1 – DESCRIPTION OF PLAN

General

The RECARO Aircraft Seating Americas 401(k) Plan (the "Plan") is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was established on January 1, 2019, covering substantially all employees of RECARO Aircraft Seating Americas, LLC ("the Company" or "Plan Administrator"). Fidelity Management Trust Company serves as the trustee ("Trustee"), and Fidelity Workplace Services, LLC serves as the record-keeper of the Plan. The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Eligibility and Participant Accounts

The Plan covers all employees of the Company, except those employees represented by a collective bargaining unit if retirement benefits were the subject of good faith bargaining, lease employees, or non-resident aliens. Employees are immediately eligible for participation, as defined by the Plan document. Participants become eligible for Company contributions upon completing three months of service. Participants may modify investment elections, transfer existing account balances, and obtain information regarding the investments on a daily basis.

Contributions

The Plan is funded through participant pre-tax deferrals, after-tax Roth deferrals, Company safe harbor matching contributions, and Company discretionary non-elective contributions. A participant may elect to contribute up to 80% of his or her eligible compensation, subject to certain maximum limitations imposed by the Internal Revenue Code ("IRC") ($19,500 for 2020). Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the Plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($6,500 for 2020). Rollover contributions representing distributions from other qualified defined benefit or defined contribution plans are permitted and may be contributed prior to meeting the eligibility requirements for participation in the Plan.

The Plan has an automatic enrollment feature. An eligible employee, unless otherwise elected, will be automatically enrolled into the Plan's target retirement date default funds at a rate of 3% of eligible compensation. The Plan also has an automatic deferral increase feature. Accordingly, a participant's pre-tax deferral rate will automatically increase by 1%, up to a maximum of 8%, on April 20th of each year following the first six months of enrollment into the Plan if the participant does not elect out of the automatic increase feature.

The Plan allows for Company safe harbor matching contributions in the amount of 100% of participants' salary deferral amounts on the first 3% of annual eligible compensation, and 50% of participants' salary deferral amounts on the next 2% of annual eligible compensation. Effective May 29, 2020, Plan management approved a resolution to suspend Company safe harbor matching contributions. Company safe harbor matching contributions totaled $385,627 for the year ended December 31, 2020. The Plan also allows for Company discretionary non-elective contributions in amounts to be determined by the Company. No Company discretionary contributions were made for the year ended December 31, 2020.

1 – DESCRIPTION OF PLAN, CONTINUED

Distributions to Participants

Upon normal retirement age, death, disability, or severance of employment, a participant's benefits are payable in a lump-sum or partial withdrawals equal to 100% of the participant's vested account balance. Employees may also make hardship withdrawals on the balance of their account related to their elective deferral contributions. Account balances of $1,000 or less as the time of distribution will be "cashed" out as an involuntary lump sum payment as defined in the Plan document.

Investment Options

The Plan provides for contributions to be invested by the participants among a money market fund, a variety of mutual funds of registered investment companies, and a variety of common collective trusts in accordance with participant investment elections and the provisions of the trust agreement. Participants should refer to the Plan website for additional fund information.

Vesting

Participants are immediately vested in rollover contributions, elective deferrals, Company safe harbor matching contributions, and qualified non-elective contributions plus actual earnings or losses, thereon. Vesting in the Company's discretionary non-elective contributions plus actual earnings or losses, thereon, is based on years of continuous service. Participants vest 33% after each year of qualified service and are 100% vested after three years of qualified service.

Forfeitures

Forfeitures of terminated participant's nonvested accounts are used to pay Plan expenses or reduce future Company contributions. These amounts are reported as a component of net assets available for benefits. At December 31, 2020 and 2019, forfeited non-vested accounts available for future use totaled $3,307 and $0, respectively. For the year ended December 31, 2020, no forfeitures were used to reduce Company contributions or pay Plan expenses.

