Note 1 - Description of Plan:

The following description of the Mosser Companies 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established by Mosser Companies, Inc. (the "Company" or "Plan Sponsor") on January 1, 2016, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan provides benefits for all eligible employees of the Company.

The Company is the Plan administrator and retains the services of a third party to assist in the administration of the Plan. Through December 31, 2020, the Plan's third party administrator was ADP Retirement Services ("ADP"), and the Plan's custodian was Reliance Trust Company ("Reliance").

Eligibility - All employees of the Company who have reached twenty one years of age and completed 3 months of consecutive service are eligible to participate in the Plan. Eligible employees may enter into the Plan on the first day of the following month.

Participant contributions - Each year, participants may contribute on a pre-tax or after-tax Roth basis, up to 90% of eligible compensation as defined in the Plan subject to the annual limits specified under the Internal Revenue Code (the "IRC"). Participants who had attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants are also permitted to deposit into the Plan distributions received from other plans (rollovers). Participants direct the investment of their account balances into various investment options offered by the Plan.

Employer matching contributions - The Plan does not allow any matching contributions.

Participant accounts - Each participant's account is credited with the participant's contribution and the employer contributions, if any, and allocations of Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Description of Plan (continued):

Investment options - The Plan provides for investments to be directed by participants into a number of investment options held by the custodian. Participants may change their investment options daily. Upon enrollment in the Plan, a participant may direct participant contributions in to investment options consisting of mutual funds and a collective trust account of varying risks. Earnings of each investment fund are allocated to participant's accounts in proportion to each participant's share of that fund.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon.

Notes receivable from participants - Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested balance. The loans are secured by the balance in the participant's account and bear interest at market financing rates. Loan terms range from one to five years, but may not exceed five years, except for loans used for a purchase of a primary residence, which may be repaid over ten years. Principal and interest are paid ratably through payroll deduction each pay period.

Payment of benefits - The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, death, financial hardship (as defined in the Plan), or termination of employment. In service distributions of a participant's vested account balance are permitted providing the participant has attained the age of 59 ½. Upon termination, the participants or beneficiaries may elect to leave their account balance in the Plan, or receive their total benefits in a lump sum amount equal to the value of the participant's vested interest in their account. The Plan allows for automatic lump sum distributions of participant vested account balances that do not exceed $5,000.

Forfeited accounts - Forfeitures are used first to pay administrative expenses of the Plan, and thereafter are used to reduce any employer contributions. There were no forfeitures at December 31, 2020 and 2019.

Administrative expenses - The Company pays the administrative costs of the Plan associated with any professional services provided to the Plan. Administrative expenses recorded in the Plan represent custodian fees, other recordkeeping fees paid directly from the Plan to the Plan's custodian and the cost of communications to the participants. Loan and distribution fees and any special handling costs are deducted directly from participants' accounts.

Note 2 - Significant accounting policies:

Basis of accounting - The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted ("GAAP") in the United States of America. Contributions from participants are recorded when withheld from the participant. Benefit payments to participants are recorded when paid.

Use of estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment valuation and income recognition - As described by accounting principles generally accepted in the United States of America ("GAAP"), the Plan's investments are stated at their fair values. The shares of registered investment companies (mutual funds) are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end. The collective trust fund is valued at net asset value as a practical expedient. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation included the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair value measurements - The Plan performs fair value measurements in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*. Refer to Note 3 for the fair value measurement disclosures associated with the Plan's investments.

Net appreciation in fair value of investments - The earnings, expenses, realized gains and losses, and unrealized appreciation (depreciation) in registered investments companies and other investments are recorded in the accompanying financial statements as net appreciation in fair value of investments.

Subsequent events - The Plan has evaluated subsequent events through the date that the financial statements were available to be issued which is the date of the independent auditors' report.

Note 3 - Fair value:

The Plan performs fair value measurement in accordance with ASC 820. ASC 820 defines fair value as the price that would be received from selling an asset in an orderly transaction between market participants at the measurement date. The accounting guidance for fair value measurement requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The fair value hierarchy is as follows:

- Level 1: quoted prices in active markets for identical assets or liabilities;

- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

- Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 - Fair value (continued):

Investments measured at fair value on a recurring basis consisted of the following types of instruments at December 31, 2020:

	Fair Value Measurements Using Input Type	
	Level 1	Total
Mutual funds	$ 1,736,368	$ 1,736,368
Total investments in the fair value hierarchy	1,736,368	1,736,368
Investments measured at net asset value (a):		
Collective trust fund	-	54,809
Total investments measured at fair value	$ 1,736,368	$ 1,791,177

Investments measured at fair value on a recurring basis consisted of the following types of instruments at December 31, 2019:

	Fair Value Measurements Using Input Type	
	Level 1	Total
Mutual funds	$ 1,505,304	$ 1,505,304
Total investments in the fair value hierarchy	1,505,304	1,505,304
Investments measured at net asset value (a):		
Collective trust fund	-	42,368
Total investments measured at fair value	$ 1,505,304	$ 1,547,672

(a) In accordance with ASC Subptopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for Plan benefits.

The Plan's valuation methodology used to measure the fair value of mutual funds were derived from quoted market prices as all of these instruments have active markets. The valuation techniques used to measure the fair value of collective trust fund were derived from the fair values of the underlying assets in the funds on the last business day of the Plan year.

Note 4 - Investments:

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Reliance Trust Company, the custodian of the Plan, as complete and accurate, except for comparing such information to information included in the Plan's financial statements and supplemental schedule.

The following information included in the financial statements and supplemental schedule was provided by and certified by the Plan's custodian as complete and accurate:

- Investments as shown in the Statement of Net Assets Available for Benefits as of December 31, 2020 and 2019.

- Notes receivable from participants as shown in the Statement of Net Assets Available for Benefits as of December 31, 2020 and 2019.

- Investment income and interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020.

- Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020.

Note 5 - Party-in-interest transactions:

At December 31, 2020 and 2019, the Plan did not hold any investments in Reliance Trust Company.

Note 6 - Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7 - Income tax status:

The prototype plan obtained its latest opinion letter on July 8, 2014, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The prototype plan has been amended since receiving the opinion letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Note 8 - Risks and uncertainties:

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participant account balances.

Impact of COVID-19 - In March 2020, the World Health Organization declared the outbreak of novel coronavirus disease ("COVID-19") as a pandemic. The COVID-19 outbreak in the United States has caused business disruption to the Plan sponsor and throughout its customer base and supply chain through mandated and voluntary closings of many businesses. While the disruption is currently expected to be temporary, there is considerable uncertainty around the duration. Therefore, while the Plan sponsor expects this matter to have a financial impact on its operating results, the financial impact to the Plan would be a possible significant depreciation of investments, due to market volatility, however given the fluid nature of the outcome of the pandemic, the ultimate impact and duration cannot be reasonably estimated at this time.

In response to the COVID-19 outbreak the U.S. Congress passed, and the President signed into law the Coronavirus Aid, Relief, and Economic Security ("CARES") Act in March 2020. The CARES Act provides for additional options to participants in regards to amount of and repayment terms for loans, as well as additional options with regard to distributions and repayment of distributions up to a certain limit, defined in the law and over a defined period of time.

In December 2019, the Setting Every Community Up for Retirement Enhancement ("SECURE") Act was signed into law. The SECURE Act made changes to the required beginning date of distributions by increasing the age, to the automatic enrollment safe harbor cap, eligibility of long-term part-time employees to make contributions, as well as modified the rules for distributions related to childbirth or adoption.
