INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Pizza Hut 401(k) Profit Sharing Plan and Trust

Report on the Financial Statements

I was engaged to audit the accompanying financial statements of the Pizza Hut 401(k) Profit Sharing Plan and Trust, which comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2020 and 2019, and the related statements of changes in net assets available for benefits – modified cash basis for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting as described in Note B; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

My responsibility is to express an opinion on the financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Fidelity Management Trust Company, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. I have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of and for the years ended December 31, 2020 and 2019, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, I do not express an opinion on the financial statements.

Basis of Accounting

I draw attention to Note B of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. My opinion is not modified with respect to this matter.

Other Matter – Supplemental Information

The supplemental information, "Schedule of Assets (Held at End of Year)," as of December 31, 2020 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I do not express an opinion on the supplemental information.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental information, other than that derived from the information certified by the Trustee, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Respectfully submitted,

PIZZA HUT 401(K) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2020 and 2019

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Pizza Hut 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Pizza Hut 401(k) Profit Sharing Plan and Trust was established January 1, 1989, by resolution of the KWS, Inc. Board of Directors, with the intent that it be a qualified Plan and Trust under Sections 401(a) and 401(k) of the Internal Revenue Code of 1986, as amended.

The Plan was established as a separate trust for and on the behalf of all eligible employees electing to participate. Eligibility for participation in the Plan was based upon completion of a twelve-month period of employment with not less than 1,000 hours of service and having attained age 18. On July 1, 2014, the 1,000 hours of service requirement was dropped to determine eligibility into the Plan but is still needed to be eligible for the match and discretionary non-elective Company contribution. In addition to the hour requirement for the Company contribution, the participant must be employed on the last day of the Plan year. Employees may begin participating on the first day of the month following satisfying eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. KWS, Inc. and the individual Pizza Hut Companies (collectively called the Company) is to make basic contributions on behalf of each participant who has elected to reduce his or her compensation under a compensation reduction agreement. The basic contribution made on behalf of the participant is to equal the amount specified in that agreement, provided that the contribution does not exceed certain established overall benefit limitations.

The Company may elect, for any Plan year, to make one or more matching contributions in addition to any other Company contribution for the Plan year. The Company, in its sole discretion, shall determine the amount, if any, of such matching contribution, subject to the limitations of the Plan. If an overall benefit limitation would be exceeded by the allocation of a matching contribution, that contribution is reduced by the amount by which the limitation would have been exceeded had the contribution been made. For the years ended December 31, 2020 and 2019, the Company made contributions of 27 percent and 17 percent, respectively, of the participants' basic contributions. The Company contribution is made after year end.

Rollovers. Any participant may make rollover contributions, transferring funds either directly or indirectly to the Plan from another qualified plan. Such rollover contributions are not subject to eligibility requirements or overall benefit limitations.

NOTE A - DESCRIPTION OF THE PLAN, continued

Vesting. A participant is at all times fully vested and has a non-forfeitable interest in all basic, rollover, and qualified non-elective Company contributions made on his or her behalf. Company matching and additional contributions, other than qualified non-elective contributions, vest under the following schedule:

Years of service:	1	2	3	4	5	6
Vesting percentage:	0%	20%	40%	60%	80%	100%

Forfeited Accounts. Unvested amounts attributable to Company matching contributions that are forfeited are reallocated to only those participants eligible for allocations of matching contributions in the current year. The amounts of $4,382 and $7,531 were forfeited for the Plan years 2020 and 2019, respectively. Amounts attributable to Company discretionary contributions can be used to offset plan expenses or the employer match. As of December 31, 2020 and 2019, there was $8,810 and $14,894, respectively, of forfeited non-vested accounts.

Payment of Benefits. Upon normal retirement age at 65, death, total and permanent disability, or termination of employment, participants (or their beneficiaries) are entitled to a lump sum distribution. The amount payable shall be equal to the value of the participant's basic contribution subaccount, rollover contribution subaccount, and Company contribution subaccount on the next valuation date which follows the retirement, death, disability, or termination of employment. A disabled participant, or beneficiary of a deceased participant, may elect to use the valuation date immediately preceding such participant's death or disability. Inservice withdrawals are allowed upon attainment of age 59-1/2 or for financial hardship. The Plan requires that distribution payments between $1,000 and $5,000 be directly rolled over to an individual retirement account in the event the participant does not elect otherwise. Distributions under $1,000 will be paid out to the participant in the event the participant does not elect a payout option.

