NOTES TO FINANCIAL STATEMENTS

**Period January 1, 2021 through January 29, 2021 (Date of Plan Merger)
and Year Ended December 31, 2020**

NOTE 1 - DESCRIPTION OF PLAN

The following description of the ProHealth Medical Inc. 401(k) Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

The Plan, which was established on December 31, 1992, is classified as a defined-contribution plan, covering all employees of ProHealth Medical, LLC; Procure Consulting, Inc.; ProHealth Pharmacy Solutions, Inc. (entities related by common control and collectively referred to as the “Company”/“Employer”) with at least 250 hours of service within three consecutive months from the date of hire, or with one year of service, defined as working at least 1,000 hours during the 12-month period immediately following the date of hire. The purpose of the Plan was to reward eligible employees of the Company for long and loyal service by providing them with retirement benefits. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Plan Merger

The Employer had the right, under the Plan, to terminate the Plan subject to the provisions of ERISA. In October 2020, the Plan elected to be merged into the CarepathRx 401(k) Plan. The Employer notified participants that effective January 1, 2021 all future contributions would be into the CarepathRx 401(k) Plan and that the merger of the Plan into the CarepathRx 401(k) Plan would occur during the first quarter of 2021. As part of the merger, all assets of the Plan, including receivables, were transferred to the CarepathRx 401(k) Plan effective January 29, 2021 and the Plan ceased to exist.

Contributions

Each year, participants could contribute a percentage or a specific dollar amount of their pre-tax or after-tax (Roth) annual compensation, as defined in the Plan. The Plan included a Safe Harbor provision. Under this provision, the Company made Safe Harbor contributions of 100% of deferrals up to 3% of pre-tax compensation, as defined in the Plan, measured on an annual basis. In addition, the Company could also make additional discretionary matching contributions, as well as profit-sharing contributions, as defined in the Plan. Employees must have been employed on the last day of the applicable Plan year to be eligible to receive discretionary Employer contributions. During the period ended January 29, 2021 and the year ended December 31, 2020, the Company did not make any additional discretionary contributions to the Plan.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Participant Accounts

Under the Plan, a separate account was maintained for each participant. Each participant's account was credited with the participant's elective deferral contribution and allocations of the Company's contribution, as well as investment gains and interest/dividends earned, and were charged with an allocation of investment losses and administrative expenses. Allocations were based on participant earnings or account balances, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's account.

Investment Options

Upon enrollment in the Plan, participants could elect to have their employee and Employer contributions, and related earnings thereon, allocated to one or more pooled separate accounts, and an insurance company general account held with Minnesota Life Insurance Company (the "Plan Custodian").

Forfeited Accounts

Forfeitures of terminated participants' non-vested accounts were used to reduce Company contributions otherwise payable for the Plan year in which such forfeitures arose, and for each succeeding Plan year, if necessary, until such forfeitures have been exhausted. At December 31, 2020 and 2019, there were approximately \$1,900 and \$-0- of forfeited, non-vested accounts, respectively. During the period ended January 29, 2021 and the year ended December 31, 2020, no forfeitures were used to offset Employer contributions.

Participants Notes Receivable

Participants could borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or one-half of their vested account balance. Participant notes receivable transactions were treated as a transfer to (from) the Investment Fund from (to) the Participant Notes Receivable Fund. Participants could not have more than two notes receivable outstanding from the Plan at the same time. The notes were collateralized by the balance in the participant's account and bore interest at a rate commensurate with local prevailing rates, as determined by the Plan administrator, by reviewing the interest rates charged for similar types of loans by other lenders. Principal and interest were paid ratably through monthly payroll deductions, generally repaid over a period of five years from the date of the loan.

Participant notes receivable were recorded at their unpaid balance, plus accrued but unpaid interest. If collection of participants' notes was deemed doubtful, the amount was recognized as a distribution in the period the determination was made.

NOTE 1 - DESCRIPTION OF PLAN (Continued)**Vesting**

Participants were immediately vested in their voluntary contributions, Employer Safe Harbor contributions, rollover contributions, plus actual earnings thereon. Vesting in the remainder of their accounts was based on years of continuous service.

Employer discretionary matching and profit-sharing contributions vested as follows:

Years of Service	Percentage Vested
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Administrative Expenses

Certain administrative expenses were paid directly by the Employer at its discretion and were not reimbursed by the Plan. Investment fees, commissions, and related expenses were included in net change in fair value of investments in these financial statements. Plan administration costs charged to the Plan for the period ended January 29, 2021 and the year ended December 31, 2020, were approximately \$1,200 and \$6,000, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Contributions

Company contributions to the Plan were recorded in the period in which they become obligations of the Company.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Payment of Benefits

Benefits were recorded when paid.

Investment Valuation and Income Recognition

The Plan's investments include pooled separate accounts, which were stated at fair value, and an insurance company general account with the Plan Custodian, which was stated at contract value.

