Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company, the custodian of the Plan assets, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2020, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Adonel Concrete 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a type of qualified retirement plan commonly referred to as a 401(k) Plan. All employees of Adonel Concrete, Inc., Adonel Concrete Treasure Coast, Inc., Adonel Block Manufacturing Corp., and Adonel Concrete Palm Beach, Inc. (collectively "Adonel Concrete") who have been employed for at least 30 days are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The purpose of the Plan is to enable employees to save for retirement. It may also provide certain benefits in the event of death, disability, or other termination of employment. The Plan is a defined contribution plan for the exclusive benefit of eligible employees and their beneficiaries.

Contributions

Each year, participants may contribute a percentage of annual compensation on a pretax and/or after-tax basis, as defined in the Plan, up to the statutory maximum. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans "rollover" contributions.

The matching percentage contributed by Adonel Concrete is discretionary and is determined annually by the Company's management. Adonel Concrete elected to match 100% of participant deferral contribution up to 2% of compensation for the year ended December 31, 2020.

Participant Accounts

Each participant's account is credited with the participant's contribution and earnings from participant directed investments, net of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are always 100% vested in their accounts attributable to salary deferrals including Roth 401(k) deferrals, "catch-up" contributions, and "rollover" contributions.

Investment Options

Upon enrollment in the Plan, a participant may direct the investment of their contributions to various investment options offered by the Plan.

Plan Administration

The Plan is administered by Adonel Concrete, Inc. (the "Employer"). The Plan assets are maintained by John Hancock Life Insurance Company ("John Hancock") as the custodian.

Payment of Benefits

Upon termination of service for any reason, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, in partial withdrawals or installments over a period not to exceed the participant's estimated life expectancy. If the participant's vested account balance is less than $5,000 at the date of death, disability, retirement or termination of employment, then that balance shall be distributed in a single lump-sum payment.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Plan Termination

Although it has not expressed any intent to do so, the Employer has the right to terminate the Plan subject to the provisions of ERISA.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

All of the Plan's investments are stated at fair value. Units of pooled separate accounts are valued based on the underlying investments, which are mutual funds for which quoted prices are available in active markets. Security transactions are recorded on a trade date basis, which is the date the order to buy or sell, is executed. Interest income is accrued on a daily basis. Dividend income is recorded on the ex-dividend date.

Benefit Payments

Benefits are recorded when paid.

Plan Expenses

Certain administrative functions are performed by employees of the Employer. No such employees receive compensation from the Plan. Certain administrative expenses, such as professional fees, are paid directly by the Employer. Plan expenses are recorded when incurred.

Party-In-Interest Transaction

Certain Plan investments are units of pooled separate accounts managed by John Hancock. John Hancock is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Risk and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Concentrations

All of the Plan’s assets are held by its custodian, John Hancock, located in Buffalo, New York.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events

Management has evaluated subsequent events through October 5, 2021, which is the date that the financial statements were available to be issued.

NOTE 3 – INFORMATION CERTIFIED BY THE PLAN CUSTODIAN

Certain information related to the investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2020, and net appreciation in fair value of investments, interest and dividends for the year then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock Life Insurance Company.

NOTE 4 – FAIR VALUE MEASUREMENT

Generally accepted accounting principles require the Plan to report its investments at estimated fair value on a recurring basis. Fair value is measured by a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in active markets;
- inputs other than quoted prices that are observable for the asset of liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A description of the valuation methodologies the Plan uses for assets measured at fair value is included in Note 2. There have been no changes in the methodologies used at December 31, 2020.

The methodologies may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Pooled Separate Accounts - Valued at the quoted net asset value ("NAV") of shares held by the Plan at year-end.

NOTE 4 – FAIR VALUE MEASUREMENT (Continued)
The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

December 31, 2020		Fair Value Measurements Using:		
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Pooled separate accounts	$ 253,098	$ 253,098	$ -	$ -
Investments, at fair value	$ 253,098	$ 253,098	$ -	$ -

NOTE 5 – INCOME TAX STATUS
The Employer received a favorable opinion letter from the Internal Revenue Service (IRS) which stated that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Due to 2020 being the initial year of the plan, the Plan is not subject to income tax examinations for years prior to 2020.

NOTE 6 – COVID-19
As a result of the COVID-19 pandemic, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was created which has led to changes that affect employee benefit plans including penalty-free withdrawals. Participants, if given permission by the Plan sponsor, may take up to $100,000 in coronavirus-related distributions from retirement plans without being subject to the 10% additional tax for early distributions. Eligible distributions can be taken up to December 31, 2020. The act also permits the distributions to be repaid at any time over a three-year period to an eligible retirement plan.

Due to the spread of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.