Fees. The Plan is administered by KWS, Inc., or by any person appointed from time to time by KWS, Inc.'s Board of Directors. Trustee fees and investment fees were paid by the Plan in 2020 and 2019. All other expenses of the Plan are paid by KWS, Inc.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's records are maintained on the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. Modified cash basis financial statements are cash basis financial statements that adjust securities investments to fair value.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Funding

The Company is required to pay its matching contribution to the Trustee within the time prescribed by law. It has been the historical practice of the Company to fund the employee withholding after each payroll. The Company match is paid annually.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note G for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the modified cash basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Evaluation of Subsequent Events

The Plan has evaluated subsequent events through October , 2021, the date the financial statements were available to be issued.

NOTE C - TRUSTEE

Assets of the Plan were held under agreement with Fidelity Management Trust Company (the Trustee). The Trustee invests the assets of each participant's account among multiple investment options in accordance with the investments election of each participant. The Trustee is responsible for maintaining accurate and detailed records of the Plan's assets, and all transactions associated therewith.

The Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, all investment information disclosed in the accompanying financial statements and schedule, including investments held at December 31, 2020 and 2019, and net appreciation (depreciation) in fair value of investments, interest, and dividends for the years ended December 31, 2020 and 2019, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Trustee.

NOTE D - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In the event of Plan termination, if there are assets which have not been allocated to any participant, but are part of the Plan, they are to be allocated to each participant ratably in the same proportion as the amount credited and the participants would become 100 percent vested in their Company contributions.

NOTE E - TAX STATUS

The underlying volume submitter plan has received an advisory letter from the Internal Revenue Service dated March 31, 2014, stating that the written form of the underlying document is qualified under Section 401(a) of the Internal Revenue Code (the Code), and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended since receiving the letter, the Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan is qualified and the related trust is tax exempt.

The modified cash basis of accounting requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F - RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity Management Trust Company is the Trustee and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for administration/trustee services and investment fees to Fidelity are netted against the investment income. Postage expenses of $983 and $675 for the years ended December 31, 2020 and 2019, respectively, are charged directly to the participant's account that had withdrawals and are included in administration expenses.

NOTE G - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE G - FAIR VALUE MEASUREMENTS, continued

Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust: A stable value fund that is composed primarily of fully benefit-responsive investment contracts and is valued at the net asset value. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE G - FAIR VALUE MEASUREMENTS, continued

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Pizza Hut 401(k) Profit Sharing Plan and Trust

Report on the Financial Statements

I was engaged to audit the accompanying financial statements of the Pizza Hut 401(k) Profit Sharing Plan and Trust, which comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2020 and 2019, and the related statements of changes in net assets available for benefits – modified cash basis for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting as described in Note B; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

My responsibility is to express an opinion on the financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Fidelity Management Trust Company, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. I have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of and for the years ended December 31, 2020 and 2019, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, I do not express an opinion on the financial statements.

Basis of Accounting

I draw attention to Note B of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. My opinion is not modified with respect to this matter.

Other Matter – Supplemental Information

The supplemental information, "Schedule of Assets (Held at End of Year)," as of December 31, 2020 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I do not express an opinion on the supplemental information.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental information, other than that derived from the information certified by the Trustee, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

PIZZA HUT 401(K) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2020 and 2019

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Pizza Hut 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Pizza Hut 401(k) Profit Sharing Plan and Trust was established January 1, 1989, by resolution of the KWS, Inc. Board of Directors, with the intent that it be a qualified Plan and Trust under Sections 401(a) and 401(k) of the Internal Revenue Code of 1986, as amended.

The Plan was established as a separate trust for and on the behalf of all eligible employees electing to participate. Eligibility for participation in the Plan was based upon completion of a twelve-month period of employment with not less than 1,000 hours of service and having attained age 18. On July 1, 2014, the 1,000 hours of service requirement was dropped to determine eligibility into the Plan but is still needed to be eligible for the match and discretionary non-elective Company contribution. In addition to the hour requirement for the Company contribution, the participant must be employed on the last day of the Plan year. Employees may begin participating on the first day of the month following satisfying eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. KWS, Inc. and the individual Pizza Hut Companies (collectively called the Company) is to make basic contributions on behalf of each participant who has elected to reduce his or her compensation under a compensation reduction agreement. The basic contribution made on behalf of the participant is to equal the amount specified in that agreement, provided that the contribution does not exceed certain established overall benefit limitations.