Revenue Sharing

The Plan has a revenue sharing account, which is funded by the Trustee. Revenue sharing accounts are used to pay administrative expenses or are reallocated to participant accounts. At December 31, 2020 and 2019, there were revenue sharing credits available of $1,536 and $853, respectively. For the year ended December 31, 2020, revenue sharing contributions to the Plan totaled $22,928 and are recorded as "Other income" on the Statement of Changes in Net Assets Available for Benefits. These funds were used to pay administrative expenses for the year ended December 31, 2020.

Notes Receivable from Participants

Borrowings are available to all participants. Notes receivable from participants are limited to a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance, subject to certain restrictions as defined by the Internal Revenue Service ("IRS"). Note terms range from one to five years, unless for the purchase of a primary residence, in which case the Plan Administrator may permit a longer repayment term. The notes receivable from participants are secured by the vested balance in the participant's account and bear a reasonable interest rate, as determined by the Plan Administrator. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections. Notes receivable from participants as of December 31, 2020, have interest rates from 4.25% to 6.5% and maturities from January 2021 to June 2030. Notes receivable from participants as of December 31, 2019, have interest rates from 4.25% to 6.5% and maturities from January 2020 to January 2030.

1 – DESCRIPTION OF PLAN, CONTINUED

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and fees paid related to benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts, subject to payment of liquidation costs and expenses.

Coronavirus Aid Relief and Economic Security Act of 2020

During 2020, Plan management approved a resolution to adopt certain provisions of the Coronavirus Aid Relief and Economic Security Act ("CARES Act"). The Plan elected the distribution provision under the CARES Act. The maximum dollar amount that can be requested per participant is $100,000 without a 10% early withdrawal penalty. These CARES Act distributions are available through the last day of the Plan year that begins in 2020. For eligible CARES Act distribution requests, all vested contribution sources were made available and restrictions based on age or length of participation in the Plan do not apply. CARES Act distributions may be repaid to the Plan within three years; income taxes are spread ratably over three years.

The Plan elected to temporarily suspend required minimum distributions ("RMDs") under the CARES Act. This provision provides relief to individuals who would otherwise be required to take RMDs from retirement accounts due to economic slowdown due to COVID-19. This provision applies to participants who have reached the age of 70 ½ during 2019 but who have not yet taken RMDs in 2020 or to participants who reach age 72 in 2020 following the Setting Every Community Up for Retirement Enhancement Act ("SECURE Act"). If a participant has received RMDs in 2020, they may be able to recontribute these amounts back into the Plan in the form of direct rollovers.

Through September 23, 2020, participants were eligible to borrow up to $100,000 from their vested account balance, reduced by the highest balance of any notes outstanding during the previous twelve months. Repayments of existing notes receivable from participants could be deferred until December 31, 2020. Notes will be re-amortized to include accrued interest during the deferred payment period, and repayments began in January 2021.

2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Estimates and Assumptions

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income or loss earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation (depreciation) of fair value of investments includes the Plan's gains and losses on the investments bought and sold, as well as held during the year.

Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the Plan document or note policy of the Plan.

Recent Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, "Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement". ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, Fair Value Measurement. The amendments are based on the concepts in the FASB Concepts Statement, "Conceptual Framework for Financial Reporting—Chapter 8: Notes to Financial Statements", which the Board finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted. Management has adopted the provisions of this new standard for the year ended December 31, 2020, and there was no significant impact on the Plan's financial statements.

3 – FAIR VALUE MEASUREMENTS

Investment Valuation and Leveling

FASB Accounting Standards Codification ("ASC") Topic 820, "*Fair Value Measurements and Disclosures*", provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

3 – FAIR VALUE MEASUREMENTS, CONTINUED

Investment Valuation and Leveling, continued

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In establishing a fair value hierarchy for the Plan's investments in accordance with ASC 820, the following value methodologies were used for each type of investment:

Money market fund: Valued at cost of $1 per unit, which represents net asset value ("NAV") at year end.

