NOTE 1. DESCRIPTION OF PLAN

The following description of The Garibaldi Company 401(k) Profit Sharing Plan and Trust (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who have one year of service (minimum 1000 hours of service) and have attained the age of twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The participants may contribute up to the maximum allowed by law of pretax annual compensation, as defined in the Plan. Contributions are subject to certain limitations. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 3% of eligible compensation, increases annually by 1%, until it reaches a maximum of 15% of eligible compensation. Contributions are automatically invested in a retirement age based fund until changed by the participant. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company did not make any profit sharing contributions for 2020 or 2019. The Company may make discretionary matching contributions in an amount as determined by the Company. The discretionary employer matching contribution for the year ended December 31, 2020 and 2019 was $168,055 and $145,488, respectively. The Company contributions are invested based on the participant's direction or default investment election if participant has not made an election.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's discretionary matching contributions and earnings based on the investments chosen less allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the employer contributions is based on years of continuous service. A participant vests 100% after three years (three year cliff vesting) of credited service.

NOTE 1. DESCRIPTION OF PLAN (CONTINUED)

Investment Options
Upon enrollment in the Plan, a participant may direct all contributions into any of the investment options the Plan has allowed with American Funds. The investment options are all mutual funds (regulated investment companies). Participants may change their investments options daily via the internet after their initial enrollment in the Plan.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participants Notes fund. Loan terms range from 1-5 years. These loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Interest rates range from 5.25% to 7.50% on the participant loans. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payment of Benefits
On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's account or periodic payments over the participant's life expectancy. For termination of services due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or elect to leave it in the Plan.

NOTE 2. DATE OF MANAGEMENT'S REVIEW

In preparing the financial statements, management has evaluated events and transactions for potential recognition or disclosure through September 30, 2021, the date the financial statements were available to be issued.

NOTE 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Payment of Benefits
Benefits are recorded when paid.

NOTE 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2020 and 2019, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Administrative Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant’s account and are included in contract administrator fees and other fees. Investment related expenses are included in net appreciation of fair value of investments.

Forfeitures
At December 31, 2020 and 2019, forfeited non-vested accounts totaled $7,649 and $2,885, which will be used to offset future employer contributions and Plan expenses. Also, in 2020, Plan expenses paid from forfeited non-vested accounts was $1,793.

NOTE 4. CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation in fair value of investments, interest and dividend income, distributions and Plan expenses for the year ended December 31, 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Capital Bank and Trust (the Trustee of the Plan).

NOTE 5. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements ("ASC 820")*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no Plan assets requiring the use of Level 2 or 3 inputs for the periods presented.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stock, corporate bonds, and U.S. Government securities are based on quoted market prices.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of:

December 31, 2020	Fair value hierachy levels described above			
	Level 1	Level 2	Level 3	Total Fair Value
INVESTMENTS				
Mutual funds	$6,674,365	$ -	$ -	$ 6,674,365
Total investments at fair value	$6,674,365	$ -	$ -	$ 6,674,365

December 31, 2019	Fair value hierachy levels described above			
	Level 1	Level 2	Level 3	Total Fair Value
INVESTMENTS				
Mutual funds	$5,416,908	$ -	$ -	$ 5,416,908
Total investments at fair value	$5,416,908	$ -	$ -	$ 5,416,908

NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become fully vested in the employer contributions.

NOTE 7. TAX STATUS

The Plan and related trust were amended and restated effective November 5, 2020. The Company adopted a Volume Submitter Cross-Tested Defined Contribution Prototype Plan and Trust which received notice from the Internal Revenue Service that the Plan was designed in accordance with applicable sections of the Internal Revenue Code (the Code). Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal and California. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9. RELATED PARTY TRANSACTIONS

The Plan assets are in pooled separate accounts held by Capital Bank and Trust with investments primarily in American Fund Registered Investment Companies both of which are part of The Capital Group Companies. Capital Bank and Trust is a Trustee and Capital Research and Management Company and American Funds qualify as party-in-interest transactions according to applicable regulations and provide recordkeeping and administration services to the Plan. Fees incurred for the investment management services are included in net appreciation in fair value of the investment as they are paid through revenue sharing or fees at the mutual fund level and are noted as indirect compensation on the Form 5500. As described in Note 3, the Plan made certain payments totaling $15,945 for recordkeeping and other fees paid from direct charges to participants or from Plan assets.