The Company may elect, for any Plan year, to make one or more matching contributions in addition to any other Company contribution for the Plan year. The Company, in its sole discretion, shall determine the amount, if any, of such matching contribution, subject to the limitations of the Plan. If an overall benefit limitation would be exceeded by the allocation of a matching contribution, that contribution is reduced by the amount by which the limitation would have been exceeded had the contribution been made. For the years ended December 31, 2020 and 2019, the Company made contributions of 27 percent and 17 percent, respectively, of the participants' basic contributions. The Company contribution is made after year end.

Rollovers. Any participant may make rollover contributions, transferring funds either directly or indirectly to the Plan from another qualified plan. Such rollover contributions are not subject to eligibility requirements or overall benefit limitations.

NOTE A - DESCRIPTION OF THE PLAN, continued

Vesting. A participant is at all times fully vested and has a non-forfeitable interest in all basic, rollover, and qualified non-elective Company contributions made on his or her behalf. Company matching and additional contributions, other than qualified non-elective contributions, vest under the following schedule:

Years of service:	1	2	3	4	5	6
Vesting percentage:	0%	20%	40%	60%	80%	100%

Forfeited Accounts. Unvested amounts attributable to Company matching contributions that are forfeited are reallocated to only those participants eligible for allocations of matching contributions in the current year. The amounts of $4,382 and $7,531 were forfeited for the Plan years 2020 and 2019, respectively. Amounts attributable to Company discretionary contributions can be used to offset plan expenses or the employer match. As of December 31, 2020 and 2019, there was $8,810 and $14,894, respectively, of forfeited non-vested accounts.

Payment of Benefits. Upon normal retirement age at 65, death, total and permanent disability, or termination of employment, participants (or their beneficiaries) are entitled to a lump sum distribution. The amount payable shall be equal to the value of the participant's basic contribution subaccount, rollover contribution subaccount, and Company contribution subaccount on the next valuation date which follows the retirement, death, disability, or termination of employment. A disabled participant, or beneficiary of a deceased participant, may elect to use the valuation date immediately preceding such participant's death or disability. Inservice withdrawals are allowed upon attainment of age 59-1/2 or for financial hardship. The Plan requires that distribution payments between $1,000 and $5,000 be directly rolled over to an individual retirement account in the event the participant does not elect otherwise. Distributions under $1,000 will be paid out to the participant in the event the participant does not elect a payout option.

Fees. The Plan is administered by KWS, Inc., or by any person appointed from time to time by KWS, Inc.'s Board of Directors. Trustee fees and investment fees were paid by the Plan in 2020 and 2019. All other expenses of the Plan are paid by KWS, Inc.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's records are maintained on the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. Modified cash basis financial statements are cash basis financial statements that adjust securities investments to fair value.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Funding

The Company is required to pay its matching contribution to the Trustee within the time prescribed by law. It has been the historical practice of the Company to fund the employee withholding after each payroll. The Company match is paid annually.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note G for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the modified cash basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Evaluation of Subsequent Events

The Plan has evaluated subsequent events through October , 2021, the date the financial statements were available to be issued.

NOTE C - TRUSTEE

Assets of the Plan were held under agreement with Fidelity Management Trust Company (the Trustee). The Trustee invests the assets of each participant's account among multiple investment options in accordance with the investments election of each participant. The Trustee is responsible for maintaining accurate and detailed records of the Plan's assets, and all transactions associated therewith.

The Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, all investment information disclosed in the accompanying financial statements and schedule, including investments held at December 31, 2020 and 2019, and net appreciation (depreciation) in fair value of investments, interest, and dividends for the years ended December 31, 2020 and 2019, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Trustee.

NOTE D - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In the event of Plan termination, if there are assets which have not been allocated to any participant, but are part of the Plan, they are to be allocated to each participant ratably in the same proportion as the amount credited and the participants would become 100 percent vested in their Company contributions.

NOTE E - TAX STATUS

The underlying volume submitter plan has received an advisory letter from the Internal Revenue Service dated March 31, 2014, stating that the written form of the underlying document is qualified under Section 401(a) of the Internal Revenue Code (the Code), and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended since receiving the letter, the Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan is qualified and the related trust is tax exempt.

The modified cash basis of accounting requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F - RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity Management Trust Company is the Trustee and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for administration/trustee services and investment fees to Fidelity are netted against the investment income. Postage expenses of $983 and $675 for the years ended December 31, 2020 and 2019, respectively, are charged directly to the participant's account that had withdrawals and are included in administration expenses.

NOTE G - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE G - FAIR VALUE MEASUREMENTS, continued

Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust: A stable value fund that is composed primarily of fully benefit-responsive investment contracts and is valued at the net asset value. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE G - FAIR VALUE MEASUREMENTS, continued

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020