Mutual funds of registered investment companies: Valued at the NAV or quoted market prices of shares held by the Plan at year end.

Common collective trusts: Valued at the NAV of units of a collective trust. The NAV, as provided by the Trustee, is used to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This NAV is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common collective trust, the Trustee reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods previously described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3 – FAIR VALUE MEASUREMENTS, CONTINUED

Investment Valuation and Leveling, continued

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Money market fund	$ 1,536	$ -	$ -	$ 1,536
Mutual funds of registered investment companies	13,478,885	-	-	13,478,885
Common collective trusts	-	719,828	-	719,828
Total investments, at fair value	$ 13,480,421	$ 719,828	$ -	$ 14,200,249

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Money market fund	$ 853	$ -	$ -	$ 853
Mutual funds of registered investment companies	13,034,068	-	-	13,034,068
Common collective trusts	-	373,565	-	373,565
Total investments, at fair value	$ 13,034,921	$ 373,565	$ -	$ 13,408,486

4 – FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA for 2020 and 2019. Accordingly, the Trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019, the supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2020, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020.

5 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee; therefore, these transactions qualify as party-in-interest transactions. The Plan issues notes receivable to participants, which are secured by the participant's account balances. These transactions also qualify as party-in-interest transactions. Certain administrative functions of the Plan are performed by an officer or employees of the Company. No such officer or employee receives compensation from the Plan. Fees paid by the Plan to parties-in-interest for various administrative expenses, including investment management and record-keeping services, amounted to $88,131 for the year ended December 31, 2020.

6 – RISKS AND UNCERTAINTIES

Investment securities are exposed to various risks, such as interest rate, market, concentration, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

7 – TAX STATUS OF THE PLAN

The Plan is based on a non-standardized pre-approved profit sharing plan developed by FMR LLC which received a favorable opinion letter dated June 30, 2020, from the IRS stating that the plan constitutes a qualified plan under Section 401 of the IRC. Prior to June 30, 2020, the Plan was based on a volume submitter profit sharing plan developed by Fidelity Management & Research Co which received a favorable opinion letter dated March 31, 2014, from the IRS stating that the plan constitutes a qualified plan under Section 401 of the IRC. The Plan Administrator believes the Plan, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8 – DELINQUENT CONTRIBUTIONS

During 2019, participant withholdings in the amount of $2,774 were inadvertently not remitted to the Plan on a timely basis due to unintentional delays. The Company will remit lost earnings and interest, calculated in accordance with DOL guidelines for late deposits, in 2021.

9 – RECONCILIATION TO THE FORM 5500, SCHEDULE H

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2020	2019

1 – DESCRIPTION OF PLAN

General

The RECARO Aircraft Seating Americas 401(k) Plan (the "Plan") is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was established on January 1, 2019, covering substantially all employees of RECARO Aircraft Seating Americas, LLC ("the Company" or "Plan Administrator"). Fidelity Management Trust Company serves as the trustee ("Trustee"), and Fidelity Workplace Services, LLC serves as the record-keeper of the Plan. The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Eligibility and Participant Accounts

The Plan covers all employees of the Company, except those employees represented by a collective bargaining unit if retirement benefits were the subject of good faith bargaining, lease employees, or non-resident aliens. Employees are immediately eligible for participation, as defined by the Plan document. Participants become eligible for Company contributions upon completing three months of service. Participants may modify investment elections, transfer existing account balances, and obtain information regarding the investments on a daily basis.

Contributions

The Plan is funded through participant pre-tax deferrals, after-tax Roth deferrals, Company safe harbor matching contributions, and Company discretionary non-elective contributions. A participant may elect to contribute up to 80% of his or her eligible compensation, subject to certain maximum limitations imposed by the Internal Revenue Code ("IRC") ($19,500 for 2020). Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the Plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($6,500 for 2020). Rollover contributions representing distributions from other qualified defined benefit or defined contribution plans are permitted and may be contributed prior to meeting the eligibility requirements for participation in the Plan.

