STATON HOLDINGS, INC. 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2020 and 2019

A. Description of the Plan

General

The following description of the Staton Holdings, Inc. (the "Company") 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan originally effective January 1, 1988. The Plan has been amended throughout the years to comply with tax legislation and has most recently amended and restated effective January 1, 2015. Effective January 1, 2018, the Company has amended the Plan to allow for automatic enrollment at 2% for eligible participants who have not made an elective deferral elections. The Plan was also amended to update certain service requirements as follows: (1) to require three months of service prior to contributing any elective deferrals, and (2) to update the eligibility computation period to be for year end. The Plan excludes leased employees, non-resident aliens, and employees covered by a collective bargaining agreement. The Plan is subject to the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective January 1, 2019, employees are eligible to participate in the salary reduction arranged in the Plan after attaining age 18 and completing two months of service. The employee enters the salary deferral portion of the Plan on the first day of the month following the completion of the eligibility requirement.

Employees are eligible to participate in Company contributions after attaining age 18 and completion of one year of service. The employee enters the Company match portion of the Plan after one year of service has been reached.

On March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security Act" (the "CARES Act") which allowed plan sponsors to immediately adopt certain retirement plan provisions to allow qualified individuals, as defined in the CARES Act, additional access to retirement plan balances. As a result, while the Plan has not been formally amended, during 2020, the Company determined it was in the best interest of the participants to allow a) a COVID-19 distribution up to $100,000, b) certain rules of required minimum distributions were temporarily waived c) an increase in the available participant loan amount up to $100,000, not to exceed 100% of the participant's account balance, and d) deferral of 2020 loan repayments for a year.

Contributions

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (the "Code"). Eligible participants are permitted to elect to have a percentage, limited by plan provisions, of their compensation contributed as pre-tax 401(k) contributions to the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions.

A. Description of the Plan – continued

Contributions – continued

The Company may, at its discretion, elect to make a qualified matching contribution or profit sharing contribution to the Plan. For 2020 and 2019, the Company matching contribution is 50% of deferral contributions up to 4% of compensation deferred. The Company made no profit sharing contributions during 2020 and 2019.

Eligible participants may make a rollover contribution to the Plan. Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain limitations, as defined by the Code.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's contribution and plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earning thereon. Vesting in the Company contribution portion of accounts, plus actual earnings thereon is as follows:

Years of Service	Vested Percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

In the event of disability, early retirement, or death, the participant will become fully vested.

Participant Loans

Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range up to five years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Company. As of December 31, 2020 and 2019, interest rates on all loans were between 3.25% and 5.50%. Principal and interest is paid ratably through payroll deductions. Participant loans are classified as notes receivable from participants in the Plan's financial statements.

A. Description of the Plan – continued

Benefit Payments

Upon termination of service, death, disability, or retirement (age 65), the participant will receive the value of the vested interest in his or her account in the form of a rollover or lump sum distribution. The Plan allows for in-service distributions if a participant reached age 59½ as subject to plan provisions. If a participant terminates employment and the participant's account balance does not exceed $1,000, the Plan administrator will authorize the benefit payment without the participant's consent. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited.

A participant may receive a hardship distribution from salary reduction contributions if the distribution is: (1) on account of uninsured medical expenses incurred by the participant, their spouse, or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of post-secondary tuition expenses; (4) needed to prevent eviction of the participant from their principal residence or foreclosure upon the mortgage of the participant's principal residence; (5) funeral expenses for a participant's spouse, parents, children, or dependents; or, (6) certain repairs of damage to the participant's principal residence. Hardship distributions are limited to one per year.

Effective January 1, 2020, the Plan's hardship withdrawal provisions were updated in connection with the Bipartisan Budget Act. Participants will no longer (1) be required to obtain a loan prior to requesting a hardship withdrawal; (2) participant deferral contributions will no longer be suspended after receipt of a hardship withdrawal; and (3) earnings on elective deferral contributions in a participant's account will be included as part of a hardship withdrawal. The reasons for heavy financial need were expanded to include repair of a primary residence, even if that repair would not otherwise qualify for the casualty loss deduction.

