NOTE 1. DESCRIPTION OF THE PLAN

The following description provides only general information on the provisions of Applied Systems, Inc. Retirement Savings Plan (the Plan). Participants should refer to the summary plan description for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution retirement plan covering substantially all full-time and part-time employees of Applied Systems, Inc. and SEMCAT Corp. (collectively, the Company) under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Benefits under the Plan are not insured by the Pension Benefit Guaranty Corporation.

Eligibility and Participation - Employees who are not otherwise excluded from the Plan, are eligible to participate in the Plan on the date of hire. New employees who participate in the Plan and do not make alternative elections are automatically enrolled at a 5% contribution rate, and contributions are invested in a default investment account until changed by the participant.

Contributions - Participants may elect to contribute up to a maximum of 100% of their pre-tax compensation as defined by the Plan, subject to certain IRC limitations. Salary deferrals may be designated as (after-tax) Roth deferrals by participants. For the year ended December 31, 2020, the Company made matching contributions to participants who met allocation conditions of the Plan, in an amount equal to 30% of the first 10% of elective deferrals that each participant contributed to the Plan. For the year ended December 31, 2019, the Company made matching contributions to participants who met allocation conditions of the Plan, in an amount equal to 25% of the first 12% of elective deferrals that each participant contributed to the Plan. Participants may also roll over amounts representing distributions from other qualified retirement plans.

The Plan allows the Company to make additional discretionary profit sharing contributions to the Plan. Such contributions, if any, are determined as a uniform percentage of compensation for all eligible participants. There were no discretionary contributions for the years ended December 31, 2020 and 2019.

Participant Accounts - Individual accounts are maintained for each participant to reflect the participant's contributions and Company matching contributions, as well as allocations of investment earnings or losses and administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

Investments - Participants may direct contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a benefit-responsive insurance contract as investment options for participants. Participants must evaluate their own investment goals and objectives and choose investments best suited to achieve those goals and objectives. Poor investment performance by the investments selected by the participants may cause their vested balances to be lower than the amounts contributed to the Plan on their behalf.

Vesting - Participants are fully vested in their pre-tax contributions. Employer matching contributions are vested when the participant has completed three years of vesting service. In the event that an eligible participant passes away or becomes disabled while still employed, a participant will become 100% vested. The portion of the employer matching contribution that is vested is as follows:

Years of Service	Vesting Percentage
1	20%
2	40%
3	100%

Benefits - Upon termination of service due to death, disability or retirement after age 59½, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in the account, or annual periodic installments if the participant's account balance exceeds $5,000 over a period selected by the participant not to exceed the participant's life expectancy.

Participants in service may make hardship withdrawals from their vested contributions upon demonstrating immediate and heavy financial need, as allowed under federal rules.

Notes Receivable from Participants - Participants may borrow from their accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. A participant may have only one outstanding note at any time. Loan terms can range up to 60 months, unless used to purchase a primary residence, in which case the repayment period may not extend beyond 15 years from the date of the loan. The interest rate is determined by the Plan Administrator based on prevailing market conditions and is fixed over the life of the note. The interest rate on outstanding participant notes as of December 31, 2020 and 2019 ranged from 5.25% to 7.50%. Principal and interest are repaid ratably by the participants through payroll deductions.

Forfeitures - Included in net assets available for benefits are forfeited nonvested accounts of $64,980 and $61,223 as of December 31, 2020 and 2019, respectively. For the year ended December 31, 2020, forfeitures reduced employer contributions and expenses by $50,000 and $42,384 respectively. For the year ended December 31, 2019, forfeitures reduced employer contributions and expenses by $53,677 and $51,587 respectively.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments - The investments of the Plan are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan. For all other investments, the fair value of a financial instrument is the amount that would be received to sell that asset (or paid to transfer a liability) in an orderly transaction between market participants at the measurement date (the exit price). Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of either December 31, 2020 or 2019. Related fees are recorded as administrative expenses when incurred. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Payment of Benefits - Benefit payments to participants are recorded upon distribution. There were no participants who elected to withdraw from the Plan but were not yet paid at either December 31, 2020 or 2019.

Expenses - Participants were charged an annual fee of $170 through September 30, 2019, and an annual fee of $117 thereafter. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Certain investment related expenses are in net appreciation of fair value of investments.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Subsequent Events - Subsequent events have been evaluated through October 8, 2021, which is the date the financial statements were available to be issued.