The Plan has an automatic enrollment feature. An eligible employee, unless otherwise elected, will be automatically enrolled into the Plan's target retirement date default funds at a rate of 3% of eligible compensation. The Plan also has an automatic deferral increase feature. Accordingly, a participant's pre-tax deferral rate will automatically increase by 1%, up to a maximum of 8%, on April 20th of each year following the first six months of enrollment into the Plan if the participant does not elect out of the automatic increase feature.

The Plan allows for Company safe harbor matching contributions in the amount of 100% of participants' salary deferral amounts on the first 3% of annual eligible compensation, and 50% of participants' salary deferral amounts on the next 2% of annual eligible compensation. Effective May 29, 2020, Plan management approved a resolution to suspend Company safe harbor matching contributions. Company safe harbor matching contributions totaled $385,627 for the year ended December 31, 2020. The Plan also allows for Company discretionary non-elective contributions in amounts to be determined by the Company. No Company discretionary contributions were made for the year ended December 31, 2020.

1 – DESCRIPTION OF PLAN, CONTINUED

Distributions to Participants

Upon normal retirement age, death, disability, or severance of employment, a participant's benefits are payable in a lump-sum or partial withdrawals equal to 100% of the participant's vested account balance. Employees may also make hardship withdrawals on the balance of their account related to their elective deferral contributions. Account balances of $1,000 or less as the time of distribution will be "cashed" out as an involuntary lump sum payment as defined in the Plan document.

Investment Options

The Plan provides for contributions to be invested by the participants among a money market fund, a variety of mutual funds of registered investment companies, and a variety of common collective trusts in accordance with participant investment elections and the provisions of the trust agreement. Participants should refer to the Plan website for additional fund information.

Vesting

Participants are immediately vested in rollover contributions, elective deferrals, Company safe harbor matching contributions, and qualified non-elective contributions plus actual earnings or losses, thereon. Vesting in the Company's discretionary non-elective contributions plus actual earnings or losses, thereon, is based on years of continuous service. Participants vest 33% after each year of qualified service and are 100% vested after three years of qualified service.

Forfeitures

Forfeitures of terminated participant's nonvested accounts are used to pay Plan expenses or reduce future Company contributions. These amounts are reported as a component of net assets available for benefits. At December 31, 2020 and 2019, forfeited non-vested accounts available for future use totaled $3,307 and $0, respectively. For the year ended December 31, 2020, no forfeitures were used to reduce Company contributions or pay Plan expenses.

Revenue Sharing

The Plan has a revenue sharing account, which is funded by the Trustee. Revenue sharing accounts are used to pay administrative expenses or are reallocated to participant accounts. At December 31, 2020 and 2019, there were revenue sharing credits available of $1,536 and $853, respectively. For the year ended December 31, 2020, revenue sharing contributions to the Plan totaled $22,928 and are recorded as "Other income" on the Statement of Changes in Net Assets Available for Benefits. These funds were used to pay administrative expenses for the year ended December 31, 2020.

Notes Receivable from Participants

Borrowings are available to all participants. Notes receivable from participants are limited to a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance, subject to certain restrictions as defined by the Internal Revenue Service ("IRS"). Note terms range from one to five years, unless for the purchase of a primary residence, in which case the Plan Administrator may permit a longer repayment term. The notes receivable from participants are secured by the vested balance in the participant's account and bear a reasonable interest rate, as determined by the Plan Administrator. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections. Notes receivable from participants as of December 31, 2020, have interest rates from 4.25% to 6.5% and maturities from January 2021 to June 2030. Notes receivable from participants as of December 31, 2019, have interest rates from 4.25% to 6.5% and maturities from January 2020 to January 2030.

1 – DESCRIPTION OF PLAN, CONTINUED

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and fees paid related to benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts, subject to payment of liquidation costs and expenses.