Forfeited Accounts

Forfeited balances of terminated participants' non-vested accounts are used to offset employer matching contributions for the year. Forfeited non-vested accounts were $6,448 and $1,282 as of December 31, 2020 and 2019, respectively. No forfeitures were allocated to reduce matching contributions during the years ended December 31, 2020 and 2019, respectively.

Investment Options

Upon enrollment in the Plan, a participant may direct their salary deferrals in 1% increments or whole dollar amounts into any of the Plan's investment options.

Plan Expenses

The Plan permits the payment of plan related expenses to be made from the Plan's assets. If the Company does not pay these expenses from its own assets, then the expenses paid using the Plan's assets will generally be allocated among the accounts of all participants in the Plan. However, certain expenses specifically incurred by or attributable to participants will be paid from participant's accounts. All fees and costs related to plan investments are paid by the Plan to parties-in-interest.

B. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan's administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

Investment Valuation and Income

The investments of the Plan are stated at fair value (except for fully-benefit responsive investment contracts, which are reported at contract value) as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies under GAAP.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are recorded at the unpaid principal balance plus accrued but unpaid interest.

B. Summary of Accounting Policies – continued

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Code are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 excess contributions to the applicable participants prior to March 15, 2021.

Payment of Benefits

Benefits are recorded when paid.

C. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used.

The three levels defined in GAAP are as follows:

- Level 1 — inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

- Level 2 — inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

- Level 3 — inputs to the valuation methodology are unobservable and significant to the fair value measurement.

GAAP requires that we describe the methodologies used to measure the fair value of assets and liabilities. We have described below the methodology used to measure each major category of assets and liabilities. There have been no changes in the methodologies used at December 31, 2020 and 2019.

- Mutual funds are measured using the net asset values of the shares held by the Plan at year-end and are classified within Level 1 of the valuation hierarchy.

C. Fair Value Measurements – continued

The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2020 and 2019. The Plan has no assets classified within Level 2 or Level 3 of the valuation hierarchy.

	2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$3,950,502	$ -	$ -	$3,950,502
Investments measured at fair value	$3,950,502	$ -	$ -	$3,950,502

	2019			
	Level 1	**Level 2**	**Level 3**	Total
Mutual funds	$4,355,322	$ -	$ -	$4,355,322
Investments measured at fair value	$4,355,322	$ -	$ -	$4,355,322

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy. For the years ended December 31, 2020 and 2019, there were no significant transfers between levels.

D. Fully Benefit-Responsive Investment Contract

As of December 31, 2020, the Plan holds the investment, Guaranteed Interest Account, which is a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The traditional investment contract held by the Plan is a group annuity contract with Great-West Life & Annuity Insurance Company. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer, but may not be less than 1 percent. The crediting rate is reviewed on a quarterly basis for resetting and was 1.04 percent and 1.20 percent as of December 31, 2020 and 2019, respectively. The contract cannot be terminated before the scheduled maturity date.

D. Fully Benefit-Responsive Investment Contract – continued

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also limit the ability of the Plan to transact at contract value with the participants.

E. Information Certified by the Custodians

The Plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator limited auditing procedures with respect to the investment information certified by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the custodians of the Plan, which included total investments as of December 31, 2020 and 2019, the total investment income for the years ended December 31, 2020 and 2019, and all information included in the supplemental schedule H, line 4i – schedule of assets (held at end of year).

F. Plan Tax Status

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Code, and accordingly, the trust's net investment income is exempt from income tax. The Plan is relying on the advisory letter for the volume submitter plan dated March 31, 2014, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended subsequent to receiving the advisory letter. However, the Plan's administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

G. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions in and of ERISA. In the event the Plan terminates, all amounts credited to participant's accounts will become 100% vested.

H. Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan's investments are held by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the custodians of the Plan. Transactions in such investments, as well as loans made to participants, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

I. Subsequent Events

In preparing the accompanying financial statements, management of the Company has evaluated all subsequent events and transactions for potential recognition or disclosure through July 29, 2021, the date the financial statements were available for issuance.
