and bear interest, as determined by the plan administrator, at a rate comparable to the rates being charged by lending institutions in the same geographic locale as the Company. A note will carry the same rate of interest throughout its term. Interest rates on existing notes at December 31, 2020, range from 5.25% to 7.50%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service, death, disability, or retirement a participant may receive the value of the vested interest in his or her account as a lump sum distribution. The Plan also allows for in-service distributions upon attaining age 59 1/2.

Effective January 1, 2019, the Bipartisan Budget Act of 2018 (the "Act") provided new hardship withdrawal provisions. The Act lifted several restrictions relating to hardship withdrawals, including the elimination of the suspension period for making contributions to the Plan after a hardship withdrawal was taken, elimination of the requirement to exhaust plan loans available before taking a hardship withdrawal, and the inclusion of earnings accrued on elective deferrals when determining the allowable amount of the hardship withdrawal. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Hardship withdrawals are available if the participant meets certain criteria.

Forfeitures

At December 31, 2020 and 2019, forfeited nonvested accounts totaled $7,872 and $2,622, respectively. These accounts will be used to reduce future Company contributions or to pay administrative expenses of the Plan in accordance with the plan document. Also, during the year ended December 31, 2020, Company contributions were reduced by $6,332 from forfeited nonvested accounts.

Coronavirus Aid, Relief, and Economic Security Act

The Plan has adopted certain provisions of the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") that was signed into law on March 27, 2020, which were immediately available. The Plan intends to formally execute the required plan amendments for these provisions by the last day of the plan year beginning on or after January 1, 2022.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent participant notes receivable are recorded as benefit payments on the basis of the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are allocated proportionately to Plan participants based on their respective account balances and are included in net investment income.

Subsequent Events

The Plan has evaluated subsequent events through September 29, 2021, which is the date the financial statements were available to be issued.

Note 3: Information Prepared and Certified by the Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments at fair value, non-interest bearing cash, and notes receivable from participants held at December 31, 2020 and 2019, and net investment income and interest income on notes receivable from participants for the year ended December 31, 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

Note 4: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019.

Mutual funds and money market fund: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

Common collective trust fund*:* Valued daily by the underlying trustee by subtracting total liabilities from total assets and dividing the remainder by the number of units outstanding.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4: Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds and money market fund	$ 22,323,211	$ -	$ -	$ 22,323,211
Self-directed brokerage accounts	779,279	-	-	779,279
Common collective trust fund	-	1,059,497	-	1,059,497
Total investments at fair value	$ 23,102,490	$ 1,059,497	$ -	$ 24,161,987

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds and money market fund	$ 20,987,439	$ -	$ -	$ 20,987,439
Common collective trust fund	-	667,655	-	667,655
Total investments at fair value	$ 20,987,439	$ 667,655	$ -	$ 21,655,094

Note 5: Related-Party Transactions and Party-in-Interest Transactions

Certain plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company served as the trustee for the year ended December 31, 2020, therefore, transactions with this institution qualify as party-in-interest transactions. In addition, the Plan pays an affiliate of Fidelity Management Trust Company and certain other companies for record keeping and other administrative services to the Plan. Fees incurred and paid by the Plan for these services were $92,880 for the year ended December 31, 2020.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions.

Note 7: Tax Status

The Plan has adopted a volume submitter plan, which obtained a favorable advisory letter from the United States Treasury Department dated June 30, 2020, stating that the form of the volume submitter plan, as then designed, is acceptable under Section 401 of the Internal Revenue Code (IRC), and is therefore exempt from Federal income taxes. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2020 and 2019, to Form 5500:

	2020	2019
Net assets available for benefits per the financial statements	$ 24,808,165	$ 22,233,678
Company contributions receivable	(450,366)	(389,458)
Net assets available for benefits per the Form 5500	$ 24,357,799	$ 21,844,220

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the net income per the Form 5500 for the year ended December 31, 2020:

	2020
Net increase in net assets available for benefits per financial statements	$ 2,574,487
Less: Change in contributions receivable	(60,908)
Net income per Form 5500	$ 2,513,579

The Form 5500 is prepared on the cash basis of accounting and the financial statements on the accrual basis.