Coronavirus Aid Relief and Economic Security Act of 2020

During 2020, Plan management approved a resolution to adopt certain provisions of the Coronavirus Aid Relief and Economic Security Act ("CARES Act"). The Plan elected the distribution provision under the CARES Act. The maximum dollar amount that can be requested per participant is $100,000 without a 10% early withdrawal penalty. These CARES Act distributions are available through the last day of the Plan year that begins in 2020. For eligible CARES Act distribution requests, all vested contribution sources were made available and restrictions based on age or length of participation in the Plan do not apply. CARES Act distributions may be repaid to the Plan within three years; income taxes are spread ratably over three years.

The Plan elected to temporarily suspend required minimum distributions ("RMDs") under the CARES Act. This provision provides relief to individuals who would otherwise be required to take RMDs from retirement accounts due to economic slowdown due to COVID-19. This provision applies to participants who have reached the age of 70 ½ during 2019 but who have not yet taken RMDs in 2020 or to participants who reach age 72 in 2020 following the Setting Every Community Up for Retirement Enhancement Act ("SECURE Act"). If a participant has received RMDs in 2020, they may be able to recontribute these amounts back into the Plan in the form of direct rollovers.

Through September 23, 2020, participants were eligible to borrow up to $100,000 from their vested account balance, reduced by the highest balance of any notes outstanding during the previous twelve months. Repayments of existing notes receivable from participants could be deferred until December 31, 2020. Notes will be re-amortized to include accrued interest during the deferred payment period, and repayments began in January 2021.

2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Estimates and Assumptions

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income or loss earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation (depreciation) of fair value of investments includes the Plan's gains and losses on the investments bought and sold, as well as held during the year.

Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the Plan document or note policy of the Plan.

Recent Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, "Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement". ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, Fair Value Measurement. The amendments are based on the concepts in the FASB Concepts Statement, "Conceptual Framework for Financial Reporting—Chapter 8: Notes to Financial Statements", which the Board finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted. Management has adopted the provisions of this new standard for the year ended December 31, 2020, and there was no significant impact on the Plan's financial statements.

3 – FAIR VALUE MEASUREMENTS

Investment Valuation and Leveling

FASB Accounting Standards Codification ("ASC") Topic 820, "*Fair Value Measurements and Disclosures*", provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

3 – FAIR VALUE MEASUREMENTS, CONTINUED

Investment Valuation and Leveling, continued

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In establishing a fair value hierarchy for the Plan's investments in accordance with ASC 820, the following value methodologies were used for each type of investment:

Money market fund: Valued at cost of $1 per unit, which represents net asset value ("NAV") at year end.

Mutual funds of registered investment companies: Valued at the NAV or quoted market prices of shares held by the Plan at year end.

Common collective trusts: Valued at the NAV of units of a collective trust. The NAV, as provided by the Trustee, is used to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This NAV is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common collective trust, the Trustee reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods previously described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3 – FAIR VALUE MEASUREMENTS, CONTINUED

Investment Valuation and Leveling, continued

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Money market fund	$ 1,536	$ -	$ -	$ 1,536
Mutual funds of registered investment companies	13,478,885	-	-	13,478,885
Common collective trusts	-	719,828	-	719,828
Total investments, at fair value	$ 13,480,421	$ 719,828	$ -	$ 14,200,249

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Money market fund	$ 853	$ -	$ -	$ 853
Mutual funds of registered investment companies	13,034,068	-	-	13,034,068
Common collective trusts	-	373,565	-	373,565
Total investments, at fair value	$ 13,034,921	$ 373,565	$ -	$ 13,408,486

4 – FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA for 2020 and 2019. Accordingly, the Trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019, the supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2020, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020.

