Note 1. Plan Description

The following description of The Sutphen Corp. 401(k) Profit Sharing Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan was established on December 31, 1998. The Plan is a defined contribution plan covering substantially all employees of Sutphen Corporation (Company) who met certain service criteria as defined in the Plan document. Employees are eligible the first day of the month following completion of three months of service. Effective January 1, 2021, entrance date of eligible participants changed to immediate entry. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may contribute to the Plan each year up to the maximum percentage of their compensation allowable on a pretax basis or a Roth basis, not to exceed the limits imposed by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan at a deferral rate of 1% unless they affirmatively elect not to participate in the Plan or elect different deferral rate. The Company may also make a discretionary profit sharing contribution to the Plan. No discretionary profit sharing contribution was made for the year ended December 31, 2020.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Company's profit sharing contribution and (b) Plan earnings and losses, and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer's contributions plus actual earnings thereon is based on years of continuous service, where a year is defined as one in which an employee works 1,000 or more hours. Vesting in the employer's contributions along with earnings thereon is as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeited accounts: As of December 31, 2020 and 2019, forfeited non-vested accounts totaled \$39,137 and \$21,747, respectively. No forfeitures were used to pay Plan expenses or reduce future employer contributions as stated in the plan document. Accumulated forfeitures will be applied to pay expenses or reduce the employer contribution in 2021.

Payment of benefits: Upon termination of service due to death, disability, retirement or attainment of age 59^{1/2} (in-service distribution), a participant or his/her beneficiary will receive a lump-sum distribution equal to the value of the participant's vested interest in his/her account. Hardship withdrawals, as defined by the Plan, are also available to participants.

Notes to Financial Statements

Note 1. Plan Description (Continued)

Plan termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, participants will become fully vested in their accounts.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are presented on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions: Participant contributions are recognized when the participant contributions are withheld from the participant's earnings. Discretionary employer profit sharing contributions are recognized when declared by the Company.

Payments of benefits: Benefits paid to participants are recorded when paid.

Administrative expenses: The Plan is responsible for certain administrative expenses, which are recognized when incurred. A portion of the administrative expenses are paid by the Company, at the Company's discretion.

Risks and uncertainties: The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Recent accounting pronouncements: Effective January 1, 2020, the Plan adopted the Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures.

The Sutphen Corp. 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

The following disclosure requirements were removed from Topic 820:

1. The amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy.
2. The policy for timing of transfers between levels.
3. The valuation processes for Level 3 fair value measurements.
4. For nonpublic entities, the changes in unrealized gains and losses for the period included in earnings for recurring level 3 fair value measurements held at the end of the reporting period.

The following disclosure requirements were modified in Topic 820:

1. In lieu of a roll forward for Level 3 fair value measurements, a nonpublic entity is required to disclose transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities.
2. For investments in certain entities that calculate net asset value, an entity is required to disclose the timing of liquidation of an investee's assets and the date when restrictions form redemption might lapse only if the investee has communicated the timing to the entity or announced the timing publicly.
3. The amendments clarify that the measurement uncertainty disclosure is to communicate information about the uncertainty in measurements as of the reporting date.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 6, 2021, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Great-West

The following is a summary of the Plan's asset information as of December 31, 2020 and 2019, and for the year ended December 31, 2020, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2020	2019
Investments, at fair value:		
Mutual funds	\$ 6,705,341	\$ 6,120,873
Investments, at contract value:		
Guaranteed annuity contract	315,123	285,655
	<u>\$ 7,020,464</u>	<u>\$ 6,406,528</u>

The trustee also certified to the completeness and accuracy of \$589,173 of net appreciation in the fair value of investments and \$230,846 of interest and dividends for the year ended December 31, 2020.

The Sutphen Corp. 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements

Note 4. Fair Value Measurements

Accounting standards established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

		2020			
		Level 1	Level 2	Level 3	Total
Mutual funds		\$ 6,705,341	\$ -	\$ -	\$ 6,705,341
Total assets in fair value hierarchy		\$ 6,705,341	\$ -	\$ -	\$ 6,705,341
		2019			
		Level 1	Level 2	Level 3	Total

Note 5. Guaranteed Annuity Contract with Insurance Company

The Plan has a guaranteed annuity contract investment contract with Great-West Life & Annuity Insurance Company (Great-West). The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value of the traditional investment contract at December 31, 2020 was \$315,123 and \$285,655, respectively. Fair value approximates contract value at December 31, 2020 and 2019.

The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0% and is reset at least as frequently as annually.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuers' ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events limit the ability of the Plan to transact at contract value with the issuer. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code.
2. The Plan's total investment in the contract falls below an amount specified in the contract.
3. Premature termination of the contract.
4. Plan termination of merger.
5. Changes to Plan's prohibition on competing investment of other Plan provisions that have an adverse effect on the investment.
6. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 6. Party-in-Interest Transactions

Certain Plan investments are managed by Great-West, the trustee of the Plan's assets and, therefore, these transactions qualify as party-in-interest transactions. During 2020, the Plan paid administrative fees of \$22,697 to Great-West.

Note 7. Tax Status

Effective January 1, 2019, the Plan adopted a non-standardized form of a prototype plan sponsored by Great-West. The prototype plan has received an opinion from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Note 8 COVID-19 Pandemic

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a “Public Health Emergency of International Concern” and on March 11, 2020, declared it a pandemic. The coronavirus and actions taken to mitigate the spread of it have and are expected to have an adverse impact on the economies and financial markets of many countries, including the United States of America. On March 27, 2020, the Coronavirus Aid, Relief, Economic Security Act (CARES Act) was enacted to, amongst other provisions, provide emergency assistance for individuals, families and businesses affected by the coronavirus pandemic. The Plan has implemented certain provisions allowed by the CARES Act, which allows special coronavirus-related distributions. The features within this act were implemented during the year, as required by the IRS. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance. It is unknown how long the adverse conditions associated with the coronavirus will last and what the complete financial effect will be to the Plan.
