Lerner, Sampson & Rothfuss Co., L.P.A. Profit Sharing 401(k) Plan and Trust

Notes to Financial Statements

December 31, 2020 and 2019

1. Description of the Plan

The following description of the Lerner, Sampson & Rothfuss Co., L.P.A. Profit Sharing 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with a cash or deferred arrangement covering substantially all employees who have completed one (1) year of service and have attained the age of twenty-one (21). The Plan allows for any other entity to participate in the Plan as a "Participating Employer" with approval of the Primary Employer and Trustee. The Primary Employer and Trustee approved the participation of Legalex, Inc. and MCA Center, LLC, affiliates of the Primary Employer, as Participating Employers in the Plan. The Plan was adopted on April 1, 1975 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2019, the Plan was amended to adjust the automatic enrollment feature to an eligible automatic contribution arrangement and to adjust the policies regarding hardship distributions.

Effective July 1, 2019, Intitle Agency, Inc. was sold to a new entity. Employees of Intitle Agency, Inc. were leased to the new owner until August 31, 2019 when they were terminated and hired by the new owner. At that time, Intitle Agency, Inc. ceased its participation in the Plan.

Effective January 1, 2020, the Plan was amended to reflect the name change of the corporate Trustee to Charles Schwab Trust Bank.

Contributions

Participants in the Plan may elect to defer a portion of their compensation each year instead of receiving that amount in cash. The contributions are limited to the maximum amount deductible under the applicable provisions of the Internal Revenue Code of 1986, as amended. During the years ended December 31, 2020 and 2019, the Employer and the Participating Employers made matching contributions of fifty percent (50%) of the first six percent (6%) of participants' qualifying compensation deferred into the Plan. Employees who were credited with 1,000 hours of service and were employed as of the last day of the Plan year, were on leave of absence on the last day of the Plan year, or who died, became disabled or retired after attaining normal or early retirement age during the Plan year are eligible for the matching contribution. The Employers can also make additional qualified non-elective contributions for the benefit of such participants at the discretion of the Employers. For the years ended December 31, 2020 and 2019, the Employers made non-elective contributions of \$0 and \$695, respectively (see Note 3).

Plan Investment Options

Upon enrollment in the Plan, the participants are able to direct the contributions in over twenty (20) investment options. Except for the MetLife Stable Value Fund, there is no guarantee of principal or earnings when participating in these funds.

Participant Accounts

Each participant's account is credited with (a) participant contributions, (b) the Employers' contributions, (c) an allocation of Plan earnings and losses, and (d) Plan administrative expenses. Allocations are based on participant earnings or account balances, as defined. The participants direct the investment of their account balances among certain investment options offered by the Plan. The Employers' matching contributions are invested in accordance with the participants' investment selection. Participants also direct the investment of their remaining profit sharing account balances.

Notes to Financial Statements

December 31, 2020 and 2019

1. Description of the Plan (Continued)

Rollovers

The Plan may permit participants to transfer distributions from other qualified plans into the Plan.

Forfeitures

Forfeitures are created when participants terminate employment before becoming fully vested in the Employers' contributions. Forfeited amounts are used to reduce the Employers' contributions and pay Plan administrative expenses. However, all or a portion of forfeited amounts may be allocated to remaining participants based on account balances. At December 31, 2020 and 2019, forfeited nonvested accounts totaled \$11,760 and \$10,765, respectively. Also, for 2020 and 2019, Employers' contributions were reduced by \$10,765 and \$12,225, respectively, from forfeited nonvested accounts.

Vesting

All participant contributions are immediately vested at the time such contributions are made. Participants become vested in Employers' contributions as follows:

Payment of Benefits

The benefit to which a plan participant is entitled is the benefit that can be provided by the contributions made and income earned on investments. Upon service or disability retirement, death, or termination, a participant or beneficiary will receive an amount equal to the value of his account, including earnings. The benefit will be paid in either a lump-sum amount or annual installments over the participant's life expectancy.

Hardship Withdrawals

The Plan allows for hardship withdrawals in the event of immediate and heavy financial need of up to 100% of the participants vested account balance.

The Plan adopted the distribution provisions of the Coronavirus Aid, Relief, and Economic Security (CARES) Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a \$100,000 COVID-19 related distribution from the Plan beginning on or after January 1, 2020 and before December 31, 2020.