5 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee; therefore, these transactions qualify as party-in-interest transactions. The Plan issues notes receivable to participants, which are secured by the participant's account balances. These transactions also qualify as party-in-interest transactions. Certain administrative functions of the Plan are performed by an officer or employees of the Company. No such officer or employee receives compensation from the Plan. Fees paid by the Plan to parties-in-interest for various administrative expenses, including investment management and record-keeping services, amounted to $88,131 for the year ended December 31, 2020.

6 – RISKS AND UNCERTAINTIES

Investment securities are exposed to various risks, such as interest rate, market, concentration, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

7 – TAX STATUS OF THE PLAN

The Plan is based on a non-standardized pre-approved profit sharing plan developed by FMR LLC which received a favorable opinion letter dated June 30, 2020, from the IRS stating that the plan constitutes a qualified plan under Section 401 of the IRC. Prior to June 30, 2020, the Plan was based on a volume submitter profit sharing plan developed by Fidelity Management & Research Co which received a favorable opinion letter dated March 31, 2014, from the IRS stating that the plan constitutes a qualified plan under Section 401 of the IRC. The Plan Administrator believes the Plan, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8 – DELINQUENT CONTRIBUTIONS

During 2019, participant withholdings in the amount of $2,774 were inadvertently not remitted to the Plan on a timely basis due to unintentional delays. The Company will remit lost earnings and interest, calculated in accordance with DOL guidelines for late deposits, in 2021.

9 – RECONCILIATION TO THE FORM 5500, SCHEDULE H

1 – DESCRIPTION OF PLAN

General

The RECARO Aircraft Seating Americas 401(k) Plan (the "Plan") is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was established on January 1, 2019, covering substantially all employees of RECARO Aircraft Seating Americas, LLC ("the Company" or "Plan Administrator"). Fidelity Management Trust Company serves as the trustee ("Trustee"), and Fidelity Workplace Services, LLC serves as the record-keeper of the Plan. The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Eligibility and Participant Accounts

The Plan covers all employees of the Company, except those employees represented by a collective bargaining unit if retirement benefits were the subject of good faith bargaining, lease employees, or non-resident aliens. Employees are immediately eligible for participation, as defined by the Plan document. Participants become eligible for Company contributions upon completing three months of service. Participants may modify investment elections, transfer existing account balances, and obtain information regarding the investments on a daily basis.

Contributions

The Plan is funded through participant pre-tax deferrals, after-tax Roth deferrals, Company safe harbor matching contributions, and Company discretionary non-elective contributions. A participant may elect to contribute up to 80% of his or her eligible compensation, subject to certain maximum limitations imposed by the Internal Revenue Code ("IRC") ($19,500 for 2020). Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the Plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($6,500 for 2020). Rollover contributions representing distributions from other qualified defined benefit or defined contribution plans are permitted and may be contributed prior to meeting the eligibility requirements for participation in the Plan.

The Plan has an automatic enrollment feature. An eligible employee, unless otherwise elected, will be automatically enrolled into the Plan's target retirement date default funds at a rate of 3% of eligible compensation. The Plan also has an automatic deferral increase feature. Accordingly, a participant's pre-tax deferral rate will automatically increase by 1%, up to a maximum of 8%, on April 20th of each year following the first six months of enrollment into the Plan if the participant does not elect out of the automatic increase feature.

The Plan allows for Company safe harbor matching contributions in the amount of 100% of participants' salary deferral amounts on the first 3% of annual eligible compensation, and 50% of participants' salary deferral amounts on the next 2% of annual eligible compensation. Effective May 29, 2020, Plan management approved a resolution to suspend Company safe harbor matching contributions. Company safe harbor matching contributions totaled $385,627 for the year ended December 31, 2020. The Plan also allows for Company discretionary non-elective contributions in amounts to be determined by the Company. No Company discretionary contributions were made for the year ended December 31, 2020.

