1. PLAN DESCRIPTION

The following description of the HemaCare Corporation 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering eligible employees who are at least 18 years of age and have been employed for at least one month by HemaCare Corporation (the "Company" and the "Plan Sponsor"). In addition, employees must be employed on the last day of the Plan year to be eligible for discretionary Company matching and non-elective contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

On January 3, 2020, the Company was acquired by Charles River Laboratories International, Inc. Effective January 1, 2021, employees of the Company could enroll into the Charles River Laboratories, Inc. Savings/Plus Plan and could no longer contribute to the Plan. Effective February 1, 2021, the Plan was merged into the Charles River Laboratories, Inc. Savings/Plus Plan and accordingly, all assets were transferred into the Charles River Laboratories, Inc. Savings/Plus Plan.

Participant Contributions – Prior to December 31, 2020, participants could make pretax and Roth contributions up to 75 percent of annual compensation, as defined in the Plan and subject to the maximum permitted under the Plan and Internal Revenue Code ("IRC") limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an automatic enrollment provision that all newly eligible employees are automatically enrolled at a deferral rate of six percent of eligible compensation. Participants with a deferral rate greater than zero will have their deferral rate increased annually by one percent up to 18 percent of eligible compensation, as defined by the Plan.

Company Contributions - The Plan allowed for the Company to make discretionary matching contributions, discretionary non-elective contributions, and qualified non-elective contributions ("QNEC"). No discretionary contributions were made for the period ended January 31, 2021. For the year ended December 31, 2020, the Company made discretionary matching contributions totaling $200,368. The Company did not make any discretionary matching, non-elective contributions or QNEC for the period ended February 1, 2021 or for the year ended December 31, 2020.

Participant Accounts - Each participant's account is credited with the participant's contributions and Company discretionary matching contributions, as well as allocations of Plan earnings and Company discretionary non-elective contributions or QNEC, if any, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits - When eligible, participants may elect to receive a lump-sum distribution for the value of the vested interest in his or her account, in accordance with the Plan.

Vesting - Participants are vested immediately in their contributions and QNEC, plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts is based on years of service. Participants vest in discretionary Company contributions at a rate of 20 percent per year of service and are fully vested after five years, as defined in the Plan.

Forfeitures - Forfeitures of discretionary Company contributions may be used to pay Plan administrative expenses and reduce future Company contributions. Forfeitures of $38 were used to pay Plan administrative expenses during the year ended December 31, 2020. During the period ended February 1, 2021, forfeitures of $40,961 were transferred to the Charles River Laboratories, Inc. Savings/Plus Plan and as of December 31, 2020, there were $40,910 of forfeitures available for future use.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, primarily from data provided by to Fidelity Management Trust Company ("Trustee").

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments are valued daily. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recognized on the accrual method. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses - Certain administrative expenses incidental to the administration of the Plan, including fees of the Trustee and independent qualified public accountants, may be paid by the Plan. Administrative expenses not paid by the Company are paid by the Plan.

Most investment options have fees that reduce the overall return on assets. The net appreciation of investments is reflected net of these fees and net depreciation is inclusive of these fees.

Benefits Payable to Participants - Benefits are recorded when paid.

Recent Accounting Pronouncements - In August 2018, the Financial Accounting Standards Board issued the Accounting Standards Update ("ASU") No. 2018-13, *Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*.

This ASU removes the requirements to disclose the amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy, the policy for timing of level transfers, the valuation processes for Level 3 fair value measurements, and the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period. This ASU also modified existing disclosure requirements that in lieu of a rollforward for Level 3 fair value measurements, a nonpublic entity is required to disclose transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities. In addition, this ASU requires for investments in certain entities that calculate net asset value to disclose the timing of liquidation of an investee's assets and the date when redemption restrictions might lapse, only if the timing was communicated to the entity or publicly announced, and disclose information on measurement uncertainty as of the reporting date. The amendments in this ASU are effective for fiscal years beginning after December 15, 2019. All amendments, with the exception of the disclosures on measurement uncertainty information, which should be applied prospectively for only the most recent annual period presented in the initial year of adoption, should be applied retrospectively. The Plan adopted this ASU for the year ended December 31, 2020 and it did not have a material impact on the financial statements.

