Note 1 - Plan Description

The following description of HR Butler MEP Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a multiple-employer defined contribution plan sponsored by T.R. Hedge & Associates, Inc. (the "Plan Sponsor") and includes participating employers who have completed adopting resolutions (the "Participating Employers"). The Plan covers substantially all employees of the Participating Employers who have completed one year of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

As of December 31, 2020, the Participating Employers include the following:

- Airflow Pros, LLC
- Gushen America, Inc.
- Altona Diagnostics USA, Inc.
- CBUS, Inc. d/b/a Service Olympians
- Central Ohio Gas Line Services, LLC
- GB Food, Inc.
- Cerni Overhead Door Repair and Installation
- HTI, Inc.
- Integrated Finishes, LLC
- Land & Mortgage Title Agency, Ltd.
- Pacific Pools, Inc.
- Ohio Governor's Imagination Library
- Outdoor-FX, Inc.
- StarTec Security, LLC
- The Pint Room
- T.R. Hedge & Associates, Inc.
- Vitality Powell, LLC

In connection with the Participating Employers adopting the Plan, the Participating Employers may transfer assets from a plan previously sponsored by them to the Plan.

Contributions

The Plan provides for employee salary deferral contributions up to a maximum of 100 percent of annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. The Plan allows participants to contribute up to 100 percent of their compensation on an after-tax basis. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

December 31, 2020 and 2019

Note 1 - Plan Description (Continued)

The Plan provides for employer safe harbor matching contributions of 100 percent of the participant's contribution up to the first 3 percent of compensation deferred and 50 percent of the participant's contribution in excess of 3 percent of compensation up to a maximum of 5 percent of compensation. All Participating Employers follow the same employer matching contribution formula outlined in the Plan.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of 50 percent of their account balances, not to exceed \$50,000. Notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the participating employer's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately 100 percent vested in employee salary contributions, rollover contributions, employer safe harbor match contributions, and any income or loss thereon. Vesting in employer contributions made prior to December 31, 2017, plus actual earnings thereon, is based on years of service. Participants vest in these contributions made by the Participating Employers 20 percent after two years of service and an additional 20 percent per year thereafter until they become fully vested after six years of service.

Benefit Payments

Distributions are payable upon retirement, death, disability, termination of employment, or attainment of 59½ years of age in the form of a lump-sum amount equal to the vested balance of a participant's account.

Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the plan document. The Plan Sponsor must approve any such hardship withdrawals.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions or to pay administrative expenses of the Plan.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Mid Atlantic Trust Company or its affiliates. Mid Atlantic Trust Company is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Termination

While it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. In addition, each Participating Employer has the right to cease participation in the Plan. Upon termination of the Plan, participants become 100 percent vested in their account balances.

December 31, 2020 and 2019

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The Plan's investments are stated at fair value.

The interest-bearing cash is valued at fair value based on the outstanding balance. All other investments are valued based on quoted market prices reported in active markets. See Note 5 for additional information.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Participating Employers.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts and disclosures at the date of the financial statements and during the reporting period. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including September 21, 2021, which is the date the financial statements were available to be issued.

Effective January 1, 2021, 12 employers resolved to adopt the Plan as participating employers. In relation to this event, net assets of approximately \$1,181,000 were transferred into the Plan in 2021.

Note 3 - Unaudited Information

Mid Atlantic Trust Company (the "Custodian") holds the Plan's investments and executes all investment transactions. The investment balances and related investment income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Custodian.

Note 4 - Tax Status

The Plan, as adopted, is a volume submitter plan, which does not require an application for a determination letter from the Internal Revenue Service (IRS). The volume submitter plan has received a favorable notification letter from the IRS dated March 31, 2014. The Plan has not individually sought its own determination letter.

December 31, 2020 and 2019
Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2020 and 2019:

Assets Measured at Fair Value on a Recurring Basis at December 31, 2020			
	Investments (at Fair Value)	Level 1	Level 2

Total	<u>\$ 5,171,992</u>	<u>\$ 4,907,619</u>	<u>\$ 264,373</u>

Note 6 - Transfer Out

During 2020, two participating employers resolved to leave the Plan. As such, contributions were suspended for the participants of those employers, and net assets of \$379,564 were transferred out of the Plan.