1 – DESCRIPTION OF PLAN, CONTINUED

Distributions to Participants

Upon normal retirement age, death, disability, or severance of employment, a participant's benefits are payable in a lump-sum or partial withdrawals equal to 100% of the participant's vested account balance. Employees may also make hardship withdrawals on the balance of their account related to their elective deferral contributions. Account balances of $1,000 or less as the time of distribution will be "cashed" out as an involuntary lump sum payment as defined in the Plan document.

Investment Options

The Plan provides for contributions to be invested by the participants among a money market fund, a variety of mutual funds of registered investment companies, and a variety of common collective trusts in accordance with participant investment elections and the provisions of the trust agreement. Participants should refer to the Plan website for additional fund information.

Vesting

Participants are immediately vested in rollover contributions, elective deferrals, Company safe harbor matching contributions, and qualified non-elective contributions plus actual earnings or losses, thereon. Vesting in the Company's discretionary non-elective contributions plus actual earnings or losses, thereon, is based on years of continuous service. Participants vest 33% after each year of qualified service and are 100% vested after three years of qualified service.

Forfeitures

Forfeitures of terminated participant's nonvested accounts are used to pay Plan expenses or reduce future Company contributions. These amounts are reported as a component of net assets available for benefits. At December 31, 2020 and 2019, forfeited non-vested accounts available for future use totaled $3,307 and $0, respectively. For the year ended December 31, 2020, no forfeitures were used to reduce Company contributions or pay Plan expenses.

Revenue Sharing

The Plan has a revenue sharing account, which is funded by the Trustee. Revenue sharing accounts are used to pay administrative expenses or are reallocated to participant accounts. At December 31, 2020 and 2019, there were revenue sharing credits available of $1,536 and $853, respectively. For the year ended December 31, 2020, revenue sharing contributions to the Plan totaled $22,928 and are recorded as "Other income" on the Statement of Changes in Net Assets Available for Benefits. These funds were used to pay administrative expenses for the year ended December 31, 2020.

Notes Receivable from Participants

Borrowings are available to all participants. Notes receivable from participants are limited to a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance, subject to certain restrictions as defined by the Internal Revenue Service ("IRS"). Note terms range from one to five years, unless for the purchase of a primary residence, in which case the Plan Administrator may permit a longer repayment term. The notes receivable from participants are secured by the vested balance in the participant's account and bear a reasonable interest rate, as determined by the Plan Administrator. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections. Notes receivable from participants as of December 31, 2020, have interest rates from 4.25% to 6.5% and maturities from January 2021 to June 2030. Notes receivable from participants as of December 31, 2019, have interest rates from 4.25% to 6.5% and maturities from January 2020 to January 2030.

1 – DESCRIPTION OF PLAN, CONTINUED

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and fees paid related to benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts, subject to payment of liquidation costs and expenses.

Coronavirus Aid Relief and Economic Security Act of 2020

During 2020, Plan management approved a resolution to adopt certain provisions of the Coronavirus Aid Relief and Economic Security Act ("CARES Act"). The Plan elected the distribution provision under the CARES Act. The maximum dollar amount that can be requested per participant is $100,000 without a 10% early withdrawal penalty. These CARES Act distributions are available through the last day of the Plan year that begins in 2020. For eligible CARES Act distribution requests, all vested contribution sources were made available and restrictions based on age or length of participation in the Plan do not apply. CARES Act distributions may be repaid to the Plan within three years; income taxes are spread ratably over three years.

The Plan elected to temporarily suspend required minimum distributions ("RMDs") under the CARES Act. This provision provides relief to individuals who would otherwise be required to take RMDs from retirement accounts due to economic slowdown due to COVID-19. This provision applies to participants who have reached the age of 70 ½ during 2019 but who have not yet taken RMDs in 2020 or to participants who reach age 72 in 2020 following the Setting Every Community Up for Retirement Enhancement Act ("SECURE Act"). If a participant has received RMDs in 2020, they may be able to recontribute these amounts back into the Plan in the form of direct rollovers.

