Report of Independent Auditors

To the Administrator of
Belcan Retirement Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Belcan Retirement Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Bank of America, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2020 and 2019 and for the years then ended, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements.

Other Matter

The supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2020 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Belcan Retirement Savings Plan

Notes to Financial Statements

December 31, 2020 and 2019

1. Plan Description

The following description of the Belcan Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General and Participation

The Plan is a defined contribution plan established on October 1, 1985 covering eligible employees of Belcan LLC (the "Company") and the following affiliates that have adopted the Plan ("Participating Employer"): (a) Belcan Engineering Group, LLC; (b) Belcan Services Group Limited Partnership, (c) JBR Technologies, LLC (effective January 1, 2020), and (d) Belcan Federal, LLC (effective September 1, 2020) (collectively, the "Participating Employers"). Belcan Federal, LLC was created when Kentah Group Inc. and Intercom Federal System Corporation, both previously Participating Employers in the Plan, were merged together on September 1, 2020. To be eligible to participate in the Plan, an individual must be an employee of the Company or a Participating Employer who has completed at least 90 days of service, attained at least age 21, and who is not in one of the following categories: (1) co-op student; (2) leased employee; or (3) eligible to participate in the Belcan Services Group Limited Partnership Retirement Savings Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA") and the Internal Revenue Code of 1986, as amended (the "Code").

Administration and Trustee

The Plan is administered by a committee (the "Committee") comprised principally of management. The Committee appointed Bank of America, N.A. ("Bank of America") as trustee. Bank of America invests and holds all contributions made to the Plan and allocates the amounts among the funds as directed by participants. An affiliate of Bank of America, Merrill Lynch, Pierce, Fenner & Smith Incorporated Retirement Services' ("MLPF&S Retirement Services"), is recordkeeper of the Plan.

Contributions

Participants may contribute to the Plan on a pre-tax basis (401(k) contributions and catch-up contributions), or on an after-tax basis (Roth contributions), up to limits set by the Plan and the Code. The Plan provides for automatic enrollment of eligible employees at a 3% 401(k) contribution deferral rate, but participants may stop these automatic contributions at any time or elect a different contribution percentage. The Company and the Participating Employers may, in their discretion, match participants' 401(k) and Roth contributions (and catch-up contributions for employees of Belcan Federal, LLC). The matching contribution formula for employees of Belcan LLC, Belcan Engineering Group, LLC, Belcan Services Group Limited Partnership and JBR Technologies, LLC is 50% of the first 4% of eligible compensation. The matching contribution formula for employees of Belcan Federal, LLC is 50% of the first 6% of eligible compensation.

In addition, the Plan accepts direct rollovers from other plans and arrangements, and rollover contributions from participants. Participants who have attained the age of 50 before the end of the Plan year are eligible to make additional catch-up contributions up to \$6,500 and \$6,000 per year for 2020 and 2019, respectively.

Participant Accounts

A participant's account is credited with the participant's contributions, discretionary matching contributions and adjusted for earnings and losses. The benefit to which a participant is entitled is the vested amount that is in the participant's account at any given time.

Vesting

All participants are immediately 100% vested in their 401(k) and Roth contributions, catch-up contributions and rollover contributions, as adjusted for earnings and losses.

Vesting in matching contributions is based on years of service for employees of Belcan LLC, Belcan Engineering Group, LLC, Belcan Services Group Limited Partnership and JBR Technologies, LLC. An employee in this group becomes vested in matching contributions at a rate of 20% per year and is 100% vested after being credited with five years of service. In addition, these employees will become fully vested in their matching contributions regardless of their years of service upon reaching normal retirement age, becoming disabled, or dying while employed by the Company, a Participating Employer or an affiliated company. Lastly, these employees will become fully vested in their matching contributions if they die during a military leave that qualifies under the Uniformed Services Employment and Reemployment Rights Act ("USERRA") regardless of whether they were an employee when they died.

Vesting in matching contributions is based on years of service for employees of Kentah Group Inc. and Intercom Federal System Corporation. Prior to September 1, 2020, an employee of Intercom Federal System Corporation becomes 25% vested after two years of service, 50% after three years of service, 75% after four years of service and 100% vested after five years of service. An employee of Kentah Group Inc. became 33% vested after one year of service, 66% after two years of service and is 100% vested after three years of service. Effective September 1, 2020 all Belcan Federal, LLC employees becomes 33% vested in matching contributions they are entitled to receive on or after September 1, 2020 after one year of service, 66% after two years of service and is 100% vested after three years of service. In addition, these employees will become fully vested in their matching contributions regardless of their years of service upon reaching normal retirement age, becoming disabled, or dying while employed by the Company, a Participating Employer or an affiliated company. Lastly, these employees will become fully vested in their matching contributions if they die during a military leave that qualifies under USERRA regardless of whether they were an employee when they died.

