SUMSION CONSTRUCTION 401(K) PLAN

Notes to the Financial Statements

For the Years Ended December 31, 2020 and 2019 (As Compiled)

1. DESCRIPTION OF THE PLAN

The following description of the Plan is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The plan became effective as of March 15, 2014.

General

The Plan is a defined contribution plan covering employees who have completed three months of service and are twenty-one years of age or older. Eligible employees are automatically enrolled in the plan the month after a participant first becomes eligible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, plan participants may contribute any amount up to IRS limits of pretax annual compensation, as defined in the Plan. In addition, participants over age 50 may contribute an additional amount as specified by IRS guidelines. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans. The Company contributes 401(k) match contributions of 50 percent of elective employee deferrals that do not exceed 6 percent of compensation. Contributions are subject to IRS limitations.

Vesting

Participants are vested immediately in their contributions and rollovers from other plans. Participants are vested in the employer contribution portion of their accounts based on periods of continuing service. A participant is 100% vested after five periods of service. Please see the Plan document for additional information about periods of service. The account vests equally over periods one through five of the vesting period.

Participant Accounts

Each participant's account is credited with the (a) participant's contribution and (b) allocations of the Company's contribution. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Notes to the Financial Statements

For the Years Ended December 31, 2020 and 2019 (As Compiled)

1. DESCRIPTION OF THE PLAN (Continued)

Notes Receivable From Participants

Participants may borrow from their accounts the lesser of (a) \$50,000 reduced by the highest outstanding loan balance of loans during the one-year period ending on the day before the new loan is made or (b) the greater of (1) or (2), reduced by (3) below: (1) One-half of the Member's Vested Account, (2) \$10,000, (3) Any outstanding loan balance on the date the new loan is made. The amount of such loan cannot exceed 50% of the amount of the Member's Vested Account reduced by any outstanding loan balance on the date the new loan is made. The minimum amount of any loan is \$1,000.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Notes receivable from participants are exempt party-in-interest transactions.

Investment Options

Upon enrollment in the Plan, a participant may direct their contributions in any of the investments offered by the Plan. Unless limited by restrictions imposed by individual investment options and subject to redemption fees, participants may change their investment options on a daily basis.

Benefit Payments

On termination of service, disability, retirement, or death, a participant will receive a lump-sum amount equal to the vested value of his or her account on the distribution date. This amount can be paid directly to an account of the participant's choice or rolled over to an eligible retirement plan. Under certain circumstances, including financial hardship, participants may withdraw their contributions prior to occurrence of the events. The plan administrator determines financial hardship.

Forfeitures

During the plan years ended December 31, 2020 and 2019, the value of forfeited non-vested accounts was \$0. Forfeitures are permitted to be used to reduce future Plan Sponsor contributions or to pay qualified Plan administrative expenses. For the year ended December 31, 2020 and 2019, **\$10,499** and \$10,791, respectively, of forfeitures were used to reduce Plan Sponsor contributions and to pay qualified Plan administrative expenses.

COVID-19 Uncertainties

The COVID-19 pandemic could have an impact on the Plan operating results going forward. The management of the Plan is unable to predict the ultimate impact at this time.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Sumsion Construction (the Company or the Employer) 401(k) Plan (the Plan)'s financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Revenue Recognition

The Plan's investments are stated at fair value. Shares of mutual funds are valued at net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividend income is accrued on the ex-dividend date. Net appreciation includes the Plan's realized and unrealized gains and losses on investments bought and sold as well as held during the year.

In general, these securities are exposed to various risks and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the accompanying statements of net assets available for benefits.

Contributions Receivable and Allowance for Doubtful Accounts

Employee contributions which are withheld through payroll deductions and have not been credited to the participant accounts as of the end of the fiscal year are recorded as contributions receivable. An allowance for doubtful accounts is not considered necessary.

Notes Receivable from Participants

The notes receivable from participants are valued at their outstanding balances plus any accrued but unpaid interest, which approximate fair value. Interest income is recorded on the accrual basis. Related fees are charged to the participant's account as administrative expenses and are expensed when they are incurred. Delinquent notes receivable are reclassified as distributions based upon terms of the Plan document.

Operating Expenses

The Plan and Plan Sponsor pay a portion of the costs of administering the plan.