Investments held in pooled separate accounts were recorded at their reported net asset value ("NAV"), which was computed based on the estimated fair value of the funds' underlying securities, less any fund liabilities. Valuation methods used by the Plan Custodian were based on quoted market prices, as well as quotes from pricing services and brokers.

Purchases and sales of marketable securities were reflected on a trade-date basis, and interest income was recorded as earned on an accrual basis. Dividends were recorded on the ex-dividend date. The net appreciation in the fair value of the Plan's investments include the Plan's gains and losses on investments bought and sold, as well as the unrealized gains and losses on those investments that were held at the end of the period/year.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments held by a defined-contribution plan are required to be reported at fair value, except for that portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts (see Note 3). Contract value was deemed to be the relevant measurement attribute for those contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions and reinvested income, less any withdrawals, plus accrued interest.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Information Certified by the Plan Custodian

The Plan Custodian held the Plan's investments and executed all investment transactions. All investment and participant notes receivable information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at January 29, 2021 and December 31, 2020, net appreciation in fair value of investments, and interest for the period January 1, 2021 through January 29, 2020 (date of Plan Merger) and for the year ended December 31, 2020, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Plan Custodian.

Subsequent Events

In preparing these financial statements, the Employer has evaluated events and transactions for potential recognition through October 5, 2021, the date the financial statements were available to be issued.

NOTE 3 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Minnesota Life Guaranteed Return Account (the "Guaranteed Return Account"), which is an insurance company general account, is designed to offer a safe investment with predictable performance. The Guaranteed Return Account assets are invested in the general assets of the Plan Custodian, which are predominantly high-quality, fixed-income investments, including bonds, mortgages, and private placements. The Plan Custodian established the rates for funds invested in the general account, which could change periodically.

This contract met the fully benefit-responsive investment contract criteria and, therefore, was reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the issuer, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due was dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations could have been affected by future economic and regulatory developments. There were no reserves against contract value for credit risk of the contract issuer or otherwise.

Withdrawals influenced by the Company's initiated events, such as reallocation of investments, may have resulted in a distribution at other than contract value, and were subject to certain restrictions.

NOTE 4 - FAIR VALUE MEASUREMENT

The fair value of financial instruments is presented based upon a hierarchy of levels that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy, under Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") 820-10 are described as follows:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2** Inputs to the valuation methodology that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following tables present investments measured at fair value on a recurring basis as of December 31, 2020 and December 31, 2019:

	December 31, 2020			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 5,221,785	\$ -	\$ 5,221,785
Total investments at fair value	<u>\$ -</u>	<u>\$ 5,221,785</u>	<u>\$ -</u>	<u>\$ 5,221,785</u>
December 31, 2019 (unaudited)				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 6,581,620	\$ -	\$ 6,581,620
Total investments at fair value	<u>\$ -</u>	<u>\$ 6,581,620</u>	<u>\$ -</u>	<u>\$ 6,581,620</u>

There were no transfers of investment classifications between Level 1 and Level 2 during the period ended January 29, 2021 and during the year ended December 31, 2020.

NOTE 5 - INCOME TAX STATUS

The Plan was designed to be a qualified trust under Section 401 of the Internal Revenue Code (“IRC”) and is subject to the provisions of ERISA. The Plan adopted a volume submitter profit sharing plan prepared and maintained by the Plan Custodian. The Plan Custodian received a favorable determination letter dated March 31, 2014 from the Internal Revenue Service (“IRS”). The Plan administrator believes that the adopted and amended Plan was designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan’s accompanying financial statements.

NOTE 6 - CARES ACT

On March 27, 2020, congress signed into law Section 2202 of the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act which provided plan sponsors the option of adopting, among other things, temporary provisions that would ease certain restrictions on taking of plan distributions and expanded permissible loans.

As of March 30, 2020, the Plan operationally adopted modified distribution options in which qualified participants could withdraw up to \$100,000 from their vested balance. These distributions were not subject to the 10% early distribution penalty and the income tax associated with the distribution may be paid ratably over a three-year period. The Plan also operationally adopted loan provisions which increased temporarily the maximum loan which a participant could borrow to the lesser of \$100,000 or 100% of their vested account balance. Additionally, any loan payment on a new or existing loan due between April 1, 2020 and December 31, 2020 could be delayed up to a year without risk of default, which interest will still accrue. These CARES Act provisions were temporary and expired as of December 31, 2020.

These provisions were extended to any Plan participants regardless of age and employment status as long as they have been diagnosed with COVID-19 or have a spouse or dependent diagnosed with COVID-19 or have experienced adverse financial consequences as a result of being quarantined, furloughed, laid off, having to work reduced hours due to the virus, or being unable to work due to lack of childcare due to the virus or business closure. These special distribution provisions expired on December 31, 2020.

The Plan has until December 31, 2022 to formally amend the Plan and adopt these provisions of the CARES Act.
