CASA 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE A – DESCRIPTION OF PLAN

The following description of the Casa Nissan, Inc. ("Company") Casa 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all full-time employees who have three months of service and are age 21 or older. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). The Board of Trustees oversees governance of the Plan. The Board of Trustees determine the appropriateness of the Plan's investment offerings, monitors investment performance, and reports.

Contributions. Each year, participants may contribute annually, up to 100% of pretax eligible compensation or $19,500 as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other retirement plans and certain IRAs (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers common stocks, bonds, governmental securities and as investment options for participants. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 5% of eligible compensation and their contributions invested in a default investment that the Plan officials have selected, until changed by participant. The Company contributed 25% of the first 8% of base compensation that a participant contributed to the Plan. Each year, the Company may contribute make a discretionary profit-sharing contribution to the plan. Contributions are subject to certain IRS limitations.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's matching contributions, (b) Plan earnings (losses), and (c) charged with an allocation of any administrative expenses paid by the Plan. In addition, participants will be credited with any dividends or interest received on Contracts. Allocation is based on participant earnings or account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A – DESCRIPTION OF PLAN *(continued)*

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by up to 50% of the balance in the participant's account and bear interest at rates ranging from 4.25% to 9.00%. The loan interest rate will equal to 2% above prime rate. Principal and interest are paid ratably through monthly, and semimonthly payroll deduction

Payment of Benefits. On termination of service due to death, disability, retirement, and if the vested account balance does not exceed $5,000 then participant will receive a single lump-sum payment. If the vested account balance exceeds $5,000, participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or partial withdrawals may be paid directly to the participant.

Forfeited Accounts. On December 31, 2020 and 2019, forfeited non-vested accounts totaled $13532 and $13,422, respectively. These accounts will be used to reduce future employer's plan expenses. Also, in 2020, the forfeited non-vested account was reduced by $7,786.

NOTE B – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value except for an investment contract except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributed to fully benefit-responsive investment contract because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

NOTE B – SUMMARY OF ACCOUNTING POLICIES (*continued)*

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. *See Note D* for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when they are incurred. As of December 31, 2020, no allowance for credit losses have been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

NOTE B – SUMMARY OF ACCOUNTING POLICIES (*continued)*

Date of Management's Review of Subsequent Events

The Plan has evaluated subsequent events through October 4, 2021, the date the financial statements were available to be issued.

NOTE C – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation and depreciation in fair value of investments, interest, and dividends for year ended December 31, 2020, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Voya Retirement Insurance and Annuity Company (the trustee of the Plan).

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	2020	2019
Investments, at fair value:		
Government Money Market	$ 3,509	$ 0
Mutual Funds	9,965,701	12,952,054
Common Stocks	1,371,142	0
Bonds	803,295	0
	$ 12,143,647	$ 12,952,054

NOTE D – FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no Plan assets requiring the use of Level 2 or 3 inputs for the periods presented.

NOTE D – FAIR VALUE MEASUREMENTS, *(continued)*

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered actively traded. The fair value of common stocks and bonds are based on the closing price reported on the active market where the individual securities are traded.

The following tables set forth by level within the fair value hierarchy the Plan's investments at fair value as of December 31, 2020, and 2019:

Fair Value Measurement at End of the Reporting Period Using:

December 31, 2020	**Fair Value**	**Quoted Prices in Active Markets for Identical Assets (Level 1)**
Mutual Funds	$ 9,965,701	$ 9,965,701
Common Stocks	1,371,142	1,371,142
Bonds	803,295	803,295
Total assets at fair value	$ 13,117,442	$,13,117,442

December 31, 2019	**Fair Value**	**Quoted Prices in Active Markets for Identical Assets (Level 1)**
Mutual Funds	$ 12,952,054	$ 12,952,054
Total assets at fair value	$ 12,952,054	$ 12,952,054

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2020 and 2019, are reported in net appreciation in fair value of investments.

NOTE E – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE F – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Nova Associates, Inc (DBA Nova 401 (k) Associates) and Administrative Fiduciary Services Inc. (AFS) serve as third party administrators to the Plan. Fees paid by the Plan for third party administrative service amounted to $53,275 for the year ended December 31, 2020, therefore, these transactions qualify as party -in-interest transactions.

NOTE G – TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt. Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain positions that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2017.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	December 31	
	2020	**2019**
Net assets available for benefits per the financial statements	$13,883,355	$ 13,698,633
Less:		
Accrual to cash basis	(76,712)	(76,361)
Deemed default loans	(17,714)	(14,354)
Transfer out adjustments	0	(622)
Amounts allocated to withdrawing participants	(0)	0
Net assets available for benefits per Schedule H to the Form 5500	$13,788,929	$ 13,607,296

The following is a reconciliation of benefits paid to participants per the financial statements for the year ended December 31, 2020 to Schedule H of Form 5500:

Benefits paid to participants per the financial statements	$1,918,189
Benefits paid to participants per Schedule H of Form 5500	$1,918,189

NOTE J – GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2020, the Plan entered a traditional fully benefit-responsive guaranteed investment contract with Voya Retirement Insurance and Annuity Company (VRIAC). VRIAC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by VRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct withdrawal or transfer of al or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract in December 2020 was $973,793. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 1%. Such interest rate is reviewed on quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with VRIAC. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of

NOTE J – GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY, ***(continued)***

equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE K – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 4, 2021 the date which the financial statements were available to be issued.

On March 2, 2021, the Board of Directors of Casa Nissan, Inc., the Plan Sponsor, approved the merger of Casita 401 (k) Plan into the Casa 401 (k) Plan. As a result, all investments were transferred from Casita 401 (k) into the Plan.

On July 6, 2021, the Coronavirus Aid, Relief, and Economic Security (CARES) Act amendment was adopted by the Plan. The amendment provides relief for qualified individuals with (1) Corona -related distributions, (2) increased loan limits, (3) loan repayment extension, (4) required minimum distribution waivers.