SUMSION CONSTRUCTION 401(K) PLAN

Notes to the Financial Statements

For the Years Ended December 31, 2020 and 2019 (As Compiled)

3. TAX STATUS

The Plan is set up as a prototype plan, which the Internal Revenue Service has advised qualifies under Section 401(k) of the Internal Revenue Code and is, therefore, exempt from federal income taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. INVESTMENTS

Unaudited Information Certified by the Plan Trustee

The December 31, 2020 and 2019 Statement of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by Principal Life Insurance Company and Principal Trust Company, the trustees, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate with respect to investments and notes receivable from participants:

- Investments - at fair value
- Contract value of the guaranteed investment contract
- Notes receivable from participants
- Interest income from notes receivable from participants
- Interest and dividend income
- Net appreciation in fair value of investments
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

Fair Value Measurements

FASB Accounting Standards Codification (ASC 820) Fair Value Measurements and Disclosures establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value of a financial instrument is the amount that would be received to see an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). Accordingly, when market observable data is not readily available, the Plan's own assumptions are set to reflect those that market participants would be presumed to use in pricing the asset or liability at the measurement date. Financial assets and financial liabilities recorded in the statement of net assets at fair value are categorized based on the reliability of inputs to the valuation techniques as follows:

Level 1 – Financial assets and financial liabilities whose values are based on unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access. Examples include prices derived from NYSE, NASDAQ, Chicago Board of Trade, and Pink Sheets.

Level 2 – Financial assets and financial liabilities whose values are based on (a) quoted prices for similar assets or liabilities in active markets, (b) quoted prices for identical or similar assets or liabilities in non-active markets, or (c) valuation models whose inputs are observable, directly or indirectly, for substantially the full term of the asset or liability. Examples include matrix pricing, market corroborated pricing, and inputs such as yield curves and indices.

Level 3 – Financial assets and financial liabilities whose values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. These inputs reflect the Plan's estimates of the assumptions that market participants would use in valuing the financial asset and financial liabilities. Examples include investment manager pricing for price placements, private equities, hedge funds, etc.

The Plan uses prices and inputs that are current as of the measurement date, including during periods of market disruption. In period of market disruption, the ability to observe prices and inputs may be reduced for many instruments. This condition could cause an instrument to be reclassified from Level 1 to Level 2 or from Level 2 to Level 3.

4. INVESTMENTS (Continued)

Fair Value Measurements (Continued)

Fair values of investments measured on a recurring basis at December 31, 2020 are as follows:

	Fair Value Measurements at Reporting Date Using:			
	Fair Value	Level 1	Level 2	Level 3
<u>December 31, 2020</u>				
Mutual funds	\$ 1,735,110	\$ 1,735,110	\$ -	\$ -
Total	\$ 1,735,110	\$ 1,735,110	\$ -	\$ -
<u>December 31, 2019</u>				
Common collective trust (a)	\$ 1,019,768	\$ -	\$ -	\$ -
Pooled separate accounts (a)	260,351	-	-	-
Total	\$ 1,280,119	\$ -	\$ -	\$ -

(a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

5. NET ASSET VALUE PER SHARE

The Plan's investments listed in the table below are stated at net asset value or its equivalent, which is the practical expedient for estimating the fair value of those investments.

	Fair Value Estimated Using Net Asset Value per Share:				
		Unfunded	Redemption	Other	Redemption
Assets	Total	Commitment	Frequency	Restrictions	Notice Period
December 31, 2019					
Collective investment trust	\$ 1,019,768	\$ -	Daily	None	None
Pooled separate accounts	260,351	-	Daily	(a)	None
Total	\$ 1,280,119	\$ -			

(a) Certain investments in this category only allow 1 transfer within a 30 day period.

6. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Company contributions and investments are held and managed by Principal, the Plan's custodian, which invests cash received, interest and dividend income, and makes distributions to participants. Therefore, these transactions are considered exempt party-in-interest transactions. The Custodian also administers the payment of interest and principal on the notes receivable from participants, which is reimbursed to the Custodian through contributions as determined by the Company. Notes receivable from participants would also be considered exempt party-in-interest transactions.

SUMSION CONSTRUCTION 401(K) PLAN

Notes to the Financial Statements

For the Years Ended December 31, 2020 and 2019 (As Compiled)

6. EXEMPT PARTY-IN-INTEREST TRANSACTIONS (Continued)

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain administrative expenses paid to the Custodian qualify as exempt party-in-interest transactions and totaled **\$27,649** for the period ended December 31, 2020. All other administrative expenses are paid by the Company, a party-in-interest, for the periods ended December 31, 2020.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. MANAGEMENT'S REVIEW OF SUBSEQUENT EVENTS

Management has evaluated subsequent events through the date of this report, which is the date the financial statements were available to be issued. No events have occurred subsequent to December 31, 2020 requiring recording or disclosure in these financial statements.