Investments

Upon enrollment into the Plan, a participant may direct employee and employer contributions in 1% increments into various investment options available under the Plan. Participants may reallocate their investments at any time during the year. Accordingly, all investments are participant directed.

Benefits

A distribution in a lump sum or installment payments may be made to a participant upon the participant's termination of employment with the Company, Participating Employers and all affiliated companies. Additionally, prior to termination from employment, a participant may withdraw all or a portion of his vested account balance upon attaining age 59½, incurring a financial hardship (if certain requirements are satisfied) or if called to military duty (if certain requirements are satisfied). In addition, a participant may withdrawal their rollover contributions at any time prior to termination from employment.

During March 2020, the Coronavirus Aid, Relief and Economic Security Act ("CARES Act") was signed into law. Under the CARES Act, certain qualified participants impacted by COVID-19 could take penalty-free distributions, not to exceed \$100,000 during the taxable year between January 1, 2020 and December 31, 2020. Additionally, COVID-19 related distributions were not subject to the 20% federal tax withholding, but were subject to a 10% federal tax withholding requirement with the option to spread the applicable income tax resulting from the COVID-19 distribution over a 3 year period. Finally, the CARES Act allowed a participant who obtains a distribution to repay the distribution to an eligible retirement plan within the three-year period following the distribution to defer taxation.

Death Benefits

Upon death, a participant's vested account balance remaining in the Plan will be paid to the participant's beneficiary or estate.

Notes Receivable From Participants

Participants may borrow up to \$50,000 (reduced as required by the Code) or 50% of their vested account balance in the Plan, whichever is less. The maximum term of a loan is 5 years unless the loan is used to purchase a primary residence. A participant may only have up to two loans outstanding. The loans are secured by the balance in the participant's account and bear interest at a rate determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. A participant must generally repay any loan in full within 90 days of the participant's termination of employment with the Company and Participating Employers. At December 31, 2020 and 2019, participant loan interest rates in effect ranged from 4.25% to 6.50% with various maturity dates through 2026.

Forfeited Accounts

Forfeited matching contributions are used to reduce future matching contributions, or to pay the Plan's administrative expenses. At December 31, 2020 and 2019, the balance of forfeited accounts totaled approximately \$270,000 and \$900,000, respectively. During the years ended December 31, 2020 and 2019, approximately \$1,000,000 and \$400,000, respectively, were used to reduce matching contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the accompanying financial statements and disclosures. Accordingly, actual results could differ from these estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value.

The change in the unrealized difference between cost and fair value of investments held is reflected in the statements of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments. Gains and (losses) on dispositions of investments are recognized at the time of disposition with the amount of gain or (loss) determined on a specific identification basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Notes to Financial Statements

December 31, 2020 and 2019

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Contributions

Participants may contribute to the Plan on a pre-tax basis (401(k) contributions and catch-up contributions), or on an after-tax basis (Roth contributions), up to limits set by the Plan and the Code. The Plan provides for automatic enrollment of eligible employees at a 3% 401(k) contribution deferral rate, but participants may stop these automatic contributions at any time or elect a different contribution percentage. The Company and the Participating Employers may, in their discretion, match participants' 401(k) and Roth contributions (and catch-up contributions for employees of Belcan Federal, LLC). The matching contribution formula for employees of Belcan LLC, Belcan Engineering Group, LLC, Belcan Services Group Limited Partnership and JBR Technologies, LLC is 50% of the first 4% of eligible compensation. The matching contribution formula for employees of Belcan Federal, LLC is 50% of the first 6% of eligible compensation.

Payment of Benefits

Benefits are recorded upon distribution.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and payment of benefits are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and statements of changes in net assets available for benefits.