Through September 23, 2020, participants were eligible to borrow up to $100,000 from their vested account balance, reduced by the highest balance of any notes outstanding during the previous twelve months. Repayments of existing notes receivable from participants could be deferred until December 31, 2020. Notes will be re-amortized to include accrued interest during the deferred payment period, and repayments began in January 2021.

2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Estimates and Assumptions

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income or loss earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation (depreciation) of fair value of investments includes the Plan's gains and losses on the investments bought and sold, as well as held during the year.

Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the Plan document or note policy of the Plan.

Recent Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, "Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement". ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, Fair Value Measurement. The amendments are based on the concepts in the FASB Concepts Statement, "Conceptual Framework for Financial Reporting—Chapter 8: Notes to Financial Statements", which the Board finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted. Management has adopted the provisions of this new standard for the year ended December 31, 2020, and there was no significant impact on the Plan's financial statements.

3 – FAIR VALUE MEASUREMENTS

Investment Valuation and Leveling

FASB Accounting Standards Codification ("ASC") Topic 820, "*Fair Value Measurements and Disclosures*", provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

3 – FAIR VALUE MEASUREMENTS, CONTINUED

Investment Valuation and Leveling, continued

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In establishing a fair value hierarchy for the Plan's investments in accordance with ASC 820, the following value methodologies were used for each type of investment:

Money market fund: Valued at cost of $1 per unit, which represents net asset value ("NAV") at year end.

Mutual funds of registered investment companies: Valued at the NAV or quoted market prices of shares held by the Plan at year end.

Common collective trusts: Valued at the NAV of units of a collective trust. The NAV, as provided by the Trustee, is used to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This NAV is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common collective trust, the Trustee reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods previously described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3 – FAIR VALUE MEASUREMENTS, CONTINUED

Investment Valuation and Leveling, continued

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Money market fund	$ 1,536	$ -	$ -	$ 1,536
Mutual funds of registered investment companies	13,478,885	-	-	13,478,885
Common collective trusts	-	719,828	-	719,828
Total investments, at fair value	$ 13,480,421	$ 719,828	$ -	$ 14,200,249

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Money market fund	$ 853	$ -	$ -	$ 853
Mutual funds of registered investment companies	13,034,068	-	-	13,034,068
Common collective trusts	-	373,565	-	373,565
Total investments, at fair value	$ 13,034,921	$ 373,565	$ -	$ 13,408,486

4 – FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA for 2020 and 2019. Accordingly, the Trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019, the supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2020, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020.

5 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee; therefore, these transactions qualify as party-in-interest transactions. The Plan issues notes receivable to participants, which are secured by the participant's account balances. These transactions also qualify as party-in-interest transactions. Certain administrative functions of the Plan are performed by an officer or employees of the Company. No such officer or employee receives compensation from the Plan. Fees paid by the Plan to parties-in-interest for various administrative expenses, including investment management and record-keeping services, amounted to $88,131 for the year ended December 31, 2020.

6 – RISKS AND UNCERTAINTIES

Investment securities are exposed to various risks, such as interest rate, market, concentration, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

7 – TAX STATUS OF THE PLAN

The Plan is based on a non-standardized pre-approved profit sharing plan developed by FMR LLC which received a favorable opinion letter dated June 30, 2020, from the IRS stating that the plan constitutes a qualified plan under Section 401 of the IRC. Prior to June 30, 2020, the Plan was based on a volume submitter profit sharing plan developed by Fidelity Management & Research Co which received a favorable opinion letter dated March 31, 2014, from the IRS stating that the plan constitutes a qualified plan under Section 401 of the IRC. The Plan Administrator believes the Plan, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8 – DELINQUENT CONTRIBUTIONS

During 2019, participant withholdings in the amount of $2,774 were inadvertently not remitted to the Plan on a timely basis due to unintentional delays. The Company will remit lost earnings and interest, calculated in accordance with DOL guidelines for late deposits, in 2021.