NOTE 3. FAIR VALUE MEASUREMENTS

The *Fair Value Measurements and Disclosures* Topic of the FASB Accounting Standards Codification established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The following provides a description of the three levels of the fair value hierarchy.

Basis of Fair Value Measurement

Level 1	Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities
Level 2	Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly
Level 3	Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable

The Plan's investments in mutual funds are classified within Level 1 of the fair value measurement hierarchy. The fair values of the mutual funds are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value on the last business day of each period presented.

NOTE 4. INFORMATION CERTIFIED BY THE TRUSTEE AND CUSTODIAN (UNAUDITED)

The Plan Administrator has obtained certifications from Reliance Trust Company (Trustee) and Massachusetts Mutual Life Insurance Company (Custodian) that the following information regarding the Plan's investments as of and for the years ended December 31, 2020 and 2019 is complete and accurate:

	2020	2019
Investments:		
Mutual funds - at fair value	$ 125,705,579	$ 103,342,020
Guaranteed investment contract - at contract value	$ 14,712,598	$ 12,568,125
Receivables:		
Notes receivable from participants	$ 1,544,947	$ 1,450,751
Investment income:		
Net appreciation in fair value of investments	$ 15,389,510	$ 15,649,026
Dividends	$ 3,853,172	$ 4,642,822
Interest on guaranteed investment contract	$ 416,713	$ 374,339
Interest on notes receivable from participants	$ 102,917	$ 89,275

NOTE 5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a benefit-responsive group annuity contract with Massachusetts Mutual Life Insurance Company (MassMutual). MassMutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The average yield and crediting interest rates were 3.06% and 3.01% for the years ended December 31, 2020 and 2019, respectively.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value. Such events include but may not be limited to the following: (1) temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the Plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the Plan sponsor's business; (5) removal from the Plan of one or more groups or classifications of participants; (6) partial or complete Plan termination; or (7) Plan disqualification. Plan administration believes the occurrence of such events that would limit the Plan's ability to transact at contract value is not probable.

NOTE 6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits.

NOTE 7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in the Company contribution portion of their account.

NOTE 8. TAX STATUS

The Company adopted a volume submitter prototype plan. The Plan is not required to receive a determination letter directly from the Internal Revenue Service, and therefore, the Plan has not received a determination specific to the Plan itself. However, the Company and the Plan Administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require the Plan to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are held by MassMutual, the Custodian of the Plan. Therefore, these transactions qualify as party-in-interest transactions.

MassMutual provides certain administrative services to the Plan pursuant to a service agreement. Administrative services are primarily paid through the quarterly administrative fee charged to participants.

NOTE 10. REVENUE SHARING ARRANGEMENT

The Plan maintains a revenue sharing arrangement with MassMutual. Under the terms of the agreement, excess revenue is used to pay certain investment fees of the Plan. Unused amounts at year end are rebated to Plan participants.

The Plan received $55,000 in excess revenue during each of the years ended December 31, 2020 and 2019. During the year ended December 31, 2020, approximately $42,380 was used to pay administrative expenses of the Plan and approximately $12,620 was rebated to participant accounts. During the year ended December 31, 2019, approximately $52,425 was used to pay administrative expenses of the Plan and approximately $2,690 was rebated to participant accounts. Revenue sharing income is netted with administrative expenses or included in net appreciation in fair value of investments, as applicable.

NOTE 11. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The financial statements have been prepared using the accrual basis of accounting, while the Plan's 5500 has been prepared on the modified cash basis of accounting. The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	2020	2019

Add - accrued dividends at beginning of year	14,292
Dividends per the Form 5500	$ 3,852,148

NOTE 12. IMPACT OF COVID-19 AND NEWLY ENACTED LEGISLATION

As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen which are likely to negatively impact the Plan, though the potential impact and duration is unknown as of the date of the financial statements were available to be issued.

Several major legislative relief packages were enacted in response to the coronavirus outbreak, containing numerous tax, emergency funding and other regulatory provisions affecting retirement plans. The Plan authorized changing loan and distribution administrative procedures as allowed by the Coronavirus Aid, Relief, and Economic Security Act (CARES Act). The Plan continues to evaluate the impact of newly enacted legislation on its provisions, operations and cash flows.

NOTE 13. SUBSEQUENT EVENT

Pursuant to an acquisition, another qualified plan was merged into the Plan effective January 1, 2021. As a result, participant accounts totaling approximately $577,000 were transferred to the Plan in January 2021.