The outbreak of the novel coronavirus, or COVID-19, severely impacted global economic activity and caused significant volatility and negative pressure in the financial markets, and it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect Participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets to identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels are described as follows:

Level 1 Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019:

Cash (interest-bearing)

Valued at original cost plus accrued interest or at amortized cost as reported by the financial institution associated with the interest-bearing account.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust Funds

Valued based on the net asset value (NAV) of units held by the Plan at year end. The net asset value of units held by the Plan is based on the fair value of the underlying investments held by the funds less its liabilities (discussed below). Generally, under ordinary market conditions, all common/collective trust positions provide daily market liquidity to plan participants and the Plan. Participant transactions (issuances and redemptions) may occur daily. Were the Plan to initiate a full redemption of its interest in the common/collective trusts, however, the trustee of the common/collective trust funds could impose restrictions to the extent that it is determined a full redemption could disrupt the liquidity or management of the funds. There are no unfunded commitments for investments in the common/collective trusts.

Belcan Retirement Savings Plan

Notes to Financial Statements

December 31, 2020 and 2019

The Federated Hermes Capital Preservation trust is composed of fully benefit-responsive investment contracts of which the Plan invests in two different classes. The Fund is valued using a \$1 NAV and is primarily invested in fixed income securities. The Fund may invest in such securities directly or indirectly through commingled investment vehicles. The underlying investments of a fully benefit-responsive investment contract are fair valued using readily available market quotations; units or shares of commingled investment vehicles held by the Fund will be valued using the stated NAVs for such units or shares. If market quotations are not readily available for any security or if the Trustee reasonably determines that a market quotation does not accurately reflect the fair value of a security in good faith using various indicia of value, furnished by third parties, including pricing services. There are no reserves against contract value for credit risk of the contract issuers or otherwise. The average yield and crediting interest rates were approximately 2.11% and 1.81% for the year ended December 31, 2020 and 2.36% and 2.37% for the year ended December 31, 2019, respectively. The crediting interest rate is based on formulas agreed upon with the issuers; there is a 0% minimum credit rate gross of fees. Such interest rates are reviewed monthly for resetting.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	2020			
	Level 1	Level 2	Level 3	Total

4. Income Tax Status

The Plan obtained its latest determination letter on December 31, 2015, in which the Internal Revenue Service (IRS) ruled that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the determination letter. The Plan administrator believes that the Plan is currently designed and being operated in accordance with the applicable requirements of the Code in all material respects. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan. If the Plan is terminated, participants will become 100% vested in their accounts, to the extent they are not already vested.

6. Trustee Certification

The following is a summary of the Plan's financial information and data included in the Plan's financial statements and supplemental schedules which were certified by the trustee as of December 31, 2020 and 2019 and for the years then ended as complete and accurate, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

	2020	2019

Interest and dividend income	8,545,975	9,341,525
Interest income on notes receivable from participants	130,874	155,164

7. Related Party Transactions

Certain Plan investments are mutual funds managed by affiliates of Bank of America, the trustee of the Plan, therefore, these transactions and fees earned by them, qualify as party-in-interest transactions. The Plan also maintains notes receivables from participants which are exempt from prohibited transaction rules. The Company also provides certain accounting, recordkeeping and administrative services to the Plan for which it is not compensated.

8. Subsequent Events

The Plan Sponsor has evaluated subsequent events through October 8, 2021, the date the financial statements were available to be issued. No matters were identified that would materially impact the financial statements or require disclosure other than the following:

Effective January 1, 2021, Avista, Inc. became a Participating Employer in the Plan.

¹ - Belcan contributed delinquent contributions and lost earnings to the Plan during 2019 and 2020 and will contribute additional delinquent contributions and lost earnings to the Plan in 2021. In connection with these corrective contributions, Belcan filed an application under the DOL Voluntary Fiduciary Correction Program (VFCP) on August 5, 2020. In 2021, the DOL recommended that Belcan withdraw the application because it was determined that additional 2019 delinquent contributions should be included in the correction. Belcan will submit a revised VFCP application to the DOL during 2021 and, based on the DOL's comments, expects the DOL to issue a "no action" letter. The total corrections of \$551,079 include \$540,820 in contributions paid in 2019, \$6,534 in contributions and \$983 in associated lost earnings paid in 2020, and \$2,486 in contributions and \$256 in related lost earnings will be paid in 2021. In addition, Belcan filed two Form 5330s with the IRS on July 27, 2020 for the 2019 and 2020 plan years and paid excise taxes related to the above nonexempt prohibited transaction (\$117.83 for the 2019 plan year and \$135.55 for the 2020 plan year). Belcan will file Forms 5330 with the IRS in 2021 (for the 2019, 2020 and 2021 plan years) to report and pay excise taxes with respect to the newly discovered 2019 delinquent contributions. The additional excise taxes are expected to be less than \$150.