3. FAIR VALUE

The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at February 1, 2021 and December 31, 2020 and 2019.

Mutual Funds – This category consists of publicly traded funds of registered investment companies. The net asset value ("NAV") of the mutual fund's shares is quoted on the exchange where the fund is traded and therefore classified as Level 1 within the valuation hierarchy.

Wilmington Trust Galliard Retirement Income Fund – The Wilmington Trust Galliard Retirement Income Fund, held in a common collective trust ("CCT"), is valued at the NAV of units of a bank collective trust. The NAV, as provided by the fund's trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The CCT does not have any unfunded commitments relating to its investments, or any significant restrictions on redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.

As a result of the Plan merger, all assets were transferred out of the Plan as of February 1, 2021. The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

Investments at Fair Value as of December 31, 2020

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 10,685,055	$ -	$ -	$ 10,685,055
Investments in the fair value hierarchy	$ 10,685,055	$ -	$ -	$ 10,685,055
Investments measured at NAV practical expedient				102,493

Investments at Fair Value as of December 31, 2019

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 8,718,541	$ -	$ -	$ 8,718,541
Investments in the fair value hierarchy	$ 8,718,541	$ -	$ -	$ 8,718,541
Investments measured at NAV practical expedient				68,066
Investments at fair value				$ 8,786,607

4. FINANCIAL DATA CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified as complete and accurate by the Trustee and was not subjected to any auditing procedures performed by the independent public accountants:

a. Investments, at fair value and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of February 1, 2021 and December 31, 2020 and 2019.

b. Net appreciation of investments, dividend income on investments, interest income on notes receivable from participants, and net depreciation of investments as shown in the accompanying statement of changes in net assets available for benefits for the period ended February 1, 2021 and for the year ended December 31, 2020.

c. Investments and participant loans as listed in the accompanying Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2020.

5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has affected, and may continue to affect, the market price of Plan assets. While the potential economic impact brought by, and the duration of, COVID-19 may be difficult to assess or predict, a widespread pandemic could result in significant disruption of global financial markets. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted.

6. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. The Plan was merged into the Charles River Laboratories, Inc. Savings/Plus Plan effective February 1, 2021.

7. PARTY-IN-INTEREST TRANSACTIONS

Transactions with the Trustee qualify as party-in-interest transactions for which exemptions exist. During the year ended December 31, 2020, the Trustee received $44,032 for administration fees, of which $43,994 were paid by the participants through the Plan and $38 were paid from forfeitures. During the period ended February 1, 2021 and the year ended December 31, 2020, the Trustee received indirect compensation from investments based on a formula. In addition, the Plan utilizes an investment advisor who received direct compensation of $3,000 for period ended February 1, 2021 and $12,000 for the year ended December 31, 2020.

8. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum, equal to the lesser of $50,000 less the highest outstanding loan balance during the prior 12 months or 50 percent of their vested account balance. The loan interest rate is set at a reasonable rate as determined by the plan administrator, as defined in the Plan. The loans are stated at the unpaid principal amount and are secured by the balance in the participant's account. Principal and interest is paid ratably through payroll deductions.

9. TAX STATUS

The Company adopted a volume submitter plan which is the subject of a favorable tax opinion letter from the IRS dated March 31, 2014. The Company routinely self-reviews the administration of the Plan and self-corrects any compliance issues in accordance with the Employee Plans Compliance Resolution System. The Company believes that the Plan currently is being operated in compliance with the applicable requirements of the IRC and, accordingly, the plan administrator believes that the Plan is exempt from income taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