Payment of Expenses

All expenses of administration may be paid out of the trust fund unless paid by the Employers. Such expenses shall include any expenses incident to the functioning of the administrator, including, but not limited to, fees of accountants, counsel, and other specialists and their agents, contract plan administration, investment advisory and other costs of administering the Plan. Until paid, the expenses shall constitute a liability of the trust fund. However, the Employers may reimburse the trust fund for any administrative expense incurred. Any administrative expense paid to the trust fund as a reimbursement shall not be considered Employers' contributions. The Employers elected to pay some of the administrative expenses of the Plan during 2020 and 2019, respectively.

2. Summary of Significant Accounting Policies (Continued)

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 7).

The Plan presents in the Statements of Changes in Net Assets Available for Benefits net investment gain from common/collective trust, which consists of interest and dividends, realized gains or losses, and unrealized appreciation (depreciation) on those investments. The Plan presents in the Statements of Changes in Net Assets Available for Benefits net investment gain from registered investment companies, which consists of realized gains or losses, and unrealized appreciation (depreciation) on those investments. Purchases and sales of securities are reflected on a trade-date basis. Interest and dividends are recorded when earned.

Use of Estimates

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires the Plan administrator and Plan management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

3. Tax Status

The trust adopted the Pension Corporation of America (PCA) Basic Plan Document #P-02 (a pre-approved plan) on January 1, 2016. PCA has received an advisory letter from the Internal Revenue Service stating that employers who adopt the plan will be considered to have a plan qualified under Code section 401(a). Accordingly, the Plan administrator believes the Plan is exempt from taxation and no provision for income taxes has been included in the Plan's financial statements. The 2017 through 2019 tax years remain subject to potential examination by the taxing authorities.

During 2019, the Employers did not withhold participant contributions and contribute related matching contributions on certain Plan compensation. The Employers self-corrected the error during 2019, as allowed under Revenue Procedure 2013-12 to preserve the tax favored status of the Plan. Therefore, a provision for income taxes is not required to be included in the Plan's financial statements. The correction required a qualified non-elective contribution to be made by the Employers on behalf of the affected employees.

4. Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and supplementary schedule, including all investments held at December 31, 2020 and 2019, and the related dividends from registered investment companies, net investment gain from common/collective trust, and net investment gain from registered investment companies, was obtained or derived from unaudited information supplied to the Plan administrator and certified as complete and accurate by Charles Schwab Trust Bank (the Trustee of the Plan).

Notes to Financial Statements

5. Plan Termination

As a result of a reduction of the Employers' workforce in 2020, the Plan experienced a partial plan termination as defined by ERISA. Under ERISA, a partial plan termination may occur if a significant percentage of the Plan participants are terminated because of an action taken by the Plan Sponsor. If a partial plan termination occurs, full vesting in the Employers' contributions is required for the affected participants, but the remaining participants' vesting continues to be determined under the plan provisions. Accordingly, all affected employees who were participants in the Plan became fully vested in their account balances at termination.

6. Risks and Uncertainties

The Plan invests in various investment options. These investment options are exposed to various risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan utilizes a three-level fair value hierarchy that prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and lowest priority to unobservable inputs. The three levels of inputs used to measure fair value under this accounting standard are described as follows:

- Level 1 - Quoted prices in active markets that are accessible at the measurement date for identical or similar assets or liabilities.
- Level 2 - Observable inputs other than quoted prices included within Level 1. Inputs that are principally derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value measurement of the assets or liabilities. These include certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

7. Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies the Plan used for assets measured at fair value.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. Mutual funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust: Valued at the net asset value of units of the common/collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the investments will be sold for an amount different from the reported net asset value. Transactions (purchases and sales) may occur daily. There are no unfunded commitments or significant redemption restrictions at December 31, 2020 and 2019.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value.

8. COVID-19 Outbreak

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the Plan sponsor's financial condition, liquidity, workforce, and future results of operations as well as the effects on the Plan. Management is actively monitoring the global situation on its Plan sponsor's financial condition, liquidity, and workforce. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the Plan sponsor is not able to estimate the effects of the COVID-19 outbreak on its results of operations, financial condition, or liquidity for fiscal year 2021.

9. Subsequent Events

The Plan's management evaluated the activity of the Plan through October 1, 2021 (the date the financial statements were available to be issued) and concluded that no other subsequent events, except as noted below, have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.

The Employers have expressed intent to terminate the Plan effective September 30, 2021. All participants will become 100% vested and the Plan administrator will distribute each participant's interest to the participant or their beneficiary.
