PATENTED RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 and 2019

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Patented Retirement Plan is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) and profit sharing plan covering substantially all employees of Think Patented (the Company) who are not subject to a collective bargaining agreement, unless that agreement specifically allows for participation. Matrix Trust Company serves as the Trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is qualified under the Internal Revenue Code.

Eligibility

Employees are eligible to participate in the before-tax component of the Plan upon 60 days of employment assuming one hour of service to the Company was completed in that time frame. Employees are eligible to receive an allocation of Company contributions after one year of service at the Company (defined as 1,000 hours of service).

Contributions

The Plan is subject to the Annual Addition Limitations set forth by the Internal Revenue Service (IRS) which allows participants to defer up to 100% of their salary until the maximum contribution has been reached. Participants who have attained age 50 before the end of the Plan Year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution or benefit plans.

The Plan has automatic enrollment for all employees who meet the eligibility requirements. An automatic deferral election of 3% will be withheld if an election is not made by the date the participant becomes eligible. The automatic deferral election of 3% increases by 1% in years two through six to a maximum of 8%.

The Company's discretionary matching contributions shall be determined by the Company with respect to each Plan Year. The Company elected to contribute matching contributions of \$47,409 and \$51,449 for the years ended December 31, 2020 and 2019, respectively.

The Company may also make a discretionary profit sharing contribution that is allocated to all eligible participants at the ratio that the participant's compensation bears to the total eligible compensation. There were no profit sharing contributions in 2020 or 2019.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, if any, and plan earnings and forfeitures of terminated participants' non-vested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All amounts in participant accounts are participant-directed; however, the Trustee has complete control over the investment offerings made available to plan participants.

Investment Options

Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers mutual funds, common/collective trust funds, and a money market fund as investment options for participants.

Vesting

Participant vesting is based on service years. Participants are 100% vested in their voluntary deferral, rollover contributions, plus actual earnings thereon. The discretionary matching and profit sharing contributions vest according to the following schedule:

<u>Years of Service</u>	<u>Non-Forfeitable Percentage</u>
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Forfeited Accounts

Forfeited balances of terminated participants' non-vested accounts can be reallocated to all plan participants and treated as part of the Company contributions. Unallocated forfeitures at December 31, 2020 and 2019, were \$7,140 and \$5,332 respectively. No forfeitures were used to offset the Company contributions in 2020 or 2019.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits

Participants become eligible for benefit distributions upon retirement, disability, death, termination of employment, or termination of the Plan. A participant who has attained age 59 ½ and who has not separated from service may also request to receive a distribution of the funds which the participant has contributed to his or her account. All benefit distributions are made in lump sum cash payments or rollovers to other plans. Benefit payments are recorded when distributed.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan prepares its financial statements using the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis (the date the order to buy or sell is executed). Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, results may differ from those estimates.

Loans to Participants

Participant loans are not permitted under the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Fees

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of the Plan are allocated to the participants' accounts and are included in administrative expenses. Investment-related expenses are included in net appreciation and depreciation of fair value of investments. Administrative expenses paid by the Plan were \$40,400 and \$39,143 for the years ended December 31, 2020 and 2019, respectively.

NOTE C - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Matrix Trust Company, the Trustee of the Plan, has certified that the following data included in the accompanying financial statements and the supplemental schedule is complete and accurate with respect to investments: investments at fair value, net appreciation in fair value of investments, interest and dividends, and schedule of assets (held at end of year).

NOTE D - FAIR VALUE MEASUREMENTS

FASB ASC 820-10, Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020.

Money market and mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds - Valued at the NAV of units of a bank collective trust. The NAV, as provided by the investment's trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. If the Plan were to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities' liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019.

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,771,719	\$ 0	\$ 0	\$ 7,771,719
Money market funds	433,404	0	0	433,404
Common collective trusts funds*	0	0	0	858,503

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 6,808,756	\$ 0	\$ 0	\$ 6,808,756
Money market funds	359,332	0	0	359,332
Common collective trusts funds*	<u>0</u>	<u>0</u>	<u>0</u>	<u>767,126</u>
Total Assets at Fair Value	<u>\$ 7,168,088</u>	<u>\$ 0</u>	<u>\$ 0</u>	<u>\$ 7,935,214</u>

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE E - PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, and a person who owns 50% or more of such an employer or employee association, or relatives of such persons. Certain administrative services are provided by the Company at no cost to the Plan.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants will become one hundred percent (100%) vested in their accounts.

NOTE G - INCOME TAX STATUS

The Plan obtained a favorable tax determination letter dated September 30, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Subsequent amendments have been made to the Plan, and these changes have not been submitted for a determination letter. However, the Plan Sponsor believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date; therefore, no income taxes have been provided for in the financial statements.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I - CORRECTIVE DISTRIBUTIONS

The Plan failed to pass the Average Deferral Percentage Test for the Plan Years ended December 31, 2020 and 2019. The accompanying statements of net assets available for benefits include a liability of \$34,975 and \$23,134 as of December 31, 2020 and 2019, respectively, related to the excess contributions payable to the participants. The Plan distributed these corrective distribution amounts to the participants within three months after the Plan's respective year end.

NOTE J - SUBSEQUENT EVENTS

Subsequent events were evaluated through October 4, 2021, which is the date the financial statements were available to be issued.
